

Abstract

Continued on back page

This interesting letter, printed below, was written by Staff Sgt. Floyd Schultz, to his sister, Mrs. Gerald Keena, of Linden ave., England, April 21, 1943. Received 17 letters dated April 1943. Very sorry to hear that you have not heard from me in such a long time. I have written 3 letters to you after receiving your Christmas package. I acknowledged receiving same in two letters to make sure about it. I have received all the things that you have sent. I just can't see George Thompson in the army but I guess there are many more of the boys in our army that never dreamed of being there.

There is one thing that I have been wanting to tell you for a long time but didn't dare to because of censorship. Now that she's back home and safe I think it will be all right. When Mrs. Roosevelt was here in England and last fall I had the pleasure of being part of the crew that flew her from England to Ireland. I saw and spoke to her, also I have a dollar bill with her autograph on it. I have had many similar experiences with important people of the world, even royalty.

Some day I hope to be able to tell you all about it.

I had a very nice flight today. Just got back a few hours ago. I went to Ireland and Scotland and back to England. Frank wrote me a nice letter; I also got one from Genevieve; and one from Uncle Bill and Dorothy.

The weather here has been really nice lately. In fact it's been better than any I've seen since I've been here.

It's a wonder that your last letter reached me at all. The APO was 663 instead of 633. This is the second letter that I got that may be the Armstrong did the same thing but his never got through.

My Squadron and APO has been changed again so be very careful to get it right. Tell Steve that I will answer his one and only letter. I have received as soon as I find time. It doesn't get dark until 10 o'clock here and will be later as summer rolls around. We don't go to work till sunset many times we don't want to get too much time to write.

I still am having a good time here in England, and I expect to continue, as long as the climate.

ONLY 1 1/2% FOR ELECTRICITY

COST OF MANUFACTURED ARTICLE

in the total average cost of WAR PRODUCTION

If you tore off one small corner of a dollar bill, that would give you some idea of the cost of the electricity used in manufacturing war products. Only 1 1/2 per cent of the total cost of war production, on the average, goes for electricity. 98 1/2 per cent goes for materials, labor, plant and equipment, etc.

Yet electricity plays a most important part in turning out tanks and planes and guns and ships, and the thousand-and-one other weapons of war. Without electric power, scarcely a wheel would turn in any factory or arsenal or shipyard in America. Not a piece of armament would be produced, not a bullet cast, not a shell turned.

Electricity makes possible the machine tools used to build other machines. It powers the huge rollers in steel mills. It runs high-speed precision lathes, and giant presses, and drills, and milling and grinding machines, and motors for countless factory jobs. It melts alloy steels in the electric furnace—steels used for armor plate and tanks and guns. With induction heating, it point-hardens armor-piercing shells, and makes tough, wear-resistant parts for motors and airplane engines.

Electric power is doing a vital war job at low cost. And it is helping make possible new production records in thousands of plants all over the country—to shorten the war and speed victory. The Detroit Edison Company.

Please Notice

Government restrictions prohibit us from dry-cleaning any of the following items:

Pocket books, ladies' hats, dresses with sunburst pleats, tuxedos, full dress suits, fancy evening gowns, formals, gloves, men's white suits, curtains, toys, lamp shades and pillows.

All fancy buttons and buckles and other dress ornaments must be removed from the garment before cleaning by the owner because the new restriction forbids us to perform this service in conjunction with our cleaning.

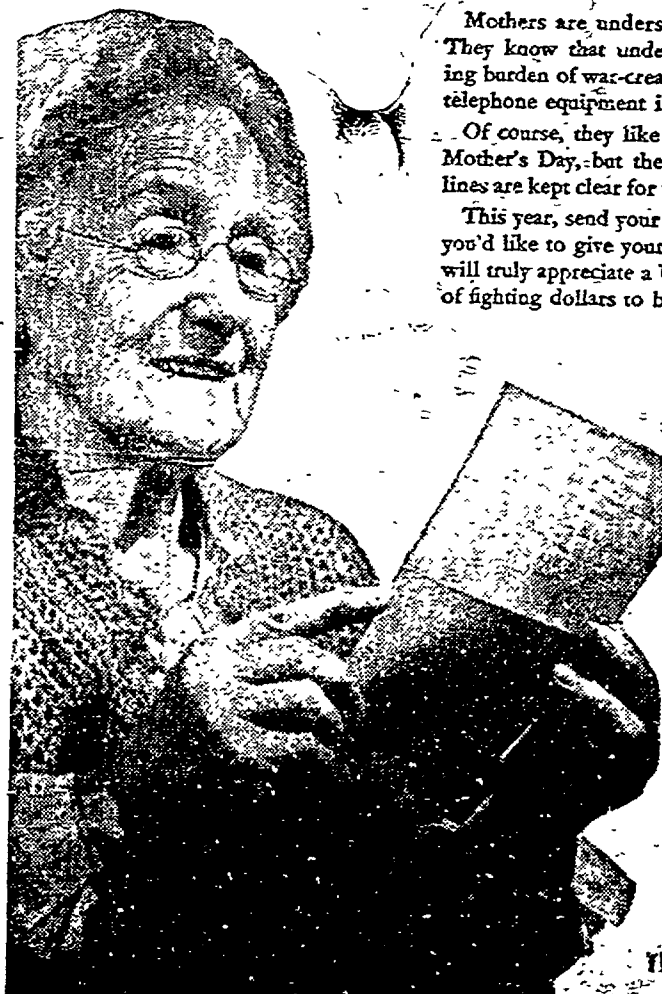

This restriction is now in effect. Dry cleaning has been declared an essential industry in Wayne county so that we may continue to care for your work and business clothes. The new order will facilitate our cleaning services and will eliminate all of the unessential frills not needed to help in the war effort.

Mother'll Understand

If you don't call her on Long Distance this Sunday

Mothers are understanding and patriotic. They know that under the steadily increasing burden of war-created calls, long distance telephone equipment is seriously overloaded. Of course, they like to be remembered on Mother's Day, but they'd rather be sure the lines are kept clear for vital war messages.

This year, send your love in a letter. And if you'd like to give your mother a present, she will truly appreciate a U. S. War Bond—a gift of fighting dollars to back our boys overseas.

We are planning a program for the end of the year for the eighth grade graduation, May 19. The members of the eighth grade are Frances Wians and Mary Wisnyak.

We are going on a hike some day this week to look for May flowers. We made flowers to put in the windows. We played ball with Thayer

school last Monday and they beat us 9 to 2.

The fourth grade made an Egyptian exhibit after their study of Egypt.

We received an Honor Certificate for our 4-H school lunch project.

300 Attend J-Hop Party
The sale of defense stamps and bonds which was a feature of the 1943 J-Hop held last Friday evening at the high school gym totaled a sale of \$350.00 worth of bonds and \$40.00 worth of defense stamps among approximately two hundred dancers on the floor and one hundred spectators in the gallery. Postmaster VanArta was on hand to help with the sale of the bonds and stamps.
The highlight of the spring semester, the South American theme was stressed, the programs being in gay orange and yellow and the decorations emphasizing the brilliant colors favored by our neighbors to the south.
The grand march which opened the dance was led by Robert MacDonald, president of the Junior Class, and his partner, Gladys Bechore, who is class treasurer.
The next couple in line who assisted them in leading the grand parade around the dance floor was the marching rhythm of Bobby Grayson's orchestra was Kay Stephens and Suzanne Howell. Chaperoning the dance were Mr. and Mrs. Amernan, Mr. and Mrs. Harrison, Dr. and Mrs. Snow, Dr. and Mrs. Atchison, Mr. and Mrs. H. D. Tucker, Mr. and Mrs. E. M. Flaherty, the E. V. Ellisons, the George Stalkers, Mr. and Mrs. E. F. Clark, Miss Grace Lonsdale, and Katherine Lonsdale.
The proceeds of the sale of tickets netted the class a profit of \$40.00 after all expenses had been paid.

FIFTY-TWO NEW MEMBERS FOR NOVI M. E. CHURCH
Fifty-two members were taken into the Novi Methodist Church Easter Sunday. Many more will join this coming Sunday who were unable for various reasons, to join at the Easter service.
To the pastor, Cleo E. Deas, belongs the credit of building up the church membership from a mere handful of regular attendants to the record attendance of over two hundred Easter Sunday, when the 52 new members were taken into the church. Rev. Dean, a graduate of South Lyon High School and Albion College, holds an M. A. degree from Drexel University and has done graduate work at Northwestern and University of Michigan. Before coming to Novi last fall he taught in Flint Central High School and was very active in H. Y. work. His unremitting efforts to build up the church here have met with phenomenal success in a very short time.

Shoes For Nurses Aides
Nurses aides who need nurse's shoes and have no stamp 17, of their own or of members of their families, may obtain a special shoe stamp by applying to their local union board. If stamp 17 is sent for nurse's white shoes and shoes are needed for general wear, further application may be made to the board.

Protect Child Worker's Health
Estimating that more than 3,000,000 boys and girls between 14 and 18 will hold full or part-time jobs this summer, Katherine F. Lenroot, chief of the Children's Bureau of the U. S. Department of Labor, has issued a warning that the health of young workers must be protected. She said thousands of boys and girls under 18 are being permitted to work excessive hours, often late at night, to the detriment of their school work.

"What else can I do to help?"
Of course, you are helping now! Buying War Bonds, giving time to Civilian Defense, but there are other ways you can help—right in your daily homemaking routine. We suggest three that are vitally important:
SAVE FOOD ...it's as important as bullets. Plant a victory garden and preserve your surplus. Put up as many fruits and berries as possible. Your Gas range makes canning easy. Cook only the amount of vegetables needed. Serve left-overs creamed, in casserole dishes, or cold—in salads. Cook vegetables and fruits in their skins whenever possible—and over a low Gas flame. Roast meats at low temperature in your Gas oven to reduce shrinkage. Use left-overs in stews, hash, meat pies.
SAVE GAS ...it's needed to make tanks and guns. Plan complete oven and broiler meals to economize on the use of Gas. Do not light your Gas oven or broiler too far in advance. Remember—Gas is fast. Avoid using small pans on large or giant burners. Do not turn the Gas flame any higher than necessary. Keep the burners clean. With just a little care your Gas range will give good, dependable service for many years—there are no fragile parts to wear out.
SAVE VITAMINS ...you need 'em to be strong. Cook vegetables in as small an amount of boiling water as possible. The flexible Gas flame will give you the exact degree of heat you need. Cover vegetables and bring to boil quickly over full Gas flame then turn flame low, cook gently. Do not use rods in cooking green vegetables. It destroys vitamins. Cook vegetables shortest possible time. Store fresh vegetables in hydrator of your Gas refrigerator to help preserve perishable vitamins.
WE'LL BE GLAD TO HELP YOU with specific information on how to cook and process food for wartime meals.
GAS is vital to war production... use it wisely!

REMEMBER

Mother's Day

She's a Good Soldier... too!

For every hero on the fighting front, there's a Mother on the home front, who in her own sweet way is the "bravest soldier of them all." She's the one who smiled through her tears as she said goodbye to the man in uniform whom her heart kept remembering as a new born baby placed in the crook of her arm for the first wonderful time—eighteen or twenty or thirty or more years ago. She's the one who comforts and cheers and feeds the boy or girl in the war factories of our land. Always sweet, courageous, cheerful, making the best of little to help her country—her boy win. Every son and daughter in the land and overseas salutes her.

FOR BETTER YIELDS

of Truck and Fruit Crops

CONTROL the insects and plant diseases that cost farmers and growers \$3,000,000,000 a year in unnecessary waste.

Insects alone cause losses averaging 20% of the apple and peach crops... 8% of the cherry. Losses of vegetables, caused by these pests, are estimated at 20% of the onion crops, 12% of beans, 10% of carrots, etc. Diseases add considerably to the total damage.

America needs that extra yield! Protect your fruit and vegetable crops... save that lost per cent by spraying and dusting with Du Pont Insecticides and Fungicides. Order Now!

The season is just a few days away and I dreamed of a hole in the river just around the bend of the Ausable river where I know there are trout past waiting to rise. I am way behind on my fishing but I expect to make up for it sometime.

write to all my old friends around Northville, but there are too many so you will have to give them my best regards. Especially Bessie and Mrs. Partridge and the rest whom I knocked around with.
Outside of an occasional air raid nothing seems to happen around here.
With best wishes, I will have to leave till another time.

I want to make an apology for not writing sooner. As all the rest of us boys, I have been very busy and that is not fooling. We are up at dawn and into the bed away after dark. I am in the Anti-tank branch of the service. Our main weapon is the 37mm. Anti-tank field gun. It is not a bad gun. It weighs about 212 lbs., which we struggle with day in and day out. My training here at Fort McClellan is just about through with two more weeks here and I will be ready for shipping. The weather has been very hot, but there is nothing to beat the Michigan climate. As you already know, my brother Edward is at Chicago and he and I will both get through our training at the same time. He likes his work and I can't say that I blame him. Say hello to the home front for me and goodbye for now.
I almost forgot to mention it. Thanks for sending me the Record. I enjoy reading about the home things very much.
You're very truly

Elmer Balko stationed at Camp Claiborne, La. has been promoted from private to corporal.
Staff Sgt. James Bates is stationed at Orlando, Fla. and is undergoing further training in the Air Corps.

Richard Larkin, who has been home on leave will return Sunday to Little Creek, Va., where he is stationed with a rating of first man, Second Class.

Sunday's Detroit News rotogravure section contained an article about U.S. flyers "U.S. Hum-Alongers Enjoy 'Life' at 'Happy Happy Tavern' India. This is the station where Robert Bray is stationed. In one of the pictures illustrating the article, Mrs. Bray felt sure she recognized

her son in a photo with his back to the camera, sitting at the table. One of the boys identified in the story was Thomas H. Dyer, known to Mrs. Bray as a close friend of Robert.

Just a short letter to thank you for sending me the Northville Record while I was stationed in Norfolk, Va.
I have sort of lost track of the Northville activities after I left Virginia, as they don't forward papers, but have managed to hear from some of my friends and they keep me posted.
I recently had a leave and intended to stop at Northville but time was my enemy and I didn't get down that way. I was supposed to say hello to you folks for an ensign friend of mine whom I met in New Jersey at the Princeton University Naval officer's school. He was Orville Barnes, and said he worked in the newspaper business for you.
I guess a great number of changes have taken place in Northville since I was last there. I am anxious to know about the location of the Northville men in the service, as I may encounter them in my travels which have been rather extensive in the past two years of my service. A person really covers territory while in the service and gets a broader view of the world than he does in civilian life.
After leaving Northville and entering the Army Air Corps in Texas, my travels carried me to St. Louis and St. Louis, Missouri. I had a brief intermission of two weeks when I left the army air corps and joined the Navy as a chief petty officer in Norfolk, Va. From Virginia to Philadelphia, Pennsylvania, where I was stationed in the summer of 1942; then I volunteered for sea duty and was sent to a gunnery school at Norfolk, Va. After completing gunnery school, I was assigned to a ship and while waiting for it to arrive, I did some special detail work in the Southern states. After spending some time aboard ship in a task force I returned to the states from Africa where a commission was awaiting me. I was sworn in as an Ensign about my ship and then was detached to Princeton University for two months.

Since finishing at Princeton, I had a leave and now am at Boston, Mass. I'll be here until the end of this month when I'll again move to a new location, many miles away, which I can't divulge for military reasons.
I look forward to all these new places and experiences, but more than that, I look forward to the ending of this war, decisively in our favor and the return of normal living.
I am inserting a picture of the first person singular in his officer's uniform, which he was fortunate and proud to acquire.
I promised Russ Armerman a picture and I'll have to send him one soon also. I would appreciate it very much Mr. Canfield, if I could receive the Northville Record through the month of May that I am here.

In closing, I want to thank you for previous kindnesses and wish you luck through the year.
Sincerely,
Ensign Neville "Tex" Walker
U. S. N. R.

The following letter is from Raymond Westphall to his parents, Mr. and Mrs. Charles Westphall. The George he refers to is his brother, who is at Camp Barkley, Tex.
It has been cold, but is a summer day today. Went on an overnight hike Monday night, and it was my first experience sleeping in a pup tent. It wasn't so bad. I was the company messenger during the day. We were practicing combat tactics. I went ahead with the company Commander and the four Lieutenants in charge of the platoons, and the company stayed behind. When the Commander knows where the enemy is, he sends me back to the company, and I tell the officer left in charge how to move the company and how. In this case we came through a swamp and I was in mud up to my knees, boy, what fun. I got mixed up on my directions a little, but it came out alright.
Some of the boys are on their way to Detroit now on their furloughs.
By the way, I am now a Pfc, which gives me \$4 a month more. I heard from George and he was telling me about his O. C. School. I believe he will make it. After he gets through he believes he will get about ten days off. It seems he has had more time off than he has served in the army, but he is earned it, or they would not give it to him. Well, I guess I will have to sign off. Do not know for sure if I can get home in May.

Keeping Step on the Home Front in 1943!

Essential Dates and Information Affecting the Welfare of the "Vanishing Civilian"

This is a regular weekly feature designed to aid you in your current purchases of items rationed by the government. This newspaper believes this service will enable individuals to cooperate more fully in winning the war on the home front.

SHOES—Stamp 17 in War Ration Book One is good for one pair of shoes until June 15. Stamps may be interchanged among members of one family.

FUEL OIL—Coupons marked period 4 are good for 11 gallons from Feb. 2 through April 17. Charge coupons good for full face value. Fuel oil coupon No. 5 is good for 11 gallons beginning March 11.

COFFEE—Stamp No. 23 becomes valid for one pound Apr. 26 through May 30.

MEATS, FATS, CHEESE—Red Stamps A, B, C, and D, expired on April 30. Red stamp E, good from April 25 to May 31.

SUGAR—Stamp 12 good for five pounds from Mar. 16 through May 31.

SUGAR FOR CANNING—Sugar for home-canning of 1943 fruit crops will be available to housewives on approximately the same basis as last season. No reduction of blue point stamps will be made from War Ration Book Two for canning sugar. Details of the program will be issued within the next few days.

Red stamps from War Ration Book Two, which are good for the purchase of meats and cheeses and edible fats and oils and canned fish, will expire as follows:

Week Beginning	Red Stamps Bearing Letter	Stamp Expires
April 25	E—(16 points)	May 30
May 2	F—(16 points)	May 30
May 9	G—(16 points)	May 30
May 16	H—(16 points)	May 30
May 23	J—(16 points)	May 30
May 30	K—(16 points)	May 30

Here is how meat and fats rationing is different from canned goods. Your butcher can give you "change" in one-point ration stamps when you find it impossible to give the exact amount of stamps.

Ration points will be adjusted from time to time, depending upon demand and supply, as illustrated in the reduction in values of prunes and raisins. Prunes and raisins were dropped from 20 to 12 points; dry beans, peas and lentils were reduced from 8 to 4 points per pound.

GASOLINE—Mileage "A" Book, Ticket No. 5 good for 4 gallons through May 31. Tickets must be checked every 5 months.

"B" Book—Tickets good until date on ration card. Tickets must be inspected every 4 months. "C" Book Tickets good until date on ration card. Tickets must be inspected every 3 months.

"I" Book—Truck tires must be checked every 2 months or every 5,000 miles, whichever comes first.

GAS RENEWALS—Renewal requests for "B" or "C" gasoline coupons may be made by mail. Blanks may be obtained at the Record office. Fill in the application (making it consistent with your original application) the year, tire inspection sheet to the application and mail to Rationing Board, Plymouth, Michigan. New coupons will be mailed to you. You need not surrender your present "B" or "C" book until requested to do so by the Board issuing the new book to you.

BOARD HOURS—The Plymouth Rationing Board No. 32-12-18 is open six days a week from 8 a.m. to 5 p.m. except Wednesday afternoon when the office is closed to the public in order to keep up on clerical work. Thursday night office is open until 8:30 p.m. People in Oakland County may contact their board at branch offices in South Lyon, Farmington and Walled Lake or at the main office in Pontiac.

New Ceilings on Beef and Lamb—Retail ceiling prices for beef and lamb will be reduced one to three cents a pound below the ceilings originally scheduled to take effect April 15. The new prices become effective May 1 and will be uniform throughout the country for steers of the same type.

Mother-Daughter

(Continued from front page)
for younger guests will be served by the ladies of the society. There is no charge, but a silver offering will be taken to defray expenses.

Mrs. W. H. Canfield, in charge of the evening's program, has arranged for Mrs. Donald Dearing, Walden Woods, Hartland, to give a talk on the collection of foreign dolls which has been her hobby and that of her daughter for years. Some of the collection of about 250 dolls—the speaker will bring with her to illustrate her talk. Mrs. Dearing, besides being a mother and a doll collector, is librarian for the Hartland area and chairman of the State Library Board.

The W. S. C. S. wishes to emphasize the fact that this is a community supper and all mothers and daughters are urged to join in this cooperative mother and daughter supper, Tuesday evening, May 11, 6 p. m. Methodist Church House.

Northville Meets Plymouth Here

Mustangs Hope for Revenge after Defeat on Plymouth Diamond; Beat Farmington

The N. H. S. baseball team is scheduled to meet the Plymouth team in a return game this afternoon in Cass Benton Park, in the second game of the week, having beaten Farmington in an away game to the tune of 6 to 4.

The Mustangs took the lead in the opening inning in the Farmington game with 3 runs but failed to score again until 2 runs were made in the fifth and one in the seventh. Farmington had a single run in the fourth and 3 in the fifth. The wet grass field provided handicaps for both teams. Nitzel was catcher throughout and Wendt pitched in all but the fifth inning, when Hanson took his place. Jacoby was umpire.

Coach Pink chose the following opening lineup:
Wendt, pitcher; Nitzel, catcher; Folino, 1 b.; Slessor, 2b.; MacDonald, 3 b.; Croll, ss.; Lanning, 1 b.; Ruttenbar, cf.; Asher, rf.; Substitutes: German at 1b.; Hanson as pitcher.

Last Thursday Plymouth High baseball team beat the Mustangs on the Plymouth field with a 10-1 score. The battery was Asher as pitcher and Wendt as catcher.

Today, Friday, N.H.S. meets on the Plymouth at Cass Benton Park to reverse last week's score.
