Since I have fallen behind, Wing St. was recently awarded a "sharpshooter's medal" for proficiency in firing the .45 caliber automatic pistol at Maxwell Field, Alabama, an installation of the AAF Training Command.

invasion and hope you could pass it on to G. V. Harrison at the high school.

Although we are limited as to what can be said about the invasion, I can say that we unloaded our rockets on our target and got out of the dangerous area without a casualty. Although naval gunfire was trying to knock our target off, it has not hit. You can't put date on them, so I will be able to read my mail according to the dates.

We have shows every night, I hope that they keep it up. I guess you know that Hospital ships travel with their lights on every night, with big spotlights on the red crosses. I am now a S. I.C. I did not expect to get it so soon. It means \$12 a month that we would not attempt such a large operation on such a rough day. Anyway, most of the crew was sick on the way over and even yours truly felt the rolling and pitching of the craft. The soldiers must have been a little seasick at least when they hit the beach.

Two things stood out above all others in my mind during the invasion: (1) the hundreds and hundreds of ships, crafts, and boats we had in the operation which gave me a feeling that nothing could stop a successful beachhead from being established; and (2) the absence of German air power was due in part to our air power being in the area. These two factors stand out above all other things that occurred on D-day.

At the present time we are back at an English base awaiting further orders. We don't know what is in store for us as your guess is as good as ours. We consider ourselves, however completely in readiness to go out and perform future assigned tasks if such be the need for them.

Upon closing I will go so far as to say that when we left the French coast our armies were definitely established on the beaches and thousands and thousands of tons of supplies were pouring onto the beaches behind the soldiers. However, it seems that there is still a long fight before victory will be won.

Yours, Charles Pink

It has been quite a spell since I last wrote you a letter but I have been so busy that I could not write up till now. I have or should say, my ship has been out making history. If you by any chance buy an Invasion Issue of the Saturday Evening Post, there is a story in it, written by Lieut. Col. Summers, who was on our ship during the whole affair. I wish I could tell you more but am unable to at this time. I sure miss the Record but I suppose it will get here. I hope I can get home soon but one never knows. The Commencement is tonight, isn't it? I bet all the kids are excited. I can just picture Doug, how is he? I am fine and just a little taller now and a lot heavier. We got some mail aboard today. It was good to get some. It won't be long till the Fourth of July will be here. Is there going to be a big doings in town that day? Well I guess I have said all for this time, say hello to everybody for me.

John Costello, son of Mr. and Mrs. Michael Costello of Merriman Road, Farmington, received his silver wings and commission as second lieutenant in the Army Air Corps Tuesday, June 27 at a ceremony at Tampa Field, Tampa, Florida. John graduated from Northville High in 1941 and was employed at the Ford Dearborn Aircraft before his enlistment. Lieut. Costello is now home on leave.

The following letter was received by Mrs. Moore of Plymouth from her son, Gordon: "Today, while eating, some fellow almost broke my back; he hit it so hard and I'll be jarred if it wasn't John Norton from Northville. Heck, we used to play football and basketball against each other back in the good old days, and we sure had a good talk while at dinner. If you see Caroline Dayton and she is heading for Northville, John said to have her stop in and tell his sister about us meeting each other in England. He is looking swell and twice as big as he was while in the States."

Mrs. Harry E. Larkin has received word from her husband, T/Sgt. Harry E. Larkin, that he arrived safely in France on July 14th. Primary Day, on the proposal to permit zoning in the Township of Northville outside of the village of Northville. Voters coming to the polls July 16th who reside outside of Northville Village will be named on a ballot asking their sentiment on the zoning proposal.

Farm Plans for War Vets

In formulating principles of guidance for establishment of veterans, war workers and farm youths on farms after the war, the Interbureau Committee of the Department of Agriculture points out that most of the good agricultural land in the U.S. is already in farms.

Approximately one and one-half million veterans with farm experience will be demobilized following the war and many of the three million war workers with farm experience may wish to return to farming and thousands of young farm youth will be looking forward to a place in agriculture, the committee reported.

"Intensification, improvement and further development in productive land areas"

The serviceman who is endangering his life in all parts of the world in order to protect the liberties of America must be provided for. He must be fully supplied with all that we can provide now, and he must be cared for when he returns. Those are obligations which we as citizens of America must fulfill.

The citizens of the newly created seventh Legislative District are very largely employed in the construction of the tools of war. Practically, this makes them an essential part of ordinance of the fighting forces.

Their present employment will end with the return of the soldier. Thus, to some extent at least, the problem of the returning serviceman and the citizen of this district is the same.

Both groups must be cared for. The State must shoulder its part in meeting this problem. The Legislature must be prepared with plans to solve this problem.

I have seen this problem coming and ask your support that I might do what I can to help in solving it.

ELECTRIC RANGE

Tests show that ONE-THIRD the vitamins in fresh vegetables may be lost through improper cooking before the food ever reaches your table. Your electric range can help conserve these important minerals and food values, and aid in the preparation of healthful meals for your family if you follow these simple rules:

(1) Use little water in cooking. Half-a-cup is ample for most vegetables. Water-soluble vitamins are boiled away and poured down the sink when you use large quantities of water, wasting the very things you pay for. By steam-cooking vegetables, this loss is held to a minimum. Avoid the vitamin-destroying effect of the boiling process.

(2) Avoid prolonged and violent boiling. The less time foods are exposed to high heat, liquid and air, the smaller the loss of their vitamin content. On an electric range, there is no large amount of water to be heated before the cooking can start.

(3) Use covered utensils and do not stir. Air destroys certain vitamins, and stirring simply puts extra air into the food. Always use covered utensils when cooking on the surface units of your range.

Kincaid - Richards Wedding
Held in Detroit Saturday

A wedding of interest to
Northville people was that solemnized Saturday evening in
Detroit when William J. Richards Jr., was united in marriage to Miss Margaret A. Kincaid of that city.

The marriage took place in the Nardin Park Methodist Church before an altar banked with gold, beauty baskets and pink and blue altar bouquets. The double ring service was read by the groom's father, Rev. William Richards. The bride was given in marriage by her father, Charles Kincaid. Her gown was of white sugar mist lace with a close fitting bodice and a lace-edged sweetheart neckline. She carried a colonial bouquet of white carnations centered with a white orchid.

Miss Evelyn Weed of Detroit was maid of honor and wore a gown of pink jersey and net. Bridesmaids were Mrs. William Chizmar, sister of the groom of Northville, and Mrs. Raymond Adams of Detroit. Each wore a gown of blue jersey and net, and carried colonial bouquets.

The groom's best man was William Chizmar of Northville and the guests were seated by Melvin Mitchell, also of Northville, and Stephen Kozma of Willis.

The bride's mother wore a grey and rose printed dress and a corsage of gardenias. Mrs. Richards' dress was of violet crepe, and she also wore a corsage of gardenias.

A reception was held later in the evening at the Wardell Sheraton Hotel for two hundred guests.

The newly married couple will spend a week's honeymoon at Higgins Lake. For going away Mrs. Richards wore a gray and white tissue taffeta suit. They will make their home in Detroit where the groom is the clergyman at the North Detroit Methodist Church.

Mrs. Richards attended Wayne University and was affiliated with the Zeta Chi sorority. She was employed as a teacher.

Rev. Richards attended Michigan State Normal College at Ypsilanti, Wayne University and Garrett Seminary, Evanston, Ill.

(Continued from front page) service in October, 1943; trained at Camp Perry, Va., and is now in Albany, Calif. His rank is M.M.C. 3/C.

Pvt. Keene Bolton is expected home Saturday on a ten day leave. Keene is the husband of the former Margaret Hein and graduated from Northville High in 1938.

I guess it's about time I got on the ball," and thanked you for sending me the Record every week. I have been reading it regularly since I enlisted.

Frank, Jr., 22 years old, left October, 1942, trained in Texas,

Class in the Air Corps.

Joseph is the last to go; he in the Navy. Words cannot ex-

press how much it means to us to sit down and read what is going on in Northville. In the

last issue I noticed that the 3rd War Loan Drive was getting well under way. It may interest

the readers to know that the

fellows here are buying an extra bond besides their regular

monthly investment. I am now

at Northwestern University.

Other children of the Bongiovanni include four daughters

and one son, 10 years old, now

at home. The family has lived

here for twenty-one years.

Donald J. Wilbur, son of Mr.

and Mrs. Floyd Wilbur of Cle-

nent Road, is now stationed in

England. He is serving with a

Bombing Squad as radioman

and upper-turret gunner. He has

been advanced in rank from

S/Sgt. to T/Sgt. since his arrival overseas.

A survey this month shows

that Northville folks have turned in 1246 pounds of fat

since June. This is an in-

crease over May's total of 1124

pounds. Fats are still a vital

necessity in the war effort and

Northville housewives are urged

to continue saving this needed

material.

We wish to emphasize that

there is no initial fee for the

opening of a CheckMaster ac-

count. This service is so amaz-

ing and so revolutionary that

occasionally someone gets the

impression that the dollar is in

the nature of a fee. Remember,

too, that the checking account

can be opened quickly and eas-

ily by mail. Signature cards are

sent to prospective depositors to

be filled out and these are re-

turned to the bank with the ini-

tial deposit.

The Depositors State Bank

has resources of approximately

\$2,000,000 and is a member of

the Federal Deposit Insurance

Corporation with each account

insured up to \$5,000. The bank

was established thirty-seven

years ago, in 1907.

Pvt. Tom Martin is now stationed somewhere in Africa. He is the son of Mrs. Anthony Martin.

Pvt. Keene Bolton is expected home Saturday on a ten day leave. Keene is the husband of the former Margaret Hein and graduated from Northville High in 1938.

Pvt. Frank L. Johnson, rank Corporal, is now on duty in the South Pacific in the Field Artillery Battalion, rank Corporal.

Pvt. John C. Lyle, rank Private First Class, is the last to go; he is in the Navy. Words cannot express how much it means to us to sit down and read what is going on in Northville. In the

The course used to be a radio operator but they've cut it down to five month course. It really keeps the old brain from becoming rusty. The chew is excellent. Chicken, fish, roast beef and ham are often found on the menu. We have ice cream and fat close now as I have to go on guard duty. That is something you never escape as long as you are in the Navy. Thanks

to all for the record.
