

FORWARD into FORTY-THREE

With Our Men in the Service

NOTE: This column is dedicated to men in the service from Novi and Northville communities who are in the service.

Fredericksburg, Va.
I wish to thank you at this time for sending me the Northville Record. Reading it is like reading a letter from home. I enjoy it very much.

At the present time I have been moved to Virginia. It is very hot here; in fact it's too hot to suit me.

Thanking you again for sending my home town paper, and hoping I will continue to receive it.

Pvt. Frederick A. Walker

V. Texas

Like all the rest of the boys, I too have been going to write to you and thank you for the paper you have been so kind as to send to me, as well as the rest of the boys. I know they enjoy it as I do. I hope they will all agree that we look forward to the column in the paper in which we find the letters which you have received from us, besides the local news.

As for me, I am getting along O.K. I made sergeant the first of this last month. At present I am in charge of maintenance repair and also records of all maintenance herein. I have boys working for me and they do like me and I like them. They take my orders smiling and if they need any help I get in with them and help them. We must keep records of all the work we do, besides many reports of different kinds. Where I am stationed is the world's largest aerial gunnery school, there we train the men to go over there in our flying fortresses and shoot them down, so you may know what I am talking about when I tell you we repair turrets and keep them going.

Again thank you for the paper, when I get every Monday noon.

Sgt. James H. Munro

V. Glenview, Ill.

Howard C. Rodgers recently received the following letter from his son, Clayton.

I hope this letter finds you all all O.K. I am in the Medical unit attached to HQ Co. in the 1st Rangers Bn. I like my work swell except for one drawback - we are not allowed to carry firearms. Just the same, it's O.K. I got one heck of a sunburn, got it yesterday when we visited a beach and afterwards went swimming in the sea.

This African-sun-sure can get hot. We see shows every night where we are now. Where we are now, we have the luxuries of life: real wash basins and showers, and also cots to sleep in. When I get home I want you folks to have two things for me: one

is a bath tub of hot water and the other is a quart of cold milk. We draw rations here for cigarettes and candy. It is good to eat a candy bar again. The chow is good, especially the coffee. I sure would like to sit down to a table and be able to fill my own plate again. I have not received any letters since I came over here. Write often and goodbye for now.

Your loving son,
Clayton

Corp. Clayton Myers who was at Lansing for a time is now stationed at Cherry Point, N.C. His brother, Lt. Joyce Myers, who was in South Carolina is now in Georgia.

Ransom Baldwin has almost completed his basic training at Ft. Sill, Okla., and is hoping to come home on leave in another week or two.

A cablegram from Lester Ellis, after a long period of anxious waiting by his family, informs them that he has been ill for several months. He has been overseas for almost a year.

Carl Stephens is now serving in Africa.

F. McClellan, Ala.

I want to thank you for the copies of the home paper, but won't be able to receive any more for the time being. Will write you as soon as I know my permanent address and hope then to be able to get the home paper again; it surely is nice to get the news from home. I will write to you as soon as I can receive the paper again.

Pvt. Hadley J. Bachert

V. Glenview, Ill.

I am up in Illinois now, stationed in an air battalion. Most of the planes up here are dive bombers and fighters. Boys, they sure can fly. Talk about food you cannot ask for better food; it is better than you get at home at the present. Thanks a lot for sending me the Record. I should have thanked you before but I just didn't get around to it. I expect to be shipped out pretty soon, at least I hope so, the sooner the better. The Navy is best, at least I think so. Say hello to all the fellows at home for me, especially Jim Funke. Take it easy, Jim.

Keeping Step on the Home Front

in 1943!

Essential Dates and Information Affecting the Welfare of the "Vanishing Civilian"

This is a regular weekly feature designed to aid you in your purchases of items rationed by the government. This newspaper believes this service will enable individuals to cooperate more fully in winning the war on the home front.

BOARD HOURS.—The Plymouth Rationing Board No. 33-82-19 is open six days a week from 8 a.m. to 5 p.m. except Wednesday afternoon when the office is closed to the public in order to keep up on clerical work. Thursday night office is open until 8:30 p.m. People in Oakland County may contact their board at branch offices in South Lyon, Farmington and Walled Lake or at the main office in Pontiac.

SHOES—Stamp 18 in War Ration Book One is good for one pair of shoes until October 31. Stamps may be interchanged among members of one family.

FUEL OIL—Stamp No. 5 good until Sept. 30, 1943. Auxiliary applications for fuel oil must be made on proper form and sent to the Rationing Board for your area. Applications for 1943-44 fuel oil rationing have been mailed to present users in approximately the same amounts as were granted in the original ration last fall. Owners need not prove non-convertibility for household heating rationing.

SUGAR—Coupon No. 13 bocano valid June 1, and will be good for 5 lbs. through August 15. Coupons No. 15 and 16 are good for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations, if necessary.

BUY WAR BONDS

today

Have you counted your War Bonds lately? Are you adding to your collection as rapidly as you would like to—or as rapidly as you should?

Set a quota of the amount you would like to have by the time the war is over. Then figure out whether you will HAVE that much at the rate you are now buying bonds. Chances are that the amount of your recent purchases will fall far short of the goal you would like to reach. And NOW is the time to do something about it!

Probably never again will you have a better opportunity to save money faster than is afforded by conditions today. Many things you would normally buy cannot be purchased. Put the money into War Bonds. Certainly there is no safer investment—and every \$75 you spend now will bring you back \$100 in ten years. Some day in the future—when you cash in your bonds—you will wish you had bought more when you were able. Obey that impulse NOW—buy more War Bonds today! The Detroit Edison Company.

Michigan's contribution of manpower to World War II is already more than double the entire record for the first conflict, 25 years ago.

Approximately 320,000 men and women (yes, forget the ladies) have left Michigan homes in cities and on farms to serve in Uncle Sam's forces all over the globe. That's a bit more than a legion. World War I record was the following: Army, 152,000; Navy, 18,413; Marines, 3,318. Total, 163,229. Of the latter number, 4,235 became gold stars on the state's service flag—24 per cent of all—and not all of those were killed in action, as influenza and other diseases took a heavy toll of lives.

In other ways the contrast is sharp. Our part in today's war has already exceeded the entire time of our participation in the first conflict. Instead of fighting one war—end with France, Italy and Japan among our allies—we gave two wars on our hands; our boys are set to lead on the continent of Europe (when this column was written); and only four of our divisions saw action in Tunisia.

We still have a long way to go before the boys march into Berlin and Tokyo. There appears to be a long, long war ahead. But victory is certain. Of this we know.

It should be remembered also that the present rate of induction is high, after a temporary lull last spring, and that fathers are still subject to call. A total contribution of 400,000 to 500,000 is not improbable in view of Washington's warnings of preparation to carry on the war for six years.

The war is going to cost us many, many billions of dollars we paid in 1917-18.

But if the price of human life is less and our Michigan boys and girls come marching home, we will take our medicine and like it.

The war is going to cost us many, many billions of dollars we paid in 1917-18.

DON'T PASS

Resist any temptation to pass other cars on hills and curves just because the other drivers are staying well within the 35-mile-an-hour limit. Highway warning signs, law enforcement agencies, and traffic accidents themselves continually point to the danger of this driving practice. But all these warnings are useless unless your own common sense says "Don't pass."
