

The following clipping from the Central Lake Torch of Feb 3 concerns George Hopkins who was a Northville resident some years ago. A file in the last war, George has been in the service this time for over a year, having first served in the Army, coming then as an instructor at an air training unit in the service. He has been overseas since last June with the Air Transport Command. The item below appeared in the CBL Roundup published at Delhi, India, Jan. 6, 1944 and will be of interest to local people because Capt. Geo. Hopkins of Eastport is a member of the ATC and one of the pilots carrying on this fine work.

George writes to friends here that "the Wing" the group he is in has received the Presidential citation, one of the highest honors to be obtained and that he is proud to be a member of the ATC." The article referred to states that the military secrecy which has shrouded the operations of the ATC in carrying supplies to China, for the past two years, has been relaxed and today the exploits of the India-China Wing of the Air Transport Command may be revealed to the world, and they will add many glowing pages to aviation history and immortalize not only the intrepid pioneers of the Hump flight but also the pilots and crews who today are delivering more goods to China monthly than the two year average that crawled tediously over the Burma road.

Langfield Buys Main Corner Vacant Lot

The business lot owned by the Greenman estate on the corner of Main and Center streets which has been used for a village parking lot has been sold to Corp. Langfield, President of Northville Laboratories Inc.

The lot which has been vacant for many years was at one time considered for the site of a post office, and now after several months of negotiations has been purchased by Mr. Langfield.

Robert Langfield from the U. S. C. G. is home on a leave of fifteen days from Norfolk, Va. where he has been stationed. Upon returning to the service his leave will go to Manhattan, N. Y. Bob is the son of Mrs. Harold Langfield of east base line road.

I would like to thank you for the record I have been receiving regularly during the last four months. Receiving the Record has always been something to look forward to, and I enjoy reading about all the events in Northville. I've completed my basic training and am now stationed at the University of Pennsylvania. The courses I'm studying are mostly mathematics and science, preparatory for engineering. I'm very glad to be here and I hope I will be able to complete the courses set up for me. As is typical of the Army, things are accelerated here. The other day I dropped my pencil and while picking it up I missed having a course in Algebra.

Last week end my brother George, who is stationed at Carlisle, Penn., came to see me. We had a swell time together looking over the city of Philadelphia. Thanks again for the paper. I would appreciate it very much if you would send it to my new address.

Last night was spent reading and re-reading with mingled enthusiasm and pride your splendid Rotary-Record Servicemen's Christmas edition; just arrived. My own warm enjoyment of this "big letter" was slightly chilled only by the fact that I was unable to write a Christmas letter in time for its printing.

Strict censorship forbids me from giving my location, but I can say that it is more than a likable place. My life is so like all the other servicemen that it would be foolish to bore you with a detailed account of my experiences. I eat the same chow and put on the same army pants in the same manner as all other soldiers, and get homesick for Northville. The little day-to-day experiences that make this real to me are too small to interest you I know. I want to thank you for the fine Christmas edition of the Record regularly. My compliments, "hello" to all my friends, and something for you to remember—we don't forget such things as are typical of this "Big Letter" and the many little letters from home. That's all.

To meet its heavy wartime burdens, your church needs extra support today!

**THE CHURCHES OF AMERICA
join hands to talk with the people of America**

On the wall of the office of Auditor General Vernon Brown in the capitol building at Lansing is a chart showing the state's financial situation. The chart graphs the dip of state revenues during the 1937-38 Murphy administration, the

gradual retirement of the \$30,000,000 debt during the Dickenson and Van Wagoner administrations, and the accumulation of approximately \$35,000,000 surplus during the latter part of the Van Wagoner era and the Kelly regime to date.

We went into debt at the rate of \$15,000,000 a year during the 1937-39 recession when welfare needs arose sharply. Auditor General Brown pointed out "Now we have been accumulating a surplus of much the same rate—\$15,000,000 a year—over and above the normal expenditures of state and local governments. What's wrong with this?"

Every prudent business man tries to accumulate savings in good times to meet unforeseen demands of bad times. The state government is doing just that—putting funds away for post-war rainy days.

As the auditor general sees it, the state's revenue is dependent chiefly upon the flow of retail trade. Business is dependent upon industry, for Michigan is an industrial state.

When employment is down, retail business suffers. Then the state collects fewer dollars from its 3 per cent sales tax, although demands upon it for welfare mount steadily.

Since Michigan spends normally one-third of all funds for welfare activities—old age pensions, aid to dependent children,

aid to the blind, and so on—the dilemma is obvious.

Confronted with this dilemma Governor Murphy chose to spend money that the state did not have—in other words, go into debt rather than deny necessities of life to those who were in need of them. The next governor of Michigan may be called upon to shoulder the state treasury lack a "rainy day" surplus, to ask the legislature to do likewise.

During this week the new legislative tax study committee met for organization purposes. Represented on the committee are local and state governments together with labor, business and industrial groups. Appointments were made by the governor on recommendation of his advisors.

Affected by such a study are governmental units which recently formed the Michigan Institute of Local Government headed by State Treasurer D. Hale Brake. The complications are many. The county road commissions sought a \$3,000,000 cut from the state surplus fund during the 1944 special session at Lansing. Mayor George Welsh of Grand Rapids threatened Governor Kelly with political reprisal in his plea for diversion to cities of money from the state surplus fund.

Township supervisors assembling at Lansing provided a political setting whereby Gov. Keyes criticized Governor Kelly for alleged failure to meet the financial needs of home governments.

The study commission has a tremendous task to perform. Ten months will be insufficient, we fear, to complete the job.

The state sales tax, which replaced the burdensome property levy, has become the Michigan goose that lays the golden egg. Local governments, more and more, are being subsidized by the state, while the state looks increasingly to the federal treasury for aid. Township highways have been taken over by county highways; county road commissions are subsidized, in turn, by state funds. This illustration can be multiplied many times.

All in all, the state spends only 37.5 per cent of its funds for state needs. The remainder is returned to home government—25 per cent! Result: A decline in tax responsibility.

The Michigan taxpayer sees a picture of more and more centralization of government at Lansing and Washington, while local home governments become

more and more dependent upon state and federal funds.

Auditor General Brown sums up the trend as follows: "Farther and farther from the man who pays the bill goes the controls which once were his safeguards against waste, extravagance, dictation, inefficiency, arrogance and all the other evils which follow when local government surrenders its rightful prerogatives."

In a Lincoln Day talk Governor Thomas Dewey of New York made this remark: "As dangerous as secession, abdication has also shown how the institutions of freedom are undermined." For free government must always work from the bottom up, not from the top down.

Surrender of local government of its rightful prerogatives financed locally by the people is just what Governor Dewey says it is ABDICATION! Here is the open door to wasteful and arrogant bureaucracy.

Mr. and Mrs. Charles Kreiger have purchased a farm near Dansville and will move there shortly.

NORTHVILLE! --- GIVE MORE IN '44!

ARE you lonely tonight? ... Can you
drive out of your heart the agony of
waiting for him to return?

Then stop a moment and think of the
lonelier ones... the prisoners of war...
condemned to wait it out in some alien
land... condemned to live on alien bread
... alone tonight under the stars... alone
and forgotten.

Forgotten?

No... not while the Red Cross—your
Red Cross—has the power to help.

For the Red Cross will to the utmost
of its power, get your letters in to them
and will pass their letters back to you.

And every week, through the barbed
wire, straight from your generous heart,

If it is humanly possible, the Red Cross
will send eleven pounds of the sort of
food you'd give to your boy if you still
had him safe at home... meat, cheese,
sugar, prunes, chocolate bars. And real
American cigarettes and tobacco!

Yes, the Red Cross is on
the job for our prisoners
carrying comforts, pack-
ages and hope. And, Mother
and Dad, you are the Red
Cross—the Red Cross is you.

You have given your sons.

You have done the extra work... do-
nated your blood and bought your
bonds. But here is one extra gift you will
gladly make. This is one time when you
will dig deeper than ever before... dig
deeper and be proud.

For giving to the Red Cross has always
been a great proud habit of thirty million
American families... proud that they
could give... proud of Red Cross that
made the giving worthwhile.

Now the need is greater
than ever. Now it is your own
sons the Red Cross serves...

Give... and give freely.
Know that wherever he may
be... in camp, abroad or
under the patient stars...

**The RED CROSS is at his side
and the Red Cross is YOU!**

Scouts

Fourteen West Point Park Girl
Scouts went into Detroit Sat-

Y building. They were ac-
companied by Mrs. Lillian Barr
and Mrs. Ruby Boar and Mrs.

Senior Girl Scouts contributed
impressively to the success of the
Father-and-Son Banquet put on by
the local P.T.A. in Pierson
School Tuesday evening. More

than one hundred men and boys
were served and the affair which
at first had been planned as an
ad in developing community
spirit became financially profit-
able as well. Howard Middle-
wood was Toastmaster. Billy
Soo's toast to the Fathers was
especially good and the North-
ville magician was entertaining
as usual. But the Girl Scouts in
their neat uniforms set off by
dainty aprons were a decorative
note as well as an efficiency aid
as they moved quickly about
serving food and removing the
plates.

Mrs. Hutton, leader of the
Senior Girl Scouts, has had her
duties complicated lately by the
fact that her son is ill with the
chickenpox.

Lent

(Continued from front page) has charge of these services.

Rev. E. E. Rossow announces services each Wednesday evening during Lent, to be held in St. Paul's Lutheran Church at 7 o'clock. The sermon topic will be from the "Redemption's Series." A fine Lenten raffle has been arranged in Schrader's window on north Center street by the young people of the Wddler League of this church. The display was arranged by Dorothy and Mildred Swetle. Father Lynch of the local Catholic church announces Lenten services for each Tuesday evening of Lent, beginning at 7:30 o'clock. The Way of the Cross sermon by Fr. Sebastian C. P. Benediction and Confessions.

The Baptist church will con-

tinue their regular mid-week

meetings every Thursday even-

ing and are planning special

services for Holy Week all under the direction of Rev. Lloyd

Yours.

Sincerely,

Easter Seals

(Continued from front page) state-wide program which I initiated. The Society is represented on the Michigan State Clearing House Committee and many of its local directors and co-workers have been designated to serve on local committees.

The Easter Seal Sale this year

has particular significance for us all; it is a reminder of obligations none of us wants to forget. As the war progresses volunteer agencies will be called upon for greater service to meet social and economic needs on the home front. It is not only a fine thing for the physically disabled but for all of us it is a movement which pays dividends of the kind that should have the support of everyone. All citizens of Michigan can be proud that such a humanitarian program is being carried on so ably within our state.

As Governor of Michigan I share that pride and urge a full measure of support for the sale of Easter Seals to finance the work which urgently needs to be done. It is hoped that the urgency of the times will prompt public to generous support this year.

Sincerely,

(Signed) Harry F. Kelly

Governor

Mrs. George Gardner will be hostess to the Charity Circle at luncheon on N. Center st. Tuesday evening, Mar. 7.

Miss Lois Church, daughter of

Mr. and Mrs. Harold C. Church
