

WINNING THE WAR IN 1944

WITH NORTHVILLE'S MEN AND  
WOMEN IN THE SERVICE

Editor Albert Boelens writes from San Diego, Cal., that he recently met Lieut. J.E. "Tex" Walker and had a fine visit with him. "Tex" is looking fine and has been on duty overseas. While in Northville he was coach at the Northville High School and made many friends in town. His home is in Saginaw.

Sgt. Robert Ross, V.M.B., stationed at El Centro, Calif., has been home on a ten day furlough. This included travelling time so his stay in town was quite brief. Bob is the son of Mrs. Florence Ross of Yerkes Ave. and has been in service as a Marine for a year.

Mrs. Ernest Ash of Farmington has just had a letter from her son Corp. Charles Ash, who is in England, on March 6 and received by Mrs. Ash on March 10.

Kenneth Arthur Martens, son of Mr. and Mrs. John C. Martens, was appointed a second lieutenant in the Army Air Corps and awarded his silver wings and the rating of Pilot of wings on Jan. 12. A graduate of Northville high school, he was employed as a produce manager prior to his enlistment.

Lieut. Kenneth Martens arrived in town Monday for a ten day furlough. He will report at Walnut Ridge, Ark., at the end of that time, where he will be an instructor. This is the camp where he received his own basic training in flying his wing having been won at Spence Field, Ga.

Pvt. Raymond Baldwin of Camp Polk, La., was here on furlough from Wednesday to Saturday of last week. He is the son of Mrs. Lillian Baldwin of south Wing street.

Ensign Frank Eaton, U.S.N.R., has been sent to Ft. Pierce, Fla., for training in Naval Attack Boats.

Pvt. Douglas McCluskie, who is taking Army Specialized training at Michigan State College, is in town on an eight day furlough. He is the son of Mr. and Mrs. Joseph McCluskie of Grace Ave.

Well, I thought it was also time I wrote. I have too no news about two months and as my mail hasn't caught up with me yet, it gets pretty late in times otherwise it isn't so bad. We are having some nice weather now and you probably have spring weather in Northville too now.

I am at the antioch headach in Italy. Is there anyone from Northville near me? I would like to see them; if they have time to look me up or maybe they could write. I would like very much, if it is possible, to receive the Record over here. I must close now. Good luck to my buddies and friends wherever they may be.

Arthur Karschnick

Pvt. Harold Schulitz writes home from an overseas station that he received a great thrill recently, when General Douglas MacArthur walked in on his outfit. Harold also told of a "date" arranged between him and Roland Morse and Lawrence McArthur, all of whom happened to be located near each other at that time "for a visit together about good old Northville."

Lawrence Bogart, S. F. 3C, is home again on a week's leave; he will report back to Pittsburgh at the end of that time.

Jerry E. Nelson, S. F. 2C, released on Tuesday from Great Lakes Naval Hospital, took advantage of a 38 hour liberty week and leave ans made a flying trip home, reaching his home in Plymouth at 2:30 Sunday morning. He had to leave again at 3:30 p.m., giving him just a few hours with his family. The loss of a little weight is all that reminds one of his hospital vacation.

Horner C. Kent, stationed at Columbia Air Base, South Carolina, is now staff sergeant.

Lester Staggs is working hard in Texas as a technician fifth class.

Just a few lines from a soldier down in the southwest Pacific. I am receiving the Record regularly and to appreciate it a great deal. I should have written before now but I guess I just have taken the home town paper for granted.

There isn't much news I can tell except it sure is hot today and I am doing fine.

Pvt. Leo C. Hollis Jr.

Just a few lines to give you my new address and tell you how much I appreciate the Record. It seems swell to get the news from home. I start school April 17th. Thanking you again.

Wayne Thompson

Mr. Kenneth A. Martens, received his wings in graduation ceremonies held March 12 at Camp Lejeune, North Carolina. Miss Rager who is the daughter of Mrs. Francis Light, Spence Field, Moultrie, Ga.

## Help Northville Red Cross to Meet Quota

Present Collection of Mercy Drive Stands at \$2,750.00, Need \$3,900.00 to Meet Quota

### Picture Shown

The Red Cross drive for funds for 1944 is just about half over. Two weeks remain for Northville solicitors and donors to turn in their contributions to this great cause. Harold Bloom, chairman of the local organization, reports \$2,750.00 received toward the village's quota of \$3,900.00, an increase over last year's amount, made necessary by the rising tempo of war.

Letters received here last week from a Northville boy, Clarence Holman of Beck road, who has been a prisoner for over a year in Germany, telling of his receipt each week of Red Cross box of food, should spur both workers and donors to greater efforts.

The drive officially closes in two weeks.

Representatives of the American Red Cross attended the joint meeting of the Rotary and Exchange Wednesday noon. Messrs. LeMae and Gray came from Detroit with films and a short talk. The two firms "At His Side" and "We Were There" helped Red Cross activities in Britain at the time of the Nazi raids.

Also in the State Room, Mr. Gray gave a strong talk for and for the ever growing work and the anticipated demands of the invasion year.

Mornings Ernest Wood, W. E. Farmer and W.H. Canfield presenting the local chapter work were guests of the Legion. Harold Bloom, chairman of the local drive, presented the program.

Over a hundred members and guests attended the program dinner. In the evening which American Legion Auxiliary were hosts to the Lloyd Green Post 147, and in the evening, the twenty-fifth anniversary of the founding of the Legion, it was the Legion, the local chapter, that was honored. # Give the boys first chance at Long Distance

It means a lot for a boy in the service to talk to his friends and family back home. Usually the best time he has to do that is in the evening.

How about giving him a break by not using Long Distance from 7 to 10 P. M. unless it is absolutely necessary?

been the height of heresy 20 years ago as we view the capital parade, the modern trend is all to the good.

Ted Hayhow was the last city editor the Pontiac Daily Press ever had.

He was a quiet chap who had a way of getting things done with a minimum of noise and fuss. He never waved his arms shouting instructions to reporters or lost his temper. His mind, always cool and collected, handled the day's "grind" with ease and efficiency.

Late in the afternoon he would slide in his car, drive out to an 80-acre farm near Davison where he resided with his wife and two children, and take care of the chickens, pigs, cow or two together with other general chores. And, now and then, he would find some time to do some concentrating fishing for bass in his 12-acre private lake.

Or perhaps it merely reflected the thinking of Governor Kelly who, as everyone knows, is no starry-eyed dreamer in the world of politics. Did not Kelly appoint Dr. William DeKleme to be commissioner of the state department of health without knowledge of the doctor's personal political beliefs? So insists the governor's office which ought to know.

Michigan state government has traveled far. Such non-political appointments would have

But to return to Governor Kelly's press secretary.

One spring day, after serving 15 years as city editor, Hayhow glanced up at the blue sky and decided it was time to get out. His youngsters were growing up. He wanted more time to enjoy his home, his farm—and also that bass-stocked lake.

Harold Fitzgerald, publisher and Conrad Church, managing editor, received the unexpected decision like a bombshell on a cloudless day. No, Ted wasn't dissatisfied. He just wanted to be his own boss—free of any newspaper desk with its exacting responsibilities—yes, that was it.

Life on the farm led to another adventure—running an old-fashioned country store at Davison. His "miniature" hardware emporium contained everything to automobile hub caps, with a real business and lumber yard thrown in for good measure. The gross turnover was close to \$50,000.

Somewhere in the rush of doing unimportant things at Lansing, we learned late in 1942 that he had been named assistant secretary of the state safety commission. We read between the lines. "Luke," the governor's press secretary, was still representing his friends. It turned out that Hayhow had injured a foot while cutting hay; thought a deck job would be fine if he didn't have to "play" politics.

When the genial Van Wagoner turned over the executive offices to Harry Kelly, he newsmen at the press room wondered what "Luke" was going to do. He had been accepted as being both an efficient newspaperman and a loyal Democrat. Governor Kelly gave no inkling of any disposition to replace him, and finally Lucas resigned on his own free will and rejoined the highway staff. His new title, as we remember it, was "Director of War Activities", but everyone knew the duties were the same.

### G. I. Johnny does some Post-War Planning

G. I. Johnny does a bit of post-war computing as he sketches through a reference of duty dates. The best part of it is that his dreams are going to come true in "The Home of Tomorrow" where G.A.S., the magic blue flame of modern living, sets up new peak-high standards of convenience.

In Johnny's "Home of Tomorrow" house, hot-water will flow automatically—flow instantly—flow without stain—flow at the turn of the faucet. Heater-end-of-labor will disappear! There'll be no need for even the slightest thought of action. Dishwashing and all other cleaning jobs become unbelievably easy. And furnishing you with this important home service will be the new post-war automatic gas water heater. It will have a sturdy rust-proof tank of long-lived material. It's worth waiting for!

Today... Give a living the funds for tomorrow. You can plan an endless stream of vital war materials. Your winter heating man, too, is busy making improvements of war. But just as soon as this war is over you'll find them back in your service working to bring you the comfort and convenience of perfect hot-water service, furnace, insulation and, how is heat?

CONSUMERS POWER COMPANY

Agricultural Commissioner C. Clay and potato growers wanted the governor to do something. Of course, he would be glad to do what he could. Then, several nights ago, the governor and some members of his staff will return approximately 7:30 o'clock the "day" is over at midnight or later.

Currently, we might confide, the office staff is conspiring to induce the governor to slow down a bit, for his pace is severe, and it maintained, would undermine inevitably even a strong man's physical vitality and rugged health.

Why did Governor Kelly appoint Ted to be his press secretary?

Well, figure it out for yourself. Not because Ted was a Republican or a Democrat. The

governor has never asked Ted about it, and Conrad Church, Ted's boss at the Pontiac Daily Press doesn't know either. As a matter of fact, as Church puts it, "I never thought to ask him." Which probably goes, too, for Governor Kelly.

One of the 1944 spelling bee stories comes from what is known as the old Novi stone school house though it has been modernized for some time with a white frame exterior built after the fire had nearly destroyed the old place. One of this year's pupils is Miss Ruth Dersimers of west Nine Mile rd.

Who is laid up with a broken leg.

The school teacher, Mrs. Lillian Rakström, of Napier Road, took

her entire class of sixth graders to the Densmore home last Friday so that Ruth might take part in the spelling bee. Though she failed to win the contest, Miss Ruth received quite a big thrill from the visit of her teacher and schoolmates. She is the daughter of Mr. and Mrs. Milton Densmore.

The third in a series of classes on "Child Guidance" will take place in the grade school building this Friday afternoon. The Northville Mothers' club is

sponsoring the project and the

speaker is Mrs. Belle Murray noted worker in education. A

discussion period at 3 o'clock will be followed by a lecture by Mrs. Murray. Topic for the dis-

cussion will be "Table Manners."

## West Point Park News

By Mrs. L. A. Ault

Miss Audrey Roberts and Miss Lora Anne Ault were Detroit visitors Friday.

Mrs. Robert Wilson and her daughter, Mrs. George Dugay of Farmington, were callers in the Folker subdivision last Monday. Mrs. Jessie Eddington returned this week from a visit with friends in Northern Michigan. Miss Ruth Broquet spent last week with her aunt, Mrs. Hein and daughter, Beverly in Detroit.

### VILLAGE PROCEEDINGS

Regular meeting of the Village Commission was held at Village Hall Monday evening, Mar. 20, 1944.

Before meeting was called to order the chair was turned over to Del W. Hahn, newly elected president, by retiring president Elmer E. Perrin with appropriate remarks.

The newly elected officers were sworn in and the meeting was called to order by Pres. Hahn. Commissioners responding to the roll call were Fred Schulz, Bryan, Lapham and Ely.

Minutes of last regular meeting, also those of special meeting held Mar. 15, 1944 for confirmation of election results were read and approved.

## Egg A Day Is On The Way

Since the beginning of his leave, when at the town hall, he gave a talk at the start of the Red Cross drive.

Lester Hunter, who is a nephew of Frank Broquet, and who has spent a great deal of time in this vicinity, horseback riding has been induced. His brother, Warren, was killed last fall.

### COUNTY AGENT NOTES

E. I. Beesmer

The Wayne County Beekeeper Association will hold their Annual Beekeeper's School, March 24 and 25 at 2 p.m. in the MacKenzie High School, 3225 Lyndon Ave., Detroit.

R. H. Kelly, Michigan State College, will discuss Beginning Problems, Spring Management, Systems of Management and others. Local beekeepers will also take part in the program.

Movies in color showing actual scenes in the beehive, will be shown.

All beekeepers are invited to attend as this is the only meeting of this nature that will be held during the year.

Wayne County farmers grew more pea beans last year than for any other year.

The white pea beans outyield the colored beans. The Michelite bean, introduced by Michigan State College plant breeders in 1937, is Michigan's best white pea bean variety. It is more uniform in size, has a clean cut white color, than Robust when harvest conditions are identical.

Red kidney bean yields can be markedly improved by use of seed grown in California where climatic conditions temporarily free seed stocks from blight, a very destructive bean disease in Michigan.

Fruit growers would do well to plan for a full and carefully carried out spray program this year.

For apples the dormant spray should be completed before the green tips in the bud appear; this time otherwise late pruning may cause the loss of too much

sun.

Lime sulphur or dormant oil

spray may be used. The dormant application of oil is necessary for the control of mites and leaf-rollers and will also control scale.

For peaches apply the dormant spray in early spring before the growth starts, use lime sulphur 3 gallons, and water to make 100 gallons for leaf-curl alone. If scale is present increase lime sulphur to 12½ gallons.

Grapes should be pruned by

Myrtle May Boillet, Mar. 27.

Babies born at Sessions hospital since the last issue of the Record include a son to Mr. and Mrs. W. P. Madigan, Mar. 18, Northville; a son to Mr. and Mrs. Robert Hopper, Mar. 17, Northville; and a daughter to Mr. and Mrs. Alex Vincent of Wayne, on Mar. 18.

Birthday congratulations to

Myrtle May Boillet, Mar. 27.

## SOLDIERS

(Continued from front page)  
of Lake street was one of the first Northville girls to enlist in the Marines. She left for Camp Lejeune March 6.

Bruce Arnold, S. I.C. has been released from a hospital after a siege of dengue fever. He is somewhere in the South Pacific. Sgt. Carl Arnold has been in the Aleutians over three years. The boys are sons of Mr. and Mrs. Charles Arnold of Seven Mile road, and attended Northville High School.

V. Clark Armstrong, on a military mission, was an overnight visitor here Monday night on his way back to Texas where he is stationed.

V. Bob McGuire was home from Great Lakes Naval Training station this week.

V. John Boughner has been in overseas service for some time when last heard from he was in England.

Mrs. Arthur Schultz of Horton Avenue, was thrilled last week Thursday to receive a picture of her brother, J. Wesley Angel of this village, as printed in a Detroit newspaper. "We were shown with a group of American servicemen under the caption 'Kneeling in final prayer before going to fight the Japs' in an Allied drive on a Jap infested island in the south Pacific."

Changes in Gasoline Rides  
Beginning April 3, the five-gallon "A" gasoline coupon for non-highway users will be good for purchases at authorized filling stations, as well as for gasoline purchased at bulk plants or delivered to private storage tank OPA sources. The "A" ration for motorists is now two gallons weekly in all parts of country.

**GROW MORE GREENS IN '44**

Home gardeners should plan to grow more fresh greens than ever so if you can't find food rationing of the U.S. Department of Agriculture stamp, a merchant who puts up a bag of greens in the store for you and him when she could have had greens from the garden in her personal store and serves them appetizing food.

All Goods to be settled for before leaving the premises  
Stamps and Receipts

Longer Periods for Food Stamps  
Under the ration token plan, three red (meat fats) 10-point stamps become good every two weeks, on Sundays and five blue (processed fruits - vegetables) 10-point stamps become good on the first day of each month. To reduce last-minute rush buying just before stamps run out, the Office of Price Administration increased the period for which stamps may be used. Thus the 30 red points and 50 blue points, which became good each month may be used at any time during a period of from 10 to 12 weeks.

**Deferments To Be More Exact**  
Occupational deferments must be more exacting, particularly with registrants under the age of 26, in order to meet calls of the armed forces. The Director of Selective Service has notified all boards. The combined strength of our armed forces has been fixed at 11,300,000 by July 1, 1944, and as of February 1, some 9,350,000 had entered military service.

John Boughner, has been in overseas service for some time when last heard from he was in England.

Mrs. Arthur Schultz of Horton Avenue, was thrilled last week Thursday to receive a picture of her brother, J. Wesley Angel of this village, as printed in a Detroit newspaper. ## Legion

(Continued from front page)  
to aid in winning the war as soon as possible, and second: "To make certain that every legitimate interest of American service men and women of World War II is safeguarded by the Legion whose continued existence their sacrifices have guaranteed."

Commander Bert Conklin responded to Mrs. Hammond's speech, expressing the appreciation of the Legion.

Oscar Hammond, chairman of the entertainment committee of the Legion, then took over the second half of the program, during which Dick Bartholomew entertained with an excellent repertoire of magic tricks, and R. H. Amerman showed an unusual and most interesting group

of captured films from Germany and Japan. This section of the program was preceded by a history of the Lloyd Green Post.
