

FORWARD into FORTY-THREE

With Our Men in the Service

NOTE—This column is dedicated to news of men and women from Novi and Northville community who are in the service.

Word has been received from Harry Porter, who is on active duty shipping from a Pacific port as a hospital apprentice, first class, that he is safe and well.

Warrant Officer Belasco returned to Cherry Pt., N. C. on Monday. He is serving there with the Marines.

Pay J. Koenig left last week for Great Lakes, having joined the Navy. His brother, William A. Koenig, has been in the Navy since last September.

Edward A. Reid received a new rating June 1. He is now a first class petty officer.

Hadley Bachert, who was inducted into the Army May 1, has been transferred from Camp Custer to Camp McClellan.

Carl Schulz is stationed at Camp Perry instead of Camp Riley as previously reported.

Ralph Cuykendall, who was recently cited for special honors in England, is now a technical sergeant.

Aviation Cadet Jack A. Junod has just completed his pre-flight training at San Antonio, Tex. He will now go into primary basic and advanced aviation schools.

Word has been received by Mrs. D. V. Rowe that her son, Pfc. Jack Stoddard, who has been stationed at St. Louis Ordnance Depot, St. Louis, Mo., has been transferred to Camp Perry.

Bob Stremlach has been promoted to private first class at Sheppard Field, Tex.

Pfc. Cecil Niderer has been transferred from Camp McHale, Colo., to Ft. Ord, Calif. Eddie Niderer, who is still in Iceland, is now a sergeant.

Tech. Sgt. Edward W. Lanning, who is stationed somewhere in North Africa, has been promoted to master sergeant.

Second Lieut. James Costan came here Saturday from Camp Lee, Va. He left here Wednesday for Ogden, Utah, where he will (Continued on back page)

FORWARD TO VICTORY!
Keeping Step
on the
Home Front

Essential Dates and Information Affecting the Welfare of the "Vanishing Civilian"

This is a regular weekly feature designed to aid you in your current purchases of items rationed by the government. This newspaper believes this service will enable individuals to cooperate more fully in winning the war on the home front.

BOARD HOURS—The Plymouth Rationing Board No. 33-82-19 is open six days a week from 8 a.m. to 5 p.m. except Wednesday afternoon when the office is closed to the public in order to keep up on clerical work. Thursday night office is open until 6:30 p.m. People in Oakland County may contact their board at branch offices in South Lyon, Farmington and Walled Lake or at the main office in Pontiac.

SHOES—Stamp 18 in War Ration Book One is good for one pair of shoes until October 31. Stamps may be interchanged among members of one family.

FUEL OIL—Stamp No. 5 good until Sept. 30, 1943. Auxiliary applications for fuel oil must be made on proper form and sent to the Rationing Board for your area. Applications for 1943-44 fuel oil rations will be mailed to present users in approximately the same amounts as was granted in the original ration last fall. Owners need not prove non-consumability for household heating rations.

COFFEE—Stamp 24 good for 1 pound through June 30. Stamp 21 good for 1 pound from July 1 through July 21.

SUGAR—Coupon No. 13 became valid June 1, and will be good for 5 lbs. through August 15. Coupons No. 15 and 16 are good for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations, if necessary.

Coupon for sugar for home canning available at local ration board on and after May 15.

MEAT, ETC.—Red stamp P and Q good through July 31. Red stamp R becomes valid July 11 and expires July 31.

Here is how meat and fats rationing is different from canned goods. Your butcher can give you "change" in one-point ration stamps when you find it impossible to give the exact amount of stamps.

Ration points are adjusted from time to time, depending upon demand and supply, as illustrated in the reduction in values of prunes and raisins. Prunes and raisins were dropped from 20 to 12 points; dry beans, peas and lentils were reduced from 8 to 4 points per pound.

Blue stamp K, L, M expire July 7. Blue stamp N, P, and Q valid from July 1 to August 7, inclusive.

GASOLINE—No. 6 Coupon valid May 22 to July 21.

"B" Book—Tickets good until date on ration card. Tires must be inspected every 4 months. "C" Book Tickets good until date on ration card. Tires must be inspected every 3 months.

"T" Book—Truck tires must be checked every 2 months or every 3,000 miles, whichever comes first.

TIRES—Next inspections due: A book vehicles by Sept. 30; C's by Aug. 31; E's by Oct. 31; commercial vehicles every 6 months or 5,000 miles, whichever is first.

GAS RENEWALS—Renewal requests for "B" or "C" gasoline coupons may be made by mail. Blanks may be obtained at the Record office. Fill in the application (making it consistent with your original application) on the tire inspection sheet to the application and mail to Rationing Board, Plymouth, Michigan. New coupons will be mailed to you. You need not surrender your present "B" or "C" book until requested to do so by the Board issuing the new book to you.

Stoves To Be Rationed
All new heating and cooking plan was originally scheduled to come into effect in late June. You have to buy a cooking stove now.

Gasoline rationing will be effective in late June. You have to buy a gas tank now.

Wood, coal, coke, charcoal, wood oil, or gas for domestic use will be rationed starting in late June.

Northville's Yesterdays

• 1 YEAR AGO
 Sam Pickard shipped six of his flock of pigeons to the west coast where they were to be trained for messenger service for the Army.

• 5 YEARS AGO
 Northville was officially selected for a new \$15,000 United States Post Office building. Mel Kluken opened a filling station in the newly constructed building at Hutton and E Main Sts.

• 10 YEARS AGO
 Mr. and Mrs. Leslie G. Lee prepared the seniors on their trip to Chicago to see the World's Fair.

• 15 YEARS AGO
 George Rattenbury's meat department advertised veal chops at 15 cents a pound; veal roast 17 cents and rolled beef roast 18 cents per pound.

• 20 YEARS AGO
 Chairman Hull of the Fourth July executive committee reported a credit balance of \$90 in the proceeds of the community celebration which included a street carnival, horse races and a ball game. The money was turned over to the Northville war fund.

Bring Your Tax Statement!

A. RUSSELL CLARK,
Village Treasurer

want is a fair price in the market place. While most labor in war industry today is receiving unheard-of compensation and is abundantly able to pay for its food at a much higher price, yet we are all mindful of the school teachers, the clerks and the white-collar employees who have had no increase in wages but who must buy their food in the same market with the high-salaried war worker.

Rep. Jessie P. Woolcott, Port Huron—"In order to crystallize the issue as to whether the American people today might not be in a better position to pay their food bill than ever before in the history of this country, I want to read one sentence from the last report of the Bureau of Agricultural Economics of the United States Department of Agriculture" in which, in summarizing their findings, it is said:

"The total cost to consumers of fixed quantities of food making up a typical consumer's food basket was smaller in relation to average consumer income in recent months than at any other time on record."

That is not amazing, because we know that consumer purchasing power has been increasing by leaps and bounds. The only way we can siphon off this purchasing power so that there will not continue to be this constant threat to inflation, is first by taxation and secondly by the sale of bonds to individuals who will hold these bonds."

Rep. Fred L. Crawford, Saginaw—"When consumers' goods, both durable and non-durable, are disappearing from the market, due to the dollar flow which is increasing tremendously, the stream widening all of the time, and also to decreased production, and there is a disposition on the part of many and for economic reasons, to want to decrease the buying power. I cannot understand why people, who claim to be intelligent, will advocate a subsidy and the so-called rollback theory and have the Federal Treasury actually pay a large percentage of the grocery bill of those who are receiving the benefits of the increased dollar flow, incident to war financing."

I know what wages are being paid on Army and Navy construction jobs, and in those industries where armaments, machine guns and tanks and planes are being built. The beginning wage rate in my town for war workers is around \$125 a week. I have about 250 men in my plant who are working in my plant and I am not going to stand here and say that the people of this country shouldn't be more lenient. Let them pay their own grocery bills all of the wages that the United States Treasury is paying them for the war work they perform."

Rep. George A. Dondero, Royal Oak—"This morning I received a telegram from two farmers' organizations in my district, the Detroit Cooperative Elevator Co. and the Oakland County Farm Bureau, both saying this:

"Farmers and farm leaders are principally opposed to any back to 1936 price. So much more publicly from Michigan. In absence of guarantee of stable, profitable returns to farmers, we take care of ourselves with crop production office of Price Administration representation is re-entered."

Dondero concluded: "If the people of this country, when voting, is and national income tax is not permitted to vote at a job without being required to buy a work permit or a political card of the administration." He referred to a statement by the National Labor Relations Board charging that certain unions had "perverted" the war production program by compelling hundreds of thousands of workers to pay initiation fees for the privilege of working for the United States government. The NLRB called this practice a "most lucrative labor racket."

Rep. Albert J. Engel, Muskegon, informed members of Congress that unskilled workers were receiving fantastically high wages in war plants. He told of an 18-year-old girl, coming from behind a counter in a dime store who was making \$65 a week after two weeks training. This girl's annual pay was \$3,300, while the base pay of a major in the army is \$3,000.

Engel said that machine gun assemblers were receiving \$4,700 to \$8,740 a year, while Lt. General Somervell, chief of the army service of supply, was paid only \$8,000.

Judging from the one issue of the Congressional Record, Michigan congressmen are well posted on the state of affairs on the Michigan home front. Their expressions are significant in reflecting the workings of a democracy in war-time.

Mr. and Mrs. Earl Montgomery spent the Fourth in Almont with Mr. Montgomery's sister, and her family, the Ross Lawrences.

WANTED! Blood Donor Registrants

Mrs. William E. Forney, chairman of the local Red Cross Blood Bank, reminds the public that all registrations for Blood Donors must be in before the date set for the next visit of the Blood Bank to Northville, on July 10.

Don't Delay! Register at Once!

**"We know about switchboards
 in the Signal Corps!"**

"I'm a Signal Corps soldier. In our outfit we fight with field telephones, wire and switchboards, as well as with machine guns. So I know what happens on a long distance switchboard when too many folks want to make calls at the same time. There's an overload — and calls are delayed."

You must be the judge as to whether your call is sufficiently important to justify its being placed on the

overloaded long distance system. Even if you ordinarily make only two or three long distance calls a month, you will be helping if you cut down on the number.

To help speed the handling of the most essential calls, you are asked to do these things —

Please make only the most necessary calls.

If you must call by long distance, be as brief as possible.

FARM PUMPS AND WATER SYSTEMS

Ask for this
FREE BOOKLET!

This helpful Owner's Manual deals with the subjects of motors, belts, lubrication, priming, pressure tanks and switches, etc. It lists the troubles most commonly found which can usually be remedied by the owner. This booklet will aid in keeping your pump and water system in good condition for the duration. It may help to eliminate service calls on small repair jobs which you can handle satisfactorily yourself. Get your copy at any Detroit Edison office.

THE DETROIT EDISON COMPANY

Electricity is not rationed. But its production requires coal and railroad transportation. Don't waste it!

Services: This Sunday services are held at the Presbyterian Church. Rev. Leslie Williams will preach.

6:30 p.m.—Youth Fellowship. Norma Dahlinger is in charge of the program. All young people are invited.

7:30 p.m.—Inspiration Service. If you enjoy the old gospel hymns and an evangelistic message, you are invited to attend. The service will be dismissed promptly at 8:30.

"Sacrament" will be the subject of the lesson-sermon in all Christian Science Churches throughout the world on Sunday, July 11.

The Golden Text (I Cor. 10:17)

"We being many are one bread and one body; for we are all partakers of that one bread."

IN MEMORIAM

In loving memory of our dear one, Earl Moyer, who passed away a year ago, July 7.

"If we could have our wish and way,"

We would be somewhere with you today.

But Earl dear, it is true

Our thoughts and love are there with you.

Sleep sweetly, dear Earl,

Until we meet again.

Lovingly for always, and re-

membered by mother and father

Mr. and Mrs. Charles Moyer

Sisters, Mrs. Earl Spaulding

and Mrs. Clifford Smith

Brothers, Mr. Harry Moyer

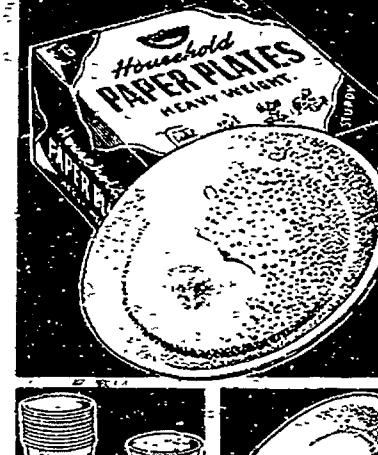

and Mr. Alger Moyer.

Nieces and Nephews.

West Point Park News

By Mrs. William Zwahlen

Under the auspices of the Sunshine Sisters an ice cream social was held on the lawn in front of the Neighborhood Church Wednesday evening. A large crowd from the district enjoyed the generous helpings of delicious ice cream and home-made cake. Most of the folks after being served, stepped into the little meeting house where Mrs. Walter Dixon and Mrs. Gordon Vane alternately presided at the piano and enjoyed a musical program. Albert Owen, formerly a favorite singer in West Point Park, but who has not been heard much in recent years, delighted everyone with two vocal selections. Mrs.

The World of TOMORROW

Chapter Two

Where did we come from? What are we here for? According to that which is written—“But how can one tell that which is written is true?” All books or writings speak for themselves, whether they be false or true. Those of value have a preface, an introduction, an analysis, a recipe and a purpose with formulas for testing, proving, and establishing the truth of its recipes.

Before the earth, on which we live was formed there were other worlds of planets. In the midst of these planets there is one on which dwells a supreme being with power and intelligence far greater than any other being there being, which we shall call God, is in the exact likeness of our body only; of a more pure substance. This body, which is not subject to pain or disease, is in the exact likeness of our bodies and is called a spiritual being. This being, or God, has existed for innumerable years according to our reckoning of time and through these innumerable years he has worked out a perfect order of laws for the governing of all planets, elements,

and beings—both spiritual and mortal. “But, where did God come from? Before people can enter college, they have to obtain an elementary knowledge qualifying them for entrance, which consists of kindergarten grammar, mathematics, history, and geography. Also, if one would count the money in a bank's vault, that one must first obtain entrance to the vaults—this may be done legitimately, or otherwise—but if otherwise a number of stripes is their certificate of graduation.

On the planet where God dwells there is perfect order with all things for his use and benefit, both to please the eye and to gladden the heart. Incorruptible elements adapted to the use and sphere of an eternal existence is there in abundance. Eternal gold, silver, precious stones and other precious materials for the erection and furnishing of mansions of and public and private edifices. These edifices and mansions are perfectly arranged in eternal cities with gardens, groves, walks, rivulets, mountains, flowers, and fruits to beauty and adorn the landscape, to please the eye, the taste, the smell, and to gladden the hearts of men, women and children.

On this eternal and incorruptible

New Hospital

(Continued from front page)
Mrs. Ruth Hester Whipple, Plymouth; Mrs. Mollie Lawrence, Northville; John S. Ruggen, Canton Center; Garnett Bunnell, Romulus; Harley Smith, Wayne; Alfred S. Kemp, Inkster; Wilton Wayne, New Boston; E. J. Gerhardt, Wayne.

A delegation recently completed arrangements with the Federal Health Services and has leased temporary quarters at Elsie for 100 beds, to serve for the duration, eventually looking forward to a 500-bed hospital, to serve what is known as Area No. 3. Two sites for the new project have been offered near Wayne.

At present the committee expects to raise \$100,000. According to recent surveys the area named has only one hospital for every 1460 persons and while federal standards call for one bed for each 250 population.

Careless Drivers

(Continued from front page)
effect of the new provisions of the amended law. Last year the committee found a minimum of 80,000 motorists who could not afford to pay for financial compensation for damage was made.

This figure roughly parallels the experience of New York state where a financial responsibility law similar to the new Michigan Act went into effect on January 1, 1942, and where in the first year of operation the driving privileges and registration certificates of more than 50,000 motorists who could not only pay for the damage they did were revoked and remained revoked at the close of the year. An additional 100,000 New York state motorists whose driving privileges were withdrawn were able to furnish proof of financial responsibility and were returned to the highways.

The figures are based on reports from the New York Bureau of Motor Vehicles received by Herman H. Digman, Secretary of State whose department is charged with the administration and enforcement of the new Financial Responsibility Law, which after July 30 will rule the irresponsible driver off the roads of Michigan.

Field Day

(Continued from front page)
Bill Klauder, William Stanford, Bud Cansfield, Dick Coopson, Steve Skipping rock, girls, 10 to 12, 1, Brigitta Radabaugh; 2, Betty Hines; 3, Wanda McKinney.

This is a family war. If you are buying through the payroll savings plan or family plan, which means it's not you.

You Can Always Buy For Less at Gamble's

Gamble's Summer Sale!

Keep tires inflated to proper pressure.

Drive under 35 miles per hour.

Cross switch tires every 5000 miles.

Use your car only when necessary.

By taking care of our vital materials and products today and continuing to buy more and more war bonds, we will all help in hastening the time when these things again will be available.

Tin Cans

(Continued from front page)
Woman's Club committee on salvage, working with the local O. C. D. The same plan of procedure as used in the collection of April 22 will be followed.

Prepared cans, that is, cleaned and flattened, should be placed in containers in such places as is customary for trash collection. Earl Montgomery, Village of Northville engineer, will supervise the collection by the village trucks, and requests that all cans be collected be out at the curb before noon Thursday, July 15.

They will be stored under shelter until a specified time, when they will be loaded for shipment at the House of Correction.

Block leaders of Mrs. Masters' committee on the tin can collection are Mrs. Ernest Miller, Mrs. Harold Bloom, Mrs. D. P. Verkes Jr., and Mrs. Gerald C. Woodworth. For further details call the block leader in your neighborhood.

See your Gamble store for bicycle racing information.

Convenient monthly payments.
