## Churches Plan Mid-Week Rites during Lent

### Visiting Ministers To Speak before Easter in Methodist Church

In the regional office at Chil-

licothe the work being done in

Methodist action here in that state

are discussed by the states

of the Middle-West. When I saw

what was being done here and what

I saw the "currents" with which

the church were taking up their

work established this morning and

what I saw the preparation which

had been made for instituting them

I was proud to say that I was a

Methodist.

When is enough enough? Must

our days of preparations depend

upon future Pearl Harbor?

Who is making the sacrifice any-

ways?

One paper headlines record the

news that Singapore Allied Nations

Gibraltar of the "East"—the great

naval fortress which military ex-

perts told us was impregnable

against enemy assault—was taken

to the Japanese.

We are told the loss of Singap-

ore may be likened to the loss of Eng-

land from the American viewpoint.

Washington officials say it may add

a YEAR to the war. A year of

what?

CIO Demand Wage Increase

is another headline.

Let us read on. The CIO de-

mands the following from General

Motors:

1. The closed shop with extended

authority in plant managements

2. Wage increases of \$1 per day

with "readjustment" every three

months.

3. A \$100 defense bond in lieu of

vacations.

4. Seniority provisions.

5. More power for the "impartial

umpire" to interpret contract pro-

visions.

General Motors wages in cents

per hour are 42 per cent ABOVE

the national average.

A year of what?

Two-Man Dispute Closes Ford

Dept. Here is another headline.

What were the workers making in

the Ford department? Just tools

and dies. How were the tools and

dies to be used? Just to make

bomber planes. And why are the

bombers needed? To fight a war

that we're going to win anyway—or

will we?

University Head Sees Near Defeat

Just another headline, this

time quoting an address by the

Rev. Al Waugh, vice-president of

Georgetown University who said:

"I don't believe that 40 per cent of

our people realize we are at war.

They will not apparently until the

first casualties are made known and

the first bombs start to fall. . . . It

is not defeatism to talk of defeat;

it is prudence."

Is this "war-mongering"?

Capt. Donald Leonard, civilian

defense coordinator for Michigan,

has repeatedly declared in com-

munity talks: "It is a pity that a

few of the bombs that dropped on

Pearl Harbor couldn't have fallen

on—say Kansas City! Maybe that

would have awakened the Middle-

West to the seriousness of this war.

(Continued on back page)

LANSING—CAN IT BE TRUE

that the people are Michigan are

disengaged by war?

The state legislature this week is

holding another emergency special

session.

Approximately 500,000 Michigan

men registered this week for pos-

sible military duty.

And yet newspaper headlines

continue to record events which

seemingly contradict evidence that

we are at war and must make great

sacrifices.

First, consider the definition of

"endangered." We assume when

Michigan young men are put in jeopardy

of death sufficient proof exists that

it is a serious affair; our two-ocean

war of 1942. It is true Michigan cities

have not been bombed. No en-

emy air fleet has attacked Sault

Ste. Marie, our Michigan Panama

canal for vital iron ore. But Michigan

young men are doing just the

same thing they did in the

last war.

Second, consider the definition of

"disengaged."

We assume when Michigan

men register for military duty

they are disengaged.

Third, consider the definition of

"disengaged."

We assume when Michigan

men register for military duty

they are disengaged.

Fourth, consider the definition of

"disengaged."

We assume when Michigan

men register for military duty

they are disengaged.

So, we are at war and must make great sacrifices.

But we are not disengaged.

And we are not disengaged.

#### Restrictions in the Township...

With the development of the Willow Run project and its continued expansion, it looks well for the Village in its foresight in planning on a zoning ordinance. We believe it is also a matter of only a short time when Northville Township will find it good judgement to set some sort of restrictions for the protection of health and property. Men from his region and farther north and east will be commuting in buses to work at Willow Run. Unhealthful, unsanitary and distressing trailer camps of the run down variety will invade this area unless prompt attention is given to the matter, and that soon. Once established, it is just too bad. The residents of Northville Township who value their property and health will do well to give consideration to some sort of legal protection in this matter. Better take it up with your supervisor and township officials—before it is too late.

Democracy presents a paradoxical situation always. At the same time we are pre-occupied with our own while American boys die trapped in the Philippines. Congress wastes time and money, voting pensions to its members and duly, dailying over everything of immediate import and hastily steals a march, and slips things over to the public in just a few short hours. We may be wrong, but if we judge the temper of most people we come in contact with they are pretty well fed up of the executive and legislative branch of our government. They are openly crying for a clean up, or a clean out. What has been the reaction to all these goings on, or late?

"There are no tricks; dollars send yours to the front." By U. S. Deacon. Sayings Books and Stamps.

#### Delivery of Merchandise

"Time was" when it was socially considered by certain persons just a wee bit out of line to tuck bundles through the streets. But a lot of notions that were advanced as "good form" in the owing times of peace are tossed out of the window. One of them deals with the delivery of merchandise.

Do you see the little woman across the street with her arms full of bundles? Well, don't get any silly notion that she comes from the country and doesn't know "city ways." She is merely doing her part in the war effort. Her husband is in the military service, so she is doing her best to help him in small ways and in many ways that command public attention.

It costs money to deliver merchandise, so you will be doing your patriotic purchases whenever it is possible.

It is perfectly all right that men will be saved as well as women.

Huge quantities of paper of all kinds which are in demand when goods have to be packed for delivery.

Everyone knows that untold numbers of articles are delivered by trucks from retail stores in cities big and little that might be carried by the purchaser without the slightest inconvenience.

The man or woman now seen hurrying home with packages strapped to a tall, matted sled is showing that he or she is not too busy to help Uncle Sam in small ways. It is an easy thing to do and in the aggregate it will help to cut down waste.

**News from Walled Lake**

By Charles E. Hutton

Severe injuries were sustained by Mrs. Mildred Bachelor and her daughter, Shirley, aged 14, when their car, driven by Shirley, crashed into a tree on Benson Road near Wolverine Lake, Saturday night. Both are in Pontiac General Hospital, where Shirley is suffering from head lacerations and possible fracture. Mrs. Bachelor has a compound fractured right ankle and cuts on the face, head and arms. The car was thrown out of control while attempting to pass another car, and skidded in snow.

A one-day farm machinery school was held at the school building, to assist farmers in learning latest methods of adding to the life of their equipment.

More than 337 middle aged drafters were registered at the Walled Lake school Monday. While this is a smaller number than was anticipated, many men of this area were registered at their places of work.

Nearly \$150 reached the student advances treasury from the highly successful concert by the 76-piece high school band. An attendance of 750 persons at the mid-season concert indicated the degree of interest taken in both the band and the vocal organizations of the school.

Rain and fog held the attendance at the annual Civic Welfare Club "open night" dinner to a smaller number than was expected, but those present enjoyed an excellent dinner and an interesting program. Speaker was H. Russell Holland, Peoria attorney, talking on the subject of civil defense.

About 100 couples attended the annual senior prom Saturday evening.

I've by the Record that 120 cars were licensed in Northville last week. Shades of the early 1930's! I can see Bob Pickle, now living over the handlebars on his way to work or home... Yes, and Ed Morris on his way to school with Scott, Montgomery, and Eddie Babbitt and Gordy Moffit.

Mr. and Mrs. Fred Brooks, Mr. and Mrs. Frank Clark, Mr. and Mrs. Hugh McElroy and Mrs. Wm. Hanson, Mr. and Mrs. J. D. Mitchell and Mr. and Mrs. Harry Watson.

Mr. and Mrs. Anthony Gillett entertained over the week end.

Mr. and Mrs. John Hill and Mrs. Mrs. Eva Thompson and daughter Mrs. Irene Kahl of Walled Lake and Mrs. Eva Behrendt were luncheon guests of Mrs. Floyd Darling Tuesday noon.

Mr. and Mrs. E. J. Verduyn and granddaughter, Jean, attended the golden wedding of Mr. and Mrs. Joe LeRue in Windsor last Sunday.

Paul Cummins son of Mrs. B. T. Cummins of West Grand River, has been promoted to the rank of corporal. Paul is still located at Fort Livingston, La.

Friends of Mrs. William Flynn will be glad to know that she is able to be up and around the house for a short time each day. Dorothy Bingham is helping at the Flynn home for the time being.

The Novi Rebekah ladies put on a patriotic play at the Pendale Rotekah Lodge Thursday evening. Two buses were chartered for the trip. Twenty-two women took part in the play.

Is this statement necessary hysterical to arouse the public?

Henderson fears wage inflation. Another trade.

The federal government's economist, now price administrator at Washington, warned the war labor board that general wage increases such as those sought by the Michigan CIO—would add only to theurious spiral of inflation.

Who is paying these war wages anyway? Is it the General Motors Corp. and Ford Motor Company or is it the American taxpayer who must foot the war bill, now or ultimately?

Michigan industry and business—all employers who have eight or more persons employed—have paid approximately \$160,000,000 in unemployment compensation last year. This money was paid by management and was deposited at Washington to the account of the state unemployment compensation commission for the purpose of paying insurance allowances to jobless as a "cushion" to help them along while they looked for work or until their jobs were resumed.

It is not an employee-financed savings account.

Should this money be used as a dole?

Recommended by the legislature just concluded is an increase in minimum payments from \$16 to \$20 a week a 25 per cent raise. CIO leaders had asked for \$25 a week for 28 weeks. They oppose the experience rating provided for by Michigan law, whereby employers who keep workers on the job can earn a reduction in taxes from 3 per cent to a possible 1 per cent—a sizable saving of many millions.

Good employees are given a premium for keeping work.

In this editor's judgment we are unprepared militarily, as well as materially.

But must it be over by that we Americans want to drop to themselves a world of suffering the way Mr. McCarthy and Mr. Smith think. They have got to work, they have got to be in there, they have got to be in there.

First and foremost, how about Mr. Fisher Jones and Mrs. Rogers of Kroger's of the Michigan South Jordan Green W's who do a lot of rescue work for the Michigan Consolidated Gas Company.
