The following letter was received by Mr. and Mrs. A. L. and family are home on furlough. He will go to Officer's Training School at Gulf Port, Miss., before leaving for overseas. Mrs. Barton will remain here until his return.

We have our final exams in a week or so. The requirements in code have been raised so I was having a little trouble at it. I'll probably have to take a re-take in aircraft identification because I got mixed up in a previous exam. I'm getting fair grades in paychecks; quite a few are getting better, but a few are getting less. I've been meaning to ask for Jim R's address. Berchel Hill has written a couple of times. I've received a couple of packages since the last letter I wrote. Did you make those swell cookies? How about sending me a cake for my birthday?

A nice solid one, that can be shipped. And send me a knife, too, hub? I'd like all kinds of cakes, too.

Being a cadet I get food that "G.I." army food can't compare with, which is one reason I want to stay in the air crew. We have several fellows in here who have washed back twice; one was returned to Alexandria, La. Mrs. Cline was formerly Peggy Tuck.

The decision of Vernon Brown, an ace vote-getter, to become a candidate for the party nomination of lieutenant governor rather than for the office of auditor general which pays \$3,000 more a year was predicted by Brown's conviction that Keyes had definitely aligned himself with Frank McKay, the Republican national committeeman, and that Republicans should have a "clean-cut choice between an anti-McKay slate

and the Republican party of Michigan is due to undergo a knock-down, drag-out fight in the 1944 primary to now re-

Your electric servants are built for long, hard use—and they won't shirk their responsibilities if you treat them kindly! But remember, they must last for the duration.

YOUR ELECTRIC IRON—Keep bottom of iron clean. Avoid ironing over zippers, snaps, hooks and eyes. Don't go away to answer the doorbell, telephone, etc. and leave the iron turned on—even for a minute. Keep the cord away from a hot iron. Be sure the iron is cold before putting it away. Be careful not to drop your iron.

YOUR TOASTER—Never dip a toaster in water. Don't jab at it with a fork to remove a piece of toast. Brush off crumbs with a cloth or soft brush. (Many toasters have a removable bottom plate for cleaning out collected crumbs.)

YOUR COFFEE MAKER—Keep inside of coffee maker clean. (Never permit leftover coffee to stand in the coffee maker.) Clean and rinse filter cloth thoroughly after using. Keep filter cloth in cold water between usings.

YOUR FOOD MIXER—Always remove beaters or attachments immediately after using. Wash with warm water, rinse and dry. Clean body of mixer with soap and water, being careful not to get water into the motor. Follow manufacturer's directions as to oiling, operation, etc.

The Detroit Edison Company

in the political scene that party Republicans should be offered the opportunity of nominating candidates for governor by Republicans and many Democrats as the Republicans' best vote-getter today, next to Governor Kelly himself. He has served three terms as auditor general and five terms as a representative in the state legislature. In the 1940 general election Brown ran close to Governor Elect Murray L. Van Wagoner; in the 1942 general election he polled more votes in Wayne County than Keyes and Homer K. Ferguson combined.

It is no secret to add that Brown would rather serve as auditor general. The auditor general's compensation is \$7,500 per annum, divided as follows: Auditor general, \$2,500; members of state administration board, \$4,000; chairman of state board, \$1,000.

As Lieutenant Governor Mr. Brown would receive \$3,500 as a member of the state administrative board, and \$3,340 day as the presiding officer of the state Senate—just \$3,000 less than he has been receiving. The duties of this office carry less responsibility and less compensation.

Following the state Republican convention in Detroit which resulted in virtual ouster of McKay as the party's boss, Gov. Kelly expressed his keen pleasure over the persistent opposition of Keyes to his policies. The Kelly-Keyes feud has been growing in intensity.

Kelly felt that Keyes had计上心头 with forces who were friendly to McKay. Amongst these were Lowell McPherson of Lowell and Mayor George Welsh of Grand Rapids—and that a partnership of Kelly and Keyes on the fall ballot would be both inconsistent and illogical.

How could Kelly go all out

for a man who had opposed him with regularity—and who continued to hint that he might drag out their personnel differences into the arena of politics a decade as a 1944 candidate for governor? Had not Keyes asked his supporters to circulate petitions for both the governorship and lieutenant governorship, saying that he would make up his mind later on?

Such was the pressure, by the governor on the Auditor General, Brown, had previously announced that he was a candidate again for auditor general because of "unfinished business" in which he was greatly interested.

Brown countered arguments to convince the governor that he could perform greater public service as auditor general than as lieutenant governor.

Finally Brown became con-

vinced that, for the good of the form of a Read-Keyes ticket supported by McKay.

There is also speculation that McKay followers may not take a primary defeat without making an effort at the November election to inflict ballot retaliation by swinging Barnard—McKay followers into the Democratic camp, possibly under some pre-arranged deal of political coalition.

A factional split will be well

come meat for the Democrats

who have apparently settled on State Chairman Ernest Brooks

of Holland as their choice for

the governorship after weeks of hesitation and unsuccessful at-

tempts to draft Picard, Van

Wagoner, Fry and others. As

Republican factionalism grows,

Democrats hopes will rise.

Auditor General Brown's

knowledge of state government is profound. He is a successful country newspaper publisher at Mason, who served ten years in the state legislature and is com-

pleting six years' service as state auditor general. He is

known to be dry; his newspaper

will not accept alcoholic bever-

age advertising, and in fact has

even refused cigarette advertising

because of the editor's per-

sonal ideals.

He is a Protestant and thus

is a good team mate for Kelly, a Roman Catholic. He is a farmer by original vocation and owns a farm today; Kelly is a lawyer.

He has been a vigorous support-

er of generous appropriations

for civilian defense. Kelly is a

distinguished veteran of World

War I, a chess-champion walk, is a

constant reminder of his own

personal sacrifice as a soldier-patriot. Brown is an amateur.

Kelly, hails from metropolitan

Detroit.

Back of his new "decision" is

also a relief that the office of

lieutenant governor, in today's

modern world of many complexities

should be elevated into a

new dignity akin to that of an

"assistant governor." This offic-

ial would be truly a partner to

the governor and thus fully

qualified by intimate knowledge

of daily problems to provide

with efficiency and wisdom

should far ever impose responsi-

bility of the office upon him.

Keyes' rise as an unknown

comes into the Michigan politi-

cal sky lines to the 1940 primar-

y when nine candidates vied

for one nomination. He is a crus-

ader at Ross, a man who

thinks of himself as a knight

battling for people in a world of

sh尔ching, greedy politicians.

Keyes' slogan has been ability

to inspire others of his sincerity

and his zeal.

In Vernon J. Brown, however,

finds more than a real match

for himself in the person of

John A. Ross.

A child is allowed to enter Northville kindergarten in September if he is four and a half or five years old, providing he will be five by Jan. 1.

Personal letters have been sent out from the school office to parents of eligible children, the names having been taken from the last school census. If any such fail to receive a notice they are asked by Principal Elliston to regard this as notification.
