#### Reaffirm Faith

An announcement made by Dr. Rufus Traver, acting pastor of the Baptist Church at the Easter Service revealed that the Board of Trustees had invested in \$3000 worth of war bonds for the Baptist Church. The investment was made from the fund bequeathed to the Church by the will of the late Daniel Rodgers.

The bonds were bought through Miss Margaret Carpenter of the Grade School, Mrs. Ida B. Cooke of the Juicer High School and David Amerman of the Senior High School.

In announcing the purchasing of the bonds, Dr. Traver said in part: "Reassuring our boys who are serving their country, undergoing hardships and facing death that we at home have faith in them, and in the Constitution of the United States which guarantees us the freedom of worship which we are enjoying this Easter morning and which is denied to the Christian peoples of Axis dominated countries, the Board of Trustees of the Baptist Church has requested the members of the church to grant them the authority to purchase three thousand dollars worth of defense bonds with money recently bequeathed to them."

#### Operetta To Be Given May 6-7

Twenty-two new members were taken into the membership of the principals chosen to sing in "Riding Down the Sky" by Geoffrey Morgan and Geoffrey O'Kara, the operetta to be presented Thursday and Friday, May 6 and 7 by the Northville choir, under his direction.

The leading roles and principal parts will be played by the following: Donna Jerome, Powena Nalley, Phyllis Knight, Joan McCollough, Jean McCollough, Dorothy Trapp, Betty Lucas, Carolyn Siclano, Nagel Poesia, Jack Taggart, Tom Houghton, Norman Hickok, John Stark, John Kremmick, Wallace Reid, Robert Hosbach, James Murray, Howard Wilkinson, Bob Masters, John Fullerton, Bill Lanning, Ted Baldwin and Joe Felber.

A special Spanish dance will be performed by Marilyn Goza and Dorothy Trapp. Joyce Talcott will accompany both performers.

According to preliminary reports the crippled children Easter Seals will run very close to \$4000 this year. Every day Mr. Bogart, treasurer of the fund, is receiving a few more dollars from late returns.

#### Collection of Tin Cans Brings in About One Ton

The block system and the local sponsorship of the Civic Committee of the Northville Women's Club made last week's tin can pick up really click.

According to city engineer Earl Montgomery, the pick up was most successful in the volume and weight. The weight was estimated at about one ton. Another pick up will be announced later and similar organization work will preface the pick up.

#### Churches are Crowded Easter

All Churches in Community  
Filled to Overflowing  
With Devout Observing  
Easter Sabbath

Easter Sunday saw all previous Easter church attendance records surpassed in spite of uncertain weather that discouraged the wearing of new Easter bonnets.

All the village churches were filled to capacity with reverent worshippers and their presence seemed to attest a resurrection of faith, in addition to the joyous celebration of the anniversary of the resurrection of Christ.

The presence in the Easter congregations of men in uniform, the fortunate ones who were home on leave, were a poignant reminder of the many Northville boys in their country's service celebrating Easter in all four quarters of the globe on this second Easter in the present war.

The glorious strains of traditional Easter music in the flowered churches were an inspiration to all privileged to worship as they desired on this Easter of 1943.

The following letter from Australia was accompanied by a written request for a year's subscription for the Record, signed by Corp. John Moyer and counter-signed by the captain of his battalion. We have had other requests from army men overseas and from their families and offers to pay for the subscriptions, which we were reluctantly unable to comply with because they were not accompanied by requests signed by a superior officer.

Moyer's request fulfills all the requirements of the present postal regulations, and the Record will be sent him again beginning with this issue. These regulations do not apply to soldiers serving in this country nor to any member of the naval, marine nor coast guard services.

Dear Editor:  
In regards to the notice in Record regarding the discontinued sending of the Record overseas, I wish to subscribe for the Record for 1 year. You will find a money (Continued on back page)

I am very glad to see that the rest of the fellows who are in the service are doing OK. I completed my three years in the Army the 16th on Jan. At times it seems like only three months, as there is always something to keep busy at and make the time go faster. Well (Continued on back page)

## FINAL INSPECTION:

Make sure it's right with  
*good light*

INSPECTION has always been an important step in production. But in war work—where a soldier's life may depend on the accuracy of machined parts and the absence of flaws in a gun or shell or tank or engine part—inspection is doubly important. Final inspection must make sure that the product is RIGHT—and that no defective parts or workmanship are allowed to go out of the plant.

The more precise the work, the more critical the inspection—and the greater the need for GOOD LIGHT to help detect imperfections. Besides finding "rejects" when the work is finished, inspection helps to prevent losses by catching flaws early, as the work goes along. Periodic inspection saves wasted man-hours and reduces spoilage.

Good light for inspection is "tailored" to the needs of the specific job. What is satisfactory lighting for one job may be wholly inadequate for another. For example, inspection may involve the internal structure of a piece, or its composition. It may involve surface contour, or color and finish. In each case there is a particular kind of lighting to assure best results. Our industrial Lighting Advisors will be glad to discuss any lighting problem you may have, and study your requirements. They will then submit recommendations without charge. Call any Detroit Edison office. The Detroit Edison Company.

## Education Aim of Control

of Cancer Campaign

The educational program is the main issue of the national cancer preventive campaign held during the month of April. Committee members are pledged to make known facts about cancer, the disease that ranks second as a cause of death.

In the hope that many may check the disease before it goes beyond the curable stage, stress is placed on these truths: Cancer is not "catching"; it is not due to a germ; it is not hereditary. It is simply a sudden, uncontrolled growth of body cells that claims men, women and children as its victims. More than 150,000 persons die of it annually. Nearly three-fourths of these lives could have been saved with early diagnosis. Fear, delay and ignorance are responsible for this loss of life.

Cancer can be checked with speedy treatment, by the use of surgery, X-rays or radium administered by a qualified physician. There is no other method of curing cancer known today.

COUNTRY GIRLS GOOD NURSES

Directors of schools of nursing

rank country girls higher than

their city cousins. Some of the

qualities the directors said about

their non-urban students are

They adapt themselves quickly to

life in the school; they have

learned to use their hands; they

have a good supply of common

sense; they are friendly and co-

operative; they are conscientious;

and, as one director said—

"They get up in the morning."

The need for nurses is urgent.

So there is not much to write,  
so I sign off for now. Thanks  
again to the Record.

Yours truly,

Pfc. Kenneth McCormick

I have to say once again thanks  
for the record and to make a  
change in my address. I have  
been transferred to the Mojave  
Desert in California for three  
months maneuvers. The weather  
is very peculiar here. The days  
are very hot and at night we use  
three blankets. We also have  
rattlesnakes, centipedes and scorpions  
to contend with. I wish to  
thank all good old Northville  
and would love to hear from any-  
one in the "best town" in the world.

Capt. Foster Van Atta, Mrs. Van  
Atta and 4-year-old son, Don  
arrived in town last week and

I enjoy the Record very much and again say thanks.
