Following is a letter received by the Oscar Hammonds of north Center street from their son, Walter, S/c.

Dear Folks: This is being written at our new base. I'm sorry I can't say where I am because it is very pretty here. We get interviewed today to see what we would like to do. I mean what type of plane we want to service.

I went up in a PB 4-Y or B-24 Liberator, like the one Ford is making. We were only up two hours but I liked it very much and I am going up again as much as I can. We have another chance for gunnery school here, so they have one of the best schools in the Army or Navy.

There are also many types of night schools. They have all different courses in aviation mechanics, branch, and metal smith also. We can finish High school through the Navy's every type of subject is offered and arrangements can be made through High school principals for credits transfer.

I met Bob McNight yesterday in the chow hall. I don't think you know him. He went into the Navy shortly before I did. Just about the same time Earl Crull did. I am sure glad to see somebody from home. He is a Quartermaster but now he's in barracks.

In a little while I will be assigned to my new job and as soon as possible I will see about getting myself into a night school and if it is possible I will try to graduate here.

The barracks here are about like the ones we had in Norman and we have bigger mattresses; have good laundry service; too. The ship's service has every facility imaginable and there are also movies every night so I can keep going without the grind getting too monotonous.

Will have to go now but I will write to you again tomorrow and give you the word as to what I'll be doing. Love, Walter.

No Cooperation Jeopardizes Xmas Edition

Rotary Record Christmas Special for Servicemen Funds Little Response From Parents and Friends—May Mean Abandonment

As announced on October 27th, again this year the Rotary Club is sponsoring a Servicemen's Special Christmas Edition of the Record. But unless the parents, relatives and friends of these servicemen display more interest and cooperation in the project it will have to be abandoned. Parents and relatives apparently are not interested enough to cooperate by sending in information, items, and addresses of the boys. So far too few have shown a particle of interest in the project.

Last year the boys were asked to provide letters and news items for the issue, which was sent out early in December by airmail to all the boys on the list. The Rotary Club paid all expenses involved above the receipts obtained by signatures on the greeting. This year the parents, friends and relatives will need to do the writing and requesting. For this time the idea is to tell something about each of the servicemen from the community, and send the papers, to only those whose parents, friends, or relatives request the paper sent and provide an up to date address, as well as some pertinent information regarding the boy or girl in the service.

So first UP TO YOU FOLKS AT HOME! To make the Servicemen's Christmas edition newsworthy and attractive to the boys, don't expect a committee to call you up for addresses, information etc. You do the calling or writing, or your soldier might have an awful time. So please contact T. R. Carrington, at once and have no regrets. News dead line Nov. 25th.

To make the edition worthwhile at least 250 of the 500 servicemen should be mentioned in items and current addresses given. Greeting sheets for signatures are now ready at the record office or at the office of T. R. Carrington.

This column is edited and paid for by the Lloyd H. Green Post No. 147 American Legion of Northville for the information of the men in the service. Questions from Servicemen will be welcomed, and answered in this column.

What Sort of People Belong to "THE LEGION"?

Who composes The American Legion, anyway? Well, the answer, really is "Veterans of World Wars I and II" but we will take it on from there.

The leading man of the musical comedy that played a week in your city this past winter; and your favorite radio comedian.

Your Neighbors and Friends: The fireman down at the plant; the president of the company that operates in the neighborhood; the principal of the high school; the president of the Rotary Club.

The manager of the local baseball team; your optometrist and your dentist; the elevator operator in the county building and the judge upon the bench. The operator of the gasoline filling station; the congressman; the man who reads the gas meter; members of the cabinet; the man who sails the Newfoundland banks for fish; the chairman of the Draft Board.

This isn't the entire list. To complete it would require enumerating every type and sort of employment, business or profession; every race and creed; every shade of political opinion or affiliation; every degree of financial condition.

Sign of a good housekeeper!

When there's a cobweb on that dusty shelf in a moment it will be gone with a flick of the duster. But right now, it's a sign of good housekeeping, for it shows that your unheated bedroom has been closed off to save heat.

There's going to be some shortage of coal delivered to homes this winter. This isn't because less coal is being produced. More coal is being mined this year than last. Mine owners and miners alike are doing a splendid job. And there are ample rail facilities for transporting coal.

But certain grades and sizes of coal are needed for war production. And, in addition, your local coal dealer is suffering from a shortage of manpower, trucks and tires. So be patient with him and make the coal you get go as far as possible.

Be sure your heating system is clean and in good shape. Fire carefully. Pull your shades and draw the drapes at night. Close off unused bedrooms. For other suggestions see your coal dealer.

One of the biggest jobs of the C&O Lines is hauling coal from the mines along its routes, so we're in a position to understand the problem and to know how essential coal is these days.

Mrs. Ralph Hay and Mrs. Harlan Johnson entertained the Past Masters club at a cooperative luncheon in the latter's home on south Wing street Wednesday afternoon. The first regular meeting under new officers of Orient Chapter No. 77 O.E.S. occurs this Friday eve. in the Masonic Temple. Mrs. Ella Thompson has moved to an apartment in her daughter's (Mrs. Charles Tibble) house. The apartment was formerly occupied by Mrs. Eber-sole, who has gone to Florida. Mr. and Mrs. Floyd Lanning and Mr. and Mrs. Oscar Hammond and P. B. Stevens went to St. Maybury, San. to distribute the Justice Day boxes to War Veterans. Fifty-seven boxes containing grapes, apples, candy, home-made cookies were very joyfully received by Spars, Marines and Army men of this War as well as the patients from the last war. The chairman of the Rehabilitation Committee of the American Legion Auxiliary is Mrs. Oscar Hammond. Mrs. Charles Tibble gave a dinner party last week for her sister-in-law Mrs. J. D. Thompson of Detroit. George Simmons, were a flower in his lapel from the luncheon. A meeting Wednesday—a birthday token presented in the name of the club by Ernest Willis. Mr. and Mrs. O. E. Rong of Thayer Blvd. were dinner guests at the G. C. Woodworth home on Grace ave. Wednesday evening. Mr. and Mrs. Peter Gross has 25 their guests over the week-end at their home on Rouge st. Mr. and Mrs. Ed McMillan and children and Miss Magadeleine Gross of Detroit. Floyd Lanning, Chief McKinney and his son, Chief Petty Officer Gordon McKinney were guests at the Rotary-Exchange luncheon Wednesday. Floyd Lanning presented the club with the suggestion of providing Christmas boxes for the sick and wounded servicemen in the hospitals of Michigan. Robert Freydl, son of Mr. and Mrs. Charles Freydl of Eaton drive is in St. Joseph hospital for an operation on his leg. His mother reports that he is undergoing a series of tests preliminary to the operation which will relieve the pressure causing his lameness. He will have to be hospitalized for several months, but his friends and sympathizers will be putting for him. Mr. and Mrs. Gerald Woodworth of Grace ave. celebrated their twentieth wedding anniversary Sunday with a family dinner party at Hillside. The anniversary date occurred Nov. 15. The many friends of Mrs. S. Geraci of Clement rd. will be pleased to hear that she is recovering nicely from the injuries she received in a fall in her home some five weeks ago. She is still unable to use her left arm when she fractured, but x-rays show the bones healing nicely. Birthday congratulations to Fred Brockmiller Jr., Nov. 13. Mrs. Keats Bolton (Margaret Heib) and little son of Eight mile rd. have gone to Paris, Texas, for a visit with Pvt. Bolton who is stationed nearby at Camp-Maxey.

Medical patients include Miss Irene Whittaker of Northville and Jos. Direly of Belleville. Births, a girl to Mrs. Clyde Kintner of Plymouth; a son, to Mrs. Win. Kibbey of Wayne. S. Sgt. Kibbey is now overseas; a girl to Mrs. Knowles Buers of Selwyn; a boy to Mrs. Harold Rankin of Northville and a girl to Mrs. Robert Cox of Waxed Lake. There was a splendid response to the plea for paper sacks for use in the hospital. Cotton cloths for wrapping supplies are also needed.

Light Naphtha Under Rationing Light naphtha, the petroleum normally used for cooking and lighting, will be brought under rationing control, effective November 20, in 15 Midwestern States, the Office of Price Administration states. This is being done to prevent the illegal use of this product as a motor fuel—a practice that has become prevalent in the area. Legitimate users of light naphtha can apply to their local rationing boards for issuance of "E" and "F" non-highway gasoline coupons for such rationed naphtha as they may need in bulk. No coupons will be needed by that which is already packaged in containers of less than eight ounces. Local boards can deny requests for light naphtha for home dry-cleaning. It is not well adapted to such use if a suitable non-rationed substitute can be found, at reasonable cost.

SESSIONS HOSPITAL—Medical patients include Miss Irene Whittaker of Northville and Jos. Direly of Belleville. Births, a girl to Mrs. Clyde Kintner of Plymouth; a son, to Mrs. Win. Kibbey of Wayne. S. Sgt. Kibbey is now overseas; a girl to Mrs. Knowles Buers of Selwyn; a boy to Mrs. Harold Rankin of Northville and a girl to Mrs. Robert Cox of Waxed Lake. There was a splendid response to the plea for paper sacks for use in the hospital. Cotton cloths for wrapping supplies are also needed.

of The American Legion. That group is composed of all the Veterans of our American... those who think this nation should change its form of government to fit the style adopted somewhere else on earth. Included in this group are the Fascists, the Nazis, the Communists, and the pink and yellow traitors that are composed of the yellow-travelers, the pacifists, and both the extreme left wingers and extreme right wingers. They do not belong, though some are eligible by service, because they have found that they cannot influence the Legion and because the Legion stands for a cause they have been trying, by every method they think might be effective, to destroy the cause of American liberty and freedom—liberty to think as an individual and freedom to speak, pray and vote as individual conscience dictates.

Because The American Legion has been such a powerful defender of the American Constitution and its guarantees, and because the Legion has exposed the schemes of those who would change and alter our system of government and deny Americans their rights to individual freedom, it has been the natural target for many smear campaigns and under-cover attacks.

These attacks have come, tonight, however, because the American people know The American Legion too well to give any credit to such slurs. For every slimy insinuation that has been printed in a Radical or Fascist "throw-away" or scandal sheet, there have been thousands of commendatory editorials in the respectable press of the country—from the great metropolitan newspaper to the country weekly.

The fact that the membership of The American Legion has continued to grow through the years and is now again at the highest point in its history, is answer enough to the question, "What do the American people think of The American Legion?"

Unless the Legion was right in its program, right in its policy, and right in its application, this high regard for the organization could not have been maintained year after year, as it has. The American people are smart and wise; you can't fool them for long. Americans have watched the Legion in operation for 25 years and have placed their seal of approval upon it.

Soldiers
(Continued from Front Page)
Sgt. Dick Allan, whose home is in Detroit, is back from New Britain and New Guinea on a furlough. Dick has been in service over three years and this is his first leave. He was formerly associated with Geo. Locke in the Allen Locke Motor Co. here, and is visiting friends in the village as well as in the city.

Chief of Police J. L. McKinney and Mrs. McKinney of Linden are enjoying a visit from their son, Gordon and his wife from Chawwa, Canada. Gordon is a Chief Petty Officer in the Canadian service and was on the Canadian ship which was recently allegedly sunk by a German sub in the mouth of the Lawrence river. The junior McKinneys will visit here for two weeks.

Facilities of the nation's grain beverage distillers will not be needed during January for making industrial alcohol, states J. A. Krug, Chairman of the War Production Board. The distillers, however, will return to industrial alcohol output in February 1945. The January release reflects the cut in requirements of alcohol for synthetic rubber during the fourth quarter of the year, due to the nearing of capacity rates by synthetic rubber plants producing butadiene from petroleum.

SALVAGE MEMO
TIN CANS—Rinse after using. Remove label, open bottom end and flatten with foot. Place at curb for City collection day to be announced each month. Keep dry; keep separate from rubbish.

WASTE FATS—Strain and keep cool. Turn in to your meat market when you have a few pounds. Rancid fats not wanted. The Girl Scouts will help you.

SCRAP PAPER, MAGAZINES, NEWSPAPERS—The papers and magazines in separate bundles of about 25 lbs. weight. Put loose paper in sack or other container. Save and keep dry for collection date to be named in September. Village and township collection dates will be announced, watch this paper.

Don't put your pen down yet. Now figure this out: How much will you have to save every month in order to have the total indicated above in the desired year?

Don't forget that every \$18.75 you put in War Bonds today will be worth \$25 in ten years. That means your money will accumulate faster. Don't forget too that the money you save in your bank will be increased by the interest it will earn. That speeds the saving process, too.

Then if you will plan to cut down on unnecessary expenditures today, when prices are high, your extra dollars will buy more later on. That helps to build up the savings total.

All this arithmetic represents a type of planning which your government earnestly asks you to follow. If all of us will plan our spending and plan our saving we will help in winning the war and help to assure a prosperous peace.
