

FORWARD into FORTY-THREE With Our Men in the Service

NOTE: This column is dedicated to news of men and women from Novi and Northville communities who are in the service.

U. S. Naval Air Station
Corpus Christi, Tex.
Please forgive me for not writing to you sooner. I haven't any real good excuses so I didn't try to think up one. I don't like to write very well, but here goes:

I went to Corpus last night to meet Eric Castro at the Driscoll and we had a great time and went to a show. We have been ashore before and we always have a good time together. He is now thirty-six V-8 here now and he said it runs good and he has had no trouble with it. He brought me back to my base and then showed off for his base, which is about ten miles or more from here.

I passed second class the first of this month, but sure will be glad when we can all be home in peace again. This is a busy field here and unless the ceiling is bad we have planes up from dawn till dark and quite a few nights each week we have night hops. I guess they turn out a large number of cadets each week and each week a number come in so it is always about the same.

Please tell the folks "hello" for me and if any of the boys are around this neck of the world, to look me up or let me know where I can get in touch with them. I will try and drop you a letter sooner, never time. Again thanks for the paper.

Bruce Simmons, S 2/C has returned to Great Lakes Naval Training Station, after a visit at his parental home on West Ten Mile road. He leaves marked the completion of boot training and promotion to seaman second class.

Ensign Robert Castro is an instructor at Rock Field near Corpus Christi, Tex.

Chase Field, Texas
I'm really sorry for not thanking you sooner for the two papers I have received so far. I really appreciated them, and I hope to receive more. It is just like spending a day at home to get the paper. I never used to think it possible that a paper could do such things to a man but it really does. I'm getting along swell down here and I hope to get my Aviation Mechanics 3rd class rating soon. I expect to be home on leave next month but just keep on sending the paper anyway because I love to see what you are doing.

I understand that my son, who will be a year old the 20th of this month, is getting to be quite a boy. He has just begun to walk and I have only seen him a few times. I really miss you very much, but the day is coming when we fathers can be home with our families.

In closing this time, I want to wish each and every one of my friends and every WAVE, WAC and Nurse and every man in the service a Merry Christmas and a Happy New Year.

Pvt. Albert Vradenburg is here from Camp Hahn, Cal., visiting his wife and parents, the Lou Vradenburgs of Thayer Blvd.

Word has been received by the George C. Harpers of the 3rd Air Service, their son, Sgt. James Harper, at an overseas destination.

T. Sgt. Roy Smithman, on leave from a camp in Georgia, visited his uncle, Nort Green, last week.

The recent forest fire in the vicinity of San Diego, Cal., may have seemed pretty remote to the folks here in Northville, but to at least one Northville boy, they were first-hand. Gene Nitzel, a Junior in the N. H. S., who left early in September for service training at the Marine base in San Diego, was one of the men sent to help fight the fires. Gene has recently been promoted to sergeant and is now at the base of the Air Force.

Miss Jean Marburger, daughter of Mrs. H. G. Marburger of East Seven Mile road, expects to leave soon for Daytona Beach, Fla., where she will begin training in the Air branch of the WACS.

Pfc. Harry Lee Ray of Ft. Meade, S. D., has returned to his post after a four day furlough, part of the time being spent at the home of his great grandmother, Mrs. Mary Pedmore and his grandmother, Mrs. Maud Harmon.

Dr. C. E. Ashton, now Staff Sergeant Ashton who was home on furlough dropped in for a visit. He is now stationed at Oklahoma City, Okla., having been transferred here from Colorado Springs, Colo.

A/C Dick Davis, son of Mr. and Mrs. Clarence Davis, was home last week on leave from camp in Oklahoma.

Mrs. Ed Masters writes from Mansfield, O., to the effect that she has recently received word that her son, Pvt. Gordon Banks is now in Italy. The family formerly lived on North Rogers st.

Clovis, New Mexico
On this very cold Wednesday in New Mexico and the state they call the land of enchantment, I say on my bunk writing you this letter. You know they can call Chicago the windy city but I'm telling you, they sure have to go some to tear the place. It takes a half hour to clean the sand out of your ears and eyes. You can take a shower every hour and still feel dirty.

I want to thank you for the Northville Record. It gives me great enjoyment to know just how all my buddies are doing and where they are. I always read Forward into Forty-Three. That is my favorite column.

I wish at this time to thank all the boys of the Ford Motor Company who are planning for their very fine Christmas present. It really puts joy in your heart when you know the boys at home on the home front are thinking of you.

Navi Boy Fatally Injured Wed.

William H. Holding Jr., 9 Years, Struck By Car as He Leaves School Bus

A tragic accident happened on the William H. Holding family, 2865 Novi road, Wednesday when their nine year old son William H. Holding Jr., died at Sessions Hospital at 7 p.m. as the result of injuries suffered earlier in the day as he was getting off the school bus on Nine Mile road near Novi road.

The driver of the bus, Rex Beardsley and two witnesses, John Pullen and Richard Woods, testified that Philip H. Beardsley of Brighton, driver of the car which struck the lad, was driving at a rate of only 20 to 25 miles per hour. He skidded badly when he put on the brakes to avoid hitting the boy who ran around the front of the bus and into the path of the car.

Beardsley badly shaken by the accident, asked Pullen and Woods to drive the injured boy in his car to Sessions Hospital, while he himself waited at the Holding residence to learn of the extent of the boy's injuries.

Young Holding entered the hospital about 4 p.m. and died three hours later of internal injuries. The body was taken to Casslerline Funeral Home Thursday and lay in state until Friday when taken to New York for services and burial.

The Red Cross sewing room will not be open on Wednesday afternoon, Nov. 24 but will open for a sewing group on Wednesday, Dec. 1 at 1:30.

Northville Marine Killed In Crash

Tech. Sgt. Harry Rattenbury Killed Instantly in Plane Crash at Cherry Pointe

Northville's first native son to be killed in the performance of duty in World War II is Harry J. Rattenbury of 329 E. Cady st. An official notice was received Friday evening by his parents, Mr. and Mrs. George Rattenbury, informing them of his instant death in an airplane accident near the Marine Air Corps station at Cherry Pointe, North Carolina.

Harry was born in Northville November 17, 1920 in the family home on Center Street and had lived here practically all his life. He attended the Northville Public Schools with the class of 1939. The next year he spent studying at the University of Michigan in Ann Arbor, Michigan, which became an employee of the Maybury Sanatorium there in May, 1941. He enlisted in the Marine Corps and was at camp in California, Utah and Texas before going to North Carolina, where at the time of his death, he was an instructor in the Radio and Navigation course of the Technical Sergeant's course. During the two and a half years of service, Harry had been home on two furloughs, the last one having just ended ten days ago.

The entire village extends their sympathy to the family, which includes, besides the parents, the grandparents, Mr. and Mrs. William Rattenbury, two aunts, Mrs. Robert Power and Mrs. R. R. Richardson, several cousins, including Mrs. Don Roy (Dorothy Richardson), all of Northville. His fiancée, Miss Betty Rude, lives at Traverse City.

A military escort of honor is accompanying this serviceman's body to Northville and is expected to arrive Saturday. Funeral services will be held at 2 p.m. Monday in the Methodist Church. Burial will be in Rural Cemetery.

Northville War Chest Drive Oversubscribed

Totals Thursday Show That Local Quota of \$3560.00 Will Probably Near the \$4,000.00 Mark

You May Still Help

Northville's War Chest Drive is definitely over the 1943 contributions in total of cash receipts as of Thursday morning were \$3364.00. Some sources have not completed their returns nor caught up with calls and other follow up matters. It is estimated by Mr. George Locke, chairman of the drive, that the completed figure will show an over subscription of approximately \$300.00 above the quota of \$3560.00, asked of the community.

It has been interesting to note the response of the good people of the community to this solution. Contributions of pennies and dimes have come forth, and other donations ranging from nickels to the sum of one of \$200.00. All are giving their part with a feeling of pride and willingness to see that our soldiers and allies get every help possible.

At the Northville schools the pupils collected from all sources a fine total of \$111.00. The pupils worked hard and took a lot of pride in helping to raise the quota for the village and township.

The chairman of the drive, Mr. George Locke, his captains and committee members, all have been overjoyed at the liberal response of the people and wish to express their appreciation of the cooperation of the community and the kind recognition accorded them in this enterprise.

The personnel of the Protestant School of Religion which has been presented here for the past ten or twelve years, during October and November, met in the Methodist Church Tuesday for the purpose of evaluating the work of the school this year and to elect officers for next year. This season's work had been very successful, nearly a hundred people are coming for the course.

New B and C Gas Coupons To Be Worth 5 Gallons

All B and C gasoline coupons issued throughout the past year will be worth five gallons each instead of the present value of two gallons. West of the Rockies and the present value of three gallons east of the Rockies, according to OPA. In simplifying the gasoline rationing system OPA has stressed the fact that no one will receive more gasoline. It simply means that there will be fewer gasoline coupons in each B and C book.

The gasoline situation is still critical and from all indications will be for the duration. The OPA, however, considers that a larger value per coupon will save the retail dealer much time and labor. It will mean that the buyer will have fewer coupons to endorse and a more convenient method of buying.

It is impossible to estimate the total savings that will result in the change in unit value, but according to government officials it will run into hundreds of thousands of man hours and thousands of dollars due to the reduced use of paper and printing.

 Northville celebrated the first Armistice Day from dawn to midnight with bonfires, firing of guns, and parades of hundreds of autos, countless flags, dozens of huge steel bells and thousands of whistles. The townspeople and school children declaring a holiday from work and school.
 That was certainly some advertising stunt for the American Bell and Foundry Co Monday, although it was dictated by pure enthusiasm and not by any thought of business publicity. No other place in Michigan could have furnished the bell music that was such a telling feature of the jubilee, nor very few places in the U. S. for that matter. A Detroit news was so impressed with that part of our demonstration that he tried to buy one of the bells to take to his city to use in the celebration there.
 The Methodist ladies entertained two hundred people on the occasion of their annual chicken parsonage Wednesday night. It was a very enjoyable repast they served.

They called it the "Pursuit of Happiness"

THEY TELL you it's over there, where the guard stands on watch. So you walk expectantly over the marble floor, hearing your footsteps slither the hush and the quiet all about you. And then, suddenly, there you are—peering at it.

And there are the famous signatures—John Hancock, Charles Carroll, of Carrollton, Samuel Adams, Hutton Gwinnett.

The words, scrawled on parchment, are hard to read at first. But you know by heart the opening paragraphs—remember them from your history book in the sixth grade.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."

You've heard those words, you've seen them—many times. But somehow, standing there before that wrinkled parchment, you become conscious of meanings that used to be only sounds in the music of the language.

Those men who signed that document called it "the pursuit of Happiness." The right that every man was to enjoy in this new country was the right to pursue happiness. To roll up his sleeves and go after it and struggle and win it with his own two hands and his wits.

And because the people who first heard those words understood them—because they realized their right was one of pursuit—they went out with strength and courage and faith to hew quarries out of Vennont rock, to dig mines in the West Virginia earth, to build mills along the rivers of North Carolina.

Their sons, too, understood—and sucked oil out of the sand and harnessed the power in steam and welded one end of the country to the other with rails of steel.

Because of that right—and because they understood it—the people who came to this country, and their sons, made it the richest, most powerful, most restless nation on earth.

Today, there are those who voice other words. Words not of courage or strength or faith. Words of despair. We are too wise, too old, too civilized, they say, to pursue happiness. We have inherited the right to sit back and have happiness brought to us—docked out and trussed up like a roasted turkey on a silver platter. A dead turkey.

The words they speak are not new words. They have been spoken in other nations throughout history, and people hearing them have been lulled by their golden promise into complacency and submission. And slavery.

They are words that ought to be looked at for their meaning, not just listened to for their music—as all words ought to be scrutinized, including those that have become so familiar, so much a part of our lives, that their wisdom is likely to be lost.

So long as the true meaning of those earlier words is understood, the rights that they proclaim will never be lost.

ELECTRICITY is NOT rationed - Let's keep it that way by

Electricity is cheap and unrationed and there is no shortage of electricity in this area. But because there is an urgent need to save coal and manpower and transportation for war, the Government is asking for VOLUNTARY conservation. This means turning off all lights not actually in use. It means remembering to turn off the cellar light and the porch light and lamps in unoccupied rooms. It means the careful use of electric appliances. It means keeping lamp bulbs and reflectors dust-free, and "sharing the light" wherever possible by making one reading lamp serve two people.

CONSERVE ELECTRICITY

Even a 5% saving in the monthly use of electricity by Detroit Edison customers will save about 150 CARLOADS OF COAL PER MONTH

1,800 TRAIN MILES 14,000 MANHOURS

If you and every other American will do these things, thousands of tons of coal will be saved every day—coal critically needed NOW. No one wants electricity added to the list of things rationed. All of us would rather save VOLUNTARILY. Here is a chance to prove that voluntary, self-imposed rationing will work. The Detroit Edison Company.

OBITUARY

Rev. Hartley Canfield
 Rev. Hartley Canfield, father of W. H. Canfield, publisher of the Northville Record, and for more than fifty years a member of the Detroit Methodist Conference, passed away at his home at 312 E. Williams St., Detroit, Thursday, Nov. 11, 1943.

Death came peacefully a few hours after being stricken with a cerebral hemorrhage while looking his father's bulks, ready for replanting next spring.
 Funeral services were held from the Jennings and Lyon General Home, Owosso, at 1:30 p.m. Monday. Burial was on the family lot in Lakeview cemetery, Howell. The funeral rites were conducted by Rev. C. E. Doty, pastor of the First Methodist Church, Owosso, assisted by Rev. William Clyde Donald, Supt. of the First District.

Hartley Canfield was born in Bedford, England, February 7, 1865, the son of James and Harriet Canfield. His father was a quartermaster, the firm name still being perpetuated under the name of Canfield and Sons, Ltd. Mr. Canfield grew to manhood in England where he studied for the ministry, coming to America in 1899 to join the Detroit Conference on trial, being taken into full membership two years later and remained an active member until his retirement in 1939.

Mr. Canfield's first pastorate was in Detroit, where he was joined by his bride-to-be, Miss Elizabeth Hartley of Bradford, England. They were married in the Trenton Methodist Church, Aug. 10, 1891.

Since his Trenton pastorate, Mr. Canfield served in Belle-ville, Ridgeway, Dundee, Gratiot Park, Port Huron, Howell, Negawee, Owosso, Mount Clemens, Caro, Bay City, First Church Saginaw, Ames Church and Bethlehem Church of Detroit.

According to the Owosso Argus: "He first came to Owosso in 1917. He retired in 1931 and returned to the active ministry the next year to serve the Ashbury-Coruna Avenue Churches. His final retirement came in 1939 and he lived here ever since. Though in retirement, he continued in active association with the First Church and often acted as supply minister in other churches."

Mr. Canfield was deeply spiritual and a forceful preacher, a kindly man who made staunch friends wherever he went, and his cheery salutations to his friends as he met them on the street or elsewhere, will long be remembered. He was also deeply interested in community matters and always ready and willing to do his part.

Surviving are his widow, three sons and two daughters. They are: William H. Canfield of Northville; Arthur H. Canfield, principal of Handy Junior High School, Bay City; Hartley J. Canfield, Port Huron, manager of the Michigan Bell Telephone Co.; Mrs. Walter Moreland of Birmingham and Miss Mary Canfield, a teacher in the Owosso schools. A daughter, Helen Elizabeth, a teacher in the Detroit Public Schools, died in 1939.

He leaves three brothers and one sister in England, three grandsons and two grand daughters.

Rev. Canfield was a member of Weonona Lodge F. and A. M. in Bay City and also of the Consistory at Bay City.

Surprising are his widow, three sons and two daughters. They are: William H. Canfield of Northville; Arthur H. Canfield, principal of Handy Junior High School, Bay City; Hartley J. McCullough-Jones Marriage Solemnized

Thursday, Nov. 18, marked the marriage of Miss Mary Margaret McCullough, daughter of Mr. and Mrs. John M. McCullough, of Halstead road, Northville, to Lieut. Albert E. Jones, U.S.A., son of Mr. and Mrs. Albert E. Jones Jr., of East Lansing. The ceremony, took place in the First Methodist church at Dearborn. The twin sisters, the bride, Joan and Jean, were bridesmaids and were dressed in long blue taffeta dresses with head dresses of white and flowers. The maid of honor was Miss Myrtle McClean of Detroit, formerly a college roommate of the bride; she wore a dress of champagne with head dress similar to the bridesmaids; all carried bouquets.

The bride was gowned in ivory slipper satin, made en-train, her finger-tip veil was held in place by a heart-shaped crown of satin and she carried an arm bouquet of Fuji chrysanthemums. The groom, Lieut. Jones, was in turlough, having just received his commission at McLaughlin Airfield, Texas, the couple will spend that time with their parents at East Lansing and in Northville. Theirs is a college romance having met while students at Michigan State. The bride, Peggy, as she is known here, graduated from M. H. S., with the class of 1940, with the degree of Bachelor of Arts. A wedding of interest to Northville people occurred in the Wesleyan Methodist church at Jackson last Saturday, Nov. 13, when Miss Vivian Mildred Cox, daughter of Mr. and Mrs. Alford Cox of Cady street, Northville, was united in marriage to Lee Carty of Fenton, son of Mr. and Mrs. Alfred Carty of Albion. The church was decorated with palms and bronze chrysanthemums and candles. Given in marriage by her father, the bride wore a white satin gown made with a sweetheart neckline. Her finger tip veil was caught by a beaded tiara. She also wore a string of pearls. The gift from the groom, Orchid net over taffeta was the gown worn by the maid of honor, Miss Mary Marjorie of Ann Arbor, while the bridesmaid, Miss Jeanette Harland of Jackson, wore blue organza. Mary Lou Cox, as flower girl, was dressed in yellow organza. The groom's attendants were Donald Booth of Jackson, as best man, and ushers, Kenneth Booth and Francis Lewis also of Jackson.

Hope Hon. Americans TELEPHONE Thanksgiving Greetings!

We just bet you do, Tojo. Nothing would please you more than to see long distance circuits in this country cluttered with social calls. For the telephone system already is loaded with vital war calls that— one by one—are helping build the "road to Tokyo" and Victory.

TO OUR CUSTOMERS:
We well know the fun of telephone reunions with friends and family at holiday time. But please don't do it this year. War needs the wires as never before... and you know that WAR KNOWS NO HOLIDAYS.

Can You Picture MICHIGAN without Newspapers?

very hour of the day headline news of overwhelming interest to every person in Michigan is being made all over the world. But without our modern communication systems and particularly our newspapers it would be next to impossible to find out what's going on.

Getting even closer to home, we wouldn't know what local boys are back on furlough—who's getting married and when—what's happening in the comic-strip world—what events are taking place all over town.

All of us should feel proud of the fine job newspapers are doing to keep Michigan in touch with the times. It's a strong and free press, serving free people—one of the first things the dictators would suppress if they had the chance! And it would be hard to over-estimate the part played by Michigan's 56 daily newspapers and 356 weekly newspapers in furthering the war effort. More than two and a half million people buy these papers—far greater numbers read them—the whole State relies upon them for information and inspiration.

For this reason Greyhound depends upon such newspapers as this one to carry its information on bus service to those in Michigan who travel. Greyhound, in turn, carries many newspapers to rural areas not served by any other transportation system.

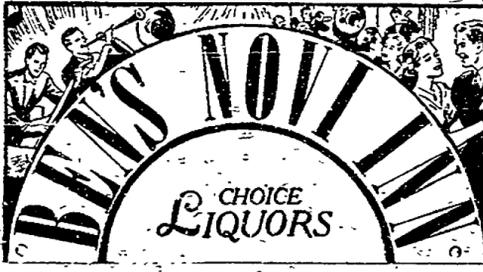

As fellow citizens of this State, the Greyhound Lines take much pleasure in helping to make near neighbors and good neighbors of all the communities we serve in Michigan—linking them to each other and to the rest of the country, as newspapers do.

PAPER SHORTAGE
THE PATENT PUBLICATIONS

Publishers will be confronted with a serious print paper shortage in 1944, when considerably less newspaper will be available than in 1943. Donald M. Nelson, Chairman of the War Production Board, has advised representative Lyle H. Boren, Chairman of the House Subcommittee investigating the paper situation.

Even when publishers accomplish the additional five per cent increase they need to recently through their Industry Advisory Committee.

It will be about 9,000 tons in excess of production for the fourth quarter of 1943. Receipts of newsprint for the fourth quarter of 1943 will be approximately the same as the third, or 370,000 tons comprising 630,000 from Canada, 200,000 from the United States and 40,000 from Newfoundland.

Unless efforts of the W.P.B. and the industries to increase the cutting of pulpwood in the United States and Canada bring anticipated favorable results, present reserves of newsprint will be exhausted shortly and a further, perhaps far deeper, cut will be required in 1944, Mr. Nelson pointed out.

At the same time, it was announced that Donald Gordon, Chairman of the Canadian War-time Prices and Trades Board, has agreed to continue deliveries of newsprint by Canadian Mills to U.S. consumers at the rate of 2,000 tons per month during the fourth quarter, in accordance with Mr. Nelson's request.

What You Buy With WAR BONDS

Mosquito Bar

Among the casualties returning to the United States from the Solomons are men who have lost their hearing not from injury, but from their being attacked by insects upon men who have been without mosquito bar protection.

We'll never know how many lives this mosquito bar has saved and you probably never will know just how much good your purchases of War Bonds have done, but you should know that regular and increasing purchases are necessary.

Mr. and Mrs. George Berger of Mayfield Ave. gave a farewell dinner last Wednesday in honor of Mr. and Mrs. Jack Woltzer who are moving north. Mr. and Mrs. William D. Zwahlen, two daughters, Janet Mae and Gail Anne, and Mr. and Mrs. Melvin Murphy, Ruth and Robert of Berkley were present.

Mr. and Mrs. William H. Zwahlen were guests Saturday of Mr. and Mrs. Roy Gannon of Berkley.

Mrs. John Auttama was one of the October jurors who, last Wednesday, Nov. 10 at 1 p.m. in the Superior's court room presented a flag honoring Judge B. Murphy, Circuit Judge. After giving allegiance to the flag, and an appropriate program, the flag was presented by J. C. L. Webster.

YOU'LL HAVE TO SAVE FUEL!

Only 90 percent of last year's supply of coal will be available for civilian consumption this year. This is the word of Interior Secretary Ickes.

Last year we heated our homes to 65 degrees. But with 10 per cent less fuel this year we may run into serious difficulties.

But...
Discomfort CAN be Avoided!
Here is how you can make your 90 percent s-t-r-e-t-c-h as far - or further - than your full quota went last year:

By Insulating...

Too many homes today waste heat because the sides and roof will not keep the heat INSIDE. ROCKWOOL and BALSAM WOOL are the answers here. They keep the heat IN in the WINTER, and keep it OUT in the SUMMER. Here, again, you'll be surprised at how INEXPENSIVE it really is to insulate your home. In fact, the saving you make in fuel will quickly pay for the material.

Alaska's Post-War Promise

Today, Alaska is in the midst of a war boom. But that, says its perennial champion, Anthony M. Diamond, is only a taste of things to come.

This last frontier on American soil, he says, has possibilities greater than those of Norway, Sweden and Finland, which have a comparable climate and comfortably support 13,000,000 people against the few tens of thousands in Alaska today.

Be sure to read the complete article by the delegate to Congress from Alaska. It appears in This Week, The Detroit News Sunday Magazine.
