I have been delaying this letter long enough, so now will try to get it written before working time again. We have been terribly busy, much too busy, as we have had to drive all night long for several nights recently. I wish to thank you for the steady delivery of the Record, also for the Christmas edition, as I have been passing the paper on to Mr. and Mrs. James J. Jordan, from Ocean Beach. They formerly lived where the Tryon stables are now located on Ridge road.

I spent Christmas day and the following day at the Dixon's in Glendale; also on these two days the Dixons were hosts to the army, as my "Jim" whom I didn't know until then, was stationed in a nearby hospital, but has been transferred since. Here at camp Bill Sutton, Geno Nitzel and I have been seeing each other quite often; we have planned to have a picture taken of the three of us but we cannot seem to get together at the same time. Yesterday I went to see Bob Steng and Andy Tork; I was there in time but the boys were at the show so I didn't get to see them. Last Friday I received my P-6 stripe which had been on the way since Dec. 23. We have been hauling supplies for four different outfits that are ready and have shipped off for unknown destinations. I received a letter from Martin Trap last Saturday that was very welcome and much appreciated. We seem to have more work to do the outfit that I am now in contains several of my old "boot" camp buddies and we have a lot of "old bull" sessions talking over those hard boot camp days that now could seem very easy. I received many nice holiday greetings from friends back home and even if I have answered them to them to know that they are sincerely appreciated. I have biddies and pals stationed in every corner of the earth now and to all of them I wish this year to be the ending of the war so that we can all be together again, and to enjoy such good times as we used to have, such as hay rides out to Milford if the old gang remembers.

This record is very much appreciated by me and I hope the editors keep on writing.

New Caledonia  
The Christmas edition of the Record was really something. The folks back home to be proud of, because if all the rest of the men in the service got as much enjoyment out of it as I did, we're about all their buddies and where they are and what they are doing, the effort was worth it. I know the majority of people whose names appeared on the edition, making it possible to find them. I am looking forward to being home for Christmas this year, for we're really giving the Germans the works.

O. E. S. Annual Ball February 25

Plans are under way to insure this year's Eastern Star Masonic ball the great success it has been in other years, this being an annual event in Northville. Committees from the two organizations have secured Gene Fenby and his orchestra, with Miss Sally Romano as usual. Light refreshments will be served during the evening in the school cafeteria, and the gym will be decorated so that this party will take its place with those of other years as one of the outstanding social events of the Northville winter season. The date this year is Friday evening, Feb. 25.

Major Richard Loomis of the Army Air Force arrived in town Sunday night for a visit with his family and friends. Dick has recently been on duty in Newfoundland.

Camp Butler, N.C., George Russell of the Navy Seabees has received a promotion to Navy Lieutenant. On duty in a North Atlantic winter season. The date this year is Friday evening, Feb. 25.

The holiday season with us kind remembrances from so many friends has made me feel very close to Northville even in far off India. Many thanks to all of you for the morale lifting cards, letters and gifts.

To the staff of the Northville Record I want to say that their fine, cheery paper has followed me through two and a half years of service on the continents and kept me always in touch with Northville. August Records are coming here in January as a welcome and early read.

I am taking this time to thank you all for sending me the Northville Record. It arrives every week and I enjoy reading it very much. I've been here at Mississippi State College for three months now and I've enjoyed it very much; I still have two months to go.

The food is the BEST I've eaten at any army camp. It still can not possibly compare with my Mom's cooking though.

I've started in trigonometry. Now! It's really got my head spinning. The weather down here is very changeable. It snowed twice during the two months I've been here; today it is perfect though; I would at this time like to say hello and good-bye to all my friends.

I am writing enclosing my new address, hoping to receive the Record soon. I received the special Christmas edition which was of great interest to me. I did not know where a lot of the fellows were or what they were doing until I read that edition.

It is surprising how much one misses a paper as much as I miss reading the Record. It keeps me interested in the doings of the national magazine so clear that localities have read their names as they are inscribed under a magnifying glass. Unless the Michigan legislature acts next month to acquire possession for the public, the heart of the nation's largest single tract of virgin hardwood hemlock timber - the scenic Porcupine Mountain area of the Upper Peninsula - will be razed soon by the woodman's axe.

It's the old, old story. A big firm from Wisconsin, the Connors Lumber company, is interested in the prospect of wartime profits.

Heretofore, the inaccessibility of the tract and prevalent lumber prices were the only reasons why the valuable forests were spared from exploitation. Today's high prices, however, make it profitable for the Connors company to build a railroad line into the Porcupine area, to construct special roads, and to hire lumberjacks at 40-hour-week wages with extra trimmings thrown in for good measure.

Hence, to the Wisconsin lumber company, it's now or never.

With war profits at stake, the Connors company recently sent a lobbyist to Lansing. The threatened acquisition by the state of their 8,000-acre holdings is being opposed vigorously by the Wisconsin outfit.

The lobbyist, in talks with state officials at Lansing, indicated in plain words that Mr. Connors is more interested in the welfare of the people of Michigan. Appeals for cooperation in the name of "public interest" have fallen far, on unscrupulous ears.

Here's how the situation stands at present:

Purchase of the Porcupine Mountain tract, of which 33,000 acres are now privately owned, is approved by the following:

Governor Harry F. Kelly.

Michigan Planning Commission.

Upper Peninsula Development Bureau.

State Conservation commission.

What would the state do with the land?

1. Create a virgin forest museum for future generations.

2. Utilize ultimately the recreational value of the scenic Porcupine Mountains. In fact, the National Park Service has offered to provide a hotel or lodge for overnight accommodations if the tract becomes a federal park.

It is the location of the famed Lake of the Clouds and the picturesque Presque Isle, river which tumbles for miles through deep gorges and falls over jutting ledges of sandstone. The "Porcupines" would become one of Michigan's greatest tourist attractions - one, incidentally, which would require travel by many tourists through most of the Lower and Upper Peninsula en route to and from.

Complementing the Upper Peninsula program is the Southwestern Michigan recreation plan, also supported by the governor, state planning commission and the state conservation commission, which would convert

## Novi High School News

The pupils of Novi school are continuing their excellent work in backing up our boys in service by buying defense stamps and bonds. This week they started the Fourth War Loan Drive, a record, buying \$17,000 worth of stamps and bonds. Notice these are bought, not sold by the pupils.

On the Honor Roll for the first semester are the following pupils of the high school:

Eighth grade: John Bodnar, Marjorie Lees, Lois Mitchell, Patsy Olivitch; Ninth grade: Albert Bidwell (all "A" average); Dorothy Hunt, Albert Lees, Geo. McCallum; Tenth grade: Donald Bingham.

Two eighth grade girls were not only on the honor roll but had a perfect attendance record this semester: they are Marjorie Lees and Lois Mitchell. Bob has also not missed a day of school.

Mr. Henry Wick, who has suffered a fractured ankle, is improving, but it will be several weeks before he will be able to be out again.

The southeastern Michigan area would not offer resort facilities and thus would not compete with Northern Michigan's cottages, cabins and hotels. It would provide ready access to woodlands and lakes for hiking, canoeing, horseback riding, overnight camping, picnicking, and hunting for 3,500,000 men, women and children. These facilities would benefit the West Hillsdale, Jackson, Lenawee, Washtenaw, Livingston, Oakland, Macomb and Lapeer areas.

Such an introduction to the lure of Michigan's great outdoors would result, Mr. Hoffmaster believes, in the travel of many families to the Northern Michigan vacation-land, just as a radio broadcasting of baseball has stimulated attendance at the games.

It's a long-range plan, looking ahead to the post-war period of a short workweek and a long week-end for leisure use.

Benefit to the masses is more important than profit to a few individuals.

That is the spirit of Michigan construction.

The public be served" is still in effect.

With adoption of the two recreational programs, Michigan's vacation program - already nationally famous - will more than fit in with the service.

WHEREAS, it appearing from said hearing and view of the premises that the public will have no further use for certain of the sections of Outer Drive so specified to be abandoned and discontinued;

NOW, THEREFORE BE IT

RESOLVED, that the sections of Outer Drive in the Cities of Detroit, Lincoln Park and Ecorse (Formerly Township of Ecorse), described as follows, be and are hereby abandoned and discontinued as a public highway:

A parcel of land in Private Claim #48, City of Ecorse, Wayne County, Michigan, more particularly described as follows: Beginning in the southerly line of old Pepper Road at a point distant North 64° 05' 40" West 72 13 feet along said line from the northwesterly corner of Lot 122 of T. H. Welch's West Side Subdivision, as recorded in Liber 41 of Plats, Page 88 of Wayne County Records, thence continuing south by the northerly line of Outer Drive, 150 feet wide; Parcel No. 1 being bounded on the westerly side by an extension southerly of the easterly line of Lot 58 of said subdivision; Parcel No. 2 being bounded on the westerly side by an extension southerly of the easterly line of Lot 58 of said subdivision; on the northerly side by the southerly line of Lots 44 to 58 inclusive; and on the easterly side by an extension southerly of the easterly line of Lot 58 of said subdivision; Parcel No. 3 being bounded on the westerly side by an extension southerly of the easterly line of Lot 1; on the easterly side by an extension southerly of the easterly line of Lot 6; and on the northerly side by the southerly line of Lots 1 to 6 inclusive of said subdivision; Parcel No. 4 being bounded on the westerly side by an extension southerly of the easterly line of Lot 7; on the easterly side by the southerly line of said subdivision; and on the northerly side by the southerly line of Lots 7 to 3 inclusive of said subdivision.

BE IT FURTHER RESOLVED

that this Board believe it to be in the best interests of the public that said sections of Outer Drive be abandoned and discontinued and be absolutely abandoned and discontinued as a public highway.

The motion was supported by Commissioners Brown and carried by the following vote: Vice-Chairman O'Brien, Brown and Wilton, No; Mrs. Nunn, Yes.

This notice is given under and by virtue of A. & No. 253 of the Public Acts of 1909, as amended.

### Save Metal Jar Caps.

The War Food Administration advises housewives to save all metal jar tops this winter. War-time scarcities make every jar lid valuable either for canning or keeping food. Many one-piece screw tops on jars of coffee, pickles, peanut butter, and mayonnaise should be saved for next year's canning. Other lids, and jars, not suitable for canning, can be useful for jelly or marmalade, refrigerator dishes, or dry goods. For future convenience save each jar with its lid on. Especially worth saving are the small metal screw caps from coffee and other food jars known as size "63". More commercial food products are being put up in "63" jars because the small opening means a saving of metal. Rubber and glass fast coffee cans are now coming on the market with paper caps, but these jars can be used for canning with caps saved from other jars.

STATE OF MICHIGAN  
County of Wayne, ss 313,614

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the seventh day of January in the year one thousand nine hundred and forty-four.

Present Thomas G. Murphy, Judge of Probate.

In the Matter of the Estate of John G. Herman (Herron) Deced.

On reading and filing the petition of Lucy Lapham praying that administration de bonis non

ad futurum be granted.

Some of us in the Greyhound organization, because of the nature of our work, have more frequent occasion to cooperate with the police than do many of our fellow citizens of Michigan. For instance, we are in a position to see clearly how much the police of this community, as well as those of neighboring communities, have contributed to the safety and convenience of bus transportation. The aid these men have given in arranging the most practical and satisfactory routes through towns and cities is typical of their skillful handling of all traffic problems.

Greyhound's most important job, as we see it, is to make near and good neighbors of all the communities that our buses serve in Michigan — and we feel that the able cooperation of police forces throughout the State has made it possible for us to do this job with greater efficiency.

We in Michigan can indeed be proud of our police organizations—city, county or state. Most of us have few occasions to call upon the service of our police forces—but that in itself is a tribute to their efficiency. They're on the job day and night whether we need them or not.

IRA ELY TURMAN

Funeral services will be held today, Friday, Jan. 28, at two o'clock at the Schrader Funeral Chapel for Ira Ely Turman, who died Jan. 23 at Eloise Hospital. Interment will be at Rural Hill cemetery. Rev. W. Leslie Williams will officiate.

The deceased, who has been in ill health for many years, was taken to the hospital, Dec. 27. He was seventy-one years old at the time of his death. He was born in Louisville, Ky. He had lived in Detroit for many years before coming to Northville with Mrs. Turman eight years ago.

For the past seven years he owned and operated the barbershop on N. Center St.

He is survived by his wife, the former Althea Fern Alburys, whom he married eleven years ago in Detroit. She lives at the family residence at 4608 Nesson St.

**POST WAR**

A survey made among war workers by Facts Finders Association on the post-war period reveals women are more optimistic about continued earning power than men, with 32% expecting the same wage as at present. Only 29% of the men expect the same wage. Most men want an automobile, most women an electric washer, when peace comes.

7 p.m. Youth Fellowship.

7:30 p.m. Everybody's Gospel Service. Subject: "An Ancient Prophet Speaks to a Modern People."

Large youth choir will sing other special numbers.

A special feature of this Sunday evening service will be an Honor Roll Candlelight Recognition Service. Candles will be furnished at the door to every family having a son or daughter in the armed forces.

7:30 Wednesday—Mid-week prayer meeting.

Christian Science Churches

"Love" will be the subject of the Lesson-Scriptor in all Christian Science Churches throughout the world on Sunday, Jan. 30. The Golden Text (I John 4:7) is: "Beloved, let us love one another, for love is of God; and every one that loveth is born of God, and knoweth God."

Price Down on Some Peas.

Retail prices of whole dry peas would be about one and one-half cents a pound less, and of split dry peas about two cents a pound less, under a recent OPA regulation, effective Jan. 29.

Ease Restrictions on Plumbing

Consumers who wish to buy plumbing, cooking and heating equipment in most cases no longer need authorization from WPA since the item which need to buy is not listed on both the Jumbo and regular Panhandle lists, and the lower snowball falls under either lamps, electrical toasters, drinking fountains, etc. on a table, or are interlocked with such items. Unrationed cost and location of each item may be purchased without WPA authoriza-

tion.

Anyone welcome to participate.

## Fish Help Fan Win Both Education, Commission in Navy

Fish, a commission in the United  
States Naval Reserve and a stick-  
to-it attitude like Robert Bruce,  
are combined in the story of En-  
sign Stanley J. Lievens.

Seven years ago, Lievens left  
his home in Jackson to join the  
Navy. After serving awhile, he  
decided he wanted to make the  
Navy his career as an officer. An-  
napolis seemed to be the creation  
degree offered the best promise.  
Coming from Michigan, he decided  
on Ann Arbor. Received a discharge  
and enrolled 3½ years ago.

That was before the day of the  
V-12 program. Lievens found  
himself faced with the double prob-  
lem of paying for his own educa-  
tion and keeping up his classes.

A avid fishing fan from the first, he  
decided to turn his hobby to  
financial account and asked for

a job at the Institute of Fisheries  
Research. Here he found his first  
job as cook-on-field

trips, sometimes frying fish. He soon  
graduated to helper and finally was  
handling fish surveys on his own.  
To do this and keep up his class  
work, Lievens formed the habit of  
rolling out at 5 a.m.

Due to the speeded up program  
and the war, on October 23, Lie-

vens was among the 25 Naval Re-  
serve graduates in whom Captain  
Richard Cassidy, the Navy Comman-

dant handed commissions as ensigns.  
Along with the commission he re-  
ceived orders to report for active

duty to the West Coast where  
according to word received by his  
friends here in Ann Arbor, he has

been too busy to go fishing, at  
least with a hook and line.

If Hitler wins, the issue  
for you will be living itself  
and not just the cost of liv-  
ing. Think that over and fig-  
ure it out for yourself how

much beyond 10 percent of

your family income you should put  
into War Bonds every tax day.
