

Essential Dates and Information Affecting the Welfare of the "Vanishing Civilian"

SHOES: Stamp 17 in War Ration Book One is good for one pair of shoes until June 1. Stamps may be interchanged among members of one family.

FUEL OIL: Coupons marked period 4 are good for 11 gallons from Feb. 2 through April 17. Charge coupons good for full face value. Fuel oil coupon No. 5 is good for 11 gallons beginning March 11.

COFFEE: Stamp No. 28 becomes valid for one pound Mar. 22, which must last through April 25, a period of five weeks.

MEATS, BUTTER, CHEESE, CANNED FISH, EDIBLE FATS AND

Cards: Postage metering of these items started March 22. Red stamps in War Ration Book Two will be used. Red C stamps, valid April 11, good for 16 points worth of meat, cheese and butter. Blue stamps D, E and F good from March 22 through April 26, for 48 points.

SUGAR: Stamp 12 good for five pounds from Mar. 16 through May 31.

GASOLINE: "Mileage" A Book Ticket No. 5 good for 4 gallons through May 21. Tires must be checked every 3 months.

"B" Book—Tickets good until date on ration card. Tires must be inspected every 4 months. "C" Book Tickets good until date on ration card. Tires must be inspected every 3 months.

"T" Book—Truck tires must be checked every 2 months or every 5,000 miles, whichever comes first.

GAS RENEWALS: Bi-monthly requests for "B" or "C" gasoline coupons may be made by mail. Blanks may be obtained at the Record office. Fill in the application (making it consistent with your original application) the year tire inspection sheet to the application and mail to Rationing Board, Plymouth, Michigan. New coupons will be mailed to you. You need not surrender your present "B" or "C" book until requested to do so by the Board issuing the new book to you.

Red stamps from War Ration Book Two, which are good for the purchase of meats and cheeses and edible fats and oils and canned fish, will expire as follows:

Week Beginning Red Stamp Bearing Letter Stamp Expires

April 11 C (16 points) April 20

April 18 D (16 points) April 30

April 25 E (16 points) (to be announced)

Blue stamps, D, E, and F, in War Ration Book Two, totaling 48 points, will be good from April 25 through April 30. Stamps A, B, and C are valid only through March 31.

Here is how meat and fats rationing is different from canned goods. Your butcher can give you "change" in one-point ration stamps when you find it impossible to give the exact amount of stamps.

Ration points will be adjusted from time to time, depending upon demand and supply, as illustrated in the reduction in values of prunes and raisins. Grapes and raisins were dropped from 20 to 12 points; dry beans, peas and lentils were reduced from 8 to 4 points per pound.

BOARD HOURS: The Plymouth Rationing Board, Mar. 22-23, 1943, is open six days a week from 9 a.m. to 5 p.m., except Wednesday afternoon when the office is closed to the public in order to keep up on clerical work. Thursday night office is open until 8:30 p.m. People in Oakland County may contact their board at branch offices in South Lyon, Farmington and Walled Lake or at the main office in Pontiac.

Meat Ceilings Postponed: Maximum prices on beef, veal lamb and mutton sold at retail will not become effective until May 17. OPA suspended ceilings scheduled to go into effect April 15 under an order to be sure that the prices were in line with other living costs.

Raise, Corn Prices:

A ceiling price five cents per bushel higher than present maximums established April 14, will be effective until September 30, 1943. According to OPA, which acted upon instructions from stabilization director Byrnes and food administrator Davis, there will be no further increase in corn prices during the 1943 market season. The price raise is designed to relieve the present acute market shortage of corn for livestock feeding and industrial processing.

New Rules on Selective Service: Chief effect of the recent changes in Selective Service classifications is the elimination of dependency deferment except for: (1) Those who maintain bona fide homes with children; (2) Those whose induction would cause extreme hardship to a wife, child or parent; and (3) Those with dependents who are necessary to and regularly engaged in agriculture.

Men formerly classified in III-A and III-B who had been deferred because of dependents will be reconsidered. Class III-B is eliminated entirely. A child born after September 14, 1942, is not recognized as a "dependent" in classifying a registrant in Class III-A. The new classification, III-D, will contain all men whose induction, in the opinion of their local boards, would create extreme hardship or privation for a dependent wife, child, or parent. War Costs Go Higher

A new high of more than 7 billion dollars was reached in war

expenditures during March, when the average amount spent each day was \$283,40,000. To meet these mounting costs of war, Secretary of the Treasury Morgenthau recently disclosed that the 13 billion dollar Second War Loan is part of 70 billion dollars that must be raised during 1943.

"This is a people's war, so all the people ought to have a part in financing it," said the secretary as he warned that "ten per cent is not enough."

Farmers Who Sell to Retailers: A farmer who sells butter, lard, or any other rationed food to a retailer must collect ration points for the sale, just as he has done in selling to consumers since Mar. 29, according to OPA. All farm sales must be made at current point values and stamps collected must be turned in to the local ration board with a report made on OPA form R-169. This form will be available to all local boards during the last week in April. The first report is due during the first fifteen days of May and will cover sales made between March 29 and the end of April.

Women's Land Army:

A women's land army of about 60,000 city and town women will be recruited, as a part of the U.S. Crop Corps, to help meet the farm-labor shortage. Ten thousand of these women are expected to enroll for year-round farm work and about 50,000 for seasonal work for one month or more. Three hundred thousand women will be placed by country agricultural agents for short-time emergency jobs on farms—women who can spare week-ends, a few days, a few weeks. Women who wish to contribute their services should "swim" the local call.

Fertilizer For Corn Crops:

Farmers may obtain chemical fertilizer through nitrogen for use on field corn in the corn belt states of Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio, South Dakota and Wisconsin, in accordance with a directive of the War Food Administration. Restrictions on deliveries of fertilizer for use on corn field expired April 1. Chief provisions of the directive are: (1) Applications for fertilizer for use on Group A crops must be accepted first; (2) All eligible applicants must have received at least 50 per cent of their requirements before any applicant can

receive more.

(3) Deliveries above 50 per cent shall be made in equal percentage to all eligible persons.

(4) As high a percentage of this fertilizer shall be made available for other Group B crops as for corn.

Sugar For Canning:

Sugar for home canning of 1943 fruit crops will be available to housewives on approximately the same basis as last season. No reduction of blue-point stamp will be made from War Ration Book Two for canning sugar. Details of the program will be issued within the next few days.

Farm Values Up:

Farm real estate values on

March 1, 1943, showed an increase of nine per cent over last year, the U.S. Department of Agriculture has announced. This is the most substantial gain that has occurred since 1920. Land values increased during the past year very widespread, with some advance reported for each of the 48 states.

Radio Jobs For "Home":

"Radio" hams, formerly banned from the air because of the war, may now serve their country in the War Emergency Radio Service. For further information write to the Editorial Section, Office of Civilian Defense, Washington, D. C.

Safe Canning Methods:

The steam pressure canner is the only method recommended by the U.S. Department of Agriculture for preserving certain types of vegetables. Such vegetables as beans, peas, corn, spinach and semi-dry sausages such as hard salami, hard cervelat, pepperoni, soft salami, wurstler, and mortadella, were not affected by the action.

Woolen Fabric Production:

Production of woolen and worsted woven fabrics in 1942 reached a new all-time high of 525,000,000 linear yards. This is almost fifty per cent greater than in 1939. WPB has doubled wool quotas for essential civilian fabrics which is expected to make an additional 75,000,000 pounds of wool available for civilian needs. This is further assurance that there will be adequate supplies of clothing for civilians during the fall and winter this year.

Onion Potato Maximums Raised:

Maximum prices on dry onions and white potatoes of the late 1942 crop for sales during May and June, 1943, will be ten cents higher than in April, the OPA has announced. The change in price is designed to spread available

supplies evenly over the next three months.

Three For Veterinarians:

Farm veterinarians can now get new tires as replacements even when the casings on their cars

are unrepairable, according to OPA. They are also eligible for two mud and snow tires, in addition to their ordinary tires, to make travel easier and safer in bad weather.

Cousin Bill lives in another state. You don't see him often, and it would be a pleasant thing to call him up on his birthday and wish him many happy returns... If we weren't fighting a war!

In ordinary times, Michigan Bell would gladly help you send that message, but today long distance lines are crowded with a vastly increased load of war-created traffic. And new lines and equipment can't be added, because the necessary materials have gone to the fighting front.

Ordinance No. 116

VILLAGE OF NORTHVILLE
Section 1. It shall be unlawful for any person to own, possess or harbor a dog six (6) months old or over, within the limits of the village of Northville, without first obtaining a license therefrom from the Village Clerk as hereinafter provided.

Section 2 Upon application being made to the Village Clerk giving the full name and resid-

ence of the applicant, the Village Clerk shall issue to such applicant a license, together with a receipt of copper or tallow or other durable material, which check shall contain the number of the license duly stamped or engraved thereon, the year when issued, the date of expiration, together with the words "Northville Michigan Dog License" provided however that before the Village Clerk shall issue and deliver such license and check as above provided, he shall collect of each applicant and pay into the Village Treasurer \$1.00 for each male dog and \$2.00 for each female dog and \$1.00 for each female dog having been spayed, and in addition thereto the sum of 10¢ for each check so issued, and shall also prove, by furnishing a certificate or other suitable evidence, that the dog for which license is being applied has been vaccinated by a duly licensed Veterinarian against rabies no more than thirty days previous to the date of said application. All licenses under this ordinance shall expire on the first Monday of May following their issue and said Village Clerk shall collect only a prorata of said license fees after November 3rd of each year provided, however, that no license shall be issued for less than 50¢.

Section 3. Each person owning, possessing or harboring any dog shall provide the same with a substantial collar of durable material to which shall be securely attached the license check above required. Duplicate checks, in case of loss, may be issued by said Village Clerk at the expense of the applicant upon the filing of an affidavit of loss of the original check. No check shall be used on the collar of any dog other than those therein provided for and no person shall remove the collar or check from any dog without the consent of the owner or the party to whom the license is issued. No license or license tag issued for one dog shall be transferred to another dog. Whenever the ownership or possession of

any dog is permanently transferred from one person to another within the said Village, the license of such dog may be likewise transferred upon notice given to the Village Clerk who shall not such transfer upon his records.

Section 4. No person owning, possessing or harboring any dog shall permit the same to run at large without a substantial collar of durable material to which shall be securely attached the license check herein required. A dog shall be deemed to be running at large under the provisions of this ordinance when it is not under leash, securely tied, or confined within an enclosure.

Section 5. No person shall harbor or keep any dog which by loud, frequent, or habitual barking, yelping, or howling, shall cause serious annoyance to the neighborhood and people passing to and fro on the streets. No person shall harbor or keep a vicious dog or a dog that has been bitten by any animal known to have been afflicted with rabies; or which shall have bitten any person. Every person owning, keeping, or harboring any dog that has been attacked or bitten by any other dog or animal known to be affected with or has symptoms of rabies; or which has bitten any person or which has or is suspected to have contracted rabies, shall immediately notify the Chief of Police or the Village Commissioner of Health, and upon the demand of either of such officers, shall immediately produce and surrender up such dog to be held for observation at the dog pound for a period of ten (10) days; provided, however, that in the discretion of such officers such dog may be quarantined for a like period of time on the premises or the owner or person who is keeping or harboring such dog, shall be unlawful for any such person to suffer or allow any dog that has been quarantined to be on the streets of the Village of Northville or away from such premises. If at the end of such ten (10) day period such dog has not developed rabies, it shall be released from the dog pound or quarantine. If the dog has developed rabies within such period of time, it shall be destroyed.

Whenever a dog is brought to the pound, or is quarantined to a second time for having bitten a person, such dog shall be destroyed, after having been held a sufficient time to meet the requirement of the Health Officer for investigation. Any person allowing any dog habitually to remain and be lodged or fed within his or her house, store, building, enclosure or premises shall be considered as harboring or keeping the same within the meaning of this ordinance.

Section 6. The Village Commission shall provide a pound in which shall be impounded all dogs that may be found running at large, (harbored or owned contrary to the provisions of this ordinance, and the Chief of Police of said Village shall be in charge of said pound.)

Section 7. It shall be the duty of every Police Officer of the Police Department of the Village of Northville, and every other person who may be appointed by the Village Commission for that purpose, to promptly seize, take up and place in said pound, all dogs that may be found running at large, harbored or owned contrary to the provisions of this ordinance.

Section 8. No dog shall be released from the pound unless and until the owner or person entitled to demand the same shall pay to the Village Clerk to be paid over to the City Treasurer, the sum of Two (\$2.00) Dollars for the care, custody, and feeding of such dog while in custody, and shall also procure a proper license for said dog in event such dog shall not have already been duly licensed. Provided, however, that if the owner or person entitled to claim any dog which has been seized under the provisions of Section 7 of this Ordinance for which such dog was impounded, shall deny, under oath that such dog was running at large or was unlawfully owned, possessed or harbored within the Village of Northville at the time the same was seized under the provisions of the Ordinance, then such dog shall be released without the payment of the sum herein provided; but in such case it shall thereupon be the duty of the officer having knowledge of the facts to forthwith make complaint in a Court of competent jurisdiction charging the person keeping or harboring such dog with the violation of this Ordinance for which such dog was impounded.

Section 9. The Chief of Police shall keep a record of all dogs seized, impounded, or quarantined, the hour and date thereof, a description of the dog and the disposition made of each case.

Section 10. All dogs not claimed and released within forty-eight (48) hours after being impounded shall be destroyed; or if the animal is worthy or valuable same shall be sold by the Chief of Police by a public outcry to the highest bidder at the hour next succeeding the said forty-eight (48) hours, provided, however, that dogs impounded having been exposed to rabies or any dog that has attacked a person shall be kept until such time and under such conditions as shall be required by the Chief of Police or the Commissioner of Health, and it shall be the duty of the Chief of Police to notify the Commissioner of Health when he has any good reason to believe that he has such a dog in his possession.

Section 11. The bodies of all dogs that have been killed shall be disposed of in such manner as shall be designated by the Chief of Police.

Section 12. Any person or persons violating any of the provisions of this ordinance, shall upon conviction thereof, be punished by a fine of not to exceed Fifty (\$50.00) Dollars and cost of prosecution, or by imprisonment in Village Jail or Detroit House of Correction for a period of not to exceed sixty (60) days or by both such fine and imprisonment in the discretion of the Court.

Section 13. All Ordinances and parts of Ordinances of the Village of Northville, inconsistent or conflicting with the provisions of this Ordinance, are hereby repealed.

Section 14. This Ordinance shall take effect twenty-one (21) days after the publication thereof.

South American Theme
For J-Hop, April 30
The class of '44 N.H.S. is busy
arrangements for the J-Hop which
will be staged next Friday, April
30, in the gym from 9 until 1 a.m.
They have chosen for the theme
of their decorations South America,
and the setting for this long
anticipated event will be gay and
colorful.

Eleanor Breitmeyer and her
committee have added Father
John M. Lynch to their list of
patrons who will chaperon the
dance. Suzanne Howell, chair-
man of the program committee,
has placed an order for the pro-
grams and Katherine Rittinger's
decorating committee has a
busy week ahead with much that
has to be done at the last minute.
Thelma Trapp and her committee
have nothing more to worry
about, having long since secured
the services of Bobby Grayson's
orchestra for the evening. Car-
lyn Siclovan and her group in
charge of tickets also have things
well in hand. Pat McClintic is
in charge of properties, and Ann
Flaherty with the refreshments
still to take care of, have plenty
of work ahead of them. The
whole class is enthusiastic about
their plans and feel sure it will
be a success.

The Junior Class officers for
'44 are Robert McDonald, pres-
ident; Carolyn Siclovan, vice
president; Thelma Trapp, secre-
tary and Gladys Bedore, treasur-
er. Miss Lowe and Mr. Ellison
are the class sponsors.

Sixteen Confirmed at
the Presbyterian Church

In the historic rite of Holy Con-
firmation, sixteen young people
were received into the fellowship
of the Presbyterian Church. The
Rev. Dr. Paul H. Buchholz, Ex-
ecutive Secretary of the Presby-
terian Church, officiated. Mrs. Fred-
erick F. Fredsell is the lovely serv-
ant of the laying on of hands.
This symbol means back to the
New Testament times when the
Holy Spirit was passed on from
Christian to Christian. Eleven
adults were welcomed into the
membership of the church at the
same service. The confirmation
of Holy Communion was celebrated
on Thursday evening, the new
members participating for the first
time.

The young people are:
Robert Burns, William Burns,
Charles M. Freydl, J. Richard
Green, Mickey Nagy, Bruce Sim-
mon, Marie J. Seaford, J. Elmer
Vorthington, Jane Sparling,
Patricia B. Chase, Alice B. Holm,
Jean Louise Stevens, Delores H.
Greene, Helen Marie Haeger, Jo-
anne E. Tuck and Patricia John-
son.

Mr. and Mrs. David Voorhees
have purchased the residence at
615 Fairbank and are moving in
Saturday. They are coming here
from Dearborn to make their
home. Mr. Voorhees is associated
with the Cadillac Motor company.
They are not entire strangers to
Northville, having often
visited here as the guests of Mr.
and Mrs. Horace Britton.

Mother and Daughter
Celebrate Birthday

Mrs. W. A. Parmenter enter-
tained at a one o'clock luncheon
party Wednesday in honor of her
daughter, Mrs. Edward Farrell. Her guests were
Mrs. Willard Ely, Mrs. Cari Rick
and Mrs. Merritt Meeker. Last
Saturday, Mrs. Farrell gave a
birthday party for her daughter,
Florence, to celebrate her tenth
birthday. Her guests were Lily
Jane, Martha Hunt, Elizabeth
Archie, Alice New-
ton, Nancy Ryder, Marilyn Kiss,
Doris Harrison, Gale Meadon,
Delores Bell, all classmates of
Florence's.

Youth Groups to Meet
Together Monday

Monday afternoon the Inter-
mediate Christian Endeavorers
will be hosts to the young people's
groups of the Baptist and
Methodist churches in the Pres-
byterian Church Annex. The meet-
ing will open at 2 p.m. This
program includes a discussion
session led by Miss Lois Jean
Talbot.

The discussion period will be
followed by a social hour, ar-
rangements for which are in the
hands of Blake Couse and Miss
Florence McCluskie. Miss Ella
Gir is general chairman for the
day.

Mrs. Donald Cline leaves today
for Texas to join her husband, Li-
Clite. She has been staying with
her parents, Mr. and Mrs. Harold
Tuck, since her recent marriage,
while Liut Cline reported to his
post in Texas and found suitable
living quarters for himself and
his wife.

Systematic Tool Storage
Very Important on Farm

W. C. Krueger, extension agricul-
tural engineer at Rutgers univer-
sity, believes that every farm should
have a work space or room espe-
cially reserved for repairing and
constructing farm equipment.

Farm Topics

More Eggs Per Hen,
More Milk Per Cow

Agricultural Science
Now Fully Mobilized

The storage of new machinery, in-
creased use of labor-saving devices
to offset the scarcity of farm help
and the inability of local service
men and dealers to take care of all
reconditioning and repair work
makes it highly desirable for every
farm to be self-sufficient as pos-
sible in this respect," the engineer
says.

"There are enough tools on most
farms to do the ordinary repair jobs
provided all the tools are system-
atically collected, put into good
shape, arranged, stored and handy
to use," Krueger points out. "A nec-
essary item is a solid topped work
bench, 2 to 2½ feet wide and be-
tween 5 and 10 feet long fitted with
a four-inch or larger machinist vice
and a wood vise or clamp."

The small space above the bench
is ideal for hanging tools. For a
well-equipped shop these should
include: twist drills; auger bits; as-
sorted sizes of machine, drift and
center punches; a carpenter's ham-
mer and both a light and heavy
ball-peen hammer; an assortment of
wood chisels; wrecking and crow-
bars; an eight to 12-pound sledge
hammer; a heavy rail section for
forging and straightening; a set of
adjustable socket and pipe wrenches;
a size range of screw drivers; pliers;
cutter and pliers; an electric
soldering iron or pair of soldering
bits; a good grinder, preferable
motor-driven; flat triangle and
round files of assorted sizes; togeth-
er with oil and emery stones. Block
and tackle for hoists, jacks and pipe
rollers will also be found handy.

Food, food and still more food.

That sums up the Food for Free-
dom program in 1943. 8 per
cent more eggs, over 25 billion
pounds of meat, 122 billion
pounds of milk.

No technique making for more ef-
ficient farming, or scientific fact that

will help increase the total food sup-
ply being overlooked. Even such a
simple practice as giving a cow
drinking water with the chill taken
out of it on a cold winter's day can
help to triple production. The
action of a cow three times a
day instead of two, if generally fol-
lowed, combined with feeding
three times a day, for a 15 to 30-day
period, would increase production
sufficiently to meet 1943 goals. In a
recent feeding test with cows that
had production records of around
9,300 pounds of milk a year, in-
creases in the milk output as high
as 23 per cent resulted from feeding
more grain.

PRUNES

All prunes are plums but not all
plums are prunes. Washington and
Oregon grow an Italian variety while
California grows the French
prune. They are distinguished from
other plums in that they will not
ferment when dried without remov-
ing the pit.

At the University of California, Cal-
ifornia has been crushed from pits of prunes
which is rich in vitamins, reddish in
color, with a pleasant aroma and
taste. It will likely be used for
spraying prunes to aid them to re-
tain their moisture so that they will
be juicier when they reach the con-
sumer. The canning of prune juice
is a growing industry since the com-
petition of fresh fruits and juices
has curtailed the dried prune mar-
ket.

Prunes, grown almost entirely
on the Pacific coast, now exceed
the amount produced in foreign
countries. It was not until 1936
that the first commercial orchard
was planted in California and the growth of this industry
has been rapid.

In California, the prunes are dried
for six to ten days by the sun. In
Oregon and Washington, they are
cured 12 to 48 hours in evaporators.

After drying, they are put into bins
to "sweat," then they are graded
and packed. Sizes range from 20 to
50 in a pound up to 100 to 120.

Agricultural Notes

Safety First now means better
farm production and full participa-
tion in war activities. A first aid
kit or cabinet might well be placed
in every kitchen.

Building supports, such as founda-
tions and piers, must be maintained
to prevent sagging and distortion of
structures. Wood sills should be kept
off the ground by 6 inches.

The Beall family received a
telegram Wednesday from Staff
Sgt. James M. Beall, sending them
Easter greetings from the
Aleutian Islands and assuring them
that all was well with him.

Q. Why does Uncle Sam want you to put
money into War Bonds—
.... to pay for equipping our fighting
forces?
.... to help keep prices down?
.... to give you extra money after the
war?

A. Check all three. The money you lead in
War Bonds works hard—for the government
and you! It helps pay for victory, helps keep
prices down. And it comes back with interest!

Q. How much money should you put into War
Bonds—
.... 10 percent of your pay? 12
percent? 15 percent?

A. Every loyal American ought to be putting
at least 10 percent of his pay into War Bonds.
And more if he can possibly do it. War
Bonds make good sense—for selfish reasons
as well as patriotic ones! Put every cent
you can into War Bonds—and both you
and your country will benefit!

HERE'S WHAT YOU SHOULD DO

If you are—

Already saving aside 10 percent of your
pay for War Bonds through the Pay-Roll
Savings Plan—boost that 10 percent if
you can.

Working in a plant where the plan is installed
but haven't signed up yet—sign up tomorrow.

Working in a plant where the Pay-Roll Savings
Plan hasn't been installed, talk to your union
head, foreman, or plant manager—and see if
it can't be installed right away.

The local bank will be glad to help.

Unable to get in on the Pay-Roll Savings Plan
for any reason, get to your local bank. They
will be glad to help you start a plan of your
own.

Q. Why Not Send The
Home Paper to Your
Absent Son or Daughter?
It Helps To Care Homesick

West Point Park News

By Mrs. William Zwahlen
Miss Genevieve Weis and Miss Jane Teordin of Royal Oak and Miss Winifred Marsack of Grosse Pointe were Sunday guests of Miss Shirley J. Zwahlen.
The Sunshine Sisters held their regular meeting at the home of Mrs. Ernest Tallman last Wednesday afternoon. A hymn-sing with Mrs. Gordon Vance at the piano, opened the meeting. The Sunshine Sisters are mailing Easter cards to all these boys. At social hour, during which light refreshments were served, followed the usual routine. The next meeting will be held Wednesday afternoon, April 28 at a place yet to be announced.

Mrs. Emerson Ault, daughter Lora Anne, her mother Mrs. Margaret Martin attended a reception at the Russell Borland home in Detroit Saturday evening in honor of the marriage of Mr. Borland's daughter, Eleanor to Jack Callahan of the U.S. Army. Mr. and Mrs. William Zwahlen, two daughters, Janet Mae and Gail Anne, of Detroit, were the Sunday evening guests of their parents and grandparents, Mr. and Mrs. William H. Zwahlen.

Leslie Bolyard of Hubbard ave. entered Henry Ford hospital on Wednesday. He expects to remain several days for observation and examination.

Mary Lou, baby daughter of Mr. and Mrs. Raymond Ackerson, Hubbard Ave., is ill with the whooping cough but getting along nicely.

Mr. and Mrs. Roy Cottrell of Detroit were guests Sunday afternoon of Mr. and Mrs. W. H. Zwahlen.

Miss Mabel Juntila, a student nurse of Ann Arbor, was the weekend guest of her cousin, Miss Dorothy Aitkana.

The Neighborhood Bible School is having a special Easter program on Easter Sunday. All friends are invited.

Mr. and Mrs. William Zwahlen were Saturday night guests of Captain and Mrs. O. L. Duncan of Detroit.

Mrs. John Aitkana, who has been ill with flu and a touch of pneumonia for some weeks, is slowly convalescing.

The Red Cross Sewing Unit which meets at the home of Mrs. Homer Coolman each week, have turned in the first two of their quota of twenty coats, one made by Mrs. Marvin Addis and the other one by Mrs. Coolman.

Mr. and Mrs. Homer Coolman and family were guests Sunday of their son, Don, one of Uncle Sam's boys, who is at the Kent University, Kent, Ohio.

VILLAGE PROCEEDINGS

A regular meeting of the Village Commission was held at the Village Hall Monday evening, April 12, 1943.

Present were Com. Bryan and Mrs. Alice Compton Hahn.

Minutes of the last regular meeting, also those of the Special meeting held April 8, 1943 were read and approved.

At the suggestion of Tres. Clarke, it was moved by Com. Bryan, seconded by Com. Ely that the \$3,621.91 owed by the Special Assessment Fund to the Sinking Fund be repaid, and that \$5,000.00 of Sinking Fund monies be invested in one year U. S. Treasury Certificates. Carried.

Moved by Schoultz, seconded by Bryan, that the Village donate \$75 toward prizes to be offered by the Victory Garden Committee to stimulate interest in this project, provided the Township and O. C. D. make a similar donation. Carried.

The Lord Is Risen

On upon the first day of the week, very early in the morning, they came unto the sepulchre, bringing the spices which they had prepared, and certain others with them.

And they found the stone rolled away from the sepulchre.

And they entered in, and found not the body of the Lord Jesus.

And it came to pass, as they were much perplexed thereabout, behold two men stood by them in shining garments.

And as they were afraid, and bowed down their faces to the earth, they said unto them, Why seek ye the living among the dead?

He is not here, but is risen: remember how he spake unto you when he was yet in Galilee.

Saying, The Son of man must be delivered into the hands of sinful men, and be crucified, and the third day rise again.

And they remembered his words.

And returned from the sepulchre, and told all these things unto the eleven, and to all the rest.

It was Mary Magdalene, and Joanna, and Mary the mother of James, and other women that were with them, which told these things unto the apostles.

And their words seemed to them as idle tales, and they believed them not.

Then arose Peter, and ran unto the sepulchre: and stooping down, he beheld the linen clothes laid by themselves, and departed, wondering in himself at that which was come to pass.

Letters from
Servicemen

The boys of the 23rd Anti-submarine Sqdn. now in foreign service would like to enlighten the Northville Record that Walter W. Jajko, a representative of your fair city Northville, has been promoted to the rank of sergeant. He has shown time and again that he is capable of handling any promotion that may come his way. Each and everyone of us consider this an honor to be able to tell you people of the Northville Record of Walter's fine work.

Members of the 23rd Anti-Submarine Sqdn.

This is a few lines to thank you for sending me the Record. It has helped me a lot for by reading of the events and happenings of the folks back home it sure cheers a man up.

So far I haven't run into any of the boys from Northville, but I am keeping my eyes open and hope to soon. At this time I wish to thank the Blue Star Mothers of Northville and Novi for the lovely Christmas gift sent, and also the Rotary Club for the lovely Christmas greeting.

There doesn't seem to be much more to say except that I would rather be on top than here way.

THE NORTHVILLE RECORD

We celebrated our Christmas while in New Guinea. It didn't match the one we get at home, the heat was terrific. We heard the programs from the States on Christmas eve and they played "White Christmas" quite a few times, sure made us all homesick. I certainly would like to see some snow right now, but according to the papers, you people must be right in the thick of it. I sure wish I was there.

I shouldn't sound so gloomy as I'm really having a swell time over here. We get some weekends off and some of the fellows from our outfit have met a very friendly Australian family. Last week six of us spent our weeks there. You can imagine how it must have been to have six hungry soldiers for a couple of days! I thought I was hoist last Sunday morning when I woke up and smelt them and eggs frying. They tasted like the ones we used to get at home anyhow.

It's time to close now. Chew time isn't far off. It's Sunday so we'll get ice cream, now I can't miss that, so until next time I'll say goodbye. I want to thank you again for remembering me, and please send some of you write to me.

Respectfully yours,

Paul Cummins

I received The Record for the last four copies and enjoyed them very much. I should have written sooner, but they keep us very busy down here. The Record sure helps keep us all posted on the home news and I think it is mighty swell of you to send it.

Thanking you again,
Ronald Anderson

I would appreciate it very much if you would change my mailing address to this camp, as I enjoy the paper so much and surely do appreciate your generosity in the past.

I now am stationed here at the University of Florida. The office is one of the buildings on the campus. This is a very beautiful campus and the army has an Officer's Candidate School here in Army Administration; the Air Corps also has a Cadet Preparatory School here.

I have been promoted to the grade of Staff Sergeant. This Finance Office here is a Class "B" Agent Office. I would enjoy hearing from Northville friends and also some of my buddies in the service.

Sincerely yours,
Staff Sgt. Stanley Taylor
Gainesville, Florida

Corp. Howard Balch is now at Drew Field, Fla. He was formerly stationed at Savannah, Ga.

Pvt. Terrence H. Thompson, who recently entered Military Service is now in the Engineering Replacement Training Center at Ft. Leonard Wood, Mo. in preparation for combat engineer duty.

Howard Hermann Bielert, 18910 Beck road, is one of thirteen men from Michigan who were graduated from Vicksburg Army Flying School, Vicksburg, Calif., as fighter pilots with the rank of eight officers, after completing advanced training in cargo or "invasion" gliders.

Alvin Teska, private first class, has completed his basic training at St. Petersburg, Fla. and is now at Ft. Crook, Neb. in an ordnance motor corps school.

Philip Baldwin is in a college training detachment at Erskine College, Due West, S. C. He has been made a cadet lieutenant which is the ranking student post. He is in command of over 200 students.

Staff Sgt. Lawrence Lyke of the Air Corps, is in service overseas.

Among the 29 enlisted men in the Medical Section of the 166th Service Unit at Fort Brady, Mich., promoted, announced today by Lt. Col. W. C. Bechtold, Commanding Officer of the Fort was Private First Class Franklin D. Smith, son of Mr. and Mrs. Sherman Smith of Northville, promoted to corporal.

Keith A. Sieting, son of Mr. and Mrs. Earl Sieting, 555 Five Mile road, was graduated from the Navy's trade school for Machin-

ers.

Leo Hollis, who was inducted into the Army Mar. 20, is now stationed at Camp Roberts, Calif.

Richard Parmalie, who was inducted into the service Apr. 3 is now in training with the A.A.F. Parachute Troops, there is so much to do. I do thank you for sending me the Record. It's almost as good as being home. By the list of fellows in the service I can see what a difference it's made in Northville. I hope you can read my address, but where we are now, we may move at any time. If I do, I'll have mother notify you of my new address. I can't tell you what kind of training I'm receiving now because we've been told not to tell even our families, so we must be quiet about it. I hear the chow bell ringing, so I must close.

Thank you again for sending me The Record.
