Northville's  
Yesterdays

ONE YEAR AGO  
Dixie Salada was honored at the Rotary Club luncheon and presented with the army insignia of sergeant. This was his last meeting before going into active service.

Northville High baseball team won the sixth game of the season defeating Keego Harbor 6-3. The team were Hartner, S., Morrison, C., King, J., Slesor, A., Wanda, R., Light, S., Crawford, D., Hart, J., and McDonald, E.

TWO YEARS AGO  
William Foreman reported that due to the killing frosts of the previous week, at least 75 percent of the peaches in the Foreman orchards were lost.

John Carpenter, Mary George and Betty Carlson placed first, second and third respectively in the Poppy Day poster competition sponsored by the Lloyd H.

THREE YEARS AGO  
W. W. Snow, Mayor of Northville and M. J. Murphy were guest speakers at the Rural Bankers Association banquet at Carleton. Harry S. Hartman, president, was toastmaster.

W. Boelens and Clayton Johnson took positions with the Johnson Aircraft corporation at

Citing Governor Harry F. Kelly

The vast European continent remains a Nazi stronghold ringed with steel. Bleeding and helpless and starving, the conquered countries are yet to hear the tread of friendly marching feet.

Across the world, the Rising Sun of Japan arrogantly flutters over Guam and Wake and the islands of the Philippines. There is only darkness in Burma and Singapore and the Dutch East Indies. Australia is threatened.

Now is that all. Just last week, Navy Department admitted that the United Nations lost more than 100 ships tonnage in 1942 than they built—a figure in excess of a million gross tons more!

These words were uttered by Michigan's chief executive, not in darkness of despair, but in celebration of the Allied triumph in Africa and Michigan's generous response to the Second War Loan Drive.

They recalled to our memory a conference which we attended in Washington several weeks ago at the war department's gigantic Pentagon building across from the Potomac river in Virginia. A number of newspaper association

executives—including the president and a vice-president of the Michigan Press Association—listened to a review of press problems presented by Col. R. Ernest Dupuy, chief of the news division of the War Department Bureau of public relations.

The army colonel referred to the presence of only four American army divisions on the Tunisian front and the sharp judgment of many Americans on the home front that the war will be over soon. He admitted—and so did we—the difficulty in getting true perspective of military values through condensed newspaper headline.

The resultant conversation veered to the idea of having the war department issue confidential memos to newspaper editors. Colonel Dupuy and his staff replied that Congress would accuse the military of seeking to influence the press. We were reminded that the United States is a democratic nation.

And yet the readers of Michigan newspapers are getting today the most complete coverage of war news in the history of world journalism.

Correspondents of the Associated Press and International News Service, as well as writers of leading newspapers, are accorded every facility by the American government to obtain and transmit information. Of all the nations of the world, we perhaps have a voluntary censorship and it is still possible for editors to criticize freely.

Hanson W. Baldwin, military commentator of the New York Times and Pulitzer winner for his brilliant analyses, has just returned from a 22,000-mile trip to Africa to report without censorship that the Allies' triumph in Tunisia was won largely by the British—that Germany is still strong and far from being near defeat and that American troops are still green and inexperienced in modern warfare.

As Colonel Dupuy phrased it in a radio talk Mar. 9, "we are one step forward on the long march to victory." But it is only one step. American troops have yet to land on the continent of Europe.

We Americans like to gossip. Probably not one of you has not heard reports of over-production of tanks, anti-aircrafts, and other war materials at Michigan war plants; the vast fields are filled with equipment that cannot be shipped overseas because of lack of shipping space.

Lieutenant General Bryan Somervell, chief of the Army corps of supply, visited Michigan recently to determine whether the U.S. Army will be able to take the field equipped and ready in 1944. One in the field of transportation, Somervell was told, of the difficulties would be the task of anti-submarine patrols.

Secretary of Navy Frank Knox visited the War Training Commission at Washington in the recent days of May, 1942 and in the neighborhood of one thousand men a million tons of shipping were being sunk faster than we could build ships to replace them.

The newspapers bring these facts to your home. Only a democratic nation affords such freedom of publication.

We hope and pray for early victory yet it is folly for citizens to relax their efforts for winning

the war. It is the strain on the vital war bonds.

It is truly the "arsenal of democracy" with more than eleven

billion dollars in war contracts already awarded to Michigan industries.

Yet this is no time for celebration on the basis of contracts already awarded. Michigan will need 200,000 more workers before the end of 1943.

As Governor Kelly explained in Washington recently, "Michigan is producing one-tenth of all the armaments with which our nation is waging war against the Axis." Yet we cannot afford the luxury of the labor dispute which hails production.

The hour of destiny is nearing when American troops will land on the fortified continent of Europe—many hundreds of miles from the border of Germany itself. Many thousands of lives is the price which we must pay.

Compared with the price of life itself, the investment of dollars in the citizen-soldiers on the home front is a piffling sacrifice.

In the last war the OWI reports that "only 241 tanks were used by Americans in combat areas. Only one American-made airplane reached the fighting front in the first year of the war."

In the last war 4,300,000 Yanks were under arms today at least 10,000,000 are certain to be in uniform. Tanks must be equipped to stand the humidity of jungle warfare, winter blasts of the Aleutians, desert heat of North Africa.

In 1918 the American war expenditures were only 18 billion dollars. This coming fiscal year it is only 18 billion dollars! We must continue to produce more arms to buy more bonds to grow more food.

As the war department colonel put it tersely, the victory in Tunisia is only "one step toward the long march to victory." For us on the Michigan home front the unified command must be "Let's get on with the war!"

## VILLAGE PROCEEDINGS

A regular meeting of the Village Commission was held at the Village Hall Monday evening, May 17, 1943.

Present: Fred Perrin, Comr. H. Schoultz and Bryan

Abrams, Captain and Clerk

# Keeping Step on the Home Front in 1943!

Essential Dates and Information Affecting the  
Welfare of the "Vanishing Civilian"

This is a regular weekly feature designed to aid you in your current purchases of items rationed by the government. This newspaper believes this service will enable individuals to cooperate more fully in winning the war on the home front.

**SHOES**—Stamp 17 in War Ration Book One is good for one pair of shoes until June 15. Stamps may be interchanged among members of one family.

**FUEL OIL**—Stamp No. 5 good until Sept. 30, 1943. Auxiliary applications for fuel oil must be made on proper form and sent to the Rationing Board for your area. Applications for 1943-44 fuel oil rations will be mailed to present users in approximately the same amounts as was granted in the original ration last fall. Owners need not prove non-convertibility for household heating ratios.

**COFFEE**—Stamp No. 23 becomes valid for one pound April 26 through May 30.

**SUGAR**—Stamp 12 good for five pounds from Mar. 16 through May 31.

**SUGAR FOR CANNING**—Sugar for home-canning of 1943 fruit crops will be available to housewives on approximately the same basis as last season. No reduction of blue point stamp will be made from War Ration Book Two for canning sugar. Details of the program will be issued within the next few days.

Coupon for sugar for home canning available at local ration board and after May 15.

**MEATS, FATS, CHEESE, ETC.**—Red Stamps E, F, G, H remain valid through May. Red Stamp J becomes valid May 23rd.

Red stamps from War Ration Book Two, which are good for the purchase of meats and cheese and edible fats and oils and canned fish, will expire as follows:

Week Beginning	Red Stamp Bearing Letter	Stamp Expires
April 25	E-(16 points)	May 30
May 2	F-(16 points)	May 30
May 9	G-(16 points)	May 30
May 16	H-(16 points)	May 30
May 23	J-(16 points)	May 30
May 30	K-(16 points)	

Here is how meat and fat rationing is different from canned goods. Your butcher can give you "change" in one-point ration stamps when you find it impossible to give the exact amount of stamps.

Ration points will be adjusted from time to time, depending upon demand and supply, as illustrated in the reduction in values of prunes and raisins. Prunes and raisins were dropped from 20 to 12 points; dry beans, peas and lentils were reduced from 8 to 6 points per pound.

**PROCESSED FOODS**—Blue stamp G, H, J remain valid thru May.

**GASOLINE**—No. 6 Coupon valid May 22 to July 21st.

"B" Book—Ticket good until date on ration card. Tires must be inspected every 4 months. "C" Book—Ticket good until date on ration card. Tires must be inspected every 2 months.

"T" Book—Truck tires must be checked every 2 months or every 500 miles, whichever comes first.

**WE HAVE THEM NOW!**  
Warm Morning Stoves—Re-place or convert now while stoves are available.

Watch Your Coal Bill...  
Check Your Oil...  
Order several days ahead of  
Needs.

**C. R. ELY & SONS**

**GAS RENEWALS**—Renewal requests for "B" or "C" gasoline coupons may be made by mail. Blanks may be obtained at the Rationing Board office. Fill in the application (making it consistent with your original application) to your tire inspection sheet to the application and mail to Rationing Board, Plymouth, Michigan. New coupons will be mailed to you. You need not surrender your present "B" or "C" book until requested to do so by the Board issuing the new book in place of the old.

**BOARD HOURS**—The Plymouth Rationing Board No. 32-42-14 is open six days a week from 8 a.m. to 5 p.m. except Wednesday afternoon when the office is closed, to the public in order to keep up on clerical work. Thursday night office is open until 8:30 p.m. People in Oakland County may contact their board at branch offices in South Lyon, Farmington and Walled Lake or at the main office in Pontiac.

**What is "Home Canned?"**

Foods are "home-canned" says OPA, if (1) they have been canned in a kitchen primarily used for the preparation of meals or to demonstrate the preparation of meals; (2) they have been canned in a separate building or shed which a farm home has equipped for canning purposes, provided that the owner has first obtained permission from his local ration board to use such facilities.

**Farm Meat Regulations**

New meat rationing regulations provide that a farmer and his family may consume meat raised on any farm he owns or operates, and may transfer meat from one of his farms to another to provide food for members of the household without giving up ration points, even if the meat is not slaughtered on his farm. However, if the farm owner does not live on a farm, he must give up ration points for the meat he consumes elsewhere. Under the original regulations, a farmer who brought his own cattle to a custom slaughtering plant had to surrender a red point stamp for the meat, while if he killed and dressed the animal himself, the meat was "ration-free." A farm or ranch employer who feeds his employees in a bunkhouse or dining hall may now use meat or other rationed food raised on his farm on the same basis, as if the employees were fed in the household.

**Sugar Allowed For Canning**

Sugar for home canning will be limited to one point for each four quarts (or eight pounds) of the finished product, according to revised farm machinery rationing order issued by the War Food Administration. If a state board exercises this authority, farmers will be required to locate the machinery they want to buy before they are given a purchase order. Furthermore, county farm rationing committees may set the expiration date of purchase certificates any time between 10 and 50 days after issuance or may cancel the certificate after the holder has had a reasonable time to buy the specified machinery.

**Must Carry Draft Cards**

Selective Service registrants who were 18 years old on or before November 13, 1942, must have their local board classification cards (Selective Service Form 57) as well as their registration certificate (Form 2) in their personal possession after May 13. Men without draft cards are liable to fine and imprisonment. Selective Service headquarters warned.

**Freight Rates Reduced**

More than \$350 million will be saved annually by a reduction in railroad rates that goes into effect May 15. In most cases, the savings will be reflected automatically in reduced prices through the operation of existing maximum price regulations. Added to current actions to roll back the cost of living, these freight reductions will contribute substantially to the prevention of inflation.

**Farm and Rope for '43 Harvest**

Farmers can expect reasonable supplies of hay-rope, binder-wine and other cordage for harvesting their 1943 crops, the War Food Administration has announced. However, farmers are warned to buy only what they need and to conserve supplies

now on hand. Many substitute materials are being used and supplies will require more careful handling than in the past.

**Gas for Furniture**

Members of the armed forces on leave or furlough for three days or more may get special gasoline ration (up to five gallons) for personal errands when other means of transportation are not available. The ration is issued by presenting pass, leave or furlough papers to a rationing office.

**Oil, Coal or Wood**

A household no longer has to prove that his oil-burning furnace cannot be converted to coal or wood, to get supplementary fuel oil rations. Formerly, extra rations were denied unless this proof was presented, although basic rations have been provided regardless of convertibility. There will be no change in basic ration procedures. It is still necessary that other than household users convert to coal or wood whenever possible.

**Cotton Honesty**

Now's what your full-fledged cotton honesty will be like according to recent WPB specifications. (1) Length not to exceed 30 inches; (2) Length of welt no more than 3 1/2 inches; (3) Not less than 16 stitches to the inch for seams; (4) No more than four colors for any one style during each six-months period; (5) No more lace bands, lace stripes, fancy designs or numbers in the welt or after-welt. Full-fashioned rayon hose may now have cotton reinforcement in the toe.

**Save Feed Protein**

Livestock and poultry raisers are urged to conserve livestock feeds, especially those of high protein content, by the U. S. Department of Agriculture. Feed manufacturers are voluntarily limiting the proportions of protein in various types of feeds, and farmers or ranchmen who mix their own are asked to likewise conserve. They are also requested to conserve purchased protein by liberal feeding of grain and nutritious roughage. Poultry men are advised to make no further expansions in commercial poultry production, to maintain a balance between feed and feed stocks.

**War Costs Increase**

War expenditures by the U. S. Government during the month of April amounted to \$7,290,000,000, an increase of \$178,000,000, or per cent over March. Daily expenditures averaged \$220,400,000 in March, an increase of 6 per cent. From July 1940 through April 1943, \$24,000,000,000 had been disbursed for war purposes by the U. S. Government.

**Ham Prices Reduced**

Maximum retail prices for all parts of processed ham (bacon and processed ham) have been reduced from one cent per pound by OPA. One-half of a ham may now be sold in slices to accommodate consumers who do not have enough points to buy a larger piece.

**Hearings on Gas Rations**

New rules permit local war price and rationing boards to conduct hearings on rock-oil gasoline rations after (1) The motorist is charged with speeding (driving over 35 miles an hour); (2) The motorist is charged with abuse of his tires; (3) An application for a new gasoline station is believed to have committed a previous violation; (4) A motorist charged with a violation demands return of his book before a written notice of hearing can be sent him.

**Sale Typewriter Ribbon Spools**

Saving typewriter ribbon spools will postpone the day when ribbons must be wound on wooden "reels," says WPB. All materials for ribbon spools are scarce and substitutes for steel, such as paper, have not proved satisfactory.

Typists are asked to turn in a used spool when buying a new typewriter ribbon.

**Save Alarm Clocks at \$1.65**

The new war alarm clock will be sold for not more than \$1.65 exclusive of tax. WPB is allocating materials for 1,700,000 of these clocks to ease a national shortage.

# Annual Report of the Village of Northville, from March 1, 1942 to February 28, 1943

April 15, 1943

The Honorable Commission  
Village of Northville, Michigan  
Gentlemen:

We have examined the balance sheet of the Village of Northville as of February 28, 1943 and the statements of receipts and disbursements and income for the fiscal year then ended, have reviewed the system of internal control and the accounting procedures of the Village, and without making a detailed audit of all transactions have examined or tested accounting records of the Village and other supporting evidence in accordance with accepted auditing procedures and by methods and to the extent we deemed appropriate. We did not consider it practicable to verify taxes and accounts receivable by communication with the debtors.

The accounts for all funds except the Water Department Fund have been kept on a modified cash receipts and disbursements basis. Assets and liabilities are reflected in the accounts, but revenues are recognized only when cash is received.

In our opinion, the accompanying balance sheet and related statements of receipts and disbursements and income present fairly the position of the Village of Northville at February 28, 1943 and the results of its operation for the fiscal year, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Very truly yours,

Briggs and Ierman,  
By F. P. Ierman

Give Her a Lunch  
She Can Work On

Yes, women workers in the nation's defense plants need three square meals a day! Be sure that the food you put into her lunch box is hearty, enough to keep her at top efficiency to the end of her shift.

Both variety and nutritive goodness should be the rule. Tasty meat sandwiches, a vacuum bottle of hot soup, tarts, custard, home-made pie, fresh fruit, tomatoes, raw carrots... all provide health-building nourishment and energy.

It's a pleasure to make tastier, more nutritious lunches when you cook with Gas. Easy... Quick to work with and Economical to use.

Consumers Power Co.

First Baptist Church, Northville  
Homer M. Traver, Acting Pastor

10 a.m.—Church School. Miss Lottie Livingston, Director. A class for all age groups.

THE DETROIT EDISON OFFICE WILL BE

**CLOSED**

for one hour at noon daily

Due to a wartime shortage of office help, the Northville office of the Detroit Edison Company will be closed for one hour at noon each day - from 12 noon to 1 p.m., effective Tuesday, June 1, 1943. Office hours will be otherwise unchanged:

8 to 12 and 1 to 5; daily except Sundays and holidays.

THANK YOU FOR YOUR COOPERATION

At the home of Mr. and Mrs. William A. Tesch on Mayson ave. a surprise party was given them by Mrs. Howard Greer and Mrs. William Miller in honor of their 25th wedding anniversary, May 11. Mrs. Greer and Mrs. Miller planned the occasion very nicely. The table was decorated in silver and white with silver candles in candlesticks at either end of the table and a wedding cake beautifully decorated in silver. A lovely supper was furnished by the guests.

Those present were Mrs. John Bogner and grandson, Master Donald Brohm from Chicago, Mr. and Mrs. William Miller, Mr. and Mrs. Howard Greer, Mr. and Mrs. Harold Miller and children Geraldine and Billy, Mr. and Mrs. Willis Miller and daughter, Marion and Miss Gertrude Caton. The guests presented Mr. and Mrs. Tesch with a handsome gift to mark the anniversary.

**Surprise Birthday Party**  
Mr. and Mrs. Kenneth Kitchen both of whose birthdays fall on May 17, had a pre-vee celebration May 16 complete with a birthday cake a'piece and a shower of amusing gifts when a group of their friends came trooping in Sunday evening taking them entirely by surprise. Present to wish them happy birthday were Mr. and Mrs. C. Harold Bloom Dr. and Mrs. Handorf, Mr. and Mrs. George Stalker, Mr. and Mrs. Ernest Shave, Mr. and Mrs. Allen Buckley, Mr. and Mrs. Harper Britton, the Waldo Truxells, the Henry Grinshaws, Mr. and Mrs. Orson Atchison, Mr. and Mrs. Nelson C. Schrader and from Plymouth, Dr. and Mrs. E. B. Cavell, Jr.

**Farewell Party For Robert Lyke**  
Last Saturday evening a group of friends gave a farewell party for Robert Lyke who left Tuesday for Ft. Custer. The E. B. Cavells and Mr. and Mrs. Arthur Jenkins of Plymouth, the Henry Grinshaws, the Orson Atchisons, Mr. and Mrs. Allen Buckley, Mr. and Mrs. Waldo Truxell, Mr. and Mrs. Kenneth Kitchen, the Harper Brittons, the Nelson Schraders, Mr. and Mrs. Vernon Pilgrim and Mr. and Mrs. Lyke regathered at Buck's Inn for dining and dancing.

S. J. C. Lloyd Jackson has returned to Little Creek, Va. after spending a nine day furlough with friends and relatives here.

Guests of Newburg W.S.C.S.

Ten members of the Methodist W. S. C. S. attended a tea given at the Newburg Methodist church last Friday. Speaker was Mrs. Frances Huntington Martin of Birmingham whose topic was Christian Democracy. Tea for the 100 persons attending was served in the basement of the Church House. Those attending from Northville were Mrs. William B. Walker, W.S.C.S. president and Mesdames Thornton, Fox, Stalter, Williams, Carsfield, Folker, Miller and Greer.

Tony DeMiglio was so pleased over the arrival of his grandmother Linda Bulman, born Wednesday morning at Sessions Hospital that he went right over to the post office and bought a \$25 War Savings Bond for the new arrival.

## Engagement Announced

Mr. and Mrs. Horace A. Boyden announce the engagement of their daughter, Mary Louise, to Lt. Wayne L. Forester, son of Mrs. Frank L. Forester of Clawson and the late Mr. Forester.

Miss Boyden was born in Northville, graduated from the local high school and received a B.A. degree at M.I.T. in Ypsilanti. Since that time she has been a member of the faculty at Lacey Junior High School in Hazel Park, as a teacher of English.

Previous to his enlistment in the armed forces, Lt. Forester, a graduate of Alma College, was a mathematics instructor at the Lacey school. He has just completed a course of training at Yale University, receiving his commission as a technical officer in communications in the Army Air Corps. He is now at Boca Raton Air Field in Florida, for further study.

Chicago Guests Refurnishing Home

Mrs. J. M. Ely and daughter, Patti are returning to Chicago at the end of the week after spending the past two weeks with Patti's grandparents, Mr. and Mrs. W. A. Ely.

Mrs. W. A. Ely gave a luncheon for her house guests one day last week. Her guests were Mrs. John Kelley and her twin daughters Nancy and Rebecca, of Detroit.

Mrs. Dayton Deal and son Wade, Mrs. D. H. Van Hove, Mrs.

Deal entertained for Mrs. Ely

with a family dinner party one evening last week.

Wednesday evening Mrs. J. M. Ely and her daughter, and Mrs. George Carpenter and her granddaughter Judy Davidson, Mrs. W. S. C. S. attended a tea given at the Newburg Methodist church last Friday. Speaker was Mrs. Frances Huntington Martin of Birmingham whose topic was Christian Democracy. Tea for the 100 persons attending was served in the basement of the Church House. Those attending from Northville were Mrs. William B. Walker, W.S.C.S. president and Mesdames Thornton, Fox, Stalter, Williams, Carsfield, Folker, Miller and Greer.

Bill Walker, brother of Mrs. Neila C. Schrader, jr. has been visiting at the Schrader residence on West st. during his leave from Gravelly Point, Washington D.C. where he is serving in the Air Corps. Pvt. Walker's parents, Mr. and Mrs. H. C. Walker of Gaylord, and his grandmother, Mrs. Sarah Agnew of Detroit have also been guests of Mr. and Mrs. Schrader during his short leave from duty.

Family House Party At Schrader Residence

Pvt. Bill Walker, brother of Mrs. Neila C. Schrader, jr. has been visiting at the Schrader residence on West st. during his leave from Gravelly Point, Washington D.C. where he is serving in the Air Corps. Pvt. Walker's parents, Mr. and Mrs. H. C. Walker of Gaylord, and his grandmother, Mrs. Sarah Agnew of Detroit have also been guests of Mr. and Mrs. Schrader during his short leave from duty.

TONY DE MIGLIO

Mr. and Mrs. Charles Buttermore were Thursday guests of Mr. and Mrs. Dale Buttermore in honor of Dorothy Buttermore's thirteenth birthday.

Mrs. N. E. Allison will be hostess to the Winona Club, Friday, May 28, at her home on First St. This will be a potluck luncheon at one o'clock.

TO THE SUPERVISOR OF THE  
TOWNSHIP OF REDFORD,  
WAYNE COUNTY, MICHIGAN  
Sir:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held Friday, May 7, 1943, decide and determined that the certain sections of road described in the minutes of said Board, heretofore taken over as County Roads, should be absolutely abandoned and discontinued as public highways. The minutes of said meeting fully describe said sections of road, and are hereby made a part of this notice, and are as follows:

"Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at 3800 Barium Tower, Detroit, Michigan, at 10:00 a.m. on Friday, May 7, 1943.

Present: Commissioners Breining and Wilson.

**ZONING**

(Continued from front page)

feet. I do not believe that the owners of a lot at present less than 60 feet wide would be prevented from making use of his lot for the construction of a dwelling that conformed with the ordinance in every other respect. To make such a strict interpretation of the ordinance as to prevent the use of the lot would amount, I believe, to taking his property without due process of law, which the court would not tolerate.

I believe that it would be advisable to re-plot a subdivision or area having a number of non-conforming lots but where an individual has purchased a 40 or 50 foot lot intending to use it for the construction of a residence. The Department of Buildings should grant a building permit for such use. This would also be a proper place for the exercise of discretion by the Zoning Appeal Board.

Another question asked is: Might I change my present single residence into a two-family dwelling in an R-1 area? It is my opinion that such a change could not be made. One of the purposes of the ordinance is to prevent just such a change. A neighborhood having single residences would soon deteriorate in value upon the entrance of multiple dwellings. Just a moment's reflection will show that this is true. A single residence area should contain single residences only. If a single residence area has arrived at the stage where it would be generally beneficial to

allow two family or multi-family use, then the area should be changed by an amendment to the zoning ordinance.

Another person asks: What if I have a fire that damages my building that does not conform to the zoning ordinance? May I repair the damage so as to restore the building to its original non-condition?

The answer to this question is found in sec. 3.03 of the zoning ordinance. The building may be repaired to its original non-conforming condition unless the cost of repair exceeds 60 per cent of the assessed valuation. This appears to be a reasonable balance between a rule requiring all repairs to bring the building to a strict compliance with the ordinance and a rule

which would allow a totally destroyed, non-conforming building to again be built up into an otherwise non-conforming building.

As pointed out in the previous article, the benefits of zoning are gradual and progressive. As older non-conforming buildings are destroyed by fire or other accident or by the ravages of age, new buildings should be erected to conform to the zoning ordinance.

Someone has suggested that since the fairgrounds are in an R-2 or residence area, this property could not again be used as a fairgrounds if no fair should be held this year because of conditions brought about by the war.

It seems that this would be a fairly unreasonable interpretation of the last paragraph of section 3.03. If a horse stable or a gas station now operating in a restricted area should discontinue

such use of the property for a year, then, according to the ordinance any later use of this property must comply with the ordinance.

You ask, why the difference between the fairgrounds and a filling station or a horse stable? One distinction that comes readily to mind is the fact that a fair is held only once a year and if it should skip one season that would be comparable to the owner of the stable or filling station closing up for a day or two. A day is a unit of time of operation for the stable or station whereas a week or two in a year is the unit of time for a fair.

Moreover, it could logically be argued that the fairgrounds are being continually used as such and there is no evidence of intention of abandonment of that purpose.

There is such a thing as attempting to be so precise and exact in the interpretation of any law as to entirely lose its spirit and true meaning. The letter of the law killth but the spirit growth life.

Another question is whether a portion of a private dwelling located in a residential area may be used for professional purposes.

The answer is found in section 3.05 which provides in part: "The lawful use of premises existing at the time of the adoption of this ordinance may be continued, although such use does not conform with the provisions hereof."

There undoubtedly would be undue hardship to property owners. To relieve persons of such

Respectfully submitted,  
Ralph W. Cole
