More than 1,600,000 Boy Scouts, Cubs and their adult volunteer leaders will observe Boy Scout Week, Feb. 8 to 14, marking the 35th anniversary of the founding of Scouting in the United States. Since 1910, more than 11,400,000 American boys and men have agreed that "It's Great to be a Scout."

Enroll Thirty in Northville Flight of Civilian Air Patrol

More than thirty high school students, boys and girls, are actively participating in the cadet program of the Northville flight of CAP, under the leadership of Kendall Willis, Cadet Squadron Commander. This group is devoting two evenings a week to basic training. A number of instructors are assisting on this cadet program. Among those locally interested in training the group are Gerald Wines and Peter L. Perkins. Members of Northville flight are entitled to wear uniforms and an increasing number of them is being seen on the Village streets.

The Civil Air Patrol has been asked by the Army Air Forces, to recruit and arrange for the screening of seventeen year old boys as cadets. Girls of cadet age are also accepted. The requirements are to be sixteen years old in the tenth grade or above, and in the upper half of the class.

The Cadet training covers all of the basic military courses, including drill, and navigation, meteorology, aerodynamics, map reading, and first aid. These courses run concurrently and cadets are graded on each one.

Promotions are given as in the army; on effort and ability. While the Cadet Program does not in any way hasten call to the armed forces, it gives a knowledge of military training and gives the opportunity of much more rapid advancement when the call does come. Many former CAP men have been awarded non-commissioned ranks even in basic training because of their former CAP training.

Spending a ten day leave at the Dr. H. S. Willis home on west Base Line road are Tony Mitchell of London and John Morton of Manchester, England. Both have spent weeks here for many months from the Fleet Air Arm at Grosse Ile, and have made many friends in the village. Having finished their training, both will report at Pensacola, Fla., on Saturday for further training.

Sgt. Norman Niles and Mrs. Niles (nee Helene Johnson) of First street are now at Hamilton Field, Cal.

#### Collection Nets Over Two Tons of Tin Cans Here

Northville contributed about two tons of tin cans to the can salvage drive on the last collection date, Jan. 15, according to Earl Montgomery. This was about twice as much as the last collection yielded.

Montgomery said it was one of the largest collections on a single day since the start of the drive. Pick-up is made by village crews manning municipal trucks.

John Wooton, Maybury, San Joaquin, Calif., has received word that his son 1st Sgt. John Wooton, Jr., has arrived safely overseas.

#### N'ville Scores Double Victory Over Plymouth

Win Basket Ball Games on Home Floor, and Win Over Plymouth in Sales of War Bonds

#### Sell \$9825.00 Here

Northville High School students scored a double victory last Friday night when the Mustangs defeated their old rivals of Plymouth on the basketball court, and also outside the Plymouth school in bond sales competition. This is twice in a row that the Mustangs have beaten Plymouth in bond sales. For the week of consecutive sales Plymouth sold \$11,520.00 in bonds to Northville's \$9,523.00. Plymouth has 1975 pupils in the high school; Northville has 426. Pupil per capita sales were \$10.76, while Northville per capita sales jumped to \$23.76. The competition was stiff and the challenges issued on a per capita basis.

The Northville Mustangs defeated the Plymouth Ducks by a score of 30-20 here Friday. To this game N.H.S. put up top effort and made a basket right off the start and managed to keep ahead throughout the game. At the end of the half, the score was 16-12 in favor of the Mustangs.

Snow which fell early Monday morning, in blizzard proportions, created traffic hazards for commuters, school children, mail carriers, train and bus men. As the day wore on, traffic became so tied up in Detroit that traffic cops encouraged motorists to return to the suburbs rather than attempt the trip downtown.

A permanent appointment was announced this week for Our Lady of Victory Church. The Rev. Fr. Joseph S. Schram has been named pastor of the parish, succeeding the Rev. Fr. Lucien A. Heurt.

The union services at the Methodist Church Sunday evening in honor of Michigan's soldiers dead through the world brought out a splendid attendance.

Deposit common council Monday authorized the expenditure by the board of health of \$100,000 for the purchase of a site for a tuberculosis sanatorium to be located between the U.S. Fisher road and the Base Line road west of this village.

The Phoenix water power site has been taken over by the Ford interests and work commenced on the new dam. Negotiations are still pending for the purchase of power sites in Northville, including the former Arctic property now belonging to the village.

**V.S. ENLISTMENT EXTENDED TO FEB. 12**

Final V.S. enlistment date for one-year seniors, college students and high school graduates who are candidates for Naval Aviation Cadet training has been extended to Feb. 12. Lieut. C. C. Creedon, Senior Member, Naval Aviation Cadet Selection Board, Detroit, announced this week.

The new closing date insures all qualified young men the opportunity of applying for the Navy's \$39,000 college-officer flight training.

Candidates for all Navy flight training programs may apply through their high school principals, college armed service representatives or to the Naval Aviation Cadet Selection Boards in Detroit.

On an island in the Solomons area, the Seabees carved an air strip of the dense jungle, in 13 days, during which 16½ inches of rain fell—equal to six months' precipitation in most Middle Western states.

Seabees in the Aleutians improvised a tire repair shop and remedied an average of 175 tires a day—thus saving thousands of pounds of precious rubber that otherwise would have been scrapped.

Thousands of Army and Navy men are getting high school or college credits by following correspondence courses conducted by the Armed Forces Institute.

The Institute offers 64 separate subjects, including English, mathematics, science, business, architecture and mechanical, electrical and civil engineering. A Certificate of Proficiency is awarded upon satisfactory completion of each course.

Any enlisted man in the armed forces may study for a college degree from any one of 63 colleges or universities cooperating with the Armed Forces Institute.

There is a list of more than 300 subjects to choose from.

**A President is Born**

**H**e is so small and helpless. So dependent on you for his life and well-being. And yet you are able to look at him and say—

"Someday he may be President."

Put it down as foolish sentiment. Put it down as parental pride. But where else in the world could you envision for your child the possibility of his attaining one day, the highest office in the land?

Maybe your child won't make it. But one child, very much like him, will. One child out of the three million babies born this year—or the next—or the year after.

Whether or not he attains this high position is not so important. What matters is that here, in America, he is born

with that opportunity. He is born in the stubborn tradition of free men—men who felt that in government, the wisdom of the many is preferable to the ambition of the few. He is born in a tradition of self-reliance—where he may succeed or fail, win or lose, rise or fall, according to his own efforts.

Because of that, you will train him to think for himself, to fight his own battles, to make his own way.

You will teach him that responsibility is inseparable from freedom. And that if he joins with other men in an enterprise he should demand the same responsibility and freedom for his business that marks his birthright as an individual.

Someday he may hear, as you have heard, voices that say, "Surrender your opportunity for the certainty that you shall always have bread"—as if man lived by bread alone. As if the country were better served by limiting all to mediocrity instead of assuring to all, under law, an equal chance to rise by their own efforts, conscious of their obligations to others.

What that son of yours learns at your knee will decide whether or not he will ever have to bend his knee before dictation and tyranny.

And because of what you teach him, he too may one day look with that same foolish pride on his own son to say, "Someday he may be President."

(Formerly Bartlett & Kaisers)

PLYMOUTH, MICHIGAN

STORE HOURS: 9 A. M. to 6 P. M. Monday to Saturday Inclusive

They say there is a manpower shortage in Michigan.

Sure, didn't you read about it in the papers?

I read this story about Muskegon. The waste of manpower in Muskegon war industries has become so disgraceful the town's daily newspaper, the Muskegon Chronicle, pronounces it to be "rotten" and worthy of the word "scandalous."

Freedom of the press still exists in the United States.

And newspaper editors are still expressing their convictions candidly for what they are worth. In the case of the Chronicle the newspaper's verdict cannot be interpreted as "anti-labor" for several reasons.

First, the newspaper employs union printers who have enjoyed contractual relations with the Chronicle and previous daily papers for 37 consecutive years. Second, the newspaper concludes that Muskegon's waste of manpower scandalous in its proportions is the joint responsibility of labor-management and that both sides invited what is happening.

Proof of this joint responsibility is presented by the newspaper in the following cases, both of which are touched very authentically in the article.

(1) I am leaving Muskegon as

though it is my home and I want to stay here.

I have recently been honorably discharged from the Navy after two years service. I wanted to do my part on the home front. I applied for work at the office of an industry where it seemed my previous experience would be of value. I was employed and assigned to a desk I sat there for nine days without a thing to do. I protested.

I would sweep floors, if they did not hate anything else for me to do, rather than do nothing. The answer was, "You're being paid, aren't you?"

I found two hundred men and women in the plant in about the same situation. You could stand it any longer, so I am leaving.

(2) My small business has been curtailed by war conditions. I find I had time on my hands. I feel I should be doing something in the war effort, and besides I could use the money very conveniently because of reduced income.

So I sought employment in a war-industry near my home. I am a pretty good mechanic and hoped to get a chance to operate a machine, so I went to work as a helper.

On an eight-hour shift, I could manage to keep doing something for an hour and a half. Then there was absolutely nothing for a few hours; then about twenty minutes of honest work that had to try to make last the rest of the turn.

Everybody in the shop was taking time off, some way. I stood it as long as I could and quit.

As elements of our American troops forming a majority of all used Nation forces, will launch the crucial assault upon Hitler's tortured Europe.

Of course we expect these invasions will succeed. Commanding military authorities warn us, however, of the hell-bell in lies. Many thousands will be wounded. Who will pay the price? Will it be the son of some patriotic daddy? It will be.

The other manpower commission has bluntly told Muskegon that civilian labor is not a solution, and that the production job can be accomplished by working already on payroll.

that landing boat parts are urgently needed today!

In the failure of labor and management to do their duty under our present voluntary system, that we, "sentimentalists," the "American system" and "free labor," labor and management are recklessly sowing the seeds of fascism.

Men in the military services - and there are millions of them - will not forget this treason at the hour of national crisis. Surely, today's greed is going to be costly tomorrow. Here is a field awaiting the demagogue, an invitation to iron dictatorship itself.

The moral in the Michigan Newspaper's courageous appraisal is clear. American labor and management must put private profit ahead of the lives of our American sons and fathers. If they fail to do their duty today, they will inevitably lose their freedom tomorrow!

**COUNTY AGENT'S NOTES**

E. L. Beemer  
Farmers desiring copies of Form 4040 to use in making out income tax reports may secure them by calling at the office of the County Agricultural Agent.

Every legitimate \$10 expense that has had one field inspection will be deducted from the income tax bill cost at least \$2. A well kept farm account book will help account for all expenses. No special type of account book is required. One devised by Michigan State College has been set up especially for income tax purposes. Ask for it.

War approved seed potatoes is

a special designation for seed that has had one field inspection and will be inspected before shipment. These potatoes will give good seed for growing table stock where certified seed cannot be obtained.

A list of growers is on file with the County Agricultural Agent.

Farmers who use binder twine are promised supplies of a hemi-cylindrical twine after these cut off the supplies of mauls and sisal straw, which leads makers to predict proper tying for wheat, oats, barley and rye. Knotter mechanisms should be put in tip top shape and properly adjusted so that trouble with the new twine can be avoided if possible.

Farmers with livestock slaughter permits may now legally accept brown ration points ahead of the dates permitted in retail markets. The new OPA ruling designed to permit farm sales to consumers who have enough stamps in ration books to purchase a half a hog or perhaps a quarter of beef for use in cold weather or for putting into a freezer locker.

**SAVE COAL**

An unneeded light left burning in one corner of a storeroom wouldn't matter much in normal times. The cost is only a fraction of a cent an hour—for electricity is cheap. But today ANY waste of electricity is serious because it wastes COAL—as well as transportation, manpower, and other critical resources. That is why the Government asks you to conserve electric power voluntarily, in your store and factory and home.

Even though electricity is not rationed and there is no shortage in this area, save whenever you can, as much as you can, because it saves coal.

## Record Reporter Meets Mrs. Roosevelt at Detroit Press Conference

By Hazel Boyden

One of the Record's reporters attended the press conference with Mrs. Eleanor Roosevelt in Detroit Wednesday noon. The meeting took place in the Founder's room on the twenty-fifth floor of the Book Cadillac Hotel and was attended by some fifty newspaper representatives. Arriving for the conference practically on the dot wearing a black dress with a bit of trimmings and a black hat, Mrs. Roosevelt set the group at ease at once, by her friendly manner and informal words of greeting. The questions asked by the reporters covered a wide variety of subjects and nearly all were carefully answered by the first lady. To the query "Should women go back to their homes or continue to work outside after the war is over?" Mrs. Roosevelt replied "There were two sides to that question, one the prospect of peace, if the type of economy adopted then is restricted there will not be so much work, it is broadened, there will be plenty of jobs. The other side, the personal, depends on the desire of the women to continue to work from Washington since her return from the southwest, until the trip to Detroit." Coming to Detroit to see the city's women war workers in action in the plants and to visit child-care centers for those whose mothers were engaged in war work, Mrs. Roosevelt's plans were revised when the train on which she was travelling, was about three hours late in reaching the city. Some visits were made, a radio talk on the Fourth war loan drive given and Mrs. Roosevelt also appeared as one of the speakers at an inter-racial church meeting.

Mr. and Mrs. Charles H. Walker, Cambridge drive, are away on a ten day trip to Toronto, Quebec and Montreal.

Mr. and Mrs. Charles Vahrie entertain at Sunday night dinner. Mr. and Mrs. L. G. Lee, Mr. and Mrs. G. V. Harrison and Mr. and Mrs. O. F. Reing.

Budnik - Kerr

A wedding in Detroit on Tuesday of last week will be of interest to Northville friends and acquaintances of Kenneth Kerr, youngest son of Mrs. Boris Kerr and the late Archibald Kerr of Yerkes avenue. The bride was Miss Elsie Budnik, daughter of August Budnik of Fort street west, Detroit. The wedding took place in a city church at six p.m. and was attended by family and friends of the young couple. The bride wore a street-length dress of rose silk with a corsage of pink camellias and was attended by her sister, Mrs. Edna McLean of Detroit, as matron of honor. She was gowned in grey and wore a white corsage. The groom was attended by one of his brothers, Donald Kerr, of Ann Arbor. After the ceremony the members of the immediate families enjoyed a dinner party at Hick's on Grand River.

The Jim's orchestra paid tribute to the bride during the evening by playing the Air Corps song, in which branch of service he is now training at Nashville, Tenn., having reported back for duty on Sunday. Mrs. Kerr has returned to her home in Detroit where she will continue with her employment.

Orrin Casterline of the Gift Shop was in the city two days last week attending the gift show held at the hotel Statler.

Birthday Dinner

Mrs. Lillian Baldwin was hostess at a birthday dinner Jan. 29 for her brother, Mr. Earl Peer of Pine Bluff, Ark. Mr. Peer has been salesman for the Morris Ferry Seed Company for forty years and is in Detroit on business. The dinner guests were: Mr. Lyle Benjamin and sister, Mrs. Calvin Davis and son, Skipper; Mr. and Mrs. William Stavenini and son, Frederick; and Mr. and Mrs. Baldwin. Cake and ice cream were enjoyed after the lovely dinner.

### Fifth Anniversary

Mr. and Mrs. Frank Pratt of Walled Lake held open house on the afternoon and evening of Jan. 24, the occasion being their fiftieth wedding anniversary. Eighty-five neighbors, relatives and friends calling to see them made the day a most enjoyable one. Guests were present from Chicago, Ill.; Fowlerville, Gregory, Union Lake, Redford, Novi, Detroit, Northville, Toledo, Port Huron, Pontiac, Keego Harbor, West Acres, Commerce, Milford, Highland Park and Walled Lake. Music and singing and visiting were the main events of the evening with a buffet lunch served and many gifts unwrapped. The Pratt home was filled with gift flowers and plants.

### Birthday Dinner

Mrs. Lillian Baldwin was hostess at a birthday dinner Jan. 29 for her brother, Mr. Earl Peer of Pine Bluff, Ark. Mr. Peer has been salesman for the Morris Ferry Seed Company for forty years and is in Detroit on business. The dinner guests were: Mr. Lyle Benjamin and sister, Mrs. Calvin Davis and son, Skipper; Mr. and Mrs. William Stavenini and son, Frederick; and Mr. and Mrs. Baldwin. Cake and ice cream were enjoyed after the lovely dinner.

Birthday congratulations to Mrs. Edward Musolf Feb. 2 and to Dorothy Jean Stevens, Feb. 8.

Plan Celebration

Sunday, Feb. 13, looks large in the calendar of the Northville Methodist Church, for on that day special services will mark the burning of the church mortgage. Bishop R. J. Wade will be the speaker for the evening program. A co-operative supper for the church families will be held in the church house on Wednesday evening, Feb. 16, the dinner to be followed by a Victory celebration. The committee in charge of arrangements is made up of representatives from the various organizations within the church.

## WHO IS MAKING THE GREATEST SACRIFICE?

The woman who gives up buying a new fur coat and buys several \$100 War Bonds with the money, or...

...the kid who gave his life for this country? Think that one over before you say, "I can't afford more War Bonds."

**THE 4TH WAR LOAN** starts next week. Every American will be asked to invest at least \$100 in extra War Bonds. At least \$100. Better \$200, \$300, \$500. You can afford it.

## This is Your "Battle Flag"

### HERE AT HOME

Every patriotic American will want to display this emblem at home—on his front door or in his window. It is the red, white and blue emblem that says we have won our part in the 4th War Loan.

Display your colors now!

DURING this 4th War Loan Drive you are again asked to do something extra to help smash the Axis. Your part is to invest in at least one extra hundred dollar bond. But don't stop there if you can do more. For remember—no matter how many bonds you buy—no matter what denominations they are—your back on maturity \$4 for every \$3 invested. And that's on the word of Uncle.

**Let's All BACK THE ATTACK!**

Sam, creator of the safest investment the world has ever known.

So before you look into your wallet—LOOK INTO YOUR HEART. Your company, the place where you work, has been given a quota to meet in this 4th War Loan Drive. Do your part to help meet this quota. And remember, millions of America's fighters are waiting for your answer, your pledge that you are backing them to the limit.

U. S. Treasury Savings Bonds are under the guarantee of the Treasury Department and War Advertising Council.

### To Be Formed

Tuesday, and from four to six for the Wednesday afternoon.

Mrs. J. L. Calkins of N.

Center street, is supervisor on

Tuesdays and Mrs. Maude Hollis

of Cedar street; on Wednesdays,

Red Cross knitters here have

made gloves, mittens, scarfs,

seapots, and socks as well as

many sweatshirts.

Production pins for fifty work

hours have been given to a large

number of Northville women,

and several were presented in

September with stripes for having

completed 100 hours of work

during that year. They were

Mrs. Calkins, Mrs. T. J. Kaspay,

Mrs. John McCullough and Mrs.

H. A. Boyden. Mrs. Janie Huff

and Mrs. Carl EY were also el-

igible but were unable to be

present on that date.

Mrs. Lee Shiley, who was

production chairman and Mrs.

Kate Crandall, assistant, up un-

til the fall of 1942 had also

earned service stripes during

their period of service.

At present the Northville

workroom is busy getting out

kit bags, part of the 18,000 which

are to be completed in the next

ten days. At headquarters these

kits are packed with comfort

articles and prove a great source

of convenience to the soldiers.

The sewing room is open from

10 until 4 o'clock on Tuesdays

and from 1:30 to 4 o'clock on

Wednesdays.

War Bond Rally

The Northville CIO has been

putting on Fourth War Loan

events at the local Ford

plant with good results. Last

weekend Mrs. Biersky, an official of

the Farmers' Association, tele-

vised to enclose as did a Mar-

tin man, and a Wave

High Troop was represented by

its leaders Mrs. Hazel Wagner

and Miss Margaret Chase

of the Farmers' Board. Taylor of

the U. S. Treasury department

addressed the group and Rev.

Gerald E. Wins, Jr., the fin-

ancial director of some 150 busi-

nesses while on duty for nearly two years in the south

area. The total sum for the

Northville Ford plant is \$47,700

for the month of January.

Two professed confront the God's gracious wisdom planted

newly formed association, the

grouping of the names in

the community who are

willing to be counselors to all

the troops in the various fields

such as cooking, nursing, can-

ning, arts and crafts, hiking

camping, story telling and her-

making. The other assignment

of the association is to open

two new units and can have the fin-

ancial support of the community during

the winter months.

Bond Prizes

Of the five \$250 bonds offe-

red the two offered by the

Fraserlovers and the American

Lodge Auxiliary will be given

to the Blue Star Mother selling

the largest amount in bonds and

also the largest number of in-

dividual sales of bonds. The

War Stamp equivalent of two

\$250 bonds offered by Messrs.

Brader and Van Hove in two

sets of prizes to the pupils of

the schools. The bond offered

by Freydl Store will be given

to the Galtair selling the larg-

est amount of bonds.

## Blood Bank Due

Here February 18

This is a war of destruction yet against this background of destruction a great constructive project is being carried on. That project, perhaps, the greatest link ever established between the folks back home and the fighting men overseas is the blood donor service.

We in Northville are privileged to be a part of this project of life. On Friday Feb. 18 from 10 to 12 and 1:30 to 3:30 Open evenings and Sunday, Moore Hatchery, 4173 Michigan Ave., Ph. Wayne 4215.
