**ARE YOU MEN? MICE? OR PHARISEES?**

A man walks upright, speaketh the truth - from the heart, lives a clean life - in a body free from the nicotine stains and the poisonous effects of cigarettes and tobacco; free from the staggering mind, poisoning effects of beer, wine, liquor, and alcoholic beverages; free from the need of stimulating drugs, drinks, and narcotics to stupify and numbo the mind; and free from all forms of poisonous indulgence.

Pharisees is democracy in reverse. Democracy is a government of justice; domestic tranquility and equal rights in the pursuit of happiness; with officials promoting the general welfare of its citizens; laboring to secure the blessings of liberty; where men have freedom to teach their children by word and example - the way of eternal life that leadeth to heaven and exaltation.

Most noble roles in democracy's constitutional documents through which Pharisees can sit the liberty infused rights and truths; and then abridge the sieve with pharisaical demonism; in which laws are passed forbidding the murdering of its citizens by giving poison - in large doses - and then pass laws to make legal the selling of poison - in small doses - in camouflage form (cigarettes, tobacco, liquor, narcotics, drugs and) simulating drugs.

And then through taxation collect money from its victims to build jails, asylums, and sanatoriums in which to confine, legitamate licensed consumers of legalized merchandise, purchased from licensed vendors.

From taxpayer's money colleges and laboratories are built in which to train men and women (doctors, scientists?) to develop scientifically concocted antidotes to counteract and eliminate the murdering effect of legalized murder administered in small doses of camouflaged poison.

Laws are passed to prohibit plural marriage among righteous men like Abramam, Isaac and Jacob. And then pass laws that annul marriages of the wicked that they may indulge in adulterous plural marriages.

A country is no better than its leaders - and a people is not better than its preachers.

Delinquency did not originate in children - children followed their elder's example.

Men are heaven bound - Pharisees are hell bound.

By their fruits ye shall know them.

There are no spittoons in heaven.

A mouth that belches forth smoke, tobacco-stained spittle, al-  
coholic fumes, and profanity (cursing and swearing) - and then sets aside a day for prayer????? Where does the prayers go?

The Bible says, "The time will come when they will not endure sound doctrine." It can no longer be said, "The time will come." It has arrived! We are there!

And now that we are there - what are we going to do about it?

The offence of doing wrong is not so great as it is to continue in doing wrong after a knowledge of the wrong is made known. Sure I did - but I had sense enough to change.

Except ye repent and obey the gospel of Jesus Christ ye shall all perish for the sword of God is bathed in heaven and His wrath is kindled against professing Christians.

## SOLDIERS

(Continued from front page)

Philippine Capital Overseas since August, 1942, the Division was assigned to the Central Pacific where its troops maintained and improved military defenses in the Hawaiian Islands until June, 1943. In December they sailed from Honolulu to an advanced island base in the South Pacific where it was on duty for four months before undertaking the New Britain campaign, in which they are credited with the capture of Cape Hoskins airfield on N. B.'s north coast, extending from Cape Hoskins 25 miles toward Rabaul. A mile and a half from Cape Hoskins, the 39th Infantry Division is "Private First Class Leo Hollis, son of Mr. and Mrs. Leo Hollis, 355 First street,"

V.  
Sgt. Dale Bray writes home that he recently returned from a field trip to his base in the Philippines Islands to find Capt. Doug Bolton waiting to visit with him. Doug had travelled about fifty miles after hearing Dale was somewhere in his vicinity. The two Northville boys had a grand reunion, this being the first Northville boy Dale had seen in nineteen months.

V.  
A/S Dick Ritchie writes the following to his parents, Mr. and Mrs. J. R. Ritchie, of Dumars street:

Another kid and I had to serve chow this noon, because we're OK now after our illness. I made myself a table out of a cardboard box this morning. I use it to write on. Say, send me my game kit, will you? I could use it now. They don't have anything here to do but picture puzzles.

I had a letter from you today. I think it was No. 14.

Some of us have sparred a few times. I think I have the lightest case. I feel like running around the grinder ten times.

I don't mind being set back three weeks so bad now, because I'm going to have to get used to waiting long times before I come home.

I just sneaked in the pantry and sprinkled some sugar over a slice of buttered bread. Yum yum.

There's one thing I like about this place and I am taking advantage of it. That's that we can have all the fruit juice we want.

Tuesday we start getting some good food again instead of soup, jello and fruit juice.

When I come home I'll be wearing my darn whites.

The fellow next to me got a big angel food cake for his birthday today. Boy, was it good.

He sure did give me a big hunk.

I have to take my shorts off over again. Son of a gun.

The Doc put up a set of rules today. The only time we can smoke is for 20 minutes after each meal.
