Christian Science Churches "Life" will be the subject of Lesson-Sermon in all Christian Science churches throughout the world on Sunday, January 17. The Golden Text: (Romans 6:23) "The gift of God is eternal life through Jesus Christ our Lord."

OBITUARIES Floyd J. Chapman Floyd J. Chapman was born July 23, 1889, the son of Aaron and Jane Chapman, on the farm on Third road, where he lived the greater part of his life. This farm his grandfather took from the government and cleared in the early settlement of Northville. In 1887, Floyd Chapman married Clara Hosen of Eagle, Mich., and to them three children were born: Orin, Gladys, and Edwin. Mr. Chapman was a member of the local Masonic Lodge and of the Presbyterian church, and for over 30 years a trustee of the Chapman church located near the farm. His chief joy was his home where he will be remembered as a helpful father, a loving grandfather and a faithful husband. Mr. Chapman died Jan. 7 at St. Joseph's hospital. He is survived by Mrs. Chapman, one son, E. A. Chapman of Northville; two daughters, Mrs. Harry M. Devo, Plymouth, and Mrs. Alfred Ferguson, Ann Arbor. Four grandchildren also survive. They are Allyn Ferguson, Robert Devo, Bruce Devo and Greg Chapman. Funeral services were held Sunday afternoon, Jan. 10, at the Castleline funeral home. The services were conducted by Rev. Harold F. Frestedl. Interment was at the North cemetery.

Whether Harry P. Kelly's record as governor of Michigan in 1941, thus breaking the one-term jinx of the past six governors, will depend upon many things even down to cabbage and hings. The record, there is the test of his leadership with the State Legislature. He starts out his administration with a few handshakes, numerous messages, Republican leaders were especially unimpressed last spring in demanding that Kelly run for governor in the September primary. He did so, unopposed. For some as secretary of state have acquainted him well with the sure ways to get things done at Lansing. He does not rush into new schemes, he thinks them over carefully and deliberately. He talks little, says words persistently. His legislative program is announced last week, contained several interesting recommendations that give a clue to his philosophy of public service. A group dealt with efficiency in government. Kelly proposed the streamlining of multi-department state bureaus of merging departments and commissions. For example, the corporation and securities department, finance company divisions of the treasury building and loan division of the department of state, banking and insurance department, and the public trust commissioner would be merged into one agency. In the efficiency classification was a recommendation to abolish the office of budget director and to transfer this function to the office of auditor general. Kelly also suggested that inspection staffs, now maintained independently by numerous departments, should be merged into one state inspection department. Would all this result in economy? Perhaps. But it should make possible a better government by increasing its efficiency. In our opinion, Governor Kelly is more interested in the economy of the economy. He probably remembers too well the easy promises of other governors, their records of failure to reduce expenditures.

Looking to the post-war era, Governor Kelly advocated a "rainy day" sinking fund of no less than \$15,000,000 from the present state surplus. As for reduction of the state sales tax, the Governor cautions that a sharp increase in state revenues was inevitable during 1943 and all state revenues would be needed. During the fiscal year ending June 30, 1942, the state distributed more than 61 per cent of its funds back to home governments. The increase in local aid alone was \$1,000,000 in 1942 over 1941. Economy in state government is not easy to achieve without sacrifice on the part of people back home. You must economize at Lansing without also economizing on Main street. The governor and the state legislature probably realize this. But greater efficiency in government making for what is generally called "better government" is a reasonable possibility, especially in these times of war. It is a dye against patronage.

There is need and room for more! Week-end guests of Mr. and Mrs. Schwabers at the Red Cross work room at the Legion Hall Tuesdays from 10 a.m. to 4 p.m. Governor Kelly's chances in 1944 may rest on his ability to address better government, not economy in government. It is his can-do, his sense of miracles will have arrived. But don't look for it.

There is need and room for more! Week-end guests of Mr. and Mrs. Schwabers at the Red Cross work room at the Legion Hall Tuesdays from 10 a.m. to 4 p.m.

Horsepower is WAR POWER producing for Victory! Back of every tank and plane and gun produced in Michigan is the weapon that makes all the rest possible... horsepower. And as scientists have so aptly pointed out—horsepower is WAR POWER. Our nation alone has more horsepower than the combined total of all our enemies. A single turbo-generator, like the one shown above, produces enough electricity to supply the normal needs of 250,000 average families. A new generator like this one will shortly be added to Detroit Edison lines, and most of its power will go to producing the weapons of war. And that generator represents less than 7 per cent of the entire Detroit Edison capacity. Today The Detroit Edison Company's total generating capacity is 5 1/2 times as large as during World War I; and more than half of this enormous power is being used in war production. During 1942, power for war production totaled over TWO BILLION kilowatt-hours. In the most important weapon of all—POWER—we are well armed. Electricity must keep the war plants humming... and for that vital job we are prepared. THE DETROIT EDISON COMPANY

"What on earth has a battleship got to do with my cooking?" with my cooking? JACK: Plenty, Mom... plenty! They tell me down at the Navy yard almost everything that goes into making those babies is cooked with Gas. MOTHER: Cooked? What do you mean cooked... JACK: Heat-treated... to give the metal proper toughness. For instance, Gas cooks armor plate so it will shake off big shells and not shatter under gunfire. And the steel for tanks, guns, planes and bombs... they're all cooked with Gas! MOTHER: But why Gas? JACK: Why Gas? You ought to know... because it saves time and money making a battleship - just as it saves you time and money cooking a meal! MOTHER: So that's why they say we may be asked to conserve Gas for home use this winter. JACK: That's it, Mom... Gas is mighty important stuff, and they need lots of it to win the war! MOTHER: Well, if I can help... I'll be glad to do my bit. JACK: Now you're cookin' with Gas... Mom!

The Orange & Black Coaches, Principal Attend Physical Fitness Institute

Thursday, Jan. 7, Coaches Gordon LeCromer and Charles Pink and Principal G. V. Harrison attended the Physical Fitness Institute at Ann Arbor.

Some of the main topics that were discussed at this meeting were: State Program for Physical Fitness, Physical Fitness Tests, Health Examinations, Intramural Sports and Community Physical Fitness Program.

Dr. Commander Charles E. Foran, U. S. Navy, gave a very interesting report of an actual incident where physical fitness proved very valuable. Seven men were a bomber which was shot down over the Pacific. These men spent several days in a rubber raft, and as time went on, all the men except one died. The one who re-

COAL USERS

YOUR GOVERNMENT AND YOUR COAL DEALER ASK FOR YOUR HELP IN CRITICAL SITUATION

The coal delivery problem is serious. COAL is not yet rationed. We ask your help to avoid rationing by complying with the Do's and Don'ts listed below. Many new people have moved into the Northville area. They, too, must have heat. Some oil users have changed to coal. Others who haven't changed are buying coal for fireplace use as auxiliary heat. Coal dealers must find some way to meet this emergency with little more than half a normal labor supply—no new trucks—limited tires—limited gasoline supply and a positive government order to cut our mileage by 25 per cent. Naturally, householders cannot expect the finished type of delivery service experienced in the past if everyone is to have coal. Your cheerful acceptance of these facts, and your cooperation will help us to keep both you and your neighbor warm.

How You Can Help Yourself and Your Neighbor by Cooperating!

- ORDER A MAXIMUM LOAD (2 or more tons)**
All trucks must leave yards with capacity loads. Full loads get delivery preference and orders for less than a load, will have to wait until several orders can be grouped for delivery in the same neighborhood. Anticipate your needs by at least four days. Avoid ordering on "cold wave."
- BE AT HOME TO RECEIVE YOUR COAL**
The Office of Defense Transportation prohibits the return of a truck on an undelivered order the same day, either to deliver coal or collect for it. Have your money available. Wasted trips will mean a longer delay for you.
- MAKE SURE YOUR BIN WILL HOLD IT**
The available coal drivers do not have time to "shovel back" or rearrange the coal in your bin so they can shovel in the new load. Wait until there is room in your bin before ordering a refill.
- PREPARE YOUR PREMISES FOR DELIVERY**
Cooperate with your delivery man. Do not expect him to shovel snow to get in your driveway or coal window. Orders calling for curb delivery can be delivered more promptly than those requiring "wheel" or "chute."

NOTE: THE OFFICE OF DEFENSE TRANSPORTATION HAS EXPRESSLY PROHIBITED OIL TREATMENT COAL TO MAKE IT DUSTLESS; EITHER AT MINE OR DESTINATION.

Novi School Notes

New pupils in the Novi School are Patricia and Marjorie Kloss from South Lyon and William Henry Gwercolin, Donald, Beulah and Rexa-Nelly have returned to Kenilworth.

Miss Turner has returned to her class after an illness.

Archie Young of the 4th grade is back after an illness.

The girls are making health posters about different kinds of travel.

The seventh grade are making cards for the hospital and are making posters for health.

The high school T-B seals contest was won by Donald Finckham's team. The seal was a slight variation on Andre Grahame's seal. It was sold. A thank party is being planned for Friday night.

Around the School

Jan. 7 the Senior Class of N.H.S. received their Autograph books and the words "sign here" echoed up and down the halls during the hour of this activity. A delicious lunch from the Central Cafeteria was served to each student who had graduated. Pictures taken by the girls.

At the Biology Club held Thursday, Jan. 7, the following pupils were elected: Phyllis Lee Knight, President; Myra Gibson, Vice-President and Lorraine Lapham, Secretary. Dorothy Trapp presided over the meeting. A special committee was appointed to revise the constitution.

The girls' laboratories both on the first and second floors, each have 20 x 18 1/2 mirrors.

Albert Ewald, a seventh grade student of the Jr. High, has left for Ypsilanti.

Last Friday the Office Practice girls had their class hours talking about telephone and how to make a call properly. This included long distance, emergency, and local calls. The discussion proved not only a help as road of the practice, but for the girls' own use also.

Mrs. Cove returned to her class last Thursday and the first part of the work in the hospital.

Merjorie Garden is in the hospital after a fall on the ice during the holiday.

Dr. Melnikoff is still in the hospital and Mrs. Melnikoff with him will return to school some time in February.

NOTICE OF Registration!

TO THE QUALIFIED ELECTORS OF THE TOWNSHIP OF NORTHVILLE, WAYNE COUNTY, MICHIGAN

PLEASE TAKE NOTICE: That any qualified elector of the Township of Northville, Wayne County, Michigan, or any person who will be a qualified elector of said Township on the day of the Annual Primary Election to be held on Monday, February 15, 1943, may make application for registration to the Township Clerk at his office any day up to and including Wednesday, January 27th.

Electors who did not register at the last general election must register in person as required for permanent registration.

If, since registering there has been a change of address, such electors who have changed their address must transfer their names to the proper address on the registration records.

SPECIAL REGISTRATION SERVICE
To register qualified voters I will be at the Northville Village Hall SATURDAY, JANUARY 23 and WEDNESDAY, JANUARY 27 from 9 o'clock A.M. to 12 Noon, and 1 o'clock to 4 P.M.

Wednesday, January 27, 1943, will be the last day to register for the General Primary Election to be held February 15, 1943.

Dated: At the Township, of Northville, Wayne County, Michigan, this 15th day of January, A.D. 1943.

FRED W. LYKE
Clerk of Northville Township

Forward Into '43 With Our Men in the Service

(Continued from front page) almost caught up with the Record. The last one I received was Dec. 4. I am hoping to get a leave this spring sometime. Well let's hope St. Thomas, W. I. I have gained 30 pounds since I have been here. We had a very swell Christmas and New Years dinner. I am a shipfitter striker and hope to be a 3/c or petty officer as they call it also. I am learning a trade that is going to help me in my future life. I want to thank you very much for sending me the Northville Record, as it seems to cheer me up when I receive it - I have gotten

and every line in it. It's funny how you look for news of your home town. So right now I want to thank you and your staff for making it possible for me to do so. The army certainly started the year off right with extra drilling, etc. I wonder if the Army is anything like it used to be when you were in it - I have but one week left here in Co. A of the 28th Jan. I have here, where I do not know, but I will have Dad let you know. I hear you folks are getting rationed on different things, but you have nothing on us as we get butter once a day, milk once a day and oranges at the P. X. the ice cream is also rationed.

Will close for now as it is nearing chow time. Yours, Harold Schoultz

Don E. Hechman, son of Mr. and Mrs. Elmer Hechman, 1800 Woodring avenue, Farmington, has been promoted to the rank of sergeant at Ft. Myers, Fla. Sgt. Hechman has been retained at Ft. Myers for an instructor. Mrs. Hechman, the former Betty Schoultz of Northville, who went to Ft. Myers to spend the holidays, found employment there and will remain in Florida, while the sergeant is stationed there.

5% Victory Tax is Being Deducted

All incomes of Over \$12.00 Per Week Now Subject to Victory Tax. The new victory tax, designed to pay part of the ever-increasing cost of the present war, went into effect Jan. 1, 1943. This is an entirely new tax and will be deducted in as painless a manner as possible from the weekly pay check. It also applies to the net income for those in business for themselves either on the farm or in town. Since the 5 per cent is taken just on wages over \$12 weekly or \$624 annually, the tax does not amount to 5 per cent of your pay. Majority of employers will make deductions from a table prepared by the government to eliminate necessity of figuring out the 5 per cent for each individual case. Any adjustments necessary are made at the end of year when employe fills out Victory tax returns.

Follow the advice of the meat cookery experts and roast meats at moderate temperatures for longer times. Thiamin (B1), in which meat is especially rich, is sensitive to heat. There are so many Indians in the 180th Infantry (Oklahoma-Kansas) that the unit's motto is in Choctaw: "Pansp mansiya, kis alhtayaha," which means "Ready in Peace or War."

THE FARMER'S MARKET

Where Your Dollar Buys More All the Time. Beef, Pork, Veal, Lamb. We buy our cattle alive and have them slaughtered under government supervision, assuring you the finest meat at lowest prices. Until Further Notice We Will Not Be Open Sundays.

This is serious, Folks! 6 Out of 10 calls to Information are UNNECESSARY

Needless calls to Information—many thousands of them daily—are being crowded onto Michigan's war-loaded telephone system.

Six out of every ten calls to information are requests for numbers that are listed in the telephone directory. It's a simple matter to look in the directory first. And if everyone would do that, it would save 1450 hours of switchboard time each day.

Please do not ask information for any number that is in the directory. If you must call information, make a note of the number so that you'll have it next time.

WAR CALLS MUST GO THROUGH MICHIGAN BELL TELEPHONE COMPANY

Keeping In Step With Our Times

(Continued from front page) women are urged to continue their excellent record during January sales. Nationwide newspaper circulation will be reduced an estimated 10 per cent under a WPA order—that may be followed by others cutting back every newspaper's use of print paper in 1943 to tonnage used in 1941 to produce its net paid circulation. Hunger among the civilians of North Africa threatens to hamper military operations, and there may be "serious disturbances" unless substantial shipments of food and clothing are landed there by Feb. 1, according to Milton S. Eisenhower, Associate Director of the OWI, on return from a two-week trip to North Africa, where his brother is directing Allied operations. The Office of Price Administration established maximum prices for grapefruit, lemons, oranges, tangerines, and Temple oranges grown in the four principal citrus producing states. The ceilings cover levels between the grower and the retailer, but do not include retail sales. A subsequent order, however, will extend the regulation to include retailers, but OPA predicted there would be little change in the prices paid by the consumer. The War Manpower Commission reported that within three months, some plan of manpower control will be in effect in every major industrial community in the United States. Speakers for organized bakers urged an increase in the retail prices of bread and bakery products as a result of the Government order permitting an average 10 per cent increase in the price of flour at the mill. Approximately 2,000,000 pounds of storage butter were released for civilian use by the War Production Board. Stocks released, which are in addition to the civilian supply authorized in a Nov. 21 order are unsalted butter, butter graded 88 cents or less, neither of which are wanted by the armed forces, and also stocks of less than 5,000 pounds held by any one person, which are too small to be collected for Army use. Reporting on its two-year investigation of the petroleum industry, a House Interstate Commerce Subcommittee has recommended encouragement of increased production, higher ceiling prices, greater incentives for discovering new sources, conservation of existing supplies through rationing, and public cooperation in curtailing the use of fuel. To alleviate the butter shortage, the War Production Board has authorized a sharp boost in the production of margarine.

SERVICES FOR SIDNEY MOOSE. Funeral services for Sidney Moose Sr., who died Wednesday, Jan. 13, at Seymour Hospital, Elmore, will be held Saturday, Jan. 16, at Casserline Funeral Home. Interment will be at Forest Lawn Cemetery, Detroit. Mr. Moose was well known as the owner of a meat market here for many years.
