

FORWARD into FORTY-THREE

With Our Men in the Service

NOTE—This column is dedicated to news of men and women from Novi and Northville community who are in the service.

Word was received last week and when you get here things from Don Kimmel that he had will seem a lot easier for you. Don't play around in school; you pay for it later.

Harold Parmenter, who has been home on leave after 14 months of sea duty away from his home port, is leaving some time this weekend as he has to report back for duty July 20.

Russell Perberry, AS, has been transferred from Great Lakes, Ill., to the Naval Air Training station at Glenview, Ill.

News of the three-Niles brothers reveals that Howard has been promoted from corporal to sergeant. He is stationed in Louisiana. Archie, who is rated seaman third class, is stationed some where in Hawaii; and Corp. Nor man Niles is in the Aleutians.

The June 29th issue of Aero Times, a magazine published monthly by officers and enlisted men of the Army Air Forces Basic Training School at Gunter Field, Montgomery, Ala., gives a very interesting account of Gunter's Air Cops and makes personal mention of the work being done by Kenny Martens, tower operator.

Benjamin Sofie has been enrolled in the school for firemen at the U. S. Naval Training Station, Great Lakes.

To the Town and Record:

As usual, yeah, that's me. Bad luck, Orl Hunter, they call me, especially now that I am chasing electrons around. You succeed it. I am studying to be a radio repair man; for the last two months they have been throwing in rules, circuit drawing, trouble shooting, tests and shorting irons and loads of stuff. I am so messed up I have made reservations in Ward 14—that's where all the good boys go. I guess they are going to elect me president or honorary mem ber—or waterboy.

But to be serious for awhile, this is a great school and I won derful opportunity for me. I am very lucky. It is very hard for me but I will make the grade and they will put me in a wooden overcoat. There is quite a lot of math and algebra in it and so would like to say to the senior or seniors to do this to you fellows primarily. I hate to say it, but this war may be around for a while yet and if you plan to be in service and get into something like I am in, by all means take all the math you can, and don't miss taking physics and a little algebra. Take this advice.

Cpl. George E. Hunter
Monmouth, N.J.

Dad Barnard came in by plane from Omaha, Neb., last Friday and returned Tuesday to Ft. Cooks, Neb., having enjoyed a few days leave with his family in Farmington. Don was a 1942 grad of N.H.S.

I sure had a treat today. Mom sent me the clippings of the men in service and it was good to read them. She is going to send them every month. I would like to tell all my friends in Northville that we have moved and are in Liberia. We passed through the well known tropics. Some sights, I'll say. I hope everything is OK at home. We are setting up a hospital here and it is a job. We open up for business Monday. We have a lot of fun with the natives here; we trade sugar for coins. I have a bag full. Will close for now; will write again in a month or so.

Wayne Keller

Cpl. James Geraghty, who is attending school at Virginia Polytechnic Institute, Blacksburg, Va., spent a week furlough with his parents, Mr. and Mrs. R. E. Geraghty of Wing St. John Geraghty, who entered the service June 22, has been transferred from Ft. Custer to Camp Wolters, Texas.

Governor Harry F. Kelly and Bob Ely, Member of Crew of Ship Taking Governor's Party to Soo Ceremonies

Governor Harry F. Kelly and party of government officials made the trip to the dedicatory ceremonies held at the new lock at the Soo last Sunday in the Wolcott, captained by Captain Harvey Hodge, 349 High St. Among the members of the crew was Bob Ely, son of Mr. and Mrs. Tracy Ely, 424 Plymouth rd.

Captain Hodge, who is in government employ in the United States engineering department, left from Detroit and picked up the Governor and his party at Alpena last Friday. The dedication ceremony in which the Governor and members of his party participated was held at the Soo lock at 11 a.m. This was followed by a luncheon party, after which the party proceeded to Mackinaw Island. After leaving there Captain Hodge took the Governor and his party on a short cruise, returning them to Detroit the middle of the week.

Harry Drouillard is still stationed at Great Lakes, where he

(Continued on page 3)

is serving as a gunner.

Paul Gaffield, Jr., who has been home on a fifteen day leave, left here Monday afternoon to return to his duties in the Air Corps at Morris Field, N. C.

Tiny Utley has been accepted in the Marine Corps and will leave here July 24 for San Diego, Calif.

Av/c C. J. Hardesty has been transferred from San Antonio to Stamford, Tex.

Harry Drouillard is still stationed at Great Lakes, where he

is serving as a gunner.

Keep Step on the Home Front in 1943!

Essential Dates and Information Affecting the Welfare of the "Vanishing Civilian"

This is a regular weekly feature designed to aid you in your current purchases of items rationed by the government. This newspaper believes this service will enable individuals to cooperate more fully in winning the war on the home front.

BOARD HOURS—The Plymouth Rationing Board No. 33-82-19 is open six days a week from 8 a.m. to 5 p.m. except Wednesday afternoon when the office is closed to the public in order to keep up on clerical work. Thursday night office is open until 8:30 p.m. People in Oakland County may contact their board at branch offices in South Lyon, Farmington and Walled Lake or at the main office in Pontiac.

SHOES—Stamp 18 in War Ration Book One is good for one pair of shoes until October 31. Stamps may be interchanged among members of one family.

FUEL OIL—Stamp No. 5 good until Sept. 30, 1942. Auxiliary applications for fuel oil must be made on proper form and sent to the Rationing Board for your area. Applications for 1943-44 fuel oil ration will be mailed to present users in approximately the same amounts as was granted in the original ration last fall. Owners need not prove non-convertibility for household heating rations.

COFFEE—Stamp 24 good for 1 pound through June 30. Stamp 21 good for 1 pound from July 1 through July 21.

SUGAR—Coupon No. 13 became valid June 1, and will be good for 5 lbs. through August 15. Coupons No. 15 and 16 are good for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations, if necessary.

Coupon for sugar for home canning available at local ration board on and after May 15.

NEAT, ETC.—Red stamp P and Q good through July 31. Red stamp R becomes valid July 11 and expires July 31.

Here is how meat and fats rationing is different from canned goods. Your butcher can give you "change" in one-point ration stamps when you find it impossible to give the exact amount of stamp.

Ration points are adjusted from time to time, depending upon demand and supply, as illustrated in the reduction in value of prunes and raisins. Prunes and raisins were dropped from 2c to 12 points; dry beans, peas and lentils were reduced from 8 to 4 points per pound.

Blue stamp X, L, M expire July 7. Blue stamp N, P, and Q valid from July 1 to August 7, inclusive.

GASOLINE—No. 6 coupon valid May 22 to July 21.

Calendar

No Gas To Go To Gardens
Special rations of gasoline for
travel to Victory gardens were
discontinued July 12, although
rations already issued for this
purpose may be used as long as
valued. This action was taken by
OPA upon advice of the Department
of Agriculture that gardens
planted after that date would be
too late to produce enough food
to warrant extra use of tires and
gasoline in cultivating them.

Rations For Sick
Although the need to conserve
rationed food is great, no hospital
patient's health need suffer,

the OPA has announced. Local
rationing boards have been given
authority to provide supplement-

ary allotments to meet the dietary
requirements of patients in
hospitals—whether or not such
patients are on special diets.

Mileage For Air Raid Wardens

Air raid wardens, while not
eligible for ration books, may
continue to get "B" books, ac-
cording to OPA. Volunteers reg-
ularly performing work contrib-
uting to the war effort of public
welfare who need supplemental
mileage should have application
certified by some authorized re-
presentative of the agency for
which the work is being per-

Three Birthdays Celebrated

OBITUARY

Charles G. Taylor

Funeral services were held on Wednesday, July 14, at Castorine Funeral Home for Charles G. Taylor for many years a resident of this community. Interment was at Oakland Hill Cemetery. Rev. George Major of Ypsilanti, a close family friend, officiated.

Born July 10, 1883, in Sheboygan, Mich., the deceased died in Harper Hospital July 11. He had been in the hospital for the past two months.

He is survived by his widow, the former Cloie Conrad, who resides at 412 Randolph st. Also surviving him are three sons: Harrison of Redford; Stanley, serving in the Army and stationed in Florida, and Carl, also in the Army and now in California; and one daughter, Mrs. Ruth

Ernest of Plymouth. He leaves eight grandchildren; three sisters: Mrs. Mabel Coyle, Detroit; Mrs. Veda Teagarden, St. Louis, Mich.; and Mrs. Mary Moore, also of St. Louis; two brothers: Artemus T. Lansing and Leonard Bohannan, St. Louis.

CARD OF THANKS
We wish to express our sincere thanks to our many relatives, friends and neighbors for their kind expressions of sympathy during our late bereavement. We also wish to thank Rev. George Major for his eloquent words. Mrs. Harry Wolfe Sr., and Mrs. Clark Bonar for their beautiful eulogies and the Castorine Funeral Home for their many courtesies.

Non-Partisan News Letter

IF DETROIT'S CHICKENS are just coming home to roost, they sure took their sweet time!

Just 110 years ago, this very month, a company of federal troops was disengaged from Fort Gratiot (Port Huron), to Detroit for the express purpose of suppressing an insurrection of Negroes.

Good citizens of Detroit, like those of San Francisco after the "big fire," were inclined to minimize the disturbance by calling it "The Negro Riot." But it was a riot-roaring, lusty affair in which the Negroes stormed the jail, paraded the streets, shot the sheriffs and otherwise had the white people in a dither of panic.

And like the 1943 rumors that whites had killed three Negroes on Belle Isle, the exaggerated reports in 1833 grew until business was at a standstill. Women dared not venture out of doors. Merchants put up their shutters, shoved the bolts into place, and stood, gun in hand, in their darkened shops, guarding their goods.

Who said history doesn't repeat itself? It did in Detroit.

In those pre-civilized days, Detroit was the capital of the Territory of Michigan. The frontier peninsula had not yet at-

tained the status of statehood which came in 1837.

When Congress enacted the Ordinance of 1787, creating the Northwest Territory out of the region between the Ohio and Mississippi rivers, and the Great Lakes, the federal law-makers inserted this significant provision:

"There shall be neither slavery nor involuntary servitude in the said territory, otherwise than in the punishment of crime, whereof the party shall have been duly convicted."

General Lewis Cass was appointed governor of the Territory of Michigan following the War of 1812, and when the Negro insurrection took place, he had been elevated to secretary of war at Washington.

Lewis Cass knew his Michigan and his Detroit, and so when Major Chapin of the French community "on the straits" (which is the origin for the French designation of "de Troit," the prefix being pronounced "day") made an appeal on July 25 for a detachment of the United States troops Cass acted with dispatch.

WHENEVER INDUSTRY is confronted with a "shortage" of workers, the historic solution has been to import cheap labor from elsewhere. The Southern plantation owners imported the Negroes from Africa. When the first World War created a labor shortage in Michigan industrialists encouraged a notable migration of Negroes from the south into Detroit and other factory centers. Today the Mexicans and Jamaicans are "summering" in Michigan for the same economic reason.

Where the Negro population in Michigan was only 17,115 in 1910 and more than one-third of these were in Wayne county, it had grown by the first year of the World War to about 23,000 in Detroit alone, and by 1920 it had reached 66,000. In 1930 it was 169,000. Today the Negro population is estimated to be close to a quarter of a million and it is still mounting.

Perhaps it is a bit trite, after reviewing a century's history of how Negroes have been encouraged to migrate to Michigan to make a single observation that the "chickens are coming home to roost."

The Negroes are here because historically at least, we invited them to come. Putting blame on mythical Axis agents or KKK-Klanziers won't change this collective social responsibility of ours one iota.

It's our job, not theirs, to find the solution.

The World of Tomorrow

Chapter Three
Which of all the religious parties is right?

The Lord informs me that I should not publish this chapter. The only comment I can offer is the fact that the Lord is now at work cleansing the earth from all unrighteousness, and the plagues that are now upon the earth, and that are to come, will prove every man's work whether it be of God, Satan or man.

One thing I do know is when a man is in communion with the powers of heaven he does not experiment; neither does he smoke cigarettes to steady his nerves; neither does he drink beer and liquor to allay his fears and pep up his courage.

The Lord has said, in a revelation, "If ye are prepared ye shall not fear." So if any fears they may know they are not joined to the right religion.

To those who make a living by preaching other men's revelations it would be very profitable to incorporate into your stolen messages the fruits of one who has laborediously acquired knowledge through obedience to divine requirements.

New Teachers

(Continued from front page)
Grace Lowe, Miss Garrick has a bachelor of science degree from Michigan State Normal, where she majored in home economics. She made an excellent record there and comes here with high recommendations.

Miss Diana Lance, whose home is Carson City, and who received her bachelor of arts degree at Michigan State Normal, has taught school for ten years. Last year, Miss Lance taught in the Greenville public schools. She will be teacher of mathematics, taking over Miss Dorothy Lovell's work.

Malcolm R. Oliver, Walker Minn., who will teach the high school science courses, majored in science and mathematics at Teachers State College, Benzie Minn., where he received his bachelor of science degree upon graduation. He has had two successful years of teaching in Minnesota high schools.

Junior High English courses will be conducted by Miss E. Elizabeth Vickland, replacing Edmund Pohl. Miss Vickland holds a bachelor of philosophy and a master of arts degree from the University of Chicago. She has done graduate work at New York University, St. Bonaventure College and Columbia University. Her teaching experience which embraces college, high school and grade school teaching also includes ten years in India in educational work under the

supervision of the British gov. physical education and health programs. A world traveler for girls, but has several projects in view. Because of the difficulty in securing a teacher for shop, the present tentative plan is for Mr. Ellison to rearrange his schedule in order to take over management of the shop.
