

# NEWS of MEN AND WOMEN IN UNIFORM

PICTURES WHICH APPEAR IN THIS WEEK'S RECORD Dear Sir: I am sending my new address and I also want to thank you for all the records that I have received. Since I have been here in France I read it over about three times before I give it away. The old home town paper makes a fellow feel like he's been too busy caring for his wounded to be lonesome or homesick. When the Record comes, she says, that every one in her ward has a turn, reading it.

Conrad Springer, a life long resident of Northville is in training at Shoemaker, California. His duties consist of care of shock patients. He was employed at the Maybury Sanatorium for quite a few years.

Conrad's wife, Dorothy, and baby daughter, Connie Lee, are living on Cady st with the Al Thomas family.

The following is a letter received by Mrs. Mary Prendore and Miss Maude Harmon, of Church street, from their great grandson, and grandson, Pfc Harry Lee Ray, whose injuries in action in France was reported in last week's Record.

"Hello. I hope this finds you both in good health and in fine spirits. I wrote Dora yesterday about my wounds, so I suppose you will get all the deets. I don't want you to worry about me, as God is taking good care of me. I wouldn't be here now, if He wasn't watching over me. I bet it is getting a bit chilly around Northville now, eh? It is quite warm here in Italy. I haven't received my mail as yet but I don't expect any for about 4 weeks. That's about the length of time it takes, most of the fellows say. Well, excuse the writing and I will close now. Lots of love, Harry."

Harry was injured by a German tank while serving with his glider outfit, during the fighting in France.

According to radio reports, the 26th Division landed in the Phillipine Islands with Gen. MacArthur. Pfc. E. K. Starkweather was a member of this outfit at last report, so is likely with those now who are making such headway in the Islands. E. K. is the son of Mr. and Mrs. Ed Starkweather of west Seven miles road.

Mr. and Mrs. Harvey Higbee of High street received a letter from their son, S/Sgt. Harry, in New Guinea. Sgt. Harry is having a short visit with his parents, the Walter Millers of Waterford.

Sgt. William Hansen, son of William Hansen of Novi is home on furlough. Bill has a 21 day leave from camp at Altus, Oklahoma.

Word has been received by the father of Cpl. Irene Madia that the girl arrived safely over seas in New Guinea. Sgt. Mary Madia is having over the weekend a 4 day furlough from Fort Custer.

Well, I am writing to you to thank you for the Record. I wish to know how I appreciate it, for it brings home close to me the story of Northville for me. The news has some words for me. The day is going to be tough getting and it sure is a clean drive and they work us hard. I think it's going to be tough getting back to work after so much loitering around. The sooner we'll get back to work the sooner we can finish this job that must be done.

Sincerely, Alvin Sheppard.

A/S Harley A. Heintz.

Corp. Dick Richmond, stationed at Ft. Lewis, Wash. is in town on a 21 day furlough. He is visiting his uncle and aunt, Mr. and Mrs. D. W. Richmond of north Center street.

Lt. Frances Bacon, a former Northville girl, is reported as stationed in France at the present time. Frances was in the States on leave some months ago, having then completed a period of service in English hospitals.

Albert Earhart S2/c, son of Mr. and Mrs. Albert Earhart of Neeson street, is home on a 15 day furlough. Jr. is stationed at Farragut, Idaho.

Corp. Robert Kelly of Marshall Field, Kans., writes that while in Kansas City, the other day, he ran into his cousin, 1st Lt. Robert Bray. The two boys had a whole day's visit as they hadn't seen each other for over four years.

Roger Miller has been promoted to Private First Class A member of the Paratroopers. Rog is now in Holland.

Pfc. Clark Armstrong returned to Kearney, Nebraska after spending a fifteen day furlough with his parents, Mr. and Mrs. S. C. Armstrong of Baggerty, Northville.

Pharm/Mate 2/c John Genest who has been stationed in New Caledonia for the past year has been transferred to the Marianas.

Corp. Lee Thompson is expected home soon on furlough from the South Pacific Area. Lee has seen continuous service since before Pearl Harbor.

Helen Nazier S2/c, according to the Detroit News recently, is being one of seven Michigan women now in service with the Red Cross department.

## Workers Ready for House to House Canvass

Residential Districts Will Be Covered by Block Workers; Special Solicitors for Other Sections of Community

Northville, Oct. 27.—House-to-house workers are already set for the annual solicitation to raise the community quota for the Northville War Chest. The entire community has been organized and house-to-house canvass will be made during the period of October 28th to Nov. 4th.

Under the leadership of Club Scout and the core group of volunteer workers no detail has been missed in planning to raise the local quota of \$50,000 of which three fifths will go to the national organization of the national effort and two fifths to the local recreation and community fund.

Monday evening the War activities Committee of the Women's Club met with Mrs. Ward Masters and the block system as formerly set up by that organization was brought into action.

Mrs. A. H. Helm will be area manager with 14 helpers in the Northwest part of town. Mrs. W. E. McCarthy with 14 helpers will cover the southwest part.

Mrs. J. A. Congo with ten co-workers will have the south east corner.

Mrs. B. M. Atchison with her helpers will have the north part.

Mrs. A. H. Vaughan with her co-workers will canvas the north east part of the village. Mrs. M. M. Murphy is soliciting the business section Harper, Britton, professional men and Dr. F. L. Smith, the dentist and druggist. Mrs. G. C. Woodworth is in charge of the downtown area. It is hoped to begin the solicitation on the 1st of November.

Mr. and Mrs. Wm. Lyon, husband and wife, of Northville, celebrated their 50th wedding anniversary on Saturday evening.

Mr. and Mrs. Wm. Lyon, husband and wife, of Northville, celebrated their 50th wedding anniversary on Saturday evening.

Wednesday, Oct. 26, a home-on-plan provided for a debate on the proposed Home Rule amendment as it is offered by the people on the ballot Nov. 4.

Clyde Ferrier expounded the merits of the proposal and Mr. McElroy led the case for the opposition. Both men presented strong cases and should be thanked for challenging the thought of the group to the pros and cons of the proposal.

The musical phase of the rally was directed by the Rev. Lloyd E. Young, pastor of the church assisted by his wife or the console of the Hammond Organ and by Mrs. Don Schenckburg at the piano. Two of the young people, William Stanfor and Otto Cox, shared the chair for the evening. A splendid group of young people remained for the after-service, seeking Salvation Army.

The edition will be mailed head for young government first class in time to arrive on Nov. 4th. Non-partisan county election by Christmas. The lead line for Mr. McElroy challenged the news and addresses will be Nov. 4th expounding the proposal and the pros and cons of the proposal.

The edition will follow the lead line. He claimed two-third majority in Detroit was only a small majority last year, but will nascere in which a bank concentration on news items about rug city wished to get its hands on the boys and girls, furnishing them with the good name and finances of the community.

The personal greeting signal prepared to the county and pleased to again be followed to for those present to vote No on the proposal.

You will want your servicemen to have this issue and elsewhere you will find in this record an advertisement on this matter where a coupon has been provided for your request and the address where you wish the edition to be sent, as well as space for a brief news item. The

## The American Legion Digest

This column is edited and paid for by the Lloyd H. Green Post No. 147 American Legion of Northville for the information of the men in the service. Questions from Servicemen will be welcomed and answered in this column.

### WHO STARTED "THE LEGION" AND WHY?

Who started the American Legion? Where? When? Why? How?

The American Legion was organized by a thousand officers and enlisted men delegates from all units of the American Expeditionary Forces, who gathered in an organization caucus meeting in Paris, France, on March 15 to 17, 1919, where they adopted the name "The American Legion."

Prior to this meeting, there had been a good deal of discussion everywhere that men served in the Army, Navy and Marine Corps about such an organization. Some of this discussion was being held even before the Armistice in 1918, particularly among men who had been hospitalized for wounds and knew that they would not get to return to their units at the front. There had even been some discussion on the transports going to France that when the war was over, there would be the need for such an organization. However, there was a war to be fought so that there was nothing more done about it until that war had been won.

The Seed Is Planted. Maybe the thing began to come to a head in Base Hospital 2, in Paris, where a conversation was held on the subject between two patients, one an officer who had much to do with the start of the Legion, another an enlisted man who was prevented from carrying out his end because he was later killed in action. The officer was the late Brig. Gen. Theodore Roosevelt, then a major; the enlisted man was Sergeant William Patterson. The time was mid-summer of 1918, when the war was still blazing on the western front.

Then came the Armistice—months later. Then the formation of a veterans' association of some kind really was discussed, by both officers and men in Paris, on the docks of the SOS ports, in the long trek to the Rhineland. And it was being discussed back in the camps in the states among those who had not been sent overseas.

Those Paris Meetings. On February 15, 1919, a meeting was held in Paris. This meeting had been called by CIO for the purpose of improving the betterment of conditions and development of contentment among those in the army. In France, most of whom wanted to go home right then.

This meeting called for official business done, for a dinner held on February 15, with covers set for 20 persons, the organization was born that was christened, later, The American Legion.

Here at this dinner it was determined to hold a meeting in Paris, a month later, which would be attended by delegates representing every unit in the A.E.F. which could get a representative to Paris. It was

where reside the so-called "low income" group, which has been the backbone of the New Deal. Recent polls of the Detroit News again emphasizes the like-

urban vote will swing heavily toward the Democratic column. If the Republicans are to counter-balance it, they must get out the vote in upstate counties.

The two separate ballots—one for president and vice-president, and the second for the governor and others including Congressmen—offer another factor in 1944 which may put Kelly ahead of Dewey in the final tally. Another complication is the fact that in about 35 counties the Democrats have no county ticket. Thus a lack of ballot interest may tend to keep Republicans at home in areas which are predominantly Republicans while the CIO Political Action Committee swells the Democratic vote in centers which are apt to go Democratic.

As an observer studies the 1944 scene, he can find few logical reasons for believing that as a nation we are "tired" of a sharp swing to the right towards so-called conservatism, old-time capitalism, uncontrolled free enterprise, call it "the right whatever you want."

At San Francisco, on Sept. 21, G.O.P. Nominee Dewey declared that "we are not going back to the days of unregulated business and finance. We are not going back to the days of unprotected farm prices... to the leaf-taking and the dole." He said government control was necessary, favored a peacetime economy, halfway between regimentation and uncontrolled business.

On the following day (Sept. 22) Dewey favored an extension of old-age pensions and survivors' insurance to farmers, domestic workers, government workers and self-employed; extension of unemployment compensation to similar groups; and assurance of medical service to those who cannot afford it. He pledged retention of collective bargaining and other rights of the workers.

It seems significant to us that every representative public opinion survey in recent years has repeatedly affirmed the public's favor of freedom from want by old-age pensions, job insurance, health insurance and even for students.

The conservative may snort and call it "communism," but the fact still stands that the American people—as tested by acreage poll—are not going to the right in terms of opposition to social benefit. Farm Dewey's distinction adds weight to this trend.

Men benefits not based on the horizon.

The question is more as follows: How much to the left shall we go?

You will furnish the answer to a large degree on Nov. 7.

Mrs. A. M. Thornton of Monroe, La., arrived last week Friday to spend a short time with her sister-in-law, Mrs. Charles Rogers of Nine Mile road.

## IT'S PATHETIC TO BE HOMELESS

We open our hearts to a homeless kitten, a neglected puppy—that's the way we are in America. But let us remember too, that across the world there are homeless humans—brave persecuted people, victims of war's destruction—who look to us for help and hope.

Give to your Community War Chest—help to reestablish these homeless people. Be generous—save from your household budget or income, sacrifice a little—give that others may live.

Help all three—your fighting men, your Allies, your neighbors.

## Ordinary Gas Meter Takes the Place of \$6,000 Test Machine

When the production of pressurized cabins for the S-29 Superfortress, the Army Air Forces' biggest and newest aircraft, was threatened recently by the Hudson Motor Car Company, Detroit, because they were unable to obtain immediate delivery of a \$6,000 testing apparatus, an engineer with the company solved the problem by employing an ordinary gas meter. A meter similar to many in use throughout our gas properties was obtained and when it was hooked up with hose connections and recording devices, it proved so accurate that customer entrants are being made by the company to obtain the special \$6,000 machines, formerly used.

Here is an excellent example of how ingenuity is saving time and money and speeding production of war materials for the Army, Navy and Air Forces.

The production methods devised by Hudson Motor Car Company engineers in building three important fuselage sections which comprise nearly half of the 98-foot length of the new Boeing B-29 Superfortresses, are being studied by Army Air Forces to speed production and reduce costs in other plants.

Carried

Moved by Bryan, supported by Frid, that the following

amendment to Article III, Sec. 305 (c) of the Village Building Code be adopted:

"No frame building shall hereafter be built within the fire limits. No frame building shall thereafter be enlarged within the fire limits except multi-unit

owned buildings or buildings of a philanthropic nature, and then only upon the express consent of the

Village Commission. No

frame building shall be moved from its original site to within the fire limits. No

frame building shall be removed from one part of the

fire limit to another. No

frame building, owned by the

municipality, and then only upon

the express consent of the

Village Commission."

Frame buildings destroyed by fire or by any other cause  
an amount greater than 75% of its assessed value exclusive  
of foundations, shall not be re-  
quired to rebuild but shall be removed.

This motion was carried.

The Police Department was  
instructed to notify Mr. Heckel,  
occupant of the Carl Schulz  
Bldg. on Huron Ave., that he is  
in violation of the Village Building  
Code by storing papers in  
the building, thus creating a

### 24 Leave for Service

(Continued from Page 1)  
Now Mr. Weidrick is planning even bigger things for next year. Already he has arranged for a clubhouse to be built before the races start in May to accommodate about 1,500 people. There will be more mutual wagons and a better lighting system. Other improvements will be made during the winter and will be successful in the early spring so that Northville Downs can take its place as one of the leading half mile tracks in the face of a

new record. And, too, the officials did everything possible to accommodate the fans and horsemen. Mr. Weidrick, treasurer and general manager, is the man who deserves chief credit for success. Not only did he estimate the idea that trotting would be successful in the semi-wilds, but he interested a number of friends and went ahead in the face of a

new record.

### Bedford Union

#### Defeats Mustang 32-6

Northville suffered a let-down in the second half of last Friday's football game and was beaten by the undefeated Bedford Union team, 32 to 6.

In the football game of Oct. 20, Bedford scored in the first quarter on a long end run and converted the extra point. On the following kick off, Ollie Cox, the Mustangs fullback returned it eighty yards for a touchdown but a clipping penalty was detected and the ball was brought back. This inspired the Mustang eleven so they put on a great man on runs, by Cox, Meeker and Crawford to score Bulman's kick was won so the score stood Bedford 7, Northville 6.

The second half was all Bedford, scoring three touchdowns on long runs with the help of some splendid blocking. They remain undefeated in five games. This week the Mustangs journey to Holly for their game on Friday, November 3, Northville meets the undefeated Farmington eleven on the Northville field.

### Russian Speaker Comes To Salem

Rev. Varnoff of Uccico, Russia will speak in Salem Town Hall, Tuesday, Oct. 31, at 7:30 p.m. under the auspices of the Concentration and Reformation Church. His topic will be "Russia and Victory" and will be illustrated with sound motion pictures and colored slides. He will relate some of his own experiences and discuss event which preceded the present world crisis.

He states that Russian life is undergoing a terrible change under the stress and strain of war, which he believes will lead to the expansion and freedom of religion. There will be also a most fertile field for missionary work. Rev. Varnoff is the son of Christian missionaries in eastern Europe.
