Northville, Michigan, Friday, May 5, 1944

\$2.00 PER YEAR IN ADVANCE

Lieut. Robert Gray has been home the past week from Great Falls, Montana.

I've been receiving the Record regularly and I really appreciate it. I hope you keep on sending it to my new address because I enjoy it. It's been nearly a year since I've been in Northville, except for a few hours last February, when I came up on a 48 hour liberty. I expect to be going overseas some of these days now, so I want to keep on sending the Record. I am now a commando and have really been going through some rough training. It's not so bad here but I'll be glad to get over and give those Japs a little bit myself.

Raymond Koenig

Scheduled to receive his silver pilot's wings and officer's bars soon at the Pampa Army Air Field, Texas, at the twin-engine advanced flying school of the AAC Training Command is Aviation Cadet John J. Costello, 21, son of Mr. and Mrs. Michael J. Costello, 18245 Merriman Road, Farmington. He is an alumnus of Northville High School.

I am now in India, have just received your Christmas edition of the Record, and was more than pleased to see that you had also, regarding my address. Will enclose in this letter my new, final address. I hope I have seen many strange sights while in India, as to customs, race, religion, dress etc. Many thanks again and I will let you know when I have time to read this.

Tom Carrington Jr.

Robert H. Boyden, Mus. 2/C, writes that he has been confined to a hospital in the South Pacific area for a month past. Injuries he received in football play in his senior year at the Northville High caused this temporary set-back. A letter written April 10 tells of his complete recovery and states that he expects soon to return to the Pearl Harbor attack. Wounded in action, Ray brought some time in Government Hospital before being given an honorable discharge from service in October, 1942.

The son of Mrs. Mary Groomer and of First Street, Ray attended the University of Michigan and graduated in 1941. He is now living in Alameda, Calif., as a technician in the U.S. Navy.

Friends of Mr. and Mrs. Jim Blais, former Northville residents, will be sorry to learn that their family, 601 S. 10th, recently their son Jim, was killed in action in Italy March 1. His news was to the effect that Jim was missing in action. Jim was a student of the Northville schools, living when he was in Junior High. The family now living in Plymouth, formerly lived on Rouge Street here.

Robert E. Carpenter, writes from Brooklyn, N. Y., that he is still waiting to be shipped out and is about four days off the work. He has made several visits to New York and Philadelphia with a buddy who has his wife and name there. However, he expresses the hope that he can soon be home to stay.

I am dropping you a few lines to tell you I am receiving the Record again. I missed four copies, which my mother sent me and now that they are coming again, it makes them even more appreciated by me.

I guess I should tell you I passed all tests that were given for submarine school and have been going to basic submarine school for five weeks now. I have only one more week of basic training and then have advanced school for about eight weeks.

I have been out in a submarine five times and have made close to 20 dives, each trip taking from four to five hours. Well, I have a Security watch coming up in a short time so will close, but first I'd like to say "Hello" to all the fellows wherever they may be; here's hoping for a speedy victory and real soon.

Ruth J. Dye's 1/C (RM) Sgt. Ronald Anderson is now stationed in Panama. He is the son of Mr. and Mrs. Phillip Anderson of west Eight Mile road.

Lieut. Jack Junod and Mrs. Junod arrived in town Monday morning from Alliance, Neb., for a ten day furlough.

James Murray's S 2/C is home from Great Lakes for a furlough, having completed boot training and made radio school. He is the son of Mr. and Mrs. Harold Murray of Orchard Heights.

Northville caller Tuesday was Chandler Parker, Seaman of the Merchant Marines. He is on leave and came from his home in Ann Arbor. Chandler graduated from the N. H. S. in 1941 before moving away. He expects to be soon eligible for his Able Seaman papers and has been overseas.

Just a few lines to thank you for the Record and to say that I enjoy it very much. It's certainly nice to know that every one back home are for the boys and are keeping their bonds purchased. I have been transferred and would appreciate a change of address on the Record.

Gets Purple Heart

Ray Groomer

Award Purple Heart Decoration

Ray Groomer is Presented Decoration for Wounds Received at Pearl Harbor

Another Northville boy has been awarded the Purple Heart for performance of duty. Ray Groomer, formerly Aviation Radioman S 2/C has recently received the decoration as a citation merit for his conduct during the Pearl Harbor attack. Wounded in action, Ray brought some time in Government Hospital before being given an honorable discharge from service in October, 1942.

The son of Mrs. Mary Groomer and of First Street, Ray attended the University of Michigan and graduated in 1941. He is now living in Alameda, Calif., as a technician in the U.S. Navy.

The family now living in Plymouth, formerly lived on Rouge Street here.

Dear Editor Northville Record, Can you find room in the Northville Record for this letter from my son Harry. He enjoys the Northville paper so much as he receives it regularly. His aunt, Isa Cramer of the 8 Mile Road had it sent to her. Now dear Isa is gone. I dearly hope you see that he will get his paper.

Thanking you sincerely,
Mrs. Geo. Smith,
41903 Savage Road,
Belleair, Mich.

Harry says he would like to come home soon for he has fought all through that North Africa war and Italy and will be thankful if he only gets home alive and O.K.

Robert Ronk who finished his boot training at Great Lakes recently has been home on furlough visiting his family. Mr. and Mrs. Norbert Ronk. He will report back to Great Lakes this weekend. Last week Friday Mrs. Ronk's brother, Pfc. Harold Butter, now stationed in Virginia and Harold Ortwin to leave from an Indiana camp who are former Novi residents had dinner with the Ronks at their home on Eight Mile Road.

Masons to Attend Divine Worship Next Sunday

Northville Lodge No. 188 F. and A. M. will attend divine worship at the Methodist church next Sabbath, May 7. Rev. W. Leslie Williams has been requested to deliver the special Masonic sermon to the members of the local organizations.

The brethren of the Lodge are requested to meet at the Lodge room at ten o'clock A.M. to march in a body to the church.

School Presents "The Gondoliers"

Gilbert and Sullivan Production Will Be Given Here May 18 and 19

The "Gondoliers" that never popular production by Gilbert and Sullivan is to be presented by the Northville High School music department Thursday and Friday evenings May 18 and 19 in the High school auditorium.

The names of Gilbert and Sullivan bring to mind memories of sparkling music and witty dialogue. Their operettas are as fresh and up to date today as they were when they were first presented more than sixty years ago and they represent the finest in the field of operettas.

The "Gondoliers" will be the fourth opera to be presented by the local school system. Previous ones were "H.M.S. Pinafore" and "The Mikado" and "The Pirates of Penzance" once

each year.

Special groups of being organized and invited to the production. Tickets for the production cost of fifty minutes and doors will be opened from 7:30 to 8:00 P.M. on both evenings. Leslie L. Lewis of the city police department will direct the parking.

The double cast of characters will be announced in the post

script.

Children and Models Selected for Annual Event at Presbyterian Church

Plans are now completed for the Fashion Show and Silver which will be held at the Presbyterian Church House on May 5 at 2:30 o'clock.

The children and other models

who will make this a pleasant

afternoon are Kenneth and Sammie MacKay, Marlene and Barbara Weiss, Billie Yahne, Billy Berendt, Susan Rathburn, Bobby Wagorschitz, Eber Ward, Lester Hill, Susan, Gail and Priscilla Blackburn, Gay Duereson and Peggy Price, Florence McCloskie, Pauline Rodgers and Betty Snow, Junior Models.

Senior models will be Mrs. Charles Sheppard, Mrs. Earl S. Collies, Jr., Mrs. Charles Murphy, Mrs. George Chabot and Mrs. Werthington Chapman.

Freyd's Woman's Store, The

Wardrobe Shop and the Jack

and Jill Shop are the shops who

are showing merchandise.

Recreation Dance

Friday, May 12

A Recreation Spring Dance is to be held on Friday evenings May 12, by the committees in charge. The party will be held in the High school gym, and music will be furnished by Tom Houghton's orchestra. Dancing may be enjoyed from 8:30 to 11:30 and bob and other soft drinks will be on sale. Charades for this spring event or one sponsored by some of the many organizations active in Northville. As a rule, Northville responds to any such plea upon being told of the need, so Mrs. Haugen is quite certain this will not fall on deaf ears.

Governor Proclaims Michigan Food Month

STATE OF MICHIGAN

Executive Office at Lansing

PROCLAMATION

In proclaiming the month of May to be "More Michigan Food Month," I am asking the cooperation of the public in realizing the following objectives during 1944:

1. An increased, diversified, quality food products; more of them, and thus help relieve overburdened transportation facilities.

2. An increase in Michigan food and meat production to meet anticipated shortages of vital foodstuffs next winter; plant more and larger Victory gardens.

3. An increased purchase and sale more Michigan foods.

4. An increase in the use of Michigan meat products, so Michigan meat companies can more of their resources at home to win this battle of food at home. Every man has an essential job to do. I respectfully enjoin your support in its performance as an important contribution to Victory.

Therefore, I, Harry F. Kelly, Governor of Michigan, do hereby proclaim May as "More Michigan Food Month" and request that its purpose be brought to the attention of all the people in the interest of their accomplishment.

IT'S A
big wash
for the duration...

give your electric washer this PREFERRED TREATMENT

To help your washer stand up under the big load it faces for the duration, keep in mind those few simple rules:

- (1) Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse.
- (2) Wipe dry with a soft cloth to remove any soap curd or lint that may remain. If your washer has a spinner dryer, this too should be cleaned, rinsed and wiped dry.
- (3) Don't try to force thick, bulky articles through your wringer—and especially don't run through belt buckles or other hard objects that might cut the rolls. They are rubber and precious!
- (4) Release the pressure on wringer when not in use. This saves the spring and the rubber, and prevents the rolls from becoming flat on one side.
- (5) Don't overload your washer. Cramming in too big a wash simply puts a strain on the motor, and results in a less satisfactory job.
- (6) When you finish washing, dry the wringer thoroughly, also dry the connecting cord and wind it up carefully. Leave cover off washer to prevent it from becoming musty.

The Detroit Edison Company

"More Michigan" is the slogan for May, 1944.

It has been proclaimed there by Governor Harry F. Kelly. It has the official endorsement of a state agency, the Michigan Agricultural Marketing Council, which is cooperating with the Michigan Food Council in its observance.

The idea grew out of a conviction among organized food groups and state legislators that Michigan must tell its story of quality and diversified agriculture in competition with other food-producing states. There is a growing belief also that such food products must be graded as to quality and then marketed according to consumer-approved methods.

The fact that Michigan ranks among the first ten states of the Nation in vital war foods is something that is not fully known and appreciated even at home. In both acreage and in production, Michigan rates high in fruits, vegetables, beans, sugar beets, dairy and poultry products and even honey. Michigan is not a typical corn and hog state. It does not rate high in production of wheat, for example. Yet corn and wheat are major elements in the modern diet of Americans.

Michigan's cool climate, tempered by winds, off the Great Lakes, is the major factor that has stimulated the development of the state's diversified agriculture. Drounts are virtually unknown in Michigan. Hot weather is limited, as all vacationers well know, in July and August when other parts of the Middle West sizzle in discomfort. The same air-conditioned breezes cooled by the waters of the Great Lakes, bless both the vacation seeker and the farmer.

While the recreational resources of Michigan have been well publicized for years through the four tourist and resort associations, the state's diversified food products have been relatively unpublicized and unappreciated.

First, there has existed traditional discrimination among food growers to abide by cooperative self-regulations whereby they would establish standards of grading and marketing and then abide by such agreements. The food producer is an individualist and only in recent years has he been willing to rely upon cooperation as a means of protecting his interests against the organized efforts of others in an competitive economy.

Hence, the development of strong grower groups, such as the Michigan Potato Growers' association, the Michigan Horticulture society, Michigan Livestock Association, Michigan Vegetable Growers' association, Michigan Farmers' and Manufacturers' Beet-Sugar association, Michigan Allied Poultry Industries, Michigan Milk Producers' association, and the Michigan Bean Shippers' association.

In addition to these, the growers have their own organizations—the Michigan Farmers' Association, the Michigan Honey Institute, and also a Michigan Dairy Industry Committee.

When the growers presented their problems to the agricultural committees of the Michigan legislature in the house and senate, legislators were quick to see the need for an all-Michigan program of advertising which would be the means of cementing together these diversified food groups into one state-wide program, coordinated with an intelligent and far-reaching plan for grading and marketing of Michigan food products.

While big strides have been made in these fields, there still remains much to be done. One of the immediate needs is a better appreciation by consumers in the use of the state's superior food products of field and orchard.

"More Michigan" came into being as a war-time observance timed for the spring growing season when the consumer is more food conscious, whereby Michigan consumers are urged to use more Michigan food; Michigan growers are requested to produce more food in 1944 and the Michigan food retailers whose annual gross business is well over two billion dollars, are encouraged to buy and sell more Michigan food.

The overloaded transportation system of the Nation is the reason why it is possible to encourage more Michigan food production and consumption without involvement in the issue of state trade barriers.

An official of the American Association of Railroads declared recently in Chicago that the railroads were short 600,000 freight cars compared with their rolling equipment during World War I. The railroad manpower is also short 100,000 men, he declared.

The Michigan Agricultural Marketing Council recognizes this fact, in behalf of the organized food groups in the state. Hence, while invasion armies

Michigan is asked by its state government to increase its efforts to produce and to consume more Michigan food in 1944.

May, the planting season thus becomes the zero hour for the growers' army on our home front. It becomes a reminder of Michigan consumers to get acquainted with the quality and rich flavor of peninsula-grown foods. It is a challenge to the food retailers to do their part also.

Modern GAS heat-treating equipment in WAR PLANTS
today is operated by PATRIOTIC WOMEN

Yes, women are "cookin' with gas" in our war plants and doing a grand job of it, too. Pictured above is a "furnaceless" heating operation vital in the treatment of metals.

Today Gas is on our front production line. But when the war is over and "Minnie, the Heat-Treater" is again planning for the future, GAS . . . that magical blue flame is going to make a lot of her dreams come true.

Modern Gas service after the war will make her work easier, her home more cheerful, and life more enjoyable.

Motorists Keep Their Records

Tire inspection records must
still be presented to ration
boards whenever application is
made for gasoline or tire rations.

The Office of Price Ad-
ministration said, in explaining
the need for saving the tire re-
cord form. The tire record must
be kept with the automobile
and transferred with the car if
sold. Operators of trucks, buses
taxis and other types of
commercial motor vehicles are
still required to have their tires
inspected periodically, although
passenger car tire inspections
are no longer required.

OPA says even though lard
shortening and salad cooking
fats have been made point free
retail meat dealers will still
pay two red points and four
cents a pound for all kitchen
fats turned in.

RATION Round-up

At present there is no visible
possibility of resumption of
passenger car production until
after the victory over either
Germany or Japan.

Because of the limited supply
of household fly spray guns,
housewives should take extra-
ordinary care of the ones they
now have.

WPA and WPB have indicated
the desirability of using sun-
plus potatoes in the production
of ethyl alcohol which is now
used in producing synthetic
rubber.

We have I am back at this moment for a new assignment to a D-E vessel. I suppose March Field and I spend every evening with my wife and baby, Emmy Lou. I just got here and then examined our teeth and I have each and every day been flying and like my work very much. The flying officers whom we have here, it rains and they make believe me it's not the best time. It's the ground in any kind of weather. They do their best. But they are all flying now and I am glad of that. Thank you for sending the paper each week. Say hello to my mother and Dad, Mr. and Mrs. A. W. Parmenter and to all the friends and family from Fort Dix. And the Bogart Lawrence Bogart and Emmy Lou.

Having received the Record for the past three years of my life, only missing one or two in that time, I want to know how much I really

Norman Hickok, S-2-C has been transferred from Great Lakes to Memphis, Tenn., where he is studying at radio school.

He is the son of Mr. and Mrs. Norman Hickok of Wing Court.

I have a family of my own now. We have a home in Riverside, Calif. I'm stationed at March Field and I spend every evening with my wife and baby, Emmy Lou.

Ralph Buttmore, son of Mr. and Mrs. Dale Buttmore of Camp Swift, Tex. is now a Staff Sergeant/Brother "Vic" is in a rest camp after having seen several periods of active duty as a gunner if Italy.

Bruce Turnbull, Marine, recently spent two days furlough here. He has been stationed at San Diego. Bruce visited his wife, the former Rita Beale of Durango, St. and his parents, Mr. and Mrs. Clifford Turnbull of Fairbrook Ave. He is now at Camp Mather, Calif. for aviation training.

Donald Wilber has been promoted to Staff Sergeant.

Earl Sessions is now Private First Class.

Word has been received that Pfc. Frederic Walker has been transferred from Camp McCoy, Wisconsin to Fort Dix, N. J.

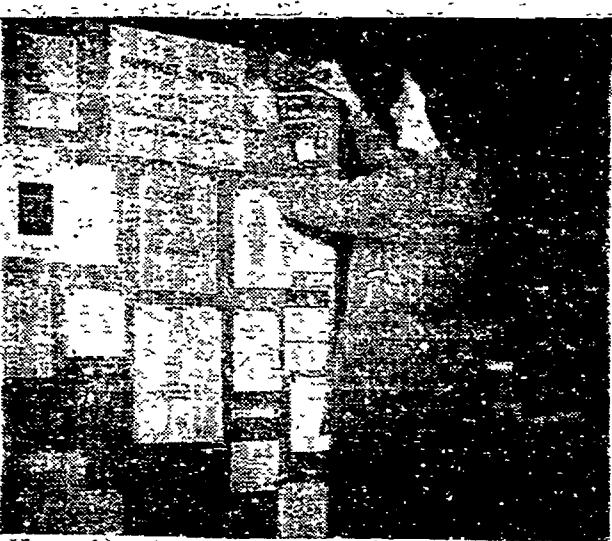

Lt. Phil S. Simpson is home on a 12 day leave. He recently graduated from "Aloie Field, Texas."

I thought it about time you and I were re-establishing our acquaintance and decided the best way to accomplish that end was for me to write you a letter. How are things with you and everyone around Northville now? When I read the paper, it almost seems, sometimes, as if I were a stranger, such a lot of new names have been added to the village roster since I left to join the Navy.

Which fact, reminds me, that it has been some time since a copy of the Record has arrived at this destination. I returned the card you sent out but by way of additional encouragement, I do appreciate the effort put forth by you and your staff to make it possible for me to keep up on the current events at home and I should appreciate it if you would again place my name on the list.

Gamble's can enlighten you on the subject. Mr. Constable, what are the people around Northville and Michigan as a whole doing to make it possible for us to go over to vote this year. Everyone of the men I have spoken to in the "Washington Post" where I live comment on the fact that no one attended the open committee meeting of the Senate on the sole vote bill was very disgruntled.

Need Information? Library Service at U. of M. Supplies Lots of It

Margaret Lyon, of the Library Extension Service, finishes a display of pamphlet material on post-war planning.

Whether it's on Greek vases, vegetable gardens or vocational guidance, the major activities of the Library Extension Service of the University of Michigan offers its members pre-war planning, teaching aids, parent education, modern literature, intercultural relations and pre-instruction courses.

The Library Service here cannot send out books. This is about the only restriction on the service it offers.

"The purpose of this office," says Miss Thomas, in charge of Library Extension Service, "is to supply folks with information when they need it. We have a lot of books in the million and a quarter books in the University library. It makes no difference where the requests come from—whether from Keweenaw or Monroe County. The only restriction on the service it offers is that the individual needs, information on the planning of club programs or papers also is supplied.

Another major service is preparing specific lists of books on any par-

ticular subject or for any purpose which the individual needs.

Information on the planning of club programs or papers also is supplied.

Displays of material are prepared for schools or other organizations.

"We're sort of a special service bureau to help out with informa-

tion," Miss Thomas says. "All you have to do is just write in and tell us what you want."

Sensation! This act has performed many times in Europe, winning praise for daring from King Oscar of Sweden.

Mr. and Mrs. Lloyd Beall of South Center street receive a long distance call one day last week from their son Ted, a Marine. "It's the House That Jack Built," he said, "in Spokane, Wash., and intended to be built in the next ten days. The first floor is to be built since he is in the Army. Jim is stationed in the Alaskan territory for thirty-five months."

Mr. and Mrs. Ted Beall, of Port Huron, having received a telegram from their son Ted, are awaiting his return. Several months ago, their son, Ted, a Marine, was sent to the Philippines, and he had intended to be home in the next ten days. The first floor is to be built since he is in the Army. Jim is stationed in the Alaskan territory for thirty-five months.

Tires For Small Trucks

Special tire distributor, essential goods, laundry drugs and medicinal supplies and dry-cleaning apparel and trucks operated by medical or dental laboratories will be able to obtain new truck tires of eight or less ply and all sizes of new passenger tires. OPA announced.

Delivery trucks for beverages, ice cream, retail stores, confections and tobacco products, heretofore ineligible for any tires, will now be able to get used passenger tires, used truck tires smaller than 7.50-20 and obsolete sizes of new passenger tires.

More than 90 per cent of American motorists have endorsed their gasoline coupons. OPA said in reporting the progress made in stamping out counterfeit and stolen gas coupons.

Since January 1st, 926 counterfeiters, peddlers and persons who had robbed local boards were arrested, and 611 motorists who bought gasoline illegally lost their rations. Also, 20,000 filling stations had to turn valid coupons to make good the illegal sale of more than four million gallons of gasoline and 1,140 other stations were denied the right to buy or sell gasoline for periods varying up to the duration of the war.

Dog Licenses Must Be Renewed

According to the Village Board, all licenses for dogs in the village must be renewed during the month of May, at the office of the village clerk.

The new licenses will be issued upon the presentation of evidence of recent inoculation for rabies by an authorized veterinarian. The stipulated fees must be paid.

Village Commission

The Board of Review of the

Village of Northville will meet at the office of T. R. Carrington on North Center St Friday and Saturday, May 12 and 13.

The Board will be in session from 10 o'clock a.m. to 5 p.m.
