4 GOOD REASONS

FOR THE
TELEPHONE
SHORTAGE

This is the inside of a Navy P-40 Bomber. All four men are using telephone equipment. Consider that this country is building over 150,000 planes of all types every year, and you get some idea of wartime telephone needs in the air alone.

Land and sea forces use far greater quantities of communications equipment... must have more and more as time goes on.

Naturally, it has become increasingly difficult to fill telephone service requests here at home. In supplying a quarter of a million more telephones since the beginning of the Defense program, our reserve

facilities have been about used up.

Orders for telephones essential to the war effort are filled promptly.

Other requests for new service are handled under a definite procedure.

Present users give up service.

But there is a long and growing waiting list.

We are confident you want war needs to be met ahead of all else.

If you are inconvenienced, we trust you will understand.

GAS toughens our SHELLS

Every one of the millions of shells which are being turned out by our war plants is heat-treated to "toughen" it. Much of this vital heat-treating process is done in high automatic GAS furnaces. Yes, ladies, the same clean blue flame that is used to cook those scrumptious tender steaks also makes metals tough. That is why more and more Gas is needed in our war plants. That is why Uncle Sam asks everyone to use it wisely and sparingly. GAS IS AN IMPORTANT WAR FUEL — DON'T WASTE IT IN YOUR HOME.

Gas is on the front production line. It is helping to bring the day of victory sooner by aiding in turning out more and better fighting equipment for our men. This silent, dependable blue flame will also work just as hard to make your home and your life more enjoyable as soon as this war is won.

West Point Park News

By Mrs. L. A. Ault

Young David Buckingham is convalescing from a light attack of mumps.

Leslie Bolyard was ill the early part of the week. Freda Ault was a visitor in Highland Park Friday.

Mrs. Martha Marx of Detroit was calling in West Point Park on Tuesday.

Mr. and Mrs. Walter Rehahn spent the weekend in visiting friends in Ohio.

Mrs. Edward Stange's daughter Maxine, from Detroit, was a visitor in West Point Tuesday.

Mrs. Margaret Martin of Hubbard Ave., celebrated her 78th birthday Monday by going downtown in company with a daughter and granddaughter and indulging in some shopping and attending a theatre. Mrs. Martin was the recipient of many cards and phone calls.

Mrs. Arthur Mills was a visitor to Detroit Wednesday.

Mr. and Mrs. Ralph Voorhees spent last weekend with Mr. and Mrs. Russell Voorhees in Detroit.

Mrs. T. J. Slevin of Uniontown, O., is spending several days visiting the Aults and other relatives in West Point Park.

Mr. and Mrs. Leonard Broquet of Detroit were visitors at the home of F. Broquet on Tuesday.

Mrs. M. E. Ault and Lora Anne Ault were in Detroit on Thursday.

Mrs. Gordon Cameron: Five Points will give the address at the Mother and Daughter potluck at the Neighborhood Church Tuesday evening, June 13. Mrs. Cameron is wife of Rev. Cameron, pastor of the Stratford Baptist Church, and has made the main speech at every mother and daughter banquet held under the auspices of the Sunshine Sisters. The first one was held five years ago.

Mrs. Edwin Johnson was the hostess of a "Demonstration Party" on the lawn at her home Wednesday afternoon. Sixty ladies were in attendance and really enjoyed the afternoon's program, including the dainty lunch.

Results from the change would work.

On August 1 or August 15 at the 1st or 2nd every Michigan citizen man or woman will be given an army-enlistment card. If the service man fills out the card it is sent to Secretary of State Hiram Johnson at Los Angeles, Calif., and is added to a master card and from there to a card regarding to the army and navy.

This card is a formal request for an army soldier. However, a request may be made by letter and in fact 20,000 such letters have already been received at the secretary of state's office at Lansing.

If by October 1 the above-mentioned ballot has NOT been received by a Michigan serviceman, wherever he may happen to be, then the federal ballot law—if validated by the Michigan legislature, June 19—would permit commanding officers in the field to distribute the federal ballot.

This federal ballot provides a vote only for the following President, vice-president, and members of Congress.

In fact, if was the federal ballot plan that evoked such controversy among members of Congress, bringing about working coalition between southern democratic members and northern Republican members.

If the suspicion prevails among Republicans that the federal ballot is intended to circumvent the state ballot and to favor a fourth term for the President, why then did Governor Kelly and the entire Michigan Republican delegation at Washington—Vanderberg, Ferguson and the congressmen—decide to recommend its legislative validation in Michigan?

Here is the governor's explanation:

"There is an unanimity of opinion that the state ballot affording the right to vote for federal, state and county offices—the same opportunity which they would have, to vote if none—is infinitely preferable to the supplemental Federal ballot, which is confined to presidential and congressional offices."

"It is my hope and belief that the great majority of Michigan veterans serving in or attached to the armed forces will have the privilege to apply and receive the state ballot and have it returned so it can be counted on election day."

"Voting of soldiers and sailors in time of war is necessarily subject to military and naval operations. Because of the vast theater of war and type of operation—I am of the opinion that even though everything is done to transport the state ballot, there will be some who will not receive it and should be given the right to vote the supplemental Federal ballot, as a final insurance."

I held a meeting last night

Sensational Charmer
PERMANENT WAVE KIT

with all of the congressional delegation from Michigan. They agree heartily with my conclusion that a special session of our Legislature should be called to authorize in the general November election the use of the official Federal war ballot above referred to. I am therefore calling a special session of our legislature to convene at Lansing on Monday, June 19, to consider such legislation."

especially by men in the field. Right or wrong, this theory has many supporters.

In the face of such political speculation, the stand of the Michigan Republican delegation—the governor, two U. S. Senators, and a dozen congressmen—represents a significant conviction. It was ably expressed by the

governor when he said: "This is not a particular right. It is a matter of national right—the right of democracy for which we are fighting."

These words, typical of a statesman, are in the best traditions of Americanism that inestimable spirit of the heart that prompts men to put America first, selfish interests second.

Commission in 1942 and more recently has served as one of the Birmingham members on the Oakland County Board of supervisors. Mr. Estes has also been active in Victory Garden promotion and Bond Sales.

I am seeking the Republican nomination as state representative in the July primary because I am interested in civic affairs and good government and I believe I can contribute something to that cause. If nominated and later elected I will endeavor to fill the position actively with sincerity and integrity. Shortly I will issue a statement which I believe will be of interest to residents of the newly created district.

Birthday Cake

(Continued from front page)

We of Pillsbury are glad of the opportunity we have had to serve the people of America. The Record with an organization that parallels our own in its years of service, has a record that brings a feeling of pride to its staff and to the people of Northville.

To express our feelings of fellowship enhanced by this joint anniversary, we will have presented to you on our 75th birthday, June 6, a birthday cake in honor of the occasion.

May we again congratulate the Record on its three quarters of a century of public service. It is our belief that America will continue to give the Record, and us, opportunity even greater than that of the past.

Very truly yours,

Philip Pillsbury, President

The Record was founded in 1869 by Samuel H. Little, and as far as we are able to ascertain, has been in continuous publication since. However, some where in the years the volume numbers have been confused and the number of the volumes does not correspond with the 75 years of life, but we are endeavoring to clear it up and get the correct volume number on the masthead.

An orchestra playing popular music is practicing twice a week under the direction of Mrs. Gordon LeCronier, assisted by Leslie G. Lee. It is the hope of the Recreation Committee that this orchestra will be in shape to play for Friday evening dances to be held during the summer in the High School gym.

Plans for summer activities in the Scout building, on Saturday nights, are not yet definite. Until further notice, the open house which has been held every Saturday night during the winter and spring, will continue as scheduled.

Mass meetings will be held in the near future, at which the entire matter will be discussed and ample opportunity afforded for questions and suggestions.

A committee consisting of Arthur Pohl and James E. Jensen of Oxford; William C. Lightfoot and Mrs. Ann Chizmar of Hinman; Benjamin T. Steers; and Mrs. Donald Gates of Page Line; Dr. Linwood W. Snow and Earl F. Clark of Northville, with Mrs. Clark as chairman and Miss Gates as secretary will co-ordinate the work in the various communities.

In order to bring the matter to vote, it will be necessary to secure the signatures of at least 50 per cent of the qualified electors in each school district affected, and it is the decision of the committee that petitions will not be circulated until all voters have had an opportunity to learn all the facts.
