Come to the President's Birthday Ball . . . and bring your friends and neighbors . . . for every ticket bought means more help for the thousands of children all over America who are fighting the dread enemy, Infantile Paralysis. Come to enjoy an evening of real fun and entertainment . . . the program we've planned is just the ticket for wartime relaxation! And the cost is only 50 cents per person. How little that is . . . when you send it beside the brave fight these youngsters are putting up against Paralysis . . . How little when you measure it against our boys fighting in the fox holes of Guadalcanal . . . or in the skies over Tunisia. Yet how much it means. It means that our children can grow up Free from Fear of disease and disability . . . it means, too, that we're doing our part in one more way to help preserve what our boys are fighting for — the future of America.

Speaking on the Northville

Speaking on the Northville lecture course Wednesday evening at the school, Dr. Oren Cleary, State Director of Civilian Defense called for revitalization of our local civilian defense to keep in step with the development of the war.
