

WINNING THE WAR IN 1944
WITH NORTHVILLE'S MEN AND
WOMEN IN THE SERVICE

For Over 70 Years—Friend, Companion and Kindly Counselor

The Northville Record

Volume 73, Number 37

Northville Michigan, Friday February 25, 1944

\$2.00 PER YEAR IN ADVANCE

Helen Winter, Hoboken, 22, Saaman second class, 230 N. Rogers St., has completed her basic training and indoctrination course at the Naval Training School for WAVES at Hunter College, The Bronx, New York, and has received orders to report for further instruction at the Naval Training School (Aviation Instrument) Chicago, Ill.

Today I received another copy of the Record. Some has been a pleasure to receive it these past months and to look forward to receiving the news of home and to learn of the accomplishments and progress of all of my friends now in one or the other branches of the service.

In this latest issue I notice that

Jackie has transferred to Randolph Field. I wish it were true.

I am here only till March 4th at which time I return to Will Rogers Field, Okla. While at Randolph I am attending the School of Aviation Medicine and am accumulating much valuable information which will be of great use and value not only at the present time, but also that future time of happiness and prosperity we all anticipate will follow our victory.

So to one and all my sincere good wishes and many thanks for the Record, will be looking forward to the next copy. Every good and kind wish to yourself, Mr. Canfield. Sincerely,

"Doc" Ssgt. S.C. Ashton

I have just received several copies of the Northville Record which I am very glad to be able to receive and read. The paper was made available to me through subscription of a friend, William J. Smith. The paper has brought back many memories to me as I read the small bits about them in service everywhere, in your column "With Our Men in the Service."

I am going to take advantage of the opportunity to wish them much and god speed on their job. And to the Northville Record, keep up the good work which you have started with the column. You will never know the value as a moral builder it is; because you cannot see the face of a Northville serviceman as he receives his copy of the paper, as his eyes flash to that upper left hand corner to see if there is a bit of news of a former buddy in some outfit branch of the service.

Letters are easy to write when you first enter the service, but where the old "gung-ho" starts and after a 10, 12 and 16 hour drift and training isn't much left in the body—or letter.

As for everyone, but no matter where or what happens to a soldier as long as he lives he will write home to relatives or friends. Through them you should be able to obtain bits of news that would be of interest to others.

I have read many bits of news in first column of former friends whom I was associated with at Northville, and whom I worked with at the Maybury San., and someday I hope to be with them again in the various places we at one time got together.

Hoping I haven't taken advantage of a good thing, taking up your valuable time, I remain

Sgt. Walter Wilk

Somewhere in England I thought it was time I wrote again and thanked you for sending the Record to me. The Record that I received today was dated 1-7-44. It was a few weeks old but I sure was glad to be able to go to Northville for a while and find out what is going on in my old home town. It has been quite some time since I last saw it.

I want to take this chance to thank the Blue Star Mothers for the swell package that I received and I also want to thank everyone at the Ford Valve plant for the presents I have received from them; also everyone for the Christmas greetings that I received from Northville.

I have found out that Fred Powers is also here and I have been trying my best to get in touch with him but as yet have not succeeded. I also see that there are a great deal of fellows from Northville here, but have not run into any of them yet, but hopes are still high.

Thanks again for the Northville Record and hope when this is printed everyone in Northville is well and happy.

Sgt. Paul Peterson

Second-Lieut. Dorothy MacHewin, 560 Orchard Drive, was one of 49 Army Air Forces nurses who graduated this week from basic military training at the AAF Training Command's Basic Training Center at Greensboro, N. C. A graduate nurse prior to enlisting in the Army Nurses Reserve Corps. Lieutenant completed a four week basic course which included lectures, drill, aesthetics and military inspection. Emphasis was on practical hospital work in specialized fields of nursing. Second-Lieut. MacHewin and the other graduates are now awaiting assignment to various stations hospitals and posts throughout the United States.

Bruce Simmons' home port is now Treasure Island, Calif.

Word has recently been received here of the promotion of Eddie Nieder to staff sergeant in Iceland for some months. Eddie is now stationed in Ireland. A letter to his mother, Mrs. Anna Nieder of North Rogers St., tells of an interesting experience he had a short time ago. Having been told that Mrs. Grace Willis, a daughter of Mrs. Phoebe Bryan of this place, was living in Ireland, Eddie went to her home to call and in his own words, "Received a warm welcome from Mr. and Mrs. Willis and their six children." The Willises went to Ireland from Northville about eleven years ago.

Word comes from Mrs. Richard Baldwin of Albion, N.Y., that graduation of her young son, Phil, from a flight training school on Feb. 8 end of his marriage to an Albion girl on Feb. 15. Lieutenant Baldwin won his wings in advanced flight training at Moody Field, Valdosta, Ga. His bride is the former Anne Hubbard of Albion, daughter of Mr. and Mrs. Don Hubbard of that city.

The scholars ship pays the tuition for the freshman year and will be renewed for each of the three remaining years as long as the holder's performance warrants such action. Along with the cash value, receiving one is a definite honor both to the individual and to the school and the committee.

Mustangs Win, Lose Games This Week

Last Home Game with Walled Lake Tuesday Adds Another Victory to Schedule

Lose On Friday

The Northville Mustangs ended another victory to their last Tuesday night, by defeating Walled Lake, by a close margin of 22-21, and also added another loss to bowing to Keego Harbor last Friday to the tune of 29-27. Both games were exciting. The Mustangs led at the half in both games, but in the Keego Harbor game failed to keep ahead and lost the game by two points. In the Walled Lake game the Mustangs led at the half by one point. The score was close, occasionally in Walled Lake's favor, adding to the general tension.

In the Keego Harbor game the points were distributed among the players with Stessor getting 12 points; Foline 5; Amerman 4; Houghton 2; Ritchie 2 and Lightfoot 1.

Wesley J. Klocke S.C. of west Eight Mile road completed recruit training at the Naval Training station in Sampson, N. Y. on Feb. 21 and was given a fullough after which he will report back to Sampson for further assignment.

Joseph Fiori is still stationed in Texas but is now at Ft. Sam Houston instead of Camp Barker.

Walter Myers who has been at Camp Roberts, Calif., has been transferred to Louisiana.

Bruce Simmons' home port is now Treasure Island, Calif.

Word has recently been received here of the promotion of Eddie Nieder to staff sergeant in Iceland for some months.

Eddie is now stationed in Ireland. A letter to his mother, Mrs. Anna Nieder of North Rogers St., tells of an interesting experience he had a short time ago. Red Cross Quota for Northville Raised to \$3700

Increased Demands of Work in War Time Makes Large Amount Needed

Bloom Is Chairman

The local committee in charge of the annual roll call of the American Red Cross in Northville has been notified that the quota setup for the community has been put at \$3,700.00. Last year's quota was \$3,600.00 but additional demands of wartime activities have necessitated an increase.

Notas all along the line to meet the needs, C. Harold Bloom will be chairman of the Northville solicitation and will be assisted by the personnel of the local organization next week.

With 25 persons more money to be raised than was contributed in the last campaign, the 1944 Red Cross War Fund Drive begins officially March 1st. Details of a \$200,000,000 war bond campaign.

"We have more than 10,000 men in our armed services," said Past B-TX General Campaign chairman. "The Red Cross is grateful and our response must be greater."

Eric C. Fischer, Chairman of the County Branches Division Campaign emphasized the importance building services of the Red Cross.

"Commanders of all our forces

should send a wire to the Red Cross voluntarily saying that the Red Cross does more than anything else to keep the men entertained," said Mr. Fischer.

"Our best efforts everywhere, our best efforts which drive right up to the front lines, our Home Service Division, which maintains contact between soldiers and home in turn need these funds and that is why we need more money now."

A Speaker's Forum has been formed in Northville. Speakers in many walks of life have offered their services in making this project a success. The public opinion will be the chief beneficiary from this enterprise.

The following resolutions

printed on a handsome scroll

bearing the seal of the state of Michigan were recently sent to

Mrs. Milo N. Johnson of West Main Street, wife of Milo N. Johnson, in recognition of the contributions made by the soldiers in Northville for ten years during the years from 1934 to 1944, as well as from this district to the State Legislature from 1931 to 1932. He passed away at his home April 8, 1943.

services themselves would be given by colleges and schools for the most part, and hence under control of local communities and the state boards of education.

Furthermore, since the program would be an innovation, it is the governor's belief that the 1944-45 cost to the state would be in keeping with the experiment as a long-range objective.

The idea of adults going to school is not new. "Scan" its history.

The recent movement was born 100 years ago. The 1870's saw the birth of the free public library. The Philadelphia Centennial Exposition gave an educational impetus to museums.

In the same decade the Chautauqua Institution was founded and that brought the traveling chautauqua to rural communities everywhere prior to the day of automobiles, good highways and movies.

The university extension movement came in the late 1880's modeled after the extramural activities of Cambridge and Oxford Universities in England.

In 1914 Congress passed the Smith Lever act establishing an extension service in the United States Department of Agriculture. Michigan State College has made this service in Michigan a national pattern. Michigan is the recognized leader.

Next comes the George Deen Act of Congress during the post-war economic depression of the 30's, and it was put to good use during the pre-Pearl Harbor days when national defense was mobilizing mechanical skills.

Is there a real need for adult education in Michigan?

Dr. Eugene B. Elliott superintendent of public instruction points out that the 1940 census disclosed these following facts:

Mr. Kelly to submit a state program of adult education to the state legislature is the breaking of pre-education. The state would assume responsibility for adult education but only to the extent of financial support and overall supervision. Education

for 300,000 citizens of Michigan received an education through the first three grades; 72,000 others did not finish the first grade. We have 290,000 adults.

Because we have not learned yet to live with each other Michigan is spending a million dollars a year in Detroit alone to maintain state troops as insurance against race riots.

Leaders of labor unions concede privately the need of revolutionary economics for the rank and file membership which continues to pressure officials at the top for more and more wages without realizing the ultimate effect on the cost of living their own pocket books.

George H. Fern, director of the state board of control for vocational education recently announced a post-war plan to provide technical training for war veterans as well as for young people who do not go to college.

Fern's program calls for vocational rehabilitation for disabled residents throughout the state relationship, vocational instruction is given in local school districts and hence is the responsibility of local school districts—gives roots democracy itself.

It is Fern's suggestion that trained instructors be assigned to each school district for the purpose of vocational education. Dr. Elliott agrees.

A program of adult education in which vocational training would be included and general instruction would be provided by teachers now on the staffs of local school districts. The state would reimburse local schools for 75 per cent of the instructional cost, and Dr. Elliott believes that much of the remaining 25 per cent could be financed through educational fees paid by those who received benefits.

Here is the broad picture: Approximately 500,000 men from Michigan will be in military

Probate Court Helps Research

Probate Court and other officials of Wayne County were highly praised by Prof. Edson R. Sunderland of the University of Michigan Law School for their help in the preparation of a recently completed intensive

research on the commitment of insane persons to institutions in Michigan.

A report based on investigations in Wayne, Washtenaw, Barry and Ogemaw Counties was recently submitted to the governor and published by the Judicial Council of Michigan.

Prof. Sunderland was Morse D. Campbell of the Detroit Bar.

The report describes in great detail the procedure as it stands in the four counties studied and makes recommendations for changes designed to improve and simplify the legal steps necessary for committing insane persons. The counties were chosen to represent the four types of counties in the state, metropolitan, suburban, southern rural and northern rural, and thus give a cross-section picture of the whole state.

services in World War II.

Of these perhaps one-tenth less Dr. Elliott estimates the number to be 30,000 will have the mental capacity to go to college for post-war training.

The Federal Communications Commission has assigned five frequency Nodulation wave lengths for educational radio.

WBZ Radio is a long-range possibility. In the meanwhile Michigan State College's radio station, WKAR, is already providing daily service for adult education and is making application for FM broadcasting.

Can You Picture MICHIGAN without Schools

Michigan's youngest generation is hard

at its wartime job of learning to be good and useful citizens. We've all come to

think of a good education for our children as the natural birthright of young Americans—but building up and administering a school system as fine as Michigan's is a gigantic task.

Well over 6 million students are en-

rolled each year in Michigan's schools

and colleges. There are 8,226 primary

schools, 1,002 secondary schools and 70

colleges and universities. The range of

studies runs from kindergarten games

through the three "R's" to the most

advanced scientific and sociological

research. Thousands of teachers are

devoting their lives to this work—and

to them goes much of the credit for its

success, as well as to the administrators

of each institution, to local and county

school boards, and to the Michigan

Department of Public Instruction.

We of the Greyhound Lines take the same pride as all others in Michigan in our State's educational achievements. We know that our own organization is aiding the school system both with tax support and transportation service. Those of us whose children are benefiting directly from the splendid schooling afforded them feel doubly proud.

In wartime even more than in peace-time, the things that draw us all together, that unify our efforts, that make us good neighbors in every sense, are the things that count most heavily. Both good education and good transportation have decisive parts to play in shaping the present as well as the future of Michigan in the post-war world.

\$1,000,000 Can't Replace These Eyes

Money doesn't mean a thing where your eyes are concerned. And in this day and age . . . especially with the strain of extra activity all around, you should be extra careful of your eyes. A little care and foresight will go a long way. If you feel that something is wrong . . . have even the slightest doubt about your eyes . . . you owe it to yourself to have your eyes checked.

The Baldwin family formerly lived on south Rogers street and the late Mr. Baldwin was the publisher of the Northville Record, until their removal to Albion.

Hi George—I guess it is about time I wrote again as I haven't written for a long time. I am feeling fine and hope this finds everyone well. I suppose busy as usual! received several copies of the paper today and I enjoyed them very much. I suppose by the time you receive this you will have the news of the boxing tournament sent by our First Sergeant. You can see that I lost and I might add it is the last time I lose, because I am not boxing again. It's too hard work in this climate.

Santa Ana, Calif.—I am sorry I have not written sooner. I have been receiving the Northville Record some 8 or 10 months now, getting it every Wednesday and I enjoy reading the news of back home; where my friends are, who is in the armed forces and where they are and what is going on in school and around town. It was on Feb. 20 that I left Plymouth for camp Custer along with D. Bolton, L. Forman and R. Hartner. I spent nine days at Custer; the others left about a week earlier than I. After about a day and a half on the train we ended up way down south in Biloxi, Miss. of Keesler Field. Here I had some 50 days basic training and it was here while on KP duty one day I ran into D. Bolton. He was shipped out about a week later. Keesler Field is a nice camp in winter but in the summer it is a pretty hot place. On April 23 I left Keesler Field and ended up in Camp Lee, Virginia two weeks later. Here I went to a Bakery School where I was taught how to make and bake bread. This is the only camp I did not like. The man there I did not like very much. Most all the time I was there about 62 days, the temperature was always around 100°. On June 24 we were there 32 of us leaving the thermometer stood at 132°, the hottest place I have ever been in. When we were given a pay raise we had an idea we were going some distance, and we did. Around five days and six nights later we ended up at Santa Anna Air Base in Coahuila. The first night here I was a cook, then I made a K. P. pusher, doing this type of work for about four months. On Nov. 23 I went into the hospital with a bad eye and came close to going blind; but I recovered after 33 days in the hospital. When I got out of the hospital I did not go back into the mess hall but took charge of Quarries, that is, I became in charge of our office men, have every day off and a two day pass every week. This is a real good camp and I have a good chance of staying here as I am disqualified for overseas duty; and will not leave the U. S. as long as I am in the Air Corps.

One fellow who has been with me from the time we left Camp Custer comes from Ann Arbor—Harold Barth. While I was a K. P. pusher I had the son of Mrs. Warner of South Rogers brother under me. He is the only one I have run across out here that I knew. For a while I was trying to be transferred to another field but have now grown to like the place and would like to stay here. I like going to Hollywood.

SHOW WINDOWS -

with lights dimmed to
SAVE COAL

Perhaps you have noticed show windows in the evening with their lights dimmed or turned off completely. These merchants are cooperating with the Government's program to save coal, transportation, manpower and other critical resources by turning out lights wherever possible.

In many cases stores with lighted show windows are making worthwhile savings of electricity in other ways by reduced interior lighting, showcase lighting, etc. YOU can help this program by saving electricity in your own home, store or factory. Even though electricity is not rationed and there is no shortage in this area, SAVE voluntarily wherever you can as much as you can.

BUSY LITTLE BEES

OPA may not have the price

situation under control, it may

not have inflation, but it is

still

true that it has

made a colossal

difference. We quote it from Part 1605

of the January 21

Federal Register.

"Wild rabbit" means a rabbit

other than one which has been

domestically produced."

So you can see OPA is vigor-

ously attacking some of our

most pressing problems. Inci-

pidentally, one of the reasons for

the existing paper shortage is

that there are

not enough copies of important

documents like this one

in circulation.

Don't you think it

is important to help your neigh-

bor?

You will save money in

black market and runaway

inflation. Buy more Bonds every

payday. How many Bonds? Figure

it out yourself.

Red Cross Asks \$200,000,000 To Cover Wartime Needs

WASHINGTON, D. C. - Confronted with responsibilities of unprecedented proportions, as the war establishment and camp throughout the country, and recreation and social service workers are located in the post-war period, the American Red Cross opens its 1944 War Fund appeal March 1. It is confident that the American people will respond to the limit of their ability.

President Roosevelt, president of the American Red Cross, Norman H. Davis chairman and active head of the service, told the War Fund chairman, Edward Lockman, that the Red Cross must be prepared to meet the most

drastic emergency. The Red Cross' mood for plasma, thirty-five blood donor stations are now operating.

The dramatic story of the Red Cross Blood Service, through which thousands of soldiers and sailors have been saved from death

beginning in February 1941, when the Surgeons General of the Army and Navy asked the Red Cross to procure 15,000 pints of blood. Last year more than 3,700,000 pints of blood were collected for the Army and Navy. This year the goal is more than 5,000,000 pints.

With many battles of the war still to come, the service party has asked the Red Cross to supply many more

thousand pints of surgical dressings.

Thousands of American men and women are now in Red Cross service.

Mrs. O. P. Buckley, Mrs. Howard Balko and Mrs. Fred Balko are the committee in charge of the May 1, 1944, sale sponsored by the Lutheran Ladies Aid Society. The sale will be held at the Villa Hall Shop and will open at 10 Wednesday morning.

Mitchell Moon left Thursday for Chicago to take up his position in the Chicago office of an advertising agency. Mrs. Moon and David will remain here until the end of the school year.

Birthday congratulations to Margaret Brockway, Feb. 29; Mrs. Nellie Fisch, Feb. 29; Mrs. Leila Chamberlain (Margaret Haz) Mar. 1; Vernon Pilipponi Jr., Mrs. Joseph Denton, Mar. 4.

Congratulations to Mr. and Mrs. H. B. Richardson on their thirtieth wedding anniversary, March 2.

A Northville woman reports her household saved 25 pounds of waste paper in a period of four to ten days. This was accomplished by placing a carton, with string already attached for tying, in the kitchen of the home, and the storing therein of each piece of paper as it accumulated. Evidently the convenience of the system was what put it over in such a big way and might well be copied by all villagers who are anxious to contribute to the "Save the Waste Paper" drive.

Birthday congratulations to Mrs. Oscar Kuhn, of West Cady street, on Feb. 27.

Plans are in the making for special Lenten services to be held in the Protestant Churches next month.

Keene Bolton, L. Carter and E. Austin were Exchange Rotary guests, Wednesday.

We will gladly give you a list of home owners who have had their homes insulated by the Booth Insulation Company, Detroit. They will tell you it is the BEST INVESTMENT they ever made (with the exception of war bonds) which are FIRST in every home. Phone Northville 1-06 and get further information on insulating your home, without cost or obligation.

PAY WEEKLY OR MONTHLY

Dr. Frank Cody, popular member of Detroit's Common Council and former Superintendant of Detroit Public Schools, was elected President of the Detroit Area Council, Boy Scouts of America, at the Scout Council's Annual Business Meeting held last week in the Wardell-Sheraton Hotel.

According to the 1943 Annual Report 896 Scouts were taught to swim and 1,399 participated in swimming and life saving merit badge classes. Another astounding figure is that of civic and war service. 682,233 hours of voluntary service were given by local Scouts to 37 local or national organizations and agencies.

Mrs. Olive Richmond reports from Holly Hill, Fla., that the weather is beautiful.

The monthly club assembly of the Rotary Club was held at the Presbyterian Church last Wednesday evening. The topic of discussion was Cubbing; the club sponsor, the Northville Pack, Mr. Williamson of the state and area headquarters, was present.

Harold D. Tuck has opened a new business venture at his home address, 112 E. Dunlap St. Mr. Tuck has been connected with the plumbing and heating trade for many years and he hopes that he can be of service to the people of Northville in this line of business. His advertisement appears elsewhere in this issue of the Record.

A number of Northville people took a tour through the Willow Run Bomber plant near Ypsilanti last Sunday, made possible by the company's "open-house" plan which will also be in operation next Sunday.

Mumps are rampant in most Northville homes where there are small children, but, fortunately, all are light cases.

The building at 146 North Center street, once occupied by the Brueckner shoe company is being converted into a poolroom to be operated by Charles Budd.

John Vankel, Miss Freda Ault and Mrs. Edwin Johnson were guests from Detroit on Sunday, the latter not having been well.

Mrs. Jessie Eddington was called to the home of a sick friend in Detroit Wednesday.

Mr. and Mrs. Fred Shelman of Birlingbrook, were Sunday guests at the home of Mr. and Mrs. Ernest Talman.

Mrs. Herman Shultz is on the sick list, as is also Patti, her daughter.

The infant daughter of Mr. and Mrs. Clyde Buckingham, the youngest child in the Grunsky home and Jimmy Muir are the latest victims of chickenpox, although the warning sign still remains on the Grant residence.

Jane Vance, who is employed

as a typist for the city, was

recovered nicely from an operation performed in Grace Hospital a few weeks ago, but has not recovered sufficiently from the flu to go back to work.
