

Honor Roll

Note: An honor roll of men in the service is being kept by The Record. The list is incomplete. To have it complete the Record asks the cooperation of parents of boys in the service. Please give the name of boys who are not listed here. Tell us, too, in what branch of the service they are serving. This roll is not limited to Northville, but includes men from the surrounding neighborhood.

Take Care of Your Tires
One of the first effects of the war in the Philippines on the people in this town was the immediate action to stop the sale of automobile tires.

Take Care of Your Tires (continued)
It may seem possible to buy tires again to a limited extent, but there is every reason to believe that not nearly enough tires will be made to supply normal needs...

Don't stop short when you don't have to. That burns off the tread.

Drive with a lot care over rough roads. Holes and stones can blow out and break tire cords.

Check your oil regularly. A drop a half inch out of the will be dragged in 100 miles or more.

Change wheel positions every 5,000 miles.

Don't spend all day on the road. When you hear the tires squeak you have some air out of the tire.

Inflate tires regularly and to correct pressure get more than three pounds below recommended minimums.

And if your tires don't really wear, have them retreaded. A retreaded tire, if done correctly, can give you 86 percent as much wear as a new tire.

The current report is to the effect that post offices will sell stamps to cover the "use tax" on automobiles and trucks which gas into effect on February 1.

The women are worried about their girdles. O, the tragedy of this rubber situation. Even the old fashioned wash board can't do half as good a job as those girdles of modern manufacture.

Silent Destruction
The danger of inflation that threatened us before the war is becoming more acute. If there was little time for us to take effective action to control it then, there is even less time now.

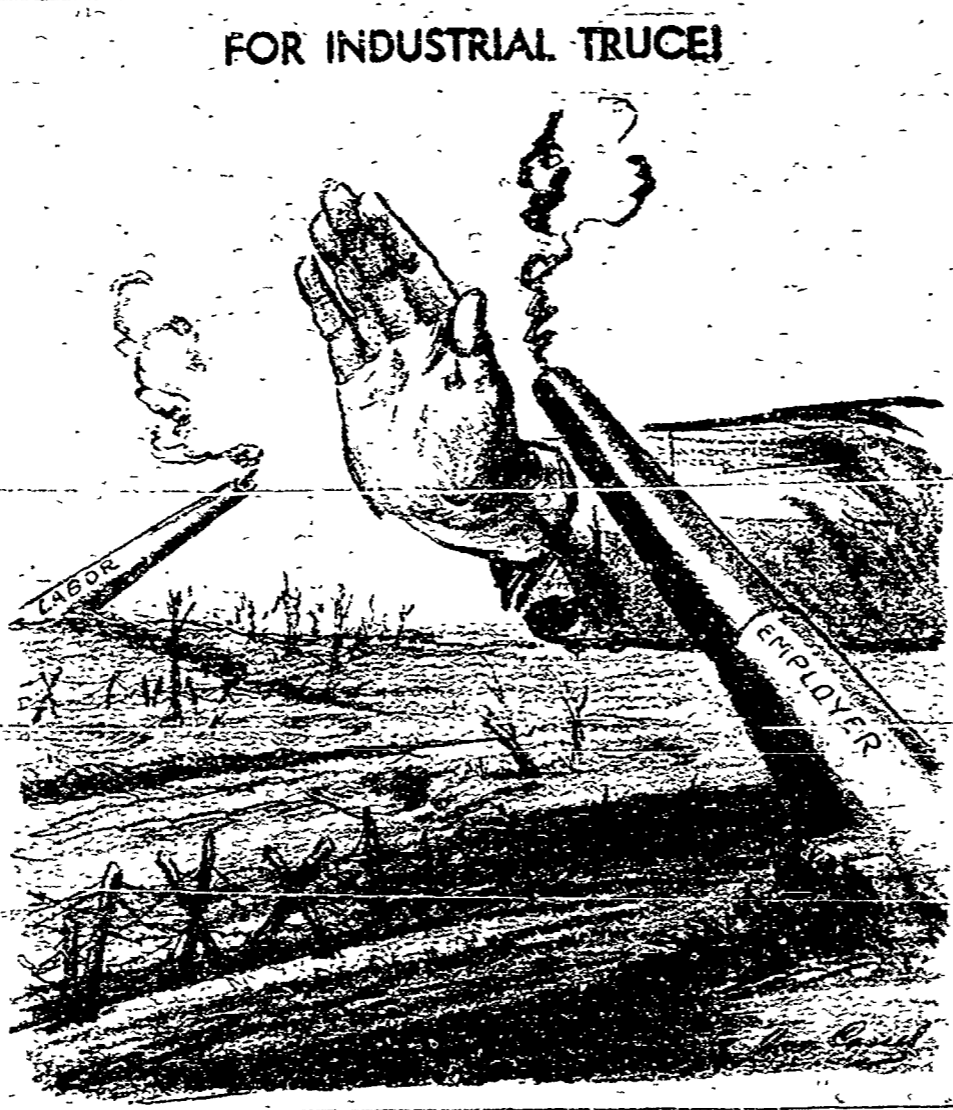

Inflation creeps up on a nation silently. But it can be as destructive as bombing planes, and once it has arrived no one is able to escape it.

What does inflation mean to the average person? It means that the value of his pay check may be cut in half—that the price of everything he has to buy may be doubled.

We're all in the same boat, so far as inflation goes. We all use the same money, and we all have to cooperate to make sure that the money retains its value.

The local Red Cross War Relief Fund solicitation nears completion, and Northville will go over the top again.

News from Walled Lake

By CHARLES E. HUTTON
Men of the Walled Lake Parent Teachers association will have complete charge of the regular meeting of the organization, Thursday evening. The program, directed by George Carpenter, school principal, will feature a demonstration of Boy Scout work by the local troop. There will be a discussion of health and safety measures, and music by student instrumentalists. James Shaw will supervise the serving of refreshments.

A special meeting of the Walled Lake Lodge, F. & A. M. No. 528 will occur at 8 p. m. Jan. 21. There will be work to the first degree, according to H. M. French, secretary. Refreshments will be served.

Mr. and Mrs. Glenn Buffmeyer left last week for a vacation in Florida.

Mr. and Mrs. Ira Carnes plan to leave for St. Petersburg sometime next week.

Mrs. Charles Hutton and daughter, Milgra Lou, are spending two weeks with relatives at Nashville.

Skating is STILL good at Walled Lake... under the snow.

An annual report of finances and activities prepared by Mrs. L. M. Philp, treasurer of the Civic Welfare club, discloses the completion of numerous projects of the organization during the past year.

The modernizing of the Stone Crest club rooms has progressed and includes new kitchen equipment. An electric stove and cooler, dishes and silverware have been procured. Considerable repair work on the building has been accomplished. Nearly \$1,000 through special drives and donations have been received.

The club has used \$100 in its welfare work thus far this season. \$25 was given the Red Cross for war relief, 22 baskets of food and clothing were distributed at Christmas. 50 new members were enrolled. It is reported.

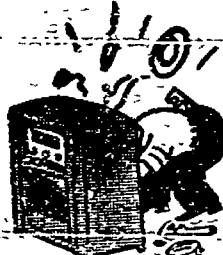

Officers elected in the current year are: Mrs. Raymond Neighbors, president; Mrs. James Jackson, vice-president; Mrs. William Hort, secretary; Mrs. Rex Tuttle, corresponding secretary; and Mrs. Philp, treasurer.

A tea for the members and friends of the club will be held Jan. 21, with Mrs. Minnie M. Hutton as honored guest. A program is being arranged.

Electricity is one thing that HASN'T GONE UP!
Today when most living costs are rising, and nearly every household budget must be revised upward, it is a welcome relief to find one price that HAS NOT advanced. Electricity costs less today than it did a year ago, two years ago, five years ago. And it costs a good deal less than ten or twenty years ago.
Your residence rates have been reduced five times in the last twenty years. The average price per kilowatt-hour paid by our residence customers today is 45 per cent less than in 1921. Electricity is one of the *smallest* items in the family budget—way down at the bottom of the list.

Average Budget Dollar	
Food	33.8c
Housing	21.6c
Clothing	11.4c
Miscellaneous	23.8c
Fuel, Ice, Gas	61c
Household Equipment	22c
Electricity	17c
(at Detroit Edison residence rates)	
TOTAL	\$1.00

(All figures except electricity U. S. Department of Labor statistics)

Small as it is, this 17c for electricity does a BIG job—lighting, refrigeration, cooking, washing, ironing, vacuum cleaning, the radio. It operates electric percolators, toasters, clothes, shavers and many other household appliances. In today's way of living, electricity plays an increasingly important part.

How is it possible to furnish an ever-improved electric service at lower and lower rates? Only by making continual improvements, by thinking up new and better ways of doing things at lower cost, by passing the savings on to our customers so that they can buy more electricity for less money. That is the way of progress. The Detroit Edison Company.

The Importance of Correct Cooking to Health

Today as never before we should realize the importance of food to health. A healthy America is a strong America.

1. Use little water in cooking.
2. Cook vegetables for the shortest possible time.
3. Cover pans to keep in heat.
4. Avoid unnecessary stirring of vegetables.
5. Don't put in baking soda to brighten food colors.
6. Start vegetables in boiling water.
7. Don't throw away vegetable liquids - use them in soups or cream sauces.
8. Keep foods as fresh as possible - use dependable automatic refrigeration.
9. Serve plenty of green vegetables.
10. Serve foods soon after cooking.
11. Broiling is preferable to frying to retain vitamins.
12. Low-temperature roasting saves vitamins, minerals.

For Greater HOME DEFENSE Cook with a Modern Health-SAVING, Time-SAVING, Fuel-SAVING GAS RANGE

CONSUMERS POWER

Always Use MICHIGAN MADE PURE SUGAR

By so doing you cooperate with the farmers and wage earners of your own State who grow and produce this fine product - sugar that for every sweetening purpose has no superior.

It's Not True!...

---and We Can Prove It!

- That Prices Have Skyrocketed! Building Materials HAVE NOT skyrocketed in price... there has been a SLIGHT increase, true, but NOT out of line and NOT as much as increases in other fields.
- That Material Is Unavailable! We not only have AMPLE STOCKS to build any type construction you have in mind—but can get WHATEVER needed.
- That Labor Is Unreasonable! Local labor should be commended for NOT blocking construction. They have not demanded high wage scales, as on defense projects; but rather have asked nothing higher than reasonable.

In Fact, We Unhesitatingly Say:

Now IS The Time To Build

How long the above conditions will remain as they now are is something we or no one else can predict; but we can definitely say it is wise to build NOW, that you are NOT paying greatly increased costs... that work is to the stage our mechanics are now needing additional jobs...

Mr. Farmer Start the New Year RIGHT!

Avoid Income Tax Trouble in 1942

Keeping adequate financial records is the surest way to avoid tax difficulties. Not only does the federal law require the farmer to keep ample records but experience and common sense point the wisdom of such practice.

With the importance of farm financial records in mind, the Northville Record has been able to complete arrangements to furnish, in combination with a year's subscription to the paper, a copy of "Agricultural Records," the easy accounting system for farmers, at a special price of \$1.79.

The regular price is \$5.50 and only by offering the record system to you with a year's subscription to your newspaper can we supply it at this remarkable special price.

Here is how the offer works. If you are a subscriber to this paper, you merely extend your subscription for one year at the usual price and are thereby entitled to buy one copy of "Agricultural Records" at the special price of \$1.79. If you are not a subscriber now, you may subscribe to the paper for one year at the regular price and become entitled to buy one copy of "Agricultural Records" for the special \$1.79 price.

If you think of trouble when you think of making income tax returns, you need a copy of "Agricultural Records" because it:

1. Requires no bookkeeping knowledge.
2. Takes only a few minutes a week.
3. Makes a permanent record of your income and expense.
4. Shows how to figure farm income and deductible expense for tax reporting.

We'll be glad to show you a copy of "Agricultural Records" and explain just how to use it. The whole thing is so simple that the explanation will take almost no time.

Stop in at the office next time you're in town and talk it over.

—W. H. CANSFIELD

Northville Boys Lose Farmington Game, Tuesday

The Northville Mustangs met the Farmington squad on Farmington's floor Tuesday, Jan. 13. The boys played a hard game but were defeated by a score of 26-22. The opponent made the first basket and from then on baskets were made by one side or the other although Farmington kept at least one point ahead all through the game in the last quarter the score was 21-20 in their favor. Then another basket was scored for Farmington making the score 23-20 in their favor. Harold Schoultz was given two free shots and he sank them both making Northville's score 22. Farmington then made a free shot and another basket making the total score Farmington 25, Northville 22.

Ray Hartzel, the high scorer with 10 points. The second team fared a little better, winning their game with a score of 20-17. David Aronson was high scorer with 7 points.

Senior Sketches

One of our truly headed seniors of Northville High is Ralph Hay. He will graduate from the school where he has been his schooling. He is a talkative, friendly, outgoing fellow and with a car. His hobbies are fishing and women. He has a stamp and coin collection. He is a member of the Northville Club. He has been the club's president for the past year.
