

**WINNING THE WAR IN 1944**  
WITH NORTHVILLE'S MEN AND  
WOMEN IN THE SERVICE

**PICTURES APPEARING IN THIS WEEK'S RECORD:**

Philip Chase is the son of Mr. and Mrs. C. M. Chase of Clem-ent road. He has served in the Ordnance Corp. since his en-terance into the Army one and one-half years ago.

Keene Bolton is the son of Mr. and Mrs. Harry Bolton of Redford, formerly of this vil-lage. His wife, the former Mar-gare Heine, had son, Michael, are living on eight. Mike grad-uated from Northville High in 1938.

Somewhere in Italy  
Just a few lines from this part of the globe, to thank you for the Record, which I receive here regular these days. It is worth its weight in gold and is about the greatest little paper there is. It really brings us soldiers from the old home town a lot of enjoyment and comfort in our spare minutes. I'm sure that all the fellows will agree with me about it.

I'm still in good health, and getting along as fine as ever, and hope this letter will find all my old friends at home the same way and still enjoying the better things of life.

We are having a great summer weather here in Italy, at the present time it is rather on the warm side, but then one has to look forward to those things at this time. The country is bonny and the dust is, beyond words, it's quite a problem to keep clean. The Army has shower units set up at different places for us, which we get to whenever possible, and you can bet we sure do take ad-vantage of them. The Army has gone to lots of added work to arrange things as near like home as possible, for the men overseas. In all there is very little that one can gripe about in any way.

There is very little that I can say in the line of news from here as it's considered Military Information, and we are not al-lowed to write about it in any way. We are having a very good luck at the time and doing our best to do a bang up job on things soon and for all time so it will return to our families and friends again.

I was able to spend a day in Rome on pass, while we were in that area. The city of Rome is a wonderful place to visit, and its sight of old Roman ruins is one that a person enjoys seeing. I was able to visit St. Peter's Cathedral while in Rome, and it's the most wonderful sight I have ever seen. A person can't begin to realize how wonderful it is, until they see it for themselves. I know of no words in which I could even begin to give you an idea of what it is like.

As time is short and I must be on my way again, I'll close wishing you and all my old friends and the best of luck to all.

Milton Weeks

WAG Pvt. Jean Marburger was home on a week-end pass from Stewart Field, Newburgh, N. Y., last Saturday. Jean visited her sister, Kathryn, and her mother, Mrs. Harry Marburger, of East Seven Mile road.

Pvt. Gerald Miller is expected home on leave this week from Camp J. T. Robinson, Ark., having finished one phase of his training. At the end of his furlough Jerry will leave from Detroit for another training center. Jerry is one of the two Northville boys who graduated by proxy from N.H.S. in June, having earned his credits and left for service before that date. He is the son of the Don Millers of First street.

The family of Pfc. Henry Shaller at Walled Lake have received official news from the war department that he is a war casualty having been wounded in action in Italy on June 2.

Pfc. Shaller has himself since written them to say that he has a fractured right leg and will be in the hospital for several months. Private Shaller was at Cassino and on the Anzio beach-head until the German line was broken.

**Italy, July 22, 1944**

Well, what do you think of the war news? Hitler damn near got it the night before last. It's too bad the timing was a little off.

The Japanese have also thrown Tojo and his cabinet out and they think they will get better results now. Won't they be surprised soon though? It won't be long now.

Our B-24's from around here have been "showing (up)" out of Germany lately and a lot of them are from Willow Run so the people there are doing a good job. We have one Ford B-24 here that has completed 41 missions over Germany and German occupied countries. None of its crew has had a scratch but one time she came in with 93 dak holes in her. She is covered with patches and after nine more missions the crew will be able to go back to the states. I don't know if the plane will go back or not but I doubt if it.

Well Gramp, I must close now as there isn't anything to write about. Tell everyone I'm O.K. again and back with my outfit. Tell Mr. Canfield that I don't get all the records sent me but I sure appreciate the ones that get here. It is nice to hear about the old home town even if it isn't very often.

Write to me when you can as a letter is always welcome when we're returned out from the days run and everything is quiet for the night.

Lovingly,  
Cliff J. Hanta.

Clifford has spent some time in a hospital in Italy, having been wounded in action. Fighn his letter it is evident he has entirely recovered and is back on the job again. This letter was loaned to the Record by his grandfather, Wm. Matheson of the Northville.

Pf. Robert Sears has been transferred from Camp Swift Texas, to Camp Dix, New Jersey.

Pvt. Finamore and Spirta Goto will arrive in town this week from Camp Lejeune, N.C., for a fifteen day furlough. The young ladies have finished the first phase of their Marine training and will visit their parents, Mr. and Mrs. J. J. Goto of Yerkes avenue, and other relatives and friends in town.

Pfc. Napol Pusta is visiting his family, Mr. and Mrs. Walter Pusta of Merrim Court on a ten day furlough. Napol graduated from Northville High in 1943, and will return to his camp in Florida.

A most unusual thing happened to the two Niles servicemen, sons of Mr. and Mrs. Archie Niles of West Cadet street. T/Sgt. Howard and Sgt. Norman met on a train in Chicago, while each was enroute home on furlough. Neither knew the other had been given a leave. Howard spent a few days here this week coming from Barksdale Field, La. He reports next to Kellogg, Field, Battle Creek, Norman, and his wife, the former Helene Johnson, came from Hamilton Field, Calif., and will visit here until about Aug. 12.

Letters written to relatives in Northville tell of the exciting life of Bob Streng in Germany. Somewhere overseas, where they became members of the same Marine outfit. Both boys attended Northville schools and were overjoyed to meet someone from home.

Having completed boot training, Bob Ely, arrived home this week from Great Lakes for a visit with his parents, Mr. and Mrs. Tracy Ely of Plymouth avenue. Bob reports Tom Houghton doing well at Great Lakes.

**Rodgers Awarded Purple Heart**

Sgt. Clayton Rodgers Receives Award Following Return From Assignment in Italy

Sgt. Clayton C. Rodgers writes to his parents, Mr. and Mrs. H. C. Rodgers, of West Dunlap street, that he has been awarded the Purple Heart. In the letter Clayton said he is one of three men out of an eighteen-man Ranger outfit, who got back safely from an assignment in Italy. Clayton was one of which was withheld for some time.

Writing together two articles one from a March issue of the Stars and Stripes, Italian edition, and one from the Detroit Free Press, we get the story of Rodgers set out in a supposedly routine assignment to "wait hell" in Cassano di Luno, Italy, on Jan. 30, before noon of that day, most of them had been killed, wounded or taken prisoner. Their orders were to infiltrate behind the German lines and later to meet up with forces of our Infantry. However, the Germans had moved their positions into that area, still fighting, and most of all the expected Infantry did not arrive. Thus the Rangers were ordered to make their way back. Clayton was one of the three men of his outfit who finally returned. His unit was ordered to wait for the remainder of the day, but they were ordered to make their way back. Clayton was one of the three men of his outfit who finally returned. His unit was ordered to wait for the remainder of the day, but they were ordered to make their way back.

Perhaps they may not wish over heavy loads. Be more than fifteen inches in length or four 16 parcels should be wrapped separately. ### HOME IS THE SAILOR

... for a few treasured hours!

There's precious cargo aboard our buses these days - young fathers on last leaves - war-wounded going home - war workers bound for the arsenals of Victory - all the thousands of active Americans who must be kept on the move. They add up to far more passengers than buses have ever carried before - in spite of the serious shortage of equipment and manpower. Our "task force of the highways" is able to carry out its vital mission only with your help... the help of all who travel wisely in wartime.
