Pfc. Irving Garfield, husband of the former Earline Walker, has sent his wife a large collection of money, medals, insignia, uniforms, and various other items of the Nazis. This collection has been in the show window of the Blake Jewelry store for the past week and may still be seen there. Irving is an MP stationed in France at present.

NEWS of MEN AND WOMEN IN UNIFORM

The following letter was received by Mrs. and Mrs. Steve Armstrong at their winter home in Sarasota, Fla., from their son Don, whose wife resides in Detroit. The Armstrongs are Northville residents. Don has recently been advanced to Motor Machine Gunner. S/Sgt. Injured after being hit twice.

from burns received. He has been awarded the Purple Heart for wounds received in action against an enemy of the United States.

Dear Mom and Dad:
I suppose you know all the details, at least most of them, about my burns. The only things I could tell you that I haven't already are taboo. The main reason for that being that the fellows that caused the trouble never got back to brag about it, and the Navy doesn't want to be the one to spread the word. I guess they didn't do what they

were to do. I'll say that I guess what gave you the idea that I was aboard ship was because the Navy Department letter said so.

In the Navy they call just anything a ship, including a tank of this type. So I'm still on the same old rock. You asked did I have a close call. Well I wouldn't want to have been one inch closer and expected to tell about it.

Say, that boat that you have on the string sounds good to me and if you can get gas for it I think it would be best to rebuild her engine, having moved with them mother to Northville from Petoskey.

You sure are no more anxious

about me than I am about you.

With love to all, I hope you will receive this news recently of the meeting of her two service sons Dale, S/1/c and Raymond, S/3/c, on Okinawa.

This was the first reunion of the brothers in their two years of service. Raymond's ship docking

at Okinawa gave him the opportunity of looking up his brother who is a Seabee on that island.

The boys worked at the Maybury San for some time before entering service, having moved with their mother to Northville from Petoskey.

The Frank Bongiovanni of Yester Avenue were happily surprised Saturday evening by a phone call from their son, Sgt. Frank, from somewhere in the States. Frank has been in England since Easter time and his family were pleased to hear that he expects to soon be in Northville on furlough.

Charles, eldest son of Mr. and Mrs. Dale Buttermore of south Wing street left April 30 for Naval training at Great Lakes. The other two Buttermore sons are serving in the European theater.

Charles' wife, Mrs. Anna M. Buttermore, of Rogers Street, received a letter last week from her elder son, S/Sgt. Essie Nordin, saying he is on his way home. Essie has served in Iceland and several European countries and been twice wounded and hospitalized.

Lena Light, S/2/c was home on leave last week from her duties at Cleveland, Ohio.

BUY WAR BONDS!

The graduating class of War Bond College in 1955.

There's no such college, of course. But you get the idea.

Take that good-looking boy, third from the left, in the last row. That's Paul White. He's only 11 years old today. Ever since the war began, his parents have been buying War Bonds regularly. When the time comes, some of those bonds will pay his tuition, will make it possible for him to begin a college education which will end with "B.A." after his name.

It hasn't been easy for the White family to buy War Bonds. The knowledge that they were helping their Country and their boy at the same time inspired their saving. They worked it out with pencil and paper. Every pay day, regular as clock work, they put money in their bank account. At regular intervals, they bought War Bonds out of their savings. And at the end of 10 years—well—it would do your heart good

to see the happy smiles on Mother's and Dad's faces at commencement time.

* * *

\$3 plus \$1 equals \$4. Sounds like grade school days, doesn't it? It also describes what happens when you buy War Bonds. You put up \$3 and Uncle Sam gives you back \$4 in ten years. But you get more than this. You have the satisfaction of knowing that you are helping your Country when it needs your help most. And as you buy War Bonds regularly you are launched on a plan for saving which will permit you to plan your spending at that future time when your dollars will be able to buy more.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

missioner of revenues predicts another buying surge in Michigan as soon as reconversion is completed and consumer goods are available at stores.

In the meanwhile, why not buy more bonds?

We wonder what the late Governor Loran D. Dickinson would say or think about the coming Governor's Conference at Mackinaw Island. You will recall that Dickinson smashed that front page with a lurid description of high living and sin at a governors' conference which he attended in the fall.

State governors have already accepted the invitation of Governor Harry F. Kelly to attend the Mackinaw Island session June 30-July 4. Reservations were exhausted several weeks ago at the Grand Hotel.

Conference rules limit admission to duly accredited persons—governors, and members of their staffs and press and radio representatives. As it is possible that President Truman will be present arrangements have been already made to house 3 secret service agents—the fast-breaking spotlight will be on Michigan June 30-July 4. To be announced soon: A new summer home for the governor at Mackinaw.

If there's any war and other scandalous goings-on at the Governors' Conference, we hope to know about it—and tell you about it. Why? We'll be there!

The Michigan Tourism Council recently re-created by the state legislature and appointed by the Governor has good reasons to be concerned over postwar prestige of Michigan as the Mid-West vacationland.

A note from Columbus, Ohio, tells of a movement by the state division of forestry to encourage Ohioans to spend their vacation money in their own state. Ohio conservationists would add 500,000 acres to state forest holdings and would launch a campaign to sell Ohio as the "Playground of the Middle West."

The Michigan legislature enacted 375 measures, most of them minor in importance, during its 1945 session at Lansing. The one-year budget of \$162,000,000 is the highest on record—if Detroit can escape another race riot during the reconversion period, city leaders will be thankful. The legislature gave the government authority to declare a state of civil emergency, in case of riot or disaster, without resort to martial law.

Glimpses into tomorrow: The Finch Telecommunication, Inc., will offer a facsimile attachment for frequency modulation home radios for less than \$100. The facsimile could print a five-column tabloid newspaper, complete with comics, feature articles, advertisements and pictures right before your own eyes. The big hitch is, Rate. Photographs do not reproduce satisfactorily.

WireRecorders, Inc., a Detroit concern, will manufacture a wire recording device at a price \$50 up, which could may be recorded magnetically on a thin strand of wire. A young Russian scientist at the Argonne Institute of Technology, Chicago, made the discovery. We saw our first wire recorder demonstration in New York City in April, 1944, and our second at Higgins Lake early in May. Home recording of radio programs will become common-place within a few years.

Agricultural Commissioner Charles Figg refuses to get panicky over the spring's downpour and cold weather. Except for fruit, other crop harvests should be good, he insists. The national cash income of farmers is due to hold around \$20 billions for 1945. Before the war the previous high was \$14.6 billions.

How they get there, John W.

Rice of the Houghton Mining Gazette doesn't know. But as of this date, the cabins at the Keeweenaw road commission's park nearby to Cooper Harbor, are booked solid for tourists during the month of August!

Michigan State Medical Society is openly apprehensive over the threat of nationalized health insurance. The new bill in Congress, for which Rep. John D. Dingell (D.) of Detroit is a co-sponsor, would permit a patient to choose his own doctor and a doctor could refuse a patient. Organized labor is all out for it.

Businesses of Michigan's booming tourist industry

increased 500,000 in June. Increased gasoline rations for B-card users were in effect Monday, June 11. A-card holders will get a break soon. All this points to a happier summer for the home front—and more business for Michigan's booming tourist industry.

Location of where the Japanese "scare" balloon landed in Michigan has been known to many, many months. You haven't heard about it because the press is observing a voluntary censorship.

Michiganans' share in national bonds drive to "stir up" home front enthusiasm for the war on Japan. Our observations: The Michigan home-front is way ahead of you, and have been for some time, as a matter of fact. We can take it!

Local Student Gets Reader's Digest Award

Rosemarie Young, valedictorian of the graduating class at Northville High School, has been given the Sixth Annual Award of The Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community. It was announced today by Prin. G. V. Harrison.

Rosemarie will receive an honorary subscription to The Reader's Digest for one year and an engraved certificate from the Editors, in recognition of past accomplishment and in anticipation of unusual achievement to come.

The award to Rosemarie, who is the daughter of Mr. and Mrs. Nick Young of 1927 Farmington Road, was made possible through the cooperation of the High School staff. They selected Rosemarie to receive the award, designed to stimulate scholarship, citizenship, and continued contract with good reading after graduation.

HAVE YOU ORDERED COAL AS URGED BY OUR GOVERNMENT?

The U.S. Solid-Fuel Coordinator warns: "Consumers must now take their coal as it can be supplied and store it against winter needs."

That means the coal mines must have our orders—your orders—so they can ship what small surplus they can produce over much increased and vital war needs. Without orders, this surplus is lost, for coal can't be stored at the mines—and it has no place to go except in bins.

Place your order now. Let us schedule delivery as promptly as wartime curtailments and manpower will permit.

GIRL SCOUT NEWS

Ruth Parmenter has taken the place of Mrs. S. H. Robinson as leader of Troop No. 6, Senior Girl Scouts.

All Troops have had their last meetings for the school year.

There will be day camp July 10, 11, 12 and 17, 18 and 19.

The Girl Scout association deeply appreciates all that the leaders and members of the

community have done, making it possible for them to have

over one hundred girls in Northville learning about girl

scouting. They also appreciate the services of Mrs. Beatrice Putnam, who visited all the

troops last spring and taught them how to plant seeds indoors

and "Cider" Harold Parmenter who trained the girls to march in the Memorial Day Parade.

The Annual Picnic for the

Daughters of the American Revolution

will be held Monday, June 18 at the home of Mrs. Edward J. Cutler of Plymouth at

twelve-thirty p.m. Guests at this

time will be the girls of Northville and Plymouth who won the awards as outstanding citizen

girl of the senior class, the best

student of American History and

the writer of the best essay on

"The American Flag." The winners of the awards in Northville are, respectively, A. A. Edwin Dickerson, Elizabeth Mayer and Mary Ann Ayers.

Mrs. Lloyd Fall and Miss Letta Livingston of Detroit were

guests of their niece, Joanne Montgomery, at the Senior class

night program Tuesday night. Other guests at the Montgomery home on Thayer Blvd. for commencement were Mr. and Mrs. Bob Lawrence and daughters of Almont.

Mrs. Seymour Orr was guest

of honor at a shower Friday evening given by Mazzie Mukam and Mrs. Joseph Modos.

Sixteen ladies were included in the guest list.

Mr. and Mrs. C. B. Turnbull of Fairbrook road attended a

West Point Park News

By Miss E. A. Aut

Mrs. Ralph Voorhees entertained a dozen lady friends and neighbors in her home on Shady-side avenue Wednesday evening of last week. Cards proved an agreeable diversion. Neat little prizes were offered and refreshments were served.

Following the Commencement exercises for Farmington High School last Thursday evening an "At Home" was in order at the Homer Coolman residence, Shady-side avenue, Miss Edna Coolman having been one of the graduates. A large number of relatives, friends and neighbors from all over the community casually dropped in. Miss Coolman was the recipient of many lovely gifts. Dainty refreshments were ready.

In honor of her daughter, Lora Anne's graduation from Farmington High School, Mrs. Emerson Aut held "Open House" at her home on Shady-side avenue after the Farmington High School Commencement Thursday night of last week. About fifty persons, including a number from Detroit, and several from Wayne, enjoyed the occasion. Lora Anne had a great many beautiful gifts on display. During the evening a buffet luncheon was served by the hostess and her assistants.

To celebrate her graduation from Farmington High School, Dolores Aut gave a dinner roast and croquet party on the grounds near her home on Shady-side avenue last Saturday evening. Guests included her own particular High school crowd and some special friends. Neighbors testified to the hilarity of the occasion and the young people themselves to the quantity and quality of food consumed. To the graduates it was their "last fling" before going out into the world separately.
