

Michigan's news story of 1942... when recorded by historians probably be the unparalleled scrapping of the automobile industry...

Try to Comprehend this: War work at the Ford Motor company will require TWICE as many employees as were needed for making of automobiles and trucks.

Chrysler's government contracts for army tanks today are TEN TIMES GREATER than the original offer from Washington, large as it was.

General Motors is DOUBLING its dollar volume... A labor shortage, such as Michigan has never experienced, is regarded as inevitable.

Military needs will take tens of thousands of men under 44. Married men with family dependents—a wife with or without children and single men supporting parents or other relatives face the prospect of ultimate military service.

Government aid for dependents will be applied... Furthermore, thousands of women will probably work in war factories before victory is achieved.

Transportation of workers to military war plants is a major problem. Conversion of automobile car lines into buses is proposed in Detroit. New highway and parking facilities are being studied.

Michigan dairymen are asked to increase milk production 10 percent. This means that Michigan's 950,000 cows must produce an average of 530 MORE pounds of milk per animal than the 5,200 pounds averaged in 1941.

Layoff of 315,000 automobile workers and the financial burden of providing unemployment compensation were responsible for the second special session of the state legislature in Lansing this week.

Michigan's new per capita maximum compensation of \$268 per week, less a \$10 for 18 weeks.

President Roosevelt has proposed that Congress supplement these payments to allow a total of \$244, the rate of \$21 for 26 weeks since automobile plants are being converted by the government to war needs.

Flatten rear fenders are being in the region of the state administrative board in part-time control to send Governor Van Wageningen and Secretary of State Harry P. Kelly to Washington for a bi-partisan recommendation.

Kelly comes from Detroit, hub of the motor industry.

Van Wageningen's political strength has been in metropolitan centers rather than in the state, as the election polls show.

Michigan employers have been paying the highest rate of tax in the nation, 3 per cent against a 2.7 per cent maximum paid by practically all other states, according to the Michigan Manufacturers' Association.

Ten states pay more than Michigan in maximum unemployment payments, only three states pay more than Michigan in minimum payments.

Federalizing of the employment security system, as suggested in Washington is seen as a threat to employer-earned experience rating by which a lower key is possible through state action.

Administration of many of the state unemployment compensation laws are opposing federalization. The Southern Governors' Conference went on record (1) that the complete administration of state employment services be restored to the respective states as soon as the present emergency has passed, and (2) that nothing in the present emergency would justify the federal government in taking over the administration of unemployment compensation.

Governor Van Wageningen admitted the other day that he was the "only governor" who apparently was not opposed to federalized control.

Old-fashioned vacations as contrasted to modern group outings, may become the 1942 vogue in Michigan.

Chief reason: The rationing. That's the forecast from the East Michigan Tourist association which concludes that people are going to "put" for vacation duration, preferring a cottage or hotel to days of restless motor travel.

University Prof. Is Fourth Lecture Speaker on Series

James K. Pollock of U. of M. Political Science School 'Will Speak' Here Wednesday, Feb. 18

News Analyst

The fourth of the village winter lecture series will be held at 8 p.m. Wednesday, Feb. 18, in the high school auditorium, where Prof. James K. Pollock of the political science school at the University of Michigan, Ann Arbor, will appear at the invitation of the Northville University of Michigan club.

Mr. Pollock's major news analysis, who has spoken to Northville audiences on a number of occasions, will talk here Wednesday on "Democracy as a World War."

The speaker is author of several studies among the recent works of Greater German Youth Behavior and "The Initiative and Referendum in Michigan."

Before coming to the University of Michigan, Mr. Pollock held teaching positions at Geneva College, Harvard University, Ohio State University, and Stanford University.

As a fellow of the Social Science Research Council in 1927-29, and on several other occasions since then, he has investigated European political conditions. He is a specialist on political parties and elections in the United States and Europe, and was named by the Scar-Pollock Commission in 1935 to preside over one of the voting bureaus. He is chairman of the Michigan Civil Service Study Commission from 1935 to 1937.

Honor Roll

Note: An honor roll of men in the service is being kept by The Record. The list is incomplete. To have it complete The Record asks the cooperation of parents of boys in the service. Please give the name of boys who are not listed here. Tell us, too, in what branch of the service they are serving. This roll is not limited to Northville, but includes men from the surrounding neighborhood.

OUR DEMOCRACY—By Mat

DOUBLE DUTY

WOMEN AND MEN AND CHILDREN HAVE IN ADDITION TO PROVIDING FAMILY SECURITY, AND NATIONAL SECURITY, DOING A DOUBLE DUTY JOB.
Mrs. James Dickey, Mrs. H. H. Foreman, Mrs. Harold Foreman, Mrs. Frank Biers, Mrs. Pauline Merritt, Mrs. Frank Biers, Mrs. Pauline Merritt, Mrs. Frank Biers, Mrs. Pauline Merritt...

MORE THAN 7 BILLION DOLLARS OF LIFE INSURANCE POLICIES ARE ALREADY AT WORK IN THE 'ARSENAL' OF DEMOCRACY—AND MORE AND MORE SECURITIES OF THE GOVERNMENT AND INDUSTRY ARE BEING PURCHASED DAILY.

Home Economics in War Time

'Home economics' used to be a course that a few women took in high school or college. Today, with half of our national income about to be devoted to the needs of war, home economics has a more important role in the life of every family in the land.

We are just beginning to feel the war pinch. Prices of many articles have gone up, and will undoubtedly go higher still. Commodities that used to be cheap and abundant, have grown scarce or have disappeared entirely. New and strict priority orders will make it necessary for the consumer to go without many articles which once were almost as common as air.

Home economics simply means scientific planning for the household. It means making each dollar do its full duty in purchasing food, clothing, housing, and anything else. Today, in thousands of homes, it is the housewife's most difficult problem. Fortunately, she has one excellent ally to help solve that problem—the retail stores of this country.

The chain stores have been particularly active in work to advise and aid the consumer. Thousands of other stores have also responded. The result is that the retail store has become something more than a place where you shop for what you need. It is also the place where trained, informed men will aid you in making necessary readjustments in your life.

The stores are pledged to furnish the public with supplies at the lowest possible cost. They are advising consumers on the use of substitutes. They are holding hearings, specializing in home economics. They are forming committees to help you straighten out every family in America.

As a consumer, take advantage of what the store is doing. Help them in the campaign against waste and high prices. That's the way to keep the standard of living as high as possible during the war.

Duplication of the essential method must be eliminated in the government of the United States as well as in industry and the household of the nation and in a spirit of unity must needs replace the selfish New Deal philosophy as promoted during the last ten years. Think it over. A year ago there was no such thing as a shortage and rationing. Now there is not enough and shortages are being felt everywhere. What are we to do? We must turn to the stores for help. Shortages, rationing, and other steps are being taken to help you. Shortages, rationing, and other steps are being taken to help you.

Prayer for Country and Church

Pray for the prosperity of our country, and for the victory of our arms, that justice, mercy, and peace continue to be the guide of our government, and that they shall rule all nations. Pray that the divine presence may still guide and bless our efforts. Pray that these associated with his executive trust, and our nation, may carry on with the firm arm of His righteousness.

In your peaceful home remember our brave soldiers, whether in camp or in battle. Oh, may their love of Country, and their faithful service thereof, be unto them a preserver. May the divine Love succor and protect them as at Manila, where brave men led by the dauntless Dwyer, and slayed by the power that saved them, sailed victoriously through the jaws of death and blotted out the Spanish Squadron. Great occasion have we to rejoice that our nation...

Novi School
By the pupils
We have two new first graders. Donald Neely from Northville, and Zedie Larson from the Southfield school.

The losing side of Mrs. Atkinson's seventh grade created the other side as a meeting on Wednesday. The ninth and tenth grade Civics class have divided into two sides and are having a contest. The leaders of the even side is Florence Ellis while Betty Clarke is the head of the odd side.

The Nov. Camp Pure Girls are doing very well in National Defense by collecting papers, magazines, rubber and metals. Their meetings are held every Tuesday of the month at Novi school. The meeting starts at 7 p.m. and lasts for about two hours.

Lee Barthel is recovering from a tonsil operation. Zedie Larson is a new student in the first grade. The seventh grade history class is making God's church windows.

The ninth and tenth graders have purchased a plant and are writing letters to John Bodner, who is in the Ford hospital. On Thursday, Feb. 5, the ninth and tenth grades of the Novi school went to East Lansing where the annual Farmer's Week was being held at the Michigan State Agricultural college.

There are no Japanese maids allowed on the campus. One hundred guards are on duty at various places on the grounds and we can't leave without a pass. Our houses are blacked out at night. We have black paper at our living room, bath and kitchen. School of course is out of the question for the time being. Everyone is busy and happy to be that way. The army has completely taken over the campus. Equipment moved in etc.

WHAT USED TO BE A "LIGHT BILL" now brings you a dozen electrical services!

Back in 1921, one could call an electric bill a "light bill" with some degree of accuracy. Most homes in those days used electricity chiefly for lighting. But today a "light bill" covers a multitude of home appliances.

Today your "light bill" might represent the services of dozens of electrical household aids: electric refrigeration, washing, vacuum cleaning, radio, toaster, percolator, food mixer, clocks, electric shaver. In many homes it also includes electric cooking, dishwashing, furnace fan or oil burner, attic fan, kitchen fan, heating pad, sewing machine, teakettle, waffle iron, sunlamp, bathroom heater, etc.—as many as fifty electrical servants.

Tomorrow's uses of electricity are bounded only by the limits of man's ingenuity. Meanwhile we are devoting all our efforts to furnishing better electric service at lower cost. The average price per kilowatt-hour paid by our average residence customer today is 45 per cent less than in 1921.

Thousands of improvements, big and little, developed over a period of years, have made it possible to reduce our residence rate voluntarily five times in the last 20 years. By thinking up new and better ways of doing things at lower cost, and passing these savings on to the customer, we have benefited both the customer and ourselves. This is the way of progress. The Detroit Edison Company.

Washington Merry-Go-Round

Washington, D. C.
WABY GRAY-TRAINER
You can't find it down that Secretary of Agriculture Claude Wickard is going to be very chary about using that gray-train veto power.

He knows that the White House is still spluttering over his unauthorized endorsement of his lobby-scheme at a crucial moment in the senate fight over the legislation.

Also, that if he attempts to exercise the power he is liable to be slapped down even harder than when he fronted for the lobby.

Actually, under cover, Wickard has promised in effect to be a good boy.

It didn't leak out at the time, but during the secret deliberations of the joint senate-house conference committee on the bill, he wrote the committee a letter repudiating his previous endorsement and saying he didn't want the veto power over farm prices.

Wickard wrote this letter under White House pressure. He knew he was in bad and he tried to square himself.

But for the administration, the backdown was too late. The damage had been done, for the amendment was in the bill and the lobby's pals on the joint committee were in a powerful position to stand pat.

As the amendment originated in the senate, under the rules, it was necessary for the house conference to give deletion. Staggall, chairman of the house group, publicly admitted a great fear of being a red.

Another fear was that the administration would refuse to heed Roosevelt's refusal to eliminate the bill.

The real trick is that Wickard did not let his friends know until he was practically out of the door. Mr. President, if it is a bluff as head of the League of Warrent board.

Wickard sent letters to his supporters demanding that they expand crop production, and only then did Wickard best himself.

Certain farm elements are against crop expansion, on the ground that scarcity makes for better prices. Working through politically minded Triple A officials, who have a lot of influence at the White House, the anti-expansionists kept him on the knee until Wallace jerry-rigged him.

Note: Secretly, the AAA petticoats also had a lot to do with Wickard's endorsement of the gray-train amendment in the price bill.

The AAAers are jealous of Price Administrator Leon Henderson's power, and want to elbow their way into the war set-up as big shots.

F.D.I.C. AXES LEWIS
The inside reason why John L. Lewis was not named a member of the three-man C.I.O. peace committee was because President Roosevelt personally blocked it.

When he and C.I.O. President Paul Murray discussed the committee plan that scuttled Lewis' bluff scheme, Roosevelt advised that the new A.F.L. and C.I.O. peace committees be limited to three members each. That would avoid turning the joint committee into a "mass meeting," he explained, and also make it easier to keep hostile Lewis out of the picture.

"If you have too large a committee, Phil," the President added with a smile, "you may appoint Lewis."

"I guess you're right, Mr. President," laughed Murray.

Note: Lewis intimates say he would not have accepted an appointment to the committee if it had been offered him.

GENERAL MARSHALL
You weren't seeing things if you saw the news picture of Gen. George C. Marshall, army chief of staff, attached in the uniform of an air corps officer.

It was him all right and he had on an air corps uniform.

Marshall is not a pilot. He is an infantryman. But outside of the air corps, he is the biggest officer in the army. Whenever possible, Marshall always travels by air and is an authority on planes and aerial tactics.

Among the persons on the sick list this week are Charles Mesner, Mrs. Ida Stueckle, Nina Wenker and Mrs. William Livanco.

LEGAL NOTICES

To the Highway Commissioner of the Township of Livonia, Wayne County, Michigan. You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held Tuesday, February 3, 1942, decide and determine that the certain sections of road described by the number of said Board should be County Roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said sections of road are attached to a part of this notice, and are on file in the office of the Board of County Road Commissioners of the County of Wayne, Michigan, at 3300 Barlum Tower, Detroit, Michigan, at 10:00 A.M., Tuesday, February 3, 1942.

Sugar Production To Increase in '42

Increased sugar production is expected for this year, since unprecedented distribution of sugar in 1941 reduced the "ever normal granary" supply by more than a million tons, and because of sugar curtailment from some off-shore areas," Secretary of Agriculture Claude R. Wickard said today.

Band To Give Concert, Feb. 23

50-Piece School Musical Organization Appears for First Time This Season

The 50-piece band of the Northville schools will present a concert at 8 p.m. Monday, Feb. 23, in the high school gymnasium. This is the first band concert of the winter season.

The program will be made up of marches, waltzes, and overtures. Special numbers will be provided by Jim Odgers, who will play two baritone solos, Jane Lanning who will be heard in two French horn solos, Bob Vogtin who will play two clarinet solos, and Bob McCluskie and Tom Houghton who will continue the concert duties.

The members of this year's band are younger than usual and many are appearing with the band for the first time. The following statistics will give some idea of the ages of the players. There are 7 seniors, 4 juniors, 5 sophomores, 17 freshmen, 11 eighth graders, 2 seventh graders, and 2 sixth graders. In addition there are several members who were graduates in the past few years and are playing in the band. Thirteen members are practicing regularly, planning to get into the band soon.

Senior Sketch

Throughout her life this senior has been known to her friends as "Maie" "D J" or just "D", but her real name is Dorothy Jane Corbett. She died on her birthday on Feb. 10.

From her 17 years, Jane never had a day without a smile. She was born in Northville, Mich., on Feb. 10, 1924. She was a member of the Northville High School Glee Club and the Northville High School Dramatic Club. She was a member of the Northville High School Student Body and the Northville High School Senior Class. She was a member of the Northville High School Senior Class. Dear Parents:

In view of present conditions, it is advisable to supplement fire drills with air raid drills as a matter of protection. The plans for this drill is that the pupils in the elementary school will march to the first floor corridor; and the pupils in the high school will use the first floor corridor and the south balcony of the gym, away from the windows, for the duration of the drill.

While your children are being given the best possible protection in school, you as parents, should cooperate by seeing to your own safety by staying at home in your own refuge room. Do not try to reach the school, either personally or by telephone. The wires must be kept clear for urgent messages. This advice is given to you at the direction of the U. S. Office of Civilian Defense as the best way for you as parents to cooperate in case of air raid alarms.

Very truly yours,
R. H. AMERMAN,
Superintendent

Around the School

Friday Night, Feb. 13, after the Northville-School game, the Student Council will sponsor a dance in the gymnasium.

The dance is to be held at the Student Council room. It will be a very interesting and enjoyable affair. The starting line-up was Hartner (capt.) Huber, Schuller, Fricke and McCluskie. McCluskie scored the opening basket for Northville.

Mustangs Win Farmington Game

The Mustangs scored triumphantly in their game with Farmington. The game proved to be one of the most interesting and exciting of the season.

The starting line-up was Hartner (capt.) Huber, Schuller, Fricke and McCluskie. McCluskie scored the opening basket for Northville.

N.H.S. Is Oakland League Member

School Has Free Lanced Games This Year; 1942 Football Schedule Is Set

Northville High School has become a member of the Oakland County League for its schedule of sports for the school year 1942-43. The regular season of the N.H.S.'s regular sports has joined the same league.

The Mustangs have free lanced games during the present school year but have encountered several of the Oakland County League teams. With the addition of Wayne County schools, the league may change its name. The only disappointment is that the annual Northville-Plymouth football game cannot be included in the 1942 schedule. However, basketball games with Plymouth will be played.

The 1942-43 football season includes the following encounters:
Sept. 18—Van Dyke—here

Waterford News

By NORMA L. HAZLET

Mrs. Alfred Rousner has two children, a son and a daughter. They are both in the service and are doing very well. Mrs. Rousner is a member of the Waterford Community Church.

The Waterford school is having a very successful year. The students are working hard and making good progress. The teachers are doing a fine job of teaching.

There was a basketball game on Friday night between Waterford and Farmington. Waterford won the game by a score of 20 to 15.

Mrs. Mary Jane Smith's fourth graders are making plans for their pageant. They are very excited about the project and are working hard to make it a success.

BUILD HEALTH

Do All FOUR And In Addition SAVE Time And Money

FOLLOW THE U. S. DEPARTMENT OF AGRICULTURE'S RECOMMENDATION TO PRESERVE THE VITAMIN VALUE IN SOUP with "WATERLESS" COOKING

Vitamins are valuable... don't pour them down the drain!

Waterless cooking helps keep vitamins in the food, saves minerals and ribs natural vitamins. It's why food's taste's better and are more nourishing. Planning a meal is most important if you are to have a properly proportioned and balanced menu. Equally important, however, is the cooking operation.

Don't pay good money for nourishing food—and then lose the health-giving vitamins when you cook it. You can be sure that the meals you cook will build strong young bodies and promote good health by observing the simple rules at the right.

WHY EVER, WOMAN SHOULD KNOW ABOUT VITAMIN-SAVING

1. Use very little water in cooking.
2. Cook vegetables for the shortest possible time.
3. Cover utensils to keep all our vitamins.
4. Avoid unnecessary stirring of vegetables.
5. Don't put in baking soda to brighten food colors.
6. Use vegetables in boiling water.
7. Don't throw away vegetable "leftovers" use them in soups or cream soups.
8. Keep foods as fresh as possible—use dependable automatic refrigeration.
9. If you're party of seven or more.
10. Serve foods soon after cooking.
11. Broiling is preferable to frying to retain vitamins.
12. Low-temperature roasting preserves vitamins and minerals.

Will War Bring Unity to Irish?

In a world at war where maps change over night, there are few spots on the globe—and especially Ireland—upon which the map-maker is not forced to draw new boundaries.

As another St. Patrick's day rolls around there is speculation how much change war will bring to the map of Ireland. Geographers' single unit, the Emerald Isle has long been separated into two very distinct political entities.

Northern Ireland, or Ulster, shown in black on the map above, is separated from Eire, or Southern Ireland, of political, economic and religious barriers. While Ulster is almost 100 per cent Protestant and Eire almost 100 per cent Catholic, Ulster's rate is directed very definitely to Eire's, but Eire is not yet more a democracy of the crown.

Changes in the boundaries that result from the war will change the map of Ireland as we know it. It is a safe prediction that millions of valentines in the form of letters, checks, boxes of candy and goodies, crisscrossed what have you, in the form of valentines, will be highly prized and tenderly guarded.

Valentine This Year Does a "Turn-Around"

With thousands of young men in the U. S. armed forces, this year will witness a complete reversal in the valentine idea, with our soldiers, sailors, marines and airmen now America's No. 1 sweethearts, instead of milady, who has occupied the center of the stage on St. Val-

Valentine—1942 style

entine's day from time immemorial. It is a safe prediction that millions of valentines in the form of letters, checks, boxes of candy and goodies, crisscrossed what have you, in the form of valentines, will be highly prized and tenderly guarded.

And girls cannot expect too much in return, for \$21 a month is a rather slim budget, but the biggest token from America's No. 1 sweethearts will be highly prized and tenderly guarded.

Spauld Street. Marie Evening News, of several reasons why Michigan should have a fair tourist season in 1942: (1) A survey of automobiles using the Straits ferry last summer disclosed a majority of cars were less than one year old. There should be in good condition. (2) British have found that vacations were more necessary than before due to increased pressure of war work at long hours.

Less gasoline tax revenue is anticipated, however, by Highway Commissioner Donald Keeney. In 1941 the gasoline levy produced \$32,000,000. Effect of tax cut: Road construction will be limited to defense needs.

Michigan's state government owns and maintains a fleet of 737 automobiles and 1,318 trucks. When 15 staff members of the state liquor commission used 11 cars recently to Detroit for a routine hearing, Governor Van Wagener proposed a program of state owned cars transportation work of three or four. "It's inefficient to wear out rubber carrying fewer persons than the car will hold," he said. The same rule of economy should apply to civilians, the governor added. War time, inaugurated last

Monday (Feb. 9), received the official blessing of the state administrative board last week. Reason: Detroit power companies estimated additional daylight would have been between 2 and 3 per cent of their annual power production.

Each county, coordinator of the Grand Traverse County defense council, returned to Traverse City from a week-end trip "down state" fully determined to rush preparedness plans for enemy air-raids. "Perhaps it would not be policy to mention the location of the area I visited," he related, "but air raid warnings are being issued in prominent places. I indicated that they fully expect to be bombed. These air raid warnings were significant enough, but when I saw 175 hospital beds all made up and reserved for air raid casualties, I realized how serious the danger actually is."

Michigan Food distributors, retailers and wholesalers, were recently recognized officially by the Michigan Council of Defense through appointment by Governor Van Wagener of the Michigan Food Council as a sub-committee to the council's consumer committee. Willis Keaser, Michigan Retail Grocers Association, as president of the state food group, while W. F. Doyle of the Michigan Chain Store

bureau is vice president. Among the members are Leo V. Card, commissioner of agriculture, and W. G. Armstrong, master of the State Grange. If consumer groups start crying "profiteering" at grocers, the council will be expected to provide the answers right in committee conferences.
