Bombs Drop On Northville for First Time

Alert and Bombing of Vil-
lage Brings Out Emerg-
ency Services During
County Wide Practice

First Bomb at 8:17

Northville was bombed Tues-
day night. For the first time in
history, an airplane dropped
bombs on the village of North-
ville, mock explosive and incen-
tive bombs in the practice also
staged throughout Wayne, Mac-
omb and Oakland counties.

There are a lot of things to tell
about this country and town. I'll
have to write about it later on
when I get more time. Here are
a few of my experiences. I was at
El Gatas and up by Tungs. I was
at the place where we stopped the
10th German Panzer div. and
at Tungs when the thing ended, so
I guess I have been through
enough for awhile.

It has been quite hot lately
and I hope I don't stay here all
summer, but this is better than
a lot of rain. I hope to be able to
send a few things home, from
some of these towns I have been
in but hope I can bring them
home instead of sending them to
you. What do you hear about this
outfit in the States and what
seems to be the news there of
what's going to happen next. We
get some news but it is all too
late if we help make the news
we read. I guess it will be some
time before this war ends from
the way it is going on, but any-
thing can happen, so I hope it
don't take too long.

There isn't much to say, but I
will write when I get the time.

San Diego, Calif.

Will you please send the Re-
cord to me at San Diego. What
little time we have is very brief
so the little home town paper
would be just the thing to take
care of that situation. I am in the
same platoon with Charlie Wood-
ward so we can read the paper
together and exchange our opinions
and knowledge of the news
and goings on of Northville.

Letters received from friends
and neighbors would be
appreciated by me. We are having
it fairly easy. As we do not go on
schedule until tomorrow, Aug. 2,
I must close for now as I have
a lot of letters to write.

Ariuth Karschner was home
on leave the first part of the
week. Ariuth, who is a cook at
Camp Butler, S. C., is due back
there Aug. 15.

Lynne Larson, son of Mrs. E.
Larson of E. Main st., has been
promoted from private first class
to corporal. He is stationed at
Camp Howze, Tex.

William H. MacDonald is now
Corp. MacDermid, and is stat-
ioned at Davis, Calif.

Raymond Koenig, who is in
the Naval Aviation Training
School at Corpus Christi had the
misfortune to break his leg last
week. Too bad his brother Will-
iam isn't stationed closer to him
because he is in the Field Medi-
cal Service School, in San Diego.
Both boys are sons of Mr. and
Mrs. Joseph Koenig of Farming-
ton.

Don Barnard has been trans-
ferred from Ft. Warren, Wyo., to
Ft. Crook, Neb.

Word has been received that
Major Herbert W. Berendt, who
has been in Iceland for almost
two years, is in New York en
route for home.

Alameda, Calif.

Just a line to let you know
that I have been transferred
from the ship and am at the pre-
sent time at the U. S. Naval Air
station at Alameda, Calif. I don't
know how long I'll be here, so if
you send the paper to me here,
I'll let you know as soon as I can
where I will be when I leave
here.

I want to thank you again for
sending the paper to me, and to
let you know that it helps keep
in touch with the folks back
home.

Yours truly,
A. M. M-3/C Harold Parmenter

Since receiving the above let-
ter from Ode, we have had a
call from him at the Record of
his to say that he received a 15
day delayed leave and will be
here until Aug. 24 when he
leaves to report to Corpus Christi
for shore duty.

Minister's Brothers, Twins, In Navy

Noted recently in a Detroit
publication was the following
article concerning Ensigns Ed-
ward W. and Edwin H. Young,
twin brothers of Rev. Lloyd
Young, pastor of the First Baptist
Church here.

William Young, 2668, Monroe
Detroit, is the father of the
twins. Edward is in the Navy. Ed-
ward W. and Edwin H. Young
24 years old. The boys joined the
Navy together, got their com-
mission together and are now
separated for the first time in
their lives. Edward is taking a
special engineering work at Har-
vard University and Edwin a
special training course in Flor-
ida. Before joining the Navy the
two worked together at Wright
Field for several months.

As per previous plans when
the blue signal came through
wardens and units were made
ready for the eventualities that
might happen. Shortly after the
all-clear period in other parts of
the county, at 8:17 p.m., a high
explosive bomb (blue ribbon)
fell at the corner of Cady and
West st. in the play ground of
the high school. The report was
turned in by Warden Bechler.

At 8:27 incendiary bombs were
reported in the vicinity of Ran-
dolph and High streets near the
Zapham and Gardner residences
by Warden Warner, and at 8:30
pink bombs were reported by
the auxiliary police of 312-318
Randolph and 223 High Street.

The first reports reported, aux-
iliary police reported, the fire
department were in action and
the medical unit was dis-
patched to care for injured
and burned.

The various units took care of
their respective jobs with credit
to the community, and efficiency
of control center and working
units showed that matters could be well handled in
an emergency.

The practice bombing also
showed clearly that out country
regions need to be more correctly
instructed in the meaning of the
signals, and also that much can
be done to build up the efficiency
of communications and instruc-
tions from the out country com-
mand. For as far as the local
command was concerned, there
was a lack of timely instructions
regarding the proposed raids and
the timing of the signals from
the command center.

Wednesday noon Lieut. Robert
Bray, who is home on a furlough
from service in China and India
spoke most interestingly of his
experiences in that far off
country and en route thereto.
Lieut. Bray was probably the
first Northville Aviation officer
to see service in the several ter-
ritories of operation. Lieut. Bray
told of his journey via carrier to
Africa, across the lake off
from the carrier with land planes
and the flight across tropical
Africa to Cairo, across Arabia
and down the Persian Gulf to
the west coast of India. In India
Lieut. Bray was attached to Gen.
Chennault's command and learned
of fighting tactics under that
famous General. Lieut. Bray paid
high tribute to his commanding
officer. He told modestly of
bombing flights into Japanese
territory, and the interesting ex-
periences in pursuit of the Jap
Zeroes, of a cap pilot kidding the
Americans on the ground in per-
fect English, and how they fun-
nily got him and put an end to
the verbal bombardment. The
job of ferrying cargo into China
high over the mountains of high
peaks 100 miles wide, strange
country enemy country and many
interesting experiences and answers
to questions from members of the clubs made the program
now something to be remembered
by those present, and added much to the pride of the
community in the deeds and ex-
ports of its fighting men.

Letter Tells of Hunting Knife
from Here in New Guinea

When the Government and Le-
gion were asking for hunting
knives Dennis Kilken of 2887
Beck Road attached his name to
a hunting knife and placed it in
the mail box - and lo and behold
last week he received the follow-
ing letter from the U. S. soldier
now using the knife in the
jungles.

knife has landed in New Guinea
and is already being used for the
purpose for which it is intended

What it is like. It is nothing but
a jumbled mass of undergrowth
and very large trees crowded
with vines. It is so thick that it is
impossible to travel through it
without cutting your way. It is
always warm here and the only
change we get in weather is from
rain to sunshine. So it is quite
different than my home in Apollo
Pennsylvania. I've been over
there 18 months and at times it
gets a little lonesome but when
a person thinks of the many years
of good times to come, this is
not a bad place to live.

THAT SAVE ELECTRICITY

and are practical and patriotic!

YOUR REFRIGERATOR. Don't overcrowd your refrigerator or put hot dishes on the shelves. Cool. Have refrigerator inspected periodically, and defrost regularly. Don't open door any oftener than necessary. Locate refrigerator away from heat sources.

YOUR RANGE. Use the deepwell cooker often—it's thrifty. Cook complete oven meals. Start your surface cooking on HIGH; then switch to LOW heat as soon as food comes to a full steam. Use very little water for cooking. Bringing large amounts of water to a boil wastes electricity. Foods should be steam-cooked. This helps conserve vitamins, too. On many electric ranges, cooking can be finished with stored heat from the surface units after the current has been turned off.

YOUR OTHER APPLIANCES: Avoid overloading one, if need be. Don't run your washer longer than 15 minutes per wash. Turn off the iron when it's enough. If your electric iron isn't a thermostat to control the heat, pull out the plug when the iron is hot enough and attach the cord again when additional heat is needed. This saves electricity. The same thing is true of your toaster—disconnect it when temporarily not in use, then plug it in again as needed. When baking or roasting in your electric oven, don't waste heat by lifting the cover to peek at foods. The Detroit Edison Company.

ELECTRICITY IS NOT RATIONED.
 BUT ITS PRODUCTION REQUIRES COAL
 AND RAILROAD TRANSPORTATION.
 DONT WASTE IT!

BUY WAR BONDS

I've got a home, too, Mister! Every extra bond you buy through the Payroll Savings Plan will help me get back to it. "Figure it out yourself."

Few Americans know the Upper Peninsula of Michigan as well as Chace S. Osborn.

That is why the former governor's new book "Schoolcraft's Hiawatha" is unexpected. Longfellow's Hiawatha, written in collaboration with Stellazov, Osborn, he designed to occupy a prominent niche in American history.

Osborn, who inhabited this region in late, the coming of the white men. It is the biography of Henry Howe Schoolcraft, man who was America's greatest authority on Indians, the leading litterateur of his day, and the living incarnation of Indian life.

Most in spring kind. To visit with the prominent men in a scene is to draw health from it. It was the nearest sources and while the abundance of whitewater that prompted Father Marquette to establish his mission at Point St. Ignace in 1671.

In fact, it was the custom for the Chippewa to carry their surplus white fish to Mackinac where they sold it at a high price to both the French and Indians. Whitefish is still the choice piece of resistance for northern Michigan menus.

It was Schoolcraft who wrote "Aigle Researches," containing research into customs of the Indians.

Longfellow wrote the immortal epic Hiawatha.

Schoolcraft, as a glass manufacturer, mineralogist, explorer, artist, litterateur, scholar and member of the first Board of Regents of the reorganized University of Michigan, is portrayed by the author with painstaking and sympathetic detail. The authors close with this prediction: "Some day, a sculptor of genius shall immortalize the epic triad—Schoolcraft—Longfellow—Hiawatha."

And when this sculptor of genius finishes his creation, he will have recreated in art the spirit of the Upper Peninsula—its blue waters, forests, mineral ranges and friendly people, the Michigan land of Hiawatha.

Victory Workers on the Job

Are Doing a BETTER War Production Job Because of...

AUTOMATIC GAS SERVICE AT HOME

Automatic Gas Service cooks the appetizing, energy-packed meals that help them to do a good day's work. Automatic Gas Service supplies continuous hot water for a quick shave or a hot bath at any hour. Automatic Gas Service, after meeting ALL WAR PRODUCTION DEMANDS, has continued to bring to the HOMES of WAR WORKERS the same comfort, convenience and freedom from drudgery that have long been a peacetime service. And it will continue to be available for all ESSENTIAL civilian requirements. But let's not forget for a minute that gas service is vital to war production. DON'T WASTE IT.

Engagement Announced
Mr. and Mrs. Don Miller announce the engagement of their daughter, Donna, to Norman Sanford. Donna is a 1942 graduate of Northville High School, and at the present is employed at the Ford Phoenix plant. Tentative plans have been made for a wedding the first of the year. Details are dependent on what plans the army has for Norman.

Dinner Bridge For Eight
Miss Pearl Deaton was hostess at a dinner bridge party Thursday evening. Gathered around the dinner table which was centered by a lovely arrangement of floating hollyhocks and candles were Miss Patricia Hudson, Miss Sally Haas and Miss Carrel Spitz of Plymouth and the Misses Ida Marie Walker, Joan Helm, Marjorie Chase and Betty Jane Johnson of Northville.

Mrs. Ruth Kelso of Portsmouth, O., spent last weekend here as a guest of the Mr. C. Gundersell at their home on Clement road. Miss Kelso came here for the weekend with Miss Marilyn Gundersell from Ann Arbor, where they are both enrolled this semester.

Dolores Blackett, who with her family left here about a year ago to live in Minneapolis, spent several days here last week as the guest of Barbara and Beverly Wood, twin daughters of Mr. and Mrs. Ernest Wood, 8, Seven Mile road.

Sally Bartram Hyde of Fenton was a house guest of Maryellen Babitt, daughter of Mr. and Mrs. K. H. Babitt, 35 Rogers st. all last week. Saturday Maryellen invited Alice Hahn and Helen Ann Gansfeld, who met Barbara when they were at Camp Tropic this summer, to a small luncheon party. Maryellen left Tuesday with her guests to spend a few days in Fulton.

Sally Nutten invited a group of her classmates for a supper party at her home on Frederick road, Thursday evening of last week for a midsummer get-together. Her guests who will be going via junior high in a few weeks were Alice Hahn, Rose Marie Hahn, Joan Tuck, Lorraine Roper, Gloria Cole, Jean Gruber, Dorothy Sto. Jode, and Helen Ann Gansfeld.

Ward Matoski arranged a birthday party for C. Benton Clark, 236 Union St., on the occasion of Mr. Matoski's birthday. All former friends gathered for the birthday party.

Miss Forrest Damon, who has been a patient of Dr. Ross has just for over a week been getting along wonderfully, with full relief of all suffering in the breast from treatment.

The Atlantic Charter

The President of the United States of America and the Prime Minister, Mr. Churchill, representing His Majesty's Government in the United Kingdom, being met together, deem it right to make known certain common principles in the national policies of their respective countries on which they base their hopes for a better future for the world.

1. Their countries seek no aggrandizement, territorial or other.

2. They desire to see no territorial changes that do not accord with the freely expressed wishes of the peoples concerned.

3. They respect the right of all peoples to choose the form of government under which they will live; and they wish to see sovereign rights and self-government restored to those who have been forcibly deprived of them.

4. They will endeavor with due respect for their existing obligations, to further the enjoyment by all States, great or small, vicor or vanquished, of access, on equal terms, to the trade and to the raw materials of the world which are needed for their economic prosperity.

5. They desire to bring about the fullest collaboration between all nations in the economic field with the object of securing, for all, improved labor standards, economic advancement and social security.

6. After the fiscal destruction of the Nazi tyranny, they hope to see established a peace which will afford to all nations the means of dwelling in safety within their own boundaries, and which will afford assurance that all the men in all the lands may live out their lives in freedom from fear and want.

7. Such a peace should enable all men to traverse the high seas and oceans without hindrance.

8. They believe that all of the nations of the world, for realistic as well as spiritual reasons, must come to the abandonment of the use of force. Since no future peace can be maintained if large stocks of armaments continue to be equipped by nations which threaten, or may aggressions outside of their frontiers, they believe, rendering the establishment of a wider and permanent system of general security that the disarmament of such nations is essential. They will likewise aid and encourage, after joint cable measures will be undertaken to peace-loving peoples the crushing burden of debts.

Roy G. Clark Honored by Former Associates

Last Sunday a group of Roy Clark's former co-workers on the post office staff gave a dinner party in his honor at Billings' restaurant. Presented him with a bandana and pencil set. Mr. Clark retired Saturday, July 31 after thirty-seven years service on the postal route. Present guests included Mr. and Mrs. Clark, Mr. and Mrs. George Griffith, Miss Mary S. Smith, Mr. Joe Johnson, Mr. and Mrs. Harry Gorman, Mr. and Mrs. Arthur Schmitz and Mr. Harry Sorenson.

Miss Marie Scholtz, Northville post clerk, made the presentation on behalf of her colleagues. After the dinner the guests were invited to the Clark home at 236 Union St., Plymouth for the remainder of the afternoon.

The guests decided henceforth to celebrate birthdays of those in their group with a potluck dinner. Mr. Clark was chosen secretary for these occasions.

OCD Plans For Fair Demonstration

Monday evening the local Defense Council met at the village hall to plan for the coming work and the demonstration to be given at the fair grounds next Friday evening.

Plans were laid for the cooperation of all units, wardens, firemen, policemen and the medical

stars and the Red Cross Units in a general demonstration in front of the grand stand Friday evening just before the rodeo.

News from Novi

By Mrs. L. Rix

Mrs. Ethel Stanley of Detroit has been visiting her sister Mrs. Thomas O'Dell for the past month.

Gloria and June Holmes and Karen Larson returned Sunday after a week of camping with the Campfire Girls at Lake Orion.

Mr. and Mrs. Thomas O'Dell and son Tommy spent a few days

of last week at the cottage of Mr. and Mrs. Stewart O'Brien on the Canadian side of Lake Huron near Wyoming, Ontario.

Paul Smith of Detroit is spending the week with his relatives the Rixes and O'Learys.

The W. S. C. S. ladies met at the church Thursday for an all day session, cleaning the church, with potluck at noon and regular monthly business meeting in the afternoon.

Mrs. Jake Swartz is spending a few days with her friend, Miss Thelma George in Rochester.

Joyce Medler returned last week from a two week vacation with her grandmother, Mrs. J.

Bosley near Ithaca.

Mr. and Mrs. Ford Brooks were hosts to the Supper Club Wednesday evening at Walled Lake Park.

Judy Holmes of Detroit spent the greater part of last week with her grandparents, Mr. and Mrs. Charles Holmes.

Mr. and Mrs. J. D. Mitchell and daughter Lois and son Jimmy are having a week's vacation at the home of Mr. Mitchell's father, James Mitchell at Stanwood.

Mr. and Mrs. Charles Holmes spent Sunday at the Irish Hills.

The Baptist Sunday School had their picnic at Cass Benton Park on Tuesday.

Mr. and Mrs. George Atkinson were the weekend guests of Mrs. Lena Atkinson in Port Huron.

Mrs. Edward Baker is in the University Hospital at Ann Arbor for the second time.

Books on Italy at Library

Available at the Northville branch of the Wayne County Library are a number of authoritative and timely books which will give the thoughtful reader a better understanding of Italy. The list includes:

Neither Liberty Nor Bread: the Meaning and Tragedy of Fascism, by Frances Keene; *Brief Essays by Forty-two Voluntary Exiles from Italy*; *Goliath: The March of Fascism*, by G. A. Borgese.

Italy From Within, by R. G. Massocci.

Bread and Wine, by Ignazio Silone. A wise and penetrating novel based on the life of the Italian peasantry under fascism.

Balcony Empires: Fascist Italy at War, by Reynolds and Eleanor Packard.

The March of Fascism, by Stephen Rauschenbusch.

Ethiopia, a pawn in European diplomacy, by Ernest Work.

Ask Mrs. Bryan at the Library for any of these books which interest you.

At sea on a submarine isn't exactly the "life of Riley." In the Baltic or the Atlantic, or on the great stretches of the Pacific, these sailors know the hazards of their work.

Three different locations were used for the tests. These included Crosby soil, loam soil at Lafayette, Ind., Bedford soil loam at Bedford and Clemont soil loam at North Vernon. The crops studied for three consecutive years included corn, wheat, oats, rye, and red clover, soy beans, barley and lespedeza.

In general, the tests revealed that crops produced on fertilized plots utilized about twice as much nitrogen, nearly three times as much phosphorus and two and one-half times as much potash per acre as those grown on untreated plots.

At Bedford, for example, a corn wheat soybean and hay rotation grew on a plot treated with a 3-18-9 analysis 43 pounds of nitro-

gen, 12 pounds of phosphorus and 29 pounds of potash per acre. Plant 1 pound of 1-10-10 crop on an average plot required 10 tons of nitrogen, 4.5 pounds of phosphorus and 22 pounds of potash per acre.

On the plot where the 3-18-9 analysis was used, the 1-10-10 crop required 13.8 pounds of nitrogen, 3.5 pounds of phosphorus and 22.5 pounds of potash per acre.

When both 1-10-10 and 3-18-9 were added, the 1-10-10 wheat required 10.2 and 17.7 pounds respectively.

Chances are still good and it's remarkable how well they're growing.
