Coal Users Urged To Act on Supply

**Declaration Forms No
Available at Northville
Coal Dealers. Must be
Signed Before Delivery
of Coal.**

Coal consumers are urged to file no later than April 15 declarations of need with their Northville dealers in order to obtain their supply of coal for the next heating season.

Under a new government regulation effective April 1, no coal can be delivered by dealers unless the purchaser has filed a declaration of need. In addition, for the coal year of April 1, 1945 to April 1, 1946, no consumer will be allowed to receive more than 80 per cent of his normal supply. However, a consumer who signs a declaration of need and an order with his dealer for 30 per cent of his normal supply by October 1, so it is believed, will be allowed to get declarations filed at once.

The consumer must state in the declaration that amount of coal he needs and that he will pay all reasonable penalties are provided for false statements. Con-

sumers will not be required to file a declaration of need for coal remaining in their bins April 1, but can carry this over into the next heating season as a "bonus." Declarations of need can be obtained from dealers.

Fate denied Franklin Roosevelt the chance to enjoy the fruits of victory over the Axis. Yet history seemed destined to enshrine him as one of the immortal American Presidents. And every citizen who mourned the untimely passing of the Commander-in-Chief felt that he was a casualty of the war just as surely as every G. I., Marine and Sailor who had fallen in battle.

Never before had an American president died in wartime. Abraham Lincoln fell under assassin's bullet just five days after the surrender of General Lee's army at Appomattox in 1865. Woodrow Wilson lived to see victory over Germany in World War I, but he fought a losing battle for the League of Nations and died early in 1924, a defeated leader. Many historians believe Lincoln's greatness might have been dimmed in the conflicts over reconstitution that followed the War Between the States, just as Lincoln's presence was lost in the conflict over the issues that followed World War I. Thus Franklin Roosevelt, dying at the height of his career just as victory was to be achieved over Germany, seemed likely to live in history as a great man.

As the American people from Main Street, to Riverside Drive mourned "the death" of Franklin Roosevelt, their prayers went up for his successor Harry S. Truman. For on the shoulders of this, slight, 66-year-old Missourian had been laid a responsibility such as no American President had ever borne.

What the consequences of the President's death would be to the United States and the world, time alone would tell. But, as Americans recovered from their first shock at the news, they quickly determined two things. The war must be prosecuted to a speedy and victorious finish as possible. Lasting peace must be established.

And so, regardless of party or of past political differences, the people have rallied behind Mr. Truman. The new President faces the immediate task of directing America's participation in the United Nations' blueprints for a permanent world organization. He likewise faces the responsibility of establishing working relations with other members of the Big Three, so that the personal cooperation which existed between Franklin D. Roosevelt, Joseph Stalin and Winston Churchill, in leading the Allies toward victory,

Served in World War I.

When World War I broke out, Truman became captain of Battery D in the field artillery of the 35th Division and saw action at St. Mihiel and in the Meuse-Argonne offensive.

Back in Independence, Truman and a war buddy opened a haberdashery business. He married his boyhood sweetheart, Bess Wallace, and they have one daughter, Mary Margaret.

Truman later turned to politics for a career, which started with his election as County Judge of Jackson County, Mo. In 1928 he became a presiding judge of Jackson

County, and the next year he was elected to the Missouri State

Senate.

Throughout his career as Presi-

dent, Franklin D. Roosevelt was known as the "preacher's brother," that title was first conferred in 1932 when he flew out to Chicago from Albany, N. Y., to address the Democratic convention that had nominated him. It continued after his election, as a result of his informa-

If you want to see how modern engineering illuminates the streets of a business section, visit progressive Inlay City. In 1938 the 21 old-style lamps on Almont and Third were replaced by 16 pendent luminaires delivering more than three times the total lumens of the former system.

Since the new lights contain precision-designed reflectors, they direct light down exactly where it is needed—some on the sidewalk, and lots of it into the road—not into the sky and onto buildings.

The old lights were 10 feet high; the new ones stand 18 feet. This helps protect children and other pedestrians who step out beyond parked autos at night. The old lights, being low, cast large shadows beyond each car; the new ones, being higher and suspended outward on brackets, leave little shadow. All this makes for safe streets and better business.

How is the street lighting in YOUR community? Our engineers will gladly discuss a postwar plan now.

Little Red Schoolhouse Becoming War Casualty

The little red school house, traditional recipient of rural

affection and a target of modern educators, is rapidly becoming one of the Michigan casualties of World War II.

The reason's economic. Teachers are being lured to other occupations where compensation is more attractive.

"The shortage of teachers in Michigan this year is estimated to be 3,500," said Dr. Eugene Elliott, state superintendent of public instruction. "Next year it will increase. We estimate, to around 5,000. The average salary of a teacher in Michigan is \$1,941 a year. This means that many teachers receive less than the medium sum."

"Approximately 100 commun-

ities in Michigan are now reorganizing their school districts. Parents are demanding better programs for their children and only the larger schools can afford such courses as music, art, domestic science, and manual training, and can pay salaries adequate for skilled teachers.

The House of Representatives has approved a bill which would permit school districts to create a study commission to investigate the advisability of school consolidations. The bill, if enacted by the legislature, would be at voluntary procedure and would not compel a school consolidation where taxpayers did

widely reorganized.

"We do not advocate the closing of all one-room schools in Michigan," he added. "Consolidation is not practical in all cases, and it should be effected only where benefits can be realized by the taxpayers in behalf of their children. It is our hope that the one-room school, even if abandoned, may continue to serve as a rural community center to meet the social needs of the rural community."

Modern transport, whereby a bus has replaced the horse and buggy in rural school districts is one of the economic changes which has favored consolidation of school districts.

The state public education commission submitted recommendations two years ago for reorganization of Michigan 6,000 plus school districts. Summary: That no elementary school child shall walk more than one and one-half miles; that no secondary school student shall walk more than two miles; that districts if reorganized, shall permit bus transportation whereby an elementary school child would not be on a bus more than 30 minutes and a secondary school student more than 45 minutes.

The commission recommended that each consolidated district should have at least \$3 million in equalized state property valuation except in those cases where the population density is relatively low and the percentage of first class land for general agriculture is less than 20 percent.

Nearly eclipsed by the rush of European war news are the 1945 war protective activities of the Michigan Office of Civilian Defense. Did you know:

That planes of the Michigan civil air patrol, whose paid personnel is financed directly by the Michigan OCD, recently flew critical needed tank parts to New York for installation in a U.S. plane bound for Germany? The big push into Germany was held up by order of General Dwight G. Eisenhower until these Michigan-made parts were available?

That the training of 200 civil air patrol cadets at Sault Ste. Marie last year was one of the major benefits realized by the OCD program in Michigan?

That 110 auxiliary policemen and air raid wardens, all covered by federal insurance in the event of mishap, were summoned by the OCD in Muskegon to combat a series of seven fires that broke out the same day in May?

Because auxiliary members function under the OCD, the federal government extends protection of insurance which otherwise would be denied to them?

That the Victory Garden program of the Michigan OCD has received a Washington priority for 1945 because of the current shortage of footstuffs?

That in areas of coal shortage,

SCHOOLHOUSE

(Continued from preceding page)
such as Detroit, the OCD serves as a clearing house for dealers to certify necessity of fuel? This action was taken at the request of Washington.

The OCD is strictly a war function, and under the state law it will cease at the conclusion of the war. The activities just enumerated are only a few out of many. The legislature gave it an appropriation of \$447,500 in 1943; yet the OCD

turned back an unspent balance of \$161,000. This "saving" plus the 1944 appropriation of \$100,000, gave a total budget of \$261,000.

Did the OCD spend this \$261,000? No, it did not. The suspended balance on July 1, 1945 is estimated today at \$126,645, the expended sum at \$134,500.

These savings have been effected by reduction of the state personnel from 104 persons on Jan. 1, 1944, to 28 persons on Feb. 1, 1945. Interesting enough, the OCD budget for 1945-6 is \$2,600 less than the \$126,000 which the OCD "saved" last year! We know of no other state agency which can equal this record.

That some legislators at Lansing have been complaining because of the lack of leadership by Governor Harry F. Kelly was a topic recently covered by this column.

James Galley, editor, Tuckola County Advertiser at Caro, comments editorially as follows:

If Governor Kelly had prepared a bunch of bills and presented them for passage, most of these same politicians would have bowed "dictator" until the skies rang. When he didn't do that, they howl "lack of leadership" until the same skies do the same thing. It seems to us as if the Governor has presented many problems to the legislature. He has made suggestions for laws which he considers desirable, but he has issued no orders.

The legislators have, therefore, been put on a spot where they must use their own judgment, and how some of them do hate to do it!"

President's Life Was Characterized By Vigorous Action

organized on a sound basis, thus preventing disastrous results. In the spring of 1933 came the repeal of the 18th or prohibition amendment. Then came the National Industrial Recovery Act, or "NRA," under which extensive emergency powers were granted to the President. A series of public works were authorized to combat unemployment, together with large appropriations for direct relief.

Unlike the log cabin presidents, Franklin Delano Roosevelt was not born into poverty. When Franklin arrived at Hyde Park, N.Y., on January 30, 1882, he came into a family that had possessed wealth for many generations. The Roosevelts had been thrifty, law-abiding people since the first of the family came over from Holland. On his mother's side also there was a substantial fortune. Among his ancestors were many men who had served the state in various capacities.

Young Franklin attended the very fashionable Groton School, where he was prepared for Harvard University. After completing the liberal arts course he entered Columbia Law School, from which he was graduated in 1907. Two years earlier, however, he married his distant cousin Anna Eleanor Roosevelt. Eleanor was a niece of Theodore Roosevelt, at that time in the White House.

After two years of legal practice, Franklin entered politics, running on the Democratic ticket for the New York State Senate. He unexpectedly defeated the strong Republican candidate. From the beginning of his career he identified himself with reform movements, opposing the powerful Tammany organization in the statehouse. He was reelected in 1912, by which time he had become leader of the anti-Tammany faction.

Woodrow Wilson appointed Roosevelt assistant secretary of the navy. When World War I broke out Roosevelt proved himself an efficient administrator, handling billions of dollars' worth of contracts for ships and supplies. He served in this post throughout the war.

Roosevelt was given an intelligence test in the army.

"What would happen if one of your ears was cut off by a bayonet?" asked the examiner.

"I couldn't hear so well."

"What would happen if your other ear was cut off?"

"I couldn't see."

"What do you mean?"

"My hat would fall down over my eyes."

Patient: "Hey! This plate you gave me is damp."

Orderly: "Quiet! That's your soup."

This month, from the clothes closets and attics of America's homes, must come 150 million pounds of serviceable used clothing, shoes, and bedclothes, to help relieve the pitiful suffering of 125 million men, women and children in war-torn European countries.

Will you help? Then call your local UNCC Committee—right now—for full information.

Radios and Refrigerators . . . Tires
and Telephones
are all in the same boat

Many thousands of people can't get telephones today for the same reason they can't get radios, refrigerators, tires, automobiles. Telephone factories also are busy on war work, and will be for a long time. There just aren't enough telephones to go around.

But the telephone instrument is only part of the problem. More than half of our 100,000 unfilled orders also are held up because of the lack of central office

materials, and manufacturing facilities. We're planning a full-speed program of expansion and improvement, costing \$120,000,000 in the first five years. But even working at that rapid rate, it will take at least two years to manufacture and install enough equipment so telephones can be furnished generally without delay.

We are sorry if you must wait for a telephone. We will fill your order in proper turn just as soon as possible.

Stark Reception

Two hundred and twenty-five visitors signed their names to the guest book placed at the door of the Bert Stark home in west Main street Sunday afternoon, and evening, on the occasion being the fifth anniversary of their marriage. One of the interesting phases of the reception was that it was held in the same home in which Mr. and Mrs. Stark began housekeeping a half century ago, following their wedding at the home of the latter's parents, Mr. and Mrs. Josiah Tolford, at Sarz Creek.

Not only Northville, Farmington, Detroit and Adrian friends and relatives called to pay their respects to Mr. and Mrs. Stark but about twenty relatives of Mrs. Stark came up from Lima, Toledo, O. Included were brothers Dr. Wm. K. Tolford and his wife, Mr. and Mrs. Ralph Hale, Mr. and Mrs. Jack Seegers, Mr. and Mrs. Harry L. Lang, Miss Mary Wetlie, Mr. Harold Hale, son-in-law, Mr. and Mrs. Philip Tolford, Mr. and Mrs. Geo. Tolford, Jr., and Mrs. Wm. Tolford, Jr., and daughter, Patricia, and Mrs. Jack Tolford.

Several of the ladies assisted at the tea table which was beautifully laid with a lace cloth, a golden weeping gift centered with a crystal bowl of yellow daisies and white stock flanked by beaded crystal candlesticks holding golden tapers. Others who took part in the reception included Mrs. J. C. Cook, Dorothy Jane Congo, grand niece, Miss Irene Fair, and Mrs. Willis Campbell, at the place and Mrs. Geo. Chockett.

Mr. and Mrs. Stark were the recipients of many beautiful gifts and congratulatory cards.

Mr. and Mrs. Norbert Rork of Base Line Road were hosts to forty-five guests at a party given in honor of their son, S. J. Rork, Saturday evening. Out-of-town guests included the grandparents of Seaman Rork, Mr. and Mrs. John Rork of Greentown, Indiana, and Mr. and Mrs. Wm. Loeng of San Diego, California.

The regular 12:30 p.m. June luncheon afternoon meeting of the Methodist Y. W. C. A. will not be held on Tuesday, April 24. Instead the society will be given that evening of the Service League for an interest program of service in the Church House. A short business meeting will precede the program in the church auditorium at 8 o'clock.

Mr. and Mrs. G. V. Harrison or west Dunlap street were hosts at a dinner party Saturday evening. The guests were Mr. and Mrs. Ed Terry of Dearborn, Mr. and Mrs. Bernard Head and Mr. and Mrs. O. Johnson of Detroit.

The Senior Christian Endeavor Society of the Presbyterian church installed officers for the new year, at the meeting Sunday evening. The candlelight installation service was held in the sanctuary. Bob Masters, acting president, presided for the first part of the service, and Blake Couse, new president, for the latter part. M. Jane McKeague sang "Christ of the Upward Way." New officers are: Blake Couse, president; Adeloy Ford, vice president; Pauline Rogers, secretary; Ten Gross, treasurer; Lois Taft, Christian Fellowship; Carolyn Stebbins, Stewardship, and Helen Canfield, Faith and Life chairman.

Mr. and Mrs. Fred Fry were entertained at dinner on Sunday by Mr. and Mrs. James Day of Detroit, afterward visiting Harper Hospital where Mrs. Chas. Blair, sister-in-law of Mrs. Fry, is receiving treatment.

Miss Jessie Hutton served luncheon at the Pig-horn, on east Seven Mile road Sunday evening to Mr. and Mrs. Warren Gregory of Detroit. Mrs. Minnie Hutton and Mrs. Chas. Hutton of Walled Lake and Mrs. James Fry of Detroit.

The Intermediate Christian Endeavor of the Presbyterian church installed new officers on Wednesday evening following a pot-luck supper. Mickey Nagy, she is with the medical retiring president and Maty Ann corps and is a Northville girl.

Society Briefs

Not Wednesday, April 25, is the date for the various circle meetings of the Presbyterian Women's Union at 12:30 o'clock at the Flora Abbott with Mrs. Jos. McCluskie, 753 Grace, Friendship with Mrs. Wilbur Johnston, 213 High, Orchard Heights with Mrs. Charles Miller, 223 High, Tak sandwich and sewing materials.

Mrs. Betty Worfold, a teacher in the Winona schools, spent the week-end here with Mrs. Maxine Perkins.

Mr. and Mrs. Harry Richardson, of Fort Wayne, Ind., announced the birth of a daughter, Donna Jean, on April 11. The baby's grandparents are Mr. and Mrs. H. R. Richardson, of 211 W. Dunlap street.

Mr. Richard Loomis has returned to his home on west Dunlap street after a stay at Ft. Leavenworth, Kansas, with her husband, E. Col. Loomis. The latter has completed a ten weeks' course in the Command and General Staff School there and is now on familiarization tour of the northeast. Allan is division of air bases. He is now at Rosedale, Mich.

Mrs. Russell Clarke has taken on the duties of program chairman, along with those she already held as finance chairman. Mrs. Clarke will correlate all programs for the troops.

Troop 4 had a demonstration yesterday by Beatrice Morgan Putnam, on how to transplant the tiny tomato plants which had come up from seeds planted earlier in the season by the Scouts. Other Troops 3 and 5 met at 4 o'clock in the Presbyterian church house.

Brownies meet Thursday at 7:30 o'clock in the Presbyterian church house. Troops 3 and 5 meet at 4 o'clock in the Presbyterian church house.

Celebrate Ninth Birthday The Northville Garden Club held its ninth birthday party and Exposition at the home of Mrs. Joe Hoch, on Randolph street, Monday afternoon. Mrs. H. C. Huen, Mrs. G. V. Harrison, Mrs. Howard Geer and Mrs. J. S. Atchison were co-hostesses to the thirty-two guests present.

Mrs. Ralph Day, club president, opened the meeting with a memorial prayer in honor of the late Franklin D. Roosevelt. Following the business session a birthday cake was presented for cutting. In the junior past president, Mrs. Wm. B. Walker, Jr.

Spring flowers decorated the Reid home and were also used on the tea table, where Mrs. Roy Matheson presided. Games were played, led by Mrs. Jas. Deaton, program chairman, and members related their experiences in earning the dollar club turned in to the club treasury.

On May 14 the Northville branch will join with those from Plymouth and Rosedale Gardens, for a spring luncheon in the Plymouth Presbyterian church house. Tickets for members will be available until April 30, after which date reservations may be made for guests. Mrs. Brunette Geraghty is chairman for tickets and Mrs. Edwin Bell for transportation.

Mr. and Mrs. C. A. McCullough of east Main street have received word that their neice, Mrs. Florence Sutton, has been transferred from Camp Des Moines, Iowa to Camp Atterbury, Indiana. She is with the medical corps and is a Northville girl.

Northville High School base ball

team will be played this Friday

afternoon at Farmington.

According to Mrs. Ernest

Wills, publicity aid for Our

Lord of Victory church that par-

ish had collected by Tuesday of

the week, some 1600 pounds of

used clothing, bedding and

lions for the National Clothing

Collection. The same group dona-

tated 1200 pounds of the same

for European relief.

lary club Wednesday.

Christensen's home at

50,000 west Six Mile road, across

from the Chasen Dairy, was

damaged Wednesday when a

blaze was started from a coal

stove. Northville Fire Depart-

ment was called to extinguish

the flames.

A slight accident occurred at

the intersection of Dunlap and

Wing streets Wednesday after-

noon when a car and truck

collided, shattering glass over a

large area of the pavement. John

C. Landau of Farmington was

said to have failed to stop his

car at the stop sign, while driv-

ing east on Dunlap street and

hit his by a Taft gravel truck.

The right rear fender of the

Landau car was damaged and

several glass jugs in the back

of the auto were thrown to the

pavement.

NEWS of MEN AND WOMEN IN UNIFORM

Dear Folks:
 Well here I am again. I got a lot of mail today.

To start with, I'll tell you what the major said was right, we were at Leyte. I guess you know, or that have told you that I have been to Saipan, Guam, Tinian, Palau, the Philippines and the Volcano Islands. We made five trips to the Philippines.

I haven't had a liberty in over ten months. I hope it is not too much longer before I get not only a liberty but a leave. It has been so long since I have been back that I am afraid I won't know how to act.

I am glad that you had such nice time in Florida. I am looking forward to a trip down there with you soon. I hope it is hard to realize that another spring has rolled around since I have been home. It has been over 16 months now. I imagine you are ordering spray material and overhauling the spray machine so that you will be ready to go. I wish that I could get a leave in the summer. It would be nice to be home during the harvest time.

I am still a butcher and like it as well as ever. One of my best buddies works in the butcher shop with me. He said that if he went back to the States when I did and got a leave at the same time I did, he would go home with me. I think you will like him. He is from Oklahoma.

I have some souvenirs I am going to send home when I get the chance. I have been thinking it is going to seem funny getting down to being a civilian again. It is going to be like heaven again.

I am hoping every one is well. Lots of love.

Just a short letter to thank you for the record. It is coming through so fast.

A couple of weeks ago I was surprised by a visit from "Bud" Murray, his ship happened to be here and he looked me up.

It was very happy to see him as it has been a long time since we received together. Yesterday I received a letter from him and he is or was on the same island with Ralph Hay, he said he would try to locate Ralph.

I hear from my mother that some of my "buddies" from Mr. and Mrs. Geo. Simmonds of Northville are on Iwo Jima. I hope they all get through OK.

While "Bud" was here we had our picture taken together; when they get developed I will send one for the paper.

Will you please write again on the Honor Roll. I received a picture post card of the Coast Guard Air Station in the Honor Roll but couldn't read all the names on the Honor Roll.

I'm stationed at the largest

camera, snapshots of the old
