Mr. Canfield: The Record comes through with regularity, one month after date of publication, and really I can't express my appreciation to you for your generous remembrance of we fellows.

I'm writing you tonight though to request an extra special favor of you. Will you, if and when you have the space, print the enclosed poem? I think it comes very near to expressing the feelings out here as anything yet written.

I didn't write it; one of the others did, but it's the one thing we all try to say in every letter home.

Thanking you again for helping to keep us in closer contact with our people at home. I am sincerely,

Harry Porter, Phm., 3/7 Mobile Hospital

DEAR MOM: When you're thinking of your pen pal. And don't know what to say. And you visit the dear old country. Had never seen the light of day. There's always one small item

You know it's safe to write.

Word comes from Sam Bongianni stationed in the Hawaiian Islands that he receives the record regularly each week.

And hold on to your caps. You may like with arts and crafts. And that everlasting smell. But still you taste the same old pie.

Dear Mom, I'm safe and well.

First Military Burial Service of World War No. II Awarded Harry J. Rattenbury Here Monday

The first military funeral service to be held in Northville was that for Tech. Sergeant Harry J. Rattenbury who was killed in a plane crash at Cherry Point, North Carolina, on Monday, Nov. 12. The Methodist church of which Harry was a member, was the scene of the service Monday afternoon. Rev. Leslie Williams officiating. Color guards, members from the local Legion post and from the Marine Corps in Ann Arbor, stood at attention during the service. Attending were some twenty Marine Corps students from the University of Michigan who acted as pallbearers. Members of the Lloyd Green Post and host of neighbors and friends.

Honorary pallbearers included E.C. Mollema, Charles Vahne and Malcolm Oliver of the jazz band who will also be guests of the club for the evening along with Coach LeCrenier and Coach Meeker.

Want To Send Your Signature To Our Northville Boys?

If you want to you can. On the first page of the Record-Riot Overseas Christmas edition will be a Christmas greeting to which will be attached a facsimile of the signatures of Northville people who do wish to say "Merry Christmas." Yes, 100 signatures are wanted for this greeting page - you may send your signature on this page by stopping at the Record office or the office of T. R. Carrington and signing the list. The signatures will cost 50 cents each - and that is the way the Rotary Club and the Record are financing the project.

The result was a development by the telephone company whereby "suburban scappers" can now phone "The Society of Good Neighbors" by dialing their local operator for telephone number 10570. The call is connected with "The Society of Good Neighbors" Detroit, and they request a "Good Neighbors" pick-up truck to call for gathering up salvage and scrap without the usual suburban telephone toll charge.

The urgent need of old newspapers, magazines, clothing, rags, housefurnishings and toys is acute. Avail yourself of this new telephone innovation. Simply call your local operator, ask for 10570 and without any telephone toll charge, you may instruct where and where a "Good Neighbor" truck may pick up your contributions.

Hardwares Will Not Be Closed Wednesday P. M.

Between Thanksgiving and Christmas the usual Wednesday afternoon closing will be discontinued, and the three stores will be open all days of the week during business hours.

Arrangements for Saturday Evening Events Being Planned by Recreational Committee

Students Plan

Open house at the Scout building Saturday evening, Dec. 4, will inaugurate what it is hoped will be a series of Saturday evening get-togethers for Northville high school boys and girls. The recreational program committee of the Coordinating Council rounds in discussing the community program with representatives of the four high school classes that what they wanted most was something to do and some place to go Saturday evenings.

The arrangements for the open house next Saturday night are to include the basis of the students themselves. Programs will be created by a nominal admission charge. There will be dancing on the main floor of the Scout Building and picnics in the basement room. Only men

of the older set are eligible to attend.

The odds for the sixth were held at a meeting of the recreation committee and its many friends and participants in Northville. Telegraphic information stated that Dr. S. S. Spivak, member several weeks ago of the student council, following a kidney operation, is now recuperating.

The body is expected to be at the end of the student council session in Detroit Wednesday night. Classes, however, will be regular arrangements.

The S. L. C. in Northville, organized by the Boy Scouts, is holding an inter-committee meeting on Friday morning to discuss the details of the inter-

club Thanksgiving Day Service. The S. L. C. will be in charge of the choir and organ.

God's help to us has been great in this year of march to aid world-wide. Brothers of other United Nations, our gallant men have won victory, have freed our heroes from fear, have made tyrants tremble, and have laid the foundation for freedom or life in a world which will be free.

Our farms and mills have wrought well, and our weapons have not failed. Our farmers, Victory gardeners, and crop volunteers have gathered and stored up the heavy harvest in barns and bins and cellars. Our total food production for the year is the greatest in the annals of our country.

For all these things we are devoutly thankful knowing also that so great mercies exact from us the greatest measure of sacrifice and service.

Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, do hereby designate Thursday, Nov. 25, 1943, as a day for expressing our thanks to God for His blessings. November having been set aside as "Food Fights for Freedom" month, it is fitting that Thanksgiving Day be made the culmination of the observance of the month by a high resolve on the part of all to produce and save food and to share and play square with food.

May we on Thanksgiving Day and on every day express our gratitude and zealously devote ourselves to our duties as individuals, and as a nation. May each of us dedicate his utmost efforts to speeding the victory which will bring new opportunities for peace and brotherhood among men.

The Waterford school, Wayne County Training School, Maybury and Eastlawn Sanatoriums take part in the sales for this area.

Done at the city of Washington this eleventh day of November, in the year of our Lord nineteen hundred and forty-three, and of the independence of the United States of America the one hundred and sixty-eighth.

The regular meeting of the Women's Relief Corps will be held Tuesday evening, Dec. 7, with Mrs. Nellie Partridge as hostess to the group at the home of her daughter, Mrs. Hiram Blowers, 226 High st.

PROBATION OFFICER SPEAKS

An excellent talk on the problem of juvenile delinquency was given Monday evening by J. R. Kelly, assistant chief probation officer in the boy's department of the probate court, Detroit. Mr. Kelly was substituted for Judge D. J. Healy, who was ill and unable to make the trip out to Northville. More love and understanding for the boy in his early years was the remedy offered by Mr. Kelly, the same to be used in dealing with these problems when they arise in later years. A goodly sized crowd turned out for this timely talk which was sponsored by the Northville Mothers' Club, and which took place in the Methodist Church House.

SUMNER WELLES

To Write for The News

Few people have had the opportunity to study international affairs at as close a range as Sumner Welles.

As Assistant Secretary of State from 1933 to 1937, except for a brief period as Ambassador to Cuba, he played an important part in the development of the "good neighbor" policy toward Latin America.

As Undersecretary of State from 1937 until his recent resignation he was one of the key men in guiding American diplomacy in the critical days preceding and during the war period.

Mr. Welles' diplomatic career dates back to 1915 when he was appointed secretary of the embassy in Tokyo. Since then, he served in various diplomatic posts here and abroad and as a delegate to many international conferences.

heaviest sacrifice in the anti-inflation fight. This statement was interpreted by Washington observers as an indication that the labor board will recommend a general wage revision. President Roosevelt has named a five-man committee of the labor board to examine living costs. Washington business leaders forecast an increase in prices will follow any increase in wages.

President Roosevelt will seek a tide, prevent swaying horses in mid-stream, et al. CRUCIAL YEAR With an invasion of northern Europe, and an election campaign both likely to coincide in 1944, the nation faces a most crucial year. James A. Farley, Democratic state chairman in New York, has characterized 1944 as being "the most important election year we've had since this great Republic came into being." It looks like Jim was right.

CONFUSION

The net result of these clashing viewpoints, which we have sought to summarize for purpose of brevity, is just what you might expect. Confusion. If wages of labor must be increased because living costs have out-distanced them, which is the position of labor, isn't it logical for earnings of labor to be increased still more when prices rise to a higher level? The farmer believes that the consumer should pay higher prices; the laborer wants his earnings increased because of present prices.

FARMER: Edward A. O'Neill, president of the American Farm Bureau, told bureau delegates at Michigan State College, that the cost of food in proportion to the consumer's buying power was the least in 30 years; that the cost of living had increased only per cent since September 1942 while wages of labor had gone up 15 per cent. "Why not roll back wages instead of food prices?"

ALBERT S. GOSSETT, master of National Orange, in an address before the state grain convention in Grand Rapids, warned that the nation was rushing blindly toward disastrous inflation unless Congress curtailed consumer buying power through taxation. Goss urged a continued tax and post-war savings plan whereby surplus earnings could be siphoned from the market. In brief, the farm position: No federal subsidy to stabilize food prices; let the consumer pay higher food prices

for higher earnings; halt labor's preferred status for wage increases; impose more taxes on the middle and lower income brackets.

LABOR: The cost of living has increased faster than wages and has exceeded the ceiling established in the Little Steel stabilization formula of September, if the federal bureau of labor statistics' index of living costs is a "phone" and the National War Labor Board should increase wages accordingly. Corporations are trapping huge profits, while capitalists compete to recruit labor in order to expand with labor negotiation. Just because a wage earner stayed in one job for 30 years prior to the war without getting much in the way of wages is hardly a valid excuse on the part of his employer to 1942. Find that job weekly. In brief, labor's position: We want a share of wages, in view of inflation. Higher living costs have in reality faster labor earnings.

INDUSTRY: Weekly earnings of Michigan labor have risen 37 per cent since January, 1941. Hourly earnings have risen 37 per cent; weekly earnings have mounted twice as fast as 1,000 weekly earnings (General Motors Corp.). We must build an adequate post-war reserve to defray tremendous cost-of-reconversion to peacetime production. Net profits after taxes and dividends have increased 15 per cent since Pearl Harbor. Automobile companies earned 17 per cent more net profit in 1942 than in 1941. Labor must recognize that national prosperity will depend upon a prosperous free economy. Management must protect the interests of stockholders, whom so many are laboring men, widows, and philanthropic enterprises. Eric Johnson president U. S. Chamber of Commerce

OPA: Prentiss M. Brown, as OPA administrator: "Without a subsidy plan the price structure cannot be held and wages will be forced upward." Without subsidies butter would sell at 60 cents instead of 50 cents. Add to that the increase in the price of meat, milk and other commodities that would follow the reversion of subsidies, and you encourage even justify, higher wages. . . . The net income of the farmer is 96 per cent higher than it was before Pearl Harbor. The average weekly wage of the American laborer is 33 per cent higher than it was before Pearl Harbor. Corporation profits, after taxes, are 15 per cent higher than those earned in 1941, while prices are 12 per cent greater than they were on Dec. 7, 1941, when the Senate took up the subject of price control, resulting in the act of Jan. 20, 1942.

NWLB: William H. Davis, the chairman of the National War Labor Board, in a letter to Vice-President Henry A. Wallace, Nov. 6 declared labor had made the
