What's the Rush?

It's the telephone rush. Every night thousands of service men and women dash to the nearest telephones to talk with families and friends at home. Most of the Long Distance calls from camps and naval stations are crowded into a few short hours.

Many circuits are likely to be crowded at that time and it helps a lot when you "give 7 to 10 to the service men." That's about the best time for most of them to call.

 ing of new churches in the Detroit area.

Under the "Settlement and Removal of Pastors" three churches and their ministers were considered. The Rev. Theodore Hackenberg of the Highland church having reached the age of retirement, petitioned for the dissolution of the pastoral relationship. When at the meeting of the Northville church presented statements were made by the pastor, the clerk of the session, Lee Eaton, and the moderator, Henry J. Ward of Plymouth. A tribute was read by the Presbytery for the vigorous leadership of Mr. Fredsell and after voting to confer with the congregation in its request, Presbytery, stood and prayer was offered for Mr. and Mrs. Fredsell, as they are to undertake their War-Time Service Work at Skagway, Alaska.

The last case to be heard, was that of the Drayton avenue church of Ferndale. Its pastor, Rev. Llewellyn Evans, requested the dissolution of the relationship to undertake work with the U.S.O. in California.

One of the speakers of the day was Dr. Roy W. Hamilton, president of Alma college. Reports were heard from the commissioners to the general assembly held in Chicago. Previous to the afternoon session, the fine market was closed by the

 hospital have been enjoying the cookies your ladies have made so much. They eagerly wait for Friday "cookie day" and we would like you to express our thanks to your groups that have made this project possible. We hope that you can continue sending the cookies.

In connection with this article concerning the need at the Romulus hospital, it might be well to state that the Northville canteen group goes to the Romulus Air Base and the Rouge blood bank, each, twice a month, for canteen duty. Thirteen of these canteens run in 28 hours in July and 100 hours in August at these posts.

Putting things off somehow mostly applies to duties and not to pleasures.

A foolish act may be wiped out by a good idea. One good idea added may be worth a hundred mistakes corrected.

Ballots
 (Continued from front page)
 was pointed out by the Township Clerk.

Ballots mailed from Michigan are complete and give the soldiers their full voting rights. Six ballots were mailed to each of the soldiers who requested them. All Officers included.

Included in the Federal list of the regular State ballot, including the names of candidates for Federal, State and County offices, except the judges. These require a separate ballot for non-partisan voting.

There is also a constitutional amendment ballot and one for a County bond issue to be voted on only by property owners.

The ballots are addressed to the soldiers with the same address used by friends and relatives. Where the soldier, sailor or marine is overseas, the ballot is addressed to New York or San Francisco and from there the army or navy takes over the distribution. They go postage free, including air mail delivery.

Racing
 (Continued from front page)
 have passed the 3,000 mark while not once during the past week did the total fall below 2,000. Of course, large crowds mean larger receipts as was indicated Saturday night when more than \$45,000 passed through the grandstands in six days.

On Wednesday night the daily double record of \$106.20 was posted but this lasted only 24 hours when the following night the lucky folders of the winning combination in the first five races were paid \$191.40 for each \$2 ticket. The daily double for last Saturday night when 6,941 fans turned out for the races was \$270.

Races will continue during the week. The track management has added ten new mutant windows and the congestion of former days around the betting booths has been eliminated.

The track will close Saturday night for one week in order that the horses may go to the Hillsdale Fair. The track will reopen a week later, Sept. 30, for three full weeks of racing.

When you meet a fellow who "up" about it, you will find it is not that way from backing up and not going ahead.
