"I am sickened by the amount of sheer political finagling going on when the very life of our country is at stake," says Wendell Willkie.

Let's Be Thankful . . .

That our native land is slowly regaining a semblance of sanity and a slight discernment of virtue in basic ideals.

That despite crumplings withouts and grubblings within ours is still the best place to live and we still have the right to do our best as we think it should be done. The things we have worried about the most never happened. This is not the first screwball emergency that America has faced—or the last.

That we have a glorious past to bolster our belief in the future. Remember when "Something had to be done about something" and America rode to ruin in a buggy or on a bicycle. And yet we all came through and are—but we are—spite of dire predictions.

That in Northville we can be thankful that our country is not all production lines, farms, stores, beer parlors, jazz, and more taxes for more people to help quander more.

That our America is largely made up of such people as are our neighbors, a trifle old-fashioned but honest, helpful and true.

Let's be thankful that we can have a Thanksgiving Day—nowhere else in the world—where a Thanksgiving Day this year.

Let us be thankful for the past and have gratitude that we have the faith in the continuance of those meetings, and with the Psalmist say, "O give thanks unto the God of heaven; for his mercies endureth for ever," and placing prayer to action that God Willing and we tolling, we may continue to celebrate as a united people in a United States with all the precious privileges that the word connotes.

It is interesting to note the narrow margin given the administration in passing the neutrality act. From now on, President will move more cautiously in foreign affairs—more thought to internal affairs and perhaps show more courage of action in deciding domestic issues.

Three-quarters of a century is a long time to be engaged in business yet the A & P Tea Co. is now celebrating its 82nd anniversary, which speaks volumes for the business methods they are adopting to this concern which last week used a whole page ad to advise its tea patrons and the public in general of the many bargains now being offered in their 82nd anniversary sale, so "progress" throughout all A & P Tea stores the country over.

We used to hear how nylon was made of coal, air and water. Now we are told that production will reach a peak next summer depending upon availability of raw materials. What shortage of coal, air and water, too! More and more we are lead to believe that this shortage stuff is the bunk. A few short months ago there was too much. We have a bunch that if a ceiling were placed on the price structure including labor and agriculture that pretty soon there would not be a shortage to worry about.

When Colds Threaten

drink
Hot Milk

Here's a way to nip colds in the bud before they can get a hold on you. Drink hot milk regularly! Hot milk acts as an effective agent in driving the chill from your body, and builds up your resistance, so important in combatting colds. So—drink hot milk regularly during the dangerous cold-catching season.

Senior Sketch

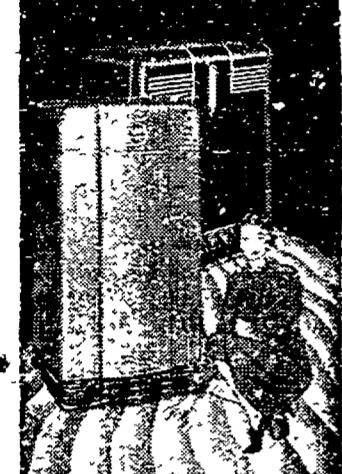

Warren was the birthplace, and Aug. 5, 1923, was the time that this senior took his first look at this world. He lived in Detroit until 1936 when he moved to Northville. By now you know we mean Carter Carter. Carter has gone to Highland Park School and Northwestern junior high. He is on the football team this year and he plays basketball. Other sports that he likes include hockey, swimming and diving.

He has traveled to Pennsylvania and throughout Michigan; he is especially fond of driving a car and some girls, but his one dislike is collecting girls. His hobby is stamp collecting. You will often find Carter in the movie where he spends his spare time. He has worked on the J-Hop Committee and at the senior booth. He is in the H-Y Club and a member of the Explorers Patrol. Carter's ambition at present is to graduate from high school next June. His plans for next year have not been made.

Louise Jensen of Ohio, and Frank Eaton of the University, will attend the Michigan-Ohio game in Ann Arbor.

Charles Nelson has started to work at the Farmers Market under the training of Samuel Picard.

Dean Horsting is working at the Gulf Gas Station where Orson Atchison is his supervisor. He has

been working there since the latter part of October.

Heading the list of sophomores is Richard Bartholomew, who works under the supervision of his father at the Gamble store. He is working toward a cooperative position with his father, Marvin Trapp, sophomore on this program works at Allian and Locke Inc., under the supervision of Mr. Locke. He started working around the first part of October.

Grade Notes

In Miss Margaret Carpenter's fourth grade, the students are making a jungle. At present they are bringing things from home to make trees for the jungle. Miss Carpenter read a book to the children called "Two Children of Brazil".

Blanche Steiner brought the book from the library. Miss Carpenter said that they were glad for the efforts the mothers made to come to the room.

A play was broadcast to the fourth, fifth and sixth grades called "Father's Troubles on Thanksgiving". The play was written by Dorothy Stremich and Pat Johnson. It was given from the Loberly broadcast in Russell School and Mrs. Gertrude Witke where the other three schools gathered.

Northville Loses Game to Belleville

The winning streak of the Mustangs was broken Friday when they were defeated in a hard fought game by Belleville on the Bel-ville gridiron, 21-13.

The game was marked by many substitutions on Belleville's part and hard fighting by both teams. The game started with Belleville taking off.

Because N.H.S. was not able to make yardage, Hartner kicked the ball which went into Belleville's possession. On their second down Belleville made a spectacular touch-down and a successful extra point.

In the second quarter Belleville was penalized, but made it up on the next play. After the second touch-down, the extra point was not good, leaving the score 13-0 in favor of Belleville at the half.

The third quarter Belleville kicked off. Hartner received and went through for a touchdown. Belleville made three touchdown and got the extra point. In the fourth quarter Hartner ran 30 yards to make another touchdown. This time the extra point was good. Again Belleville made another touchdown and extra point, leaving the final score 27-13. The lineup was as follows: Hunter, RE; La Rue, LE; Vogt, RT; Utley, LT; Beasley, RG; Crawford, LG; Widmer, C; Lanning, Q; Hartner, HB; Rogers, RH; Bongiovanni, FB; Subs: Donaldson, FA; Reed, FO; and Gibson.

Around the School

Las Tuesday, Nov. 11, and Wednesday, the week at 7 p.m. the

players began in earnest to practice in play which will be pre-
pared Dec. 11 and 12. The first

day was practice by both casts and the curtain this week. Miss G. Love and E.C. McLean are

the stage managers.

From all accounts the parts are set by the sophomores for the Grand March. No. 1 was a Bob McC. C. in an Ervin Ray costume with all reporting fresh. Louis Rabbits, Leo Hollis, Carol Church, Harold Schoutz, John Getha, Frank Dunham and Leo are the leading stars.

Dear Friends:

You have probably already heard who won the Michigan State High School contest for a "Slogan for 1941 America" which we sponsored as part of a national contest inaugurated by Drew Pearson and Robert Allan. Your response was just grand and the thought shown in your entries proved that you really analyzed the privileges that are yours because you live in America. We hope you enjoyed the contest as much as it brought pleasure to us.

The thousands of entries were cut to fifty by W. H. Cansfield editor of The Northville Record. Messrs James Keith and John S. Knight of the Detroit Free Press certified ten of the fifty to the Vice-President of the United States, Henry A. Wallace. Mr. Wallace named the prize winning slogans.

The slogan "In Freedom there is Courage. In Production there is Strength", submitted by Rodney Everhart of Holland High School was given first place. To Rodney we have sent a gold loving cup, trophy suitably engraved, and twenty-five dollars in cash. To the principal of Rodney's school we have sent a wall plaque.

"Keep Steady, Be Ready, America", by Carrel Carlson of Northville high school was given second place in the radio broadcast announced on the Pearson and Allan hour Sunday evening. While no prize was announced for the runner-up, we have so appreciated your response that we are presenting Miss Carlson an engraved loving cup in honor of her contribution.

Especially do we wish to compliment the splendid contributions to the contest by the pupils of T. L. Handy Junior High School of Bay City, and genial, cooperative Arthur H. Cansfield, principal of that school. The response of the junior high schools of Flint, under the guidance of Frances Broch, was superb and all the slogans from the Holland high school were delightfully typed. The judges were very much impressed by the careful preparation of the entries by these schools.

"May we take time to especially thank the radio classes of Redford High School, Cyretta Morford, teacher. The Rail Splitter Class of Van Dyke High School; Miss Olga Trycks of Custer High; Mr. Sanderson of Nahoma High School; the American Government students of Hancock High School; Ivan Brien, teacher, and Whittier, Lowell, and McKinley schools of Flint,
