SATURDAY OCT. 3

IS THE LAST DAY TO BID ON PRIZES

THRU

VICTORY AUCTION

Bids Opened at War Saving Headquarters at 117 W. Main St. at 6 p.m.,

Saturday, Oct. 3

You Are Invited To Be Present!

HERE'S HOW IT IS DONE!

A sincere effort by the WAR SAVINGS COMMITTEE, with the generous help of the Business and Professional men of the Village of Northville, is being made to cooperate in the State wide VICTORY AUCTION SALES. It is hoped that the people of Northville will back this patriotic plan 100%. Take advantage of the fine prizes—they are absolutely free—Bid deep—Bid High—You have everything to gain, nothing to lose—DO YOUR BIT TO HELP YOURSELF, YOUR COMMUNITY and YOUR COUNTRY.

INSTRUCTIONS

Buy the largest amount of War Bonds and Stamps that you can afford between Sept. 21st and October 3rd.

Look the list of prizes over very carefully, inspect them in the windows of the stores donating them. Most of the prizes will be on display in the store windows.

When you have decided upon the prize or prizes you wish to bid on, clip the coupon at the bottom of the advertisement. Place the amount of your bid in stamps or bonds in the envelope with the coupon (properly filled in), seal the envelope, write your name and the name of the firm (but not the amount) on the envelope for identification, and take it to the store whose prize you are bidding on.

You may leave your bid at the store or business place any time up to 4 o'clock Saturday, October 3rd. Any bids later than 4 o'clock must be left at Allan and Locke's where bids will be accepted until 6 o'clock. Be sure and bid on time.

Saturday, October 3rd at 6 p.m., at Allan and Locke's, these bids will be opened in the presence of witnesses. The person with the highest bid in stamps and bonds for the article named in bid will be given the prize ABSOLUTELY FREE.

Immediately after drawing, the winners names will be posted in the place of business donating the prize.

The bonds and stamps remain the property of the owners and will be returned to them when called for. Please call for them immediately after the drawing at headquarters until 9:30 p.m. If not called for Saturday night, bonds will be returned to the place of business where you made your bid. Call for them there.

In case of a tie bid a drawing will be held immediately to determine the winner, if you are not present, someone will draw for you. You need not be present to win. Allan and Locke's Ford Sales Room will be the headquarters for the drawing. You are invited to be there.

Remember—Bonds and stamps must have been purchased between Sept. 21st and October 3rd, 1942.

Remember—you may make as many bids as you wish, but the amount of bonds and stamps equal to bid must accompany each separate bid.

What Do You Bid in War Bonds or Stamps for These Valuable Prizes?

These Prizes Donated by Patriotic Northville Businessmen to Help Our Community Set the Pace in Buying War Equipment for Our Fighting Men!

News from Salem

By Mrs. Frank Buhrs
Ruth Lesh, Pennell daughter of Mr. and Mrs. Roy Pennell of the Detroit House of Correction, became the bride of Edwin Hamilton, son of Mr. and Mrs. Irving Hamilton of Worden, at eight o'clock Saturday evening, Sept. 26, in the Salem Federated church. The service was read by the Rev. Carl M. Pennell, the bride's mother. The chancel area was decked with flowers and a background of piano and lutes of glass and silver.

The bride wore a long-trimmed gown of white tulle trimmed with fine self-plant. Her finger-up hair was styled in waves. Her veil was of gold net. She wore rose buds and baby's breath corsage bouquet. For her bridesmaid, the former Miss Pennington, the sister Mrs. Bennie Eisner of Dearborn, who wore a floor-length frock of navy tulle and carried a train of rose buds.

The bridegroom was attended by his brother, Curtis Hamilton. His cousin, Owen Curtis O. Pennell, and Edvard O. Pennell, served the guests who were greeted at the door by Curtis Hamilton, James R. Pennell and Eugene J. Fatus. For her best man, Miss Irving Hamilton, was a bridesmaid. Mrs. Pennell wore a blue tulle and rose buds. Miss Pennell chose a dressmaker suit in tulle with a tulle corsage and a corsage of ribbon roses.

The Telephone Minutes YOU SAVE

Help War Production!

Telephone lines are now crowded with war calls. Perhaps your own line never carries war messages. But every call you make passes through a central office switchboard, where capacity is limited to just so many calls at a time. This is why your care in making long telephone conversations is an important aid in maintaining fast, efficient service for war. When you save telephone minutes you clear the wires for war calls.

Because of material shortages, we can't install enough additional equipment to meet all of today's demands, as we would do in normal times. So we make the most efficient use of the facilities we have—with the help of every telephone user.

THREE WAYS YOU CAN HELP

- Keep all your telephone calls as brief as you can.
- Make only the most essential Long Distance calls.
- When possible, give the number of the distant telephone you are calling.

Plan your conversations to save minutes. Keep pencil and paper at hand, so you won't have to leave the telephone. And please don't call information for numbers listed in the directory. Remember—WAR CALLS MUST GO THROUGH!

Turn in your scrap—Uncle Sam needs it now!

This Is National Newspaper Week

A time when we of The Record rededicate ourselves anew to service

Today we are more than ever aware of our tremendous responsibility in this war time era in searching out, interpreting and delivering to you the news of our community.

News is Knowledge and Knowledge makes men free.

No price then is too great to pay for Freedom of the Press. The cost to you is trifling but profoundly important. Paying pennies for your subscription to The Record is one way of keeping bright the shining light of Freedom—for without news you too live in darkness.

The true value of a newspaper is measured as the way it helps to maintain the Democratic Way of Life.

A Newspaper is the way to freedom so does The Record shed light on community events, recording history from day to day in our community.

While momentous events rock and shock the world and make and mar history, we cherish the smaller but still more basic and constructive events of our community that permeate the life blood of the home, family and community. As the Home and Family are the front line of Democracy, your Northville Record stands for square for Victory on its small sector of the Home front. We invite you to join our family of Northville Record subscribers.

What You Buy With WAR BONDS

The Navy is making a plea to citizens to turn in their old-fashioned tin can flashlights. The War Relocation Authority has now turned over 200,000 tin can flashlights to the Navy. Both new batteries and old batteries are accepted. Depending on the power of the lenses, they cost from \$39 to \$99 each.

If you have a set of 6 x 29 up to 7 x 50-power lens binoculars loan them to the Army or Navy. If not your purchase of War Bonds and Stamps will help buy this equipment for our fighting forces. At least ten percent of your income in War Bonds every payday will do the job. . . . and provide the "eyes" through which a scouting pilot may spot an enemy battleship.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our country's defense.

Library Expands Hours of Service

(Courtesy Orange and Black) The facilities of the High School library become available to the students Monday, Sept. 14. This year the library will be open throughout the day including home room and noon hour.

Several new books have been purchased including: Dynamo Farm by Adams Allan, a story of 4-H club work. Bread and Butter by Nina Hall, a mystery story; Juarez, Hero of Mexico by Nina Brown Baker, an Agave story; Skyfighter by Howard M. Bruce, an adventure story; Fruits of the Earth by Jarrett May Lucas, the mystery of the canyon of France.

Miss D. W. Hahn is in charge of the library during the absence of Miss Joyce Palmer. The ordinary staff and hours are as follows: Miss Hahn, home room; Marjorie Gibson, first hour; Jean Louis, second hour; Eleanor Karschnek, third hour; Esther Rossow, noon hour; Margaret Coykendall, fourth hour; Dorothy Learmonth, fifth hour; Hazel Cove and Lena Light, sixth hour (alternately).

Miss Margaret Gibson and Marguerite Goshorn worked in the library during the absence of Miss Joyce Palmer. These girls are paid by the school for each hour they work. Books can be checked out for one week only and then renewed for another week if necessary. A fine of two cents is charged for every day a book is over due. Materials are checked out by the hour only for a fine per hour over due.

Fire and Air-Raid Alarms Explained (Courtesy Orange and Black) The fire and air-raid alarms in Northville are explained by the fire department. The fire alarm is a bell which rings in the fire station. The air-raid alarm is a siren which rings in the air-raid shelter.

Labadie Directed Stage Play Here Back in 1913 (Courtesy Orange and Black) The record of that date stated that "the smooth running of the play was a great compliment to the training ability of the director, Herbert Labadie, as well as creditable reflection upon the dramatic talent of so many Northville people. During the past several years, Mr. Labadie resided at Labadie Lake, no far from Millard."

LIBRARY HOURS CHANGE FOR WINTER SCHEDULE

New telephonic directories, mailed this week to village subscribers, are considerably larger than the last year's directories. According to John H. MacLachlan, local manager of the Michigan Bell Telephone Company, there has been an addition of 148 stations in Northville during the period of August 31, 1941 to August 31, 1942.

This increase, combined with the national shortage of necessary materials and personnel has worked a summer hardship on the company. In spite of these facts, the subscription of the village has been well aware of the efforts of the telephone organization to live up to their motto of giving the best possible service consistent with the best possible cost.

NEW BOOKS AVAILABLE AT NORTHVILLE BRANCH LIBRARY The library has available a number of new books to be checked out for one week only and then renewed for another week if necessary. A fine of two cents is charged for every day a book is over due. Materials are checked out by the hour only for a fine per hour over due.

RULES

to help keep your electric appliances in FOR THE DURATION!

YOUR REFRIGERATOR. Defrost regularly—but don't dip off the frost with a knife or sharp tool! Whenever you defrost, clean out the inside of the refrigerator with lukewarm soapy water. Avoid over-crowding. Never store foods that do not require refrigeration in your refrigerator away from heat sources. Do not put hot foods in refrigerator to cool. Unless your refrigerator has a "sealed motor," have it oiled and inspected regularly.

YOUR ELECTRIC RANGE. Keep the porcelain exterior clean. Do not use a stiff brush or sharp instrument to remove spilled food from heating elements. (Food should be burned off.) Do not let spilled food dry or harden on the range. Ventilate oven after each baking or roasting operation—leave door open. When cool, wipe inside of oven with a damp cloth.

YOUR ELECTRIC WASHER. Wringer rolls are rubber—and precious. When through using wringer, release pressure on rolls so that they can stretch and breathe. Don't try to force belt buckles, metal buttons, etc. through rolls. When finished washing, drain and rinse the tub, and wipe dry with soft cloth. Drain the hose. Rinse and dry agitator or suction cups. Do not overload washer—this puts strain on motor.

YOUR VACUUM CLEANER. Before cleaning rugs, pick up such metallic things as hairpins, tacks, nails, etc., by hand. These can cause bag punctures, belt-cuts, or even get tangled up in the fan. Be sure nozzle and brush are adjusted properly. (Improper adjustment may break rubber belt.) Empty dust bag frequently. Once a month, turn it inside out and brush thoroughly. Never wash bag. Keep brushes free from hair and threads.

Low's Brothers HIGH STANDARD HOUSE PAINT

Get your free copy of "Color Keys to Sunlit Homes," Low's Brothers big illustrated book, containing over 100 full-color recommendations for paint-styling your home, both inside and out.

"LOTS OF PEOPLE make a big mistake in figuring the cost of house paint. They look at its price per gallon. But that's all wrong. What they really pay for is coverage per gallon. That's why I figure it's just common sense to use Low's Brothers High Standard House Paint. It's definitely a quality paint and it covers solidly more square feet of surface, so it spreads evenly and easily, cuts down the labor and cost, lengthens the time between repainting. It just naturally goes farther and lasts longer to save money all the way."

Information from School Nurse

During the past week, Miss Ruth Knapp, R. N., Northville school nurse, spoke to the various home room groups. She discussed absence and tardiness, emphasizing the value of punctuality. Any child returning to school after having a contagious disease must have a permit from their doctor. Students not feeling well while in school may go to either of her offices, and he down, removing their shoes and covering the pillow with a paper towel. Pupils who have been absent because of illness must go to Miss Knapp before returning to classes. Her office hours are 8:00 to 8:30, 8:45 to 9:00 and again from 12:30 to 12:45.

SCHOOL DANCE
Friday, Oct. 2, the first school dance will be held in the gym from 8:00 to 11:30 p.m. The dance will follow a home football game with Malvern. This dance will be sponsored by the Senior Student Council to help pay for the boys' football equipment.

U. S. HISTORY
This year Mr. LeCromer has four U. S. history classes; two made up of eighth grade students and two of eleventh grade students. Weekly Observers have been subscribed for by the eleventh grade and the eighth grade has subscribed for the Junior Observer. These papers contain all the latest events of the war and are an excellent authority.

The American government class, taught by Mr. Moheima involves the study of the departments and powers of the American government. Each day they realize more fully how fortunate they are to live in and be a citizen of this great country.

U. S. history and American government are required subjects for graduation.

BOYS' GYM
Reports from Mr. Pink concerning the boys' gym classes indicate that the boys are receiving training somewhat military in style. The boys are learning the meaning of self-help, about 1000 yard marches, at ease, and attention. They also have a five minute marching period and ten minutes of calisthenics. The remaining part of the hour is taken up by playing soccer or football.

OFFICE PRACTICE
In office practice class, the girls do not only practice their dictation but also their penmanship. In addition to the penmanship, they are given a few minutes of the "writing" part of the course.

Robert Walker, Colfax, Pa., was the winner of the 1000 yard march. He was followed by ...

TRAILER VAGABOND

By WALTER HAYES. The brightly colored wagon, clown and performers. In the center ring of the arena, John Grobler, a barber by trade, conceived the bright idea that if a single show could draw millions of people to see a real circus, with its wild animals from the jungles of Africa then he could draw thousands to see an imitation of the real thing with the animals and other attractions made of wood—providing, of course, that the animals, clowns and acrobats performed in a realistic manner.

What You Buy With WAR BONDS

It is important to remember that when you buy War Bonds you are helping to win the war.
