## To the People of this Community

Leave it to the nation's school children to be on top of the ball when it comes to saving the war emergency situation. These Pearl Harbor to V-J Day they dedicated each purchase and sale of war bonds, to 12 1/2 cents. Then the Japs quit.

Schools at War instantly became Schools for Peace! The theme shifted from "Back the Attack" to "Speed the Victory".

The new goal was set at 35,000 essential units, including a bed, food chair, X-ray machine and surgical instrument.

Groups could well listen to one of the millions of youngsters who are taking part in the Victory Loan. Even without a word from the young volunteer, you have one of the main reasons for buying extra Victory Bonds—the future of the "tomorrow" who may be your son or daughter.

Douglas Bolton has been promoted to Sergeant. Doug is still stationed on Manila and is the son of the Cass Boltons of S. Wing street.

Sorry I haven't written, but I have been having a hard time trying to write as there are so many things you can't put in the paper. I have been away from the States about three months now and I have spent most of the time in the Indian Ocean. As things look at the present time, I don't think I will be home this year to good old Northville. Well, I will close as I can't think of any more to write. So long Sincerely yours, Charles Dayton, S 1/c.

## Known but to God—Rests in Honor Glory

Another Armistice Day, the passing of another war, and a promise that peace might finally rest upon this earth. Since the day of the first great historical meeting in the railway car in Compiegne forest, November 11, 1918, there have been countless wars. There have been innumerable pledges that they who lie in Flanders' Fields shall not be laid in vain. Armistice Day—Reminder that we neither flinch from any need, nor force a fight, but that we give our most heartfelt cheers when wars end, not when they start. To the living and dead of World War I, as well as the heroes of World War II, the world owes a debt that it can never repay. They will not have died in vain if we have finally outlawed war for all future generations—which is the hope and prayer of those "Known But to God."

All were on duty on Guam for about five months before some were sent to various other locations.

## "MICHIGAN AND THE OLD NORTHWEST" .... Other Tribes

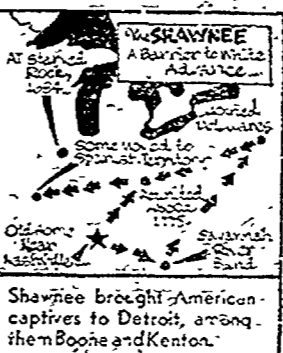

The Mackinac Island Lighthouse, one of the oldest in the world, was built in 1822. It is now a National Monument.

Foxes, "besieging" Detroit in 1712, actually were resisting a plot.

Mt. Clemens was a Delaware town site for a time during the Revolution.

Shawnee brought American captives to Detroit, among them Boone and Kenton.

There's gold in the preservation of outstanding historical landmarks.

Such is the experience of nearby states such as Indiana, Wisconsin, Illinois and Ohio, all of which have purchased and are maintaining unusual historical sites and properties as a part of the state's recreational service to the public.

Michigan, the leading tourist state in the Mid-West, has lagged in this field. As we pointed out last week, historic Fort Mackinac at Mackinac Island is under state ownership and control and is perhaps the best known tourist spot of the entire state. It provided the setting for the 1945 governors' national conference last July.

Through the efforts of county boards of supervisors, local historical societies and interested citizens, many historical sites in Michigan have been suitably marked and thus memorialized with tablets and monuments. But few original properties have been preserved.

In addition to Old Fort Drummond and to the old Mormon printing house at St. James, Beaver Island, which we published last week as affording opportunities for preservation of unique historical landmarks that would appeal greatly to Michigan people and to outside tourists, there is a stretch of the old Clinton-Kalamazoo barge canal between Utica and Rochester which still survives today as a relic of a century-old pioneer period.

Part of this waterway is being utilized by the Utica Milling Co., Utica, for purpose of waterpower.

It would be very simple for the State of Michigan to set aside a portion of this canal as a historical memorial. Canal land has been purchased already by the state conservation department in its development of the Southeastern Michigan recreational program.

This canal was started in 1839 as part of an ambitious state improvement program designed to provide transportation by boats from Lake St. Clair to Lake Michigan via the Clinton and Kalamazoo rivers. Michigan's boy governor, Stevens T. Mason, headed the movement. When money ran out, the canal was abandoned.

Our column research this week revealed the fact that the Indiana department of conservation is acquiring a 14-mile stretch of the old Whitewater canal between Brookville and Laurel for preservation as a historic memorial.

Formal transfer of the property, financed by the Whitewater Canal association is expected to be completed this month. Announcement was made Nov. 1.

In Indiana the state government, through the department of conservation, is "cashing in" on public interest in early Indiana history. The state has acquired the following properties and is preserving them as recreational tourist spots: George Rogers Clark memorial, Nancy Hanks Lincoln memorial, Corydon State Capitol memorial, James F. D. Lanier memorial, old Goshen Church memorial, Pigeon Roost memorial, Tippecanoe Battlefield memorial, and the Wilbur Wright biplane memorial.

The Whitewater canal memorial would be added to the above.

In Wisconsin the preservation of historical landmarks is conducted under auspices of the conservation department as the operating agency for maintenance. Like Michigan, Wisconsin has an active state society for historical research and publications. Both groups of this kind are not equipped to administer the needs of properties, and hence the conservation department is the preferred medium.

The Wisconsin conservation department is charged with the preservation of the following: Nelson Dewey Memorial park at Cassville, consisting of original buildings on the farm of Wisconsin's first governor. State purchase, 1928.  
 Wisconsin's first capital building at Belmont. Gift in 1924.  
 Cushing Memorial park at Delafield to Civil War family prominent in Wisconsin history. Gift in 1915.  
 Tower Hill pioneer memorial park at Spring Green where lead that was made. Gift in 1922.

Other potential tourist attractions which would afford a delightful Sunday automobile trip for Michigan residents and an interesting stop for visiting tourists.

Oldest covered bridge in Michigan a relic of pioneer days.  
 Old remaining pioneer water powered mill. A historic mill is in the Southeastern Michigan area, having been acquired by the conservation department.  
 Authentic restoration of lumber camp in north Michigan woods. Tourist access by lumber railroad, a la "Tookerville," trips being financed by small fee per passenger.

Indian mound and Indian historical museum.  
 That historical landmarks, such as these, would enrich Michigan's tourist industry is our observation. Financed preferably by private contributions and administered by the conservation department, they would be a sound business investment.

A major head cap, according to Harry H. Whiteley of Dowagiac, a member of the state conservation commission, is an "extreme lack of funds. The state park budget was cut by the legislature from an anticipated \$3,000,000 to \$1,000,000 during the 1945 session.

### Kachin Hero Home

Capt. Charlie Consonie, leader of the famed Kachin rangers, which snaked through swampy Burma jungle, to beat the Japs at their own game, is shown upon his arrival in New York City.

If you have begun to accept things as they are, and quit trying to change them, you're growing old.

Girl: When we were married, dear, I'm going to cook and darn all your socks.  
 Boy: That won't be necessary, sweetheart. Just darn them.

## DANGER POINT

The old fable of the last straw that broke the camel's back is too familiar to need repeating.

But it's worth remembering in connection with your Telephone Company. Some people may say: "Michigan Bell's doing a lot of business—taking in a lot of money. Let's tax 'em—cut their rates."

Michigan Bell is handling the biggest volume of business in history, is taking in more money than ever before. But costs have gone up faster than income. Higher wages, higher taxes, higher material costs—and rate reductions—have cut net earnings far below the pre-war rate, far below the average of other industries.

When earnings become insufficient, you don't notice any immediate effect on your telephone service. But, like the camel's back, there is a danger point—a point beyond which earnings that are too low will jeopardize the quality of service.

Michigan Bell customers want good service. The telephone bill is so small an item in their regular expenditures that customers want really good service even though it might cost a trifle more than they would need to pay for inferior service.

To again provide telephone service when it is wanted and where it is wanted, to give the quality of service you want in the future, Michigan Bell is undertaking a post-war construction program costing \$120,000,000 in the next five years. Money to finance that program must come from the savings of thrifty people who are willing to invest in Bell System securities. But, if prospects for future Telephone Company earnings are unattractive compared with those of other companies, people will place their savings elsewhere.

The future quality of your telephone service depends on telephone rates sufficient to produce earnings attractive to investors. Too long a continuation of inadequate earnings would weaken our ability to meet expected post-war telephone needs.

OUR \$120,000,000 POST-WAR PROGRAM MEANS JOBS FOR THOUSANDS

## West Point Park News

By Miss L. A. Ault

Mr. and Mrs. Jack Tallman spent the week-end with friends in northern Michigan.

Mrs. M. E. Ault was the dinner guest of her sister, Mrs. Edward Stromski, of Wayne, Tuesday evening.

Mrs. Margaret Martin returned Tuesday from a few days' visit with relatives on the East Side, Detroit.

Mrs. W. J. Eddington, formerly of Hubbard Ave., now living in Trenton, called on a number of her neighbors in West Point Park this last week.

Albert Owen, who has been a patient in Sessions Hospital, Northville, returned to his home on Mayfield Ave. the first of the week and is reported to be getting along very nicely.

Mrs. Emerson Ault was an all-night guest Thursday of friends on the East Side, Detroit.

Mr. and Mrs. George Brautigan, who have been visiting relatives in West Point Park last Saturday for their home near Pittsburg, Pa.

Mrs. Jack Oman, who spent this last week with relatives in West Point Park, returned to her home near Toledo, Saturday.

Mr. and Mrs. Herman Keyser, of Huntington Woods, were call-

ers in West Point Park, Saturday morning.

Mr. and Mrs. Austin Ault visited in Toledo, Sunday.

Mrs. M. E. Ault left Saturday for New London, Ohio, where she will spend a few days visiting her daughter, Mrs. Johnson Porter and family.

Mrs. Ralph Voorhees, Shady-side Ave., gave a very enjoyable card party at her home Thursday evening. Guests included a dozen ladies of her acquaintance.

Russell Ault, Shady-side Ave., and Ed Johnson, from Clarita Ave., enjoyed a short hunting near Myland this last week-end. Russell Ault has been exhibiting his first raccoon, which he shot while on this excursion.

Miss Esther Middlewood, from near Ann Arbor, was the guest of relatives here this last week-end.

The garage-home at the rear of the Fremont Carter property is being remodeled and renovated in preparation for tenants, who are said to be Mr. and Mrs. Brogmann, brother-in-law and sister of Mrs. Raymond Ackerson and Mrs. Cecil Willets.

Brogmann has just received his discharge from the U. S. Army.

Miss Ada Fritz, from Northville, was the week-end guest of Mr. and Mrs. Clinton Ault.

Hertert and Alfred Schult have now joined the ranks of West Point Park boys carrying newspapers.

Mrs. Mary Stromski, of Wayne, was calling on relatives here early in the week.

Mr. and Mrs. Arthur Muir and children spent Sunday with Mrs. Muir's parents, Mr. and Mrs. Sherman, near Plymouth. Mr. Sherman has been very ill.

Mr. and Mrs. Dave Griffith, from Detroit, visited Mrs. Griffith's mother, Mrs. E. W. Stange, Saturday and also called upon Grandma Ault, who is still confined ill to her home.

William and Richard Varbol spent Sunday with friends in Detroit.

Bruce Bolyard spent Sunday visiting with his sister, Mrs. Loren Ray, in Detroit.

The Cooleys, from Royal Oak, were guest of their cousins, Mrs. Lewis Graham and Mrs. Clinton Ault, Friday.

Mr. and Mrs. Rudolph Tanner, Pembroke Avenue, were slightly injured Wednesday evening

when the car in which they were riding was struck by another coming from the opposite direction. The accident, which occurred at the corner of Mayfield and Norfolk, is said to have been unavoidable, with no one directly responsible.

Halloween pranks during the week included breaking into Pierson School, destruction of one picket fence, and wrecking of many gates and outbuildings. However, in many sections at this season of the year all was peace and quiet and there was nothing to indicate ghosts or goblins might be about. Elderly folks and the sick were spared in almost every instance and their friends were most grateful for the consideration shown.

The Neighborhood Church was open to "Help the Poor" visitors Halloween. A committee of ladies was on hand to welcome the considerable number of callers, old and young, who dropped in and hand out donations of gingerbread and cake.

Corporal William Owen received his honorable discharge and arrived home from Chanute Field early last week. For the present he and his wife and two children are occupying a trailer cottage near the home of Mr. Owen's parents, Mr. and Mrs. Albert Owen, Mayfield Avenue. However, "Bill" has already been reinstated as a policeman in Detroit and expects shortly to make his residence in the city.

A well-attended meeting of the Sunshine Sisters was held in the Neighborhood Church Wednesday afternoon. The honor guest was Mrs. George Brautigan, from near Pittsburg, but visiting in the community. A feature of the program was the "Witch of Endor" story, presented by Mrs. Chas. Armstrong. After the business session, there was a "get acquainted" hour, during which a nicely decorated Halloween

cake was served with tea. The next meeting of the Sunshine Sisters will be held, in connection with a potluck luncheon, in the Neighborhood Church at 1 p. m. Wednesday afternoon, Nov. 15th. Tea, coffee and buns will be furnished. All ladies of the neighborhood are invited to be on hand with their favorite dishes.

Friends of Rev. Carl Thomas, who spoke in West Point Park and made the acquaintance of many of the young folks, hear that he married recently, and as soon as his duties as a Navy chaplain are finished, expects to return here to do some work in the Neighborhood Church.

The change from 6:30 to 7 p. m. for the Vesper meeting in the Neighborhood Church is meeting

with favor. Those interested are asked to keep the change in mind.

Sunday, November 11th will be celebrated, not as Armistice Day, but as "Peace Sunday" in the Neighborhood Church.

"I don't heat the kettle any more"

"What with dishes, washes, and kiddies to bathe, it seems to me as though we always had the kettle on the stove. . . . But now I don't heat the kettle any more. Why? Because we have an automatic electric hot water heater. John sure enjoys it, because he always has hot water for shaving and his morning shower, and his disposition shows it. I know the kiddies like it, because the coaxing that used to mark their baths has given way to an earnest desire to splash around in the tub. As for myself, the always-on-tap hot water simplifies my daily tasks no end. The remarkable feature is the economy brought about by a special low rate for hot water heater owners."

Water heaters are not generally available for sale now. A few are being manufactured and distributed. It will be to your advantage to have your name on your electric dealer's list, so that you will be able to get one at the earliest possible time.

"For the last time, America, buy extra bonds."

"They finished their job. Let's finish ours."

These and other catch phrases have been dinned into your mind at work, at play and at home by a mighty barrage of advertising and promotional devices.

How well you have responded only you can truly answer. The drive totals, national and local, published in today's editions, reveal your record. Your record is a general well-being is most affected by how many extra Victory Bonds you have purchased.

But is your bond buying job done even if you have gone the limit of your present income and resources? The job of investing new savings wisely is never finished. Thrift is just as vital in peace as in war. Keep buying your government's savings bonds.

## Thanksgiving To Fall On Thursday, November 22, This Year

About Thanksgiving! Thanksgiving is going to take place on the fourth Thursday in the date in Michigan any more, every November from now on, as

# NOV. 21, 1945

AN IMPORTANT DATE FOR  
THOUSANDS OF ARMY VETERANS  
NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because men who have been discharged between May 12 and November 1 of this year are eligible to reenlist on or before November 21 will be able to return to the Army with the same grade as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private, first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 30 days after discharge and before FEBRUARY 1, 1946.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days furlough every year, education and training in any of nearly 300 skills or trades, and enable you to retire with a life income anytime after 20 years' service?

Then, think again! That's why a job in the Regular Army has been called "The Best Job in the World."

### HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years (1-year enlistments permitted for men with 6 months' service)

2. Men reenlisting retain their present grades, if they reenlist within 30 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.

3. An increase in the reenlistment bonus to \$50 for each year of active service since the bonus was last paid, or since last entry into service.

4. 20% extra pay when overseas.

5. Paid furlough, up to 30 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.

6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.

7. Option to retire at half pay for the rest of your life after 20 years' service—or three-quarters pay after 30 years' (Retirement income in grade of Major or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.

8. Benefits of GI Bill of Rights.

9. Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.

10. Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

far as Michigan is concerned. That means that Thanksgiving this year will fall on Thursday, November 22.

The state legislature at the last session enacted a law which fixes for all time. Unless the law should be repealed, the date for Thanksgiving in Michigan.

From now on, you can figure that Thanksgiving will be on the fourth Thursday of every November, the day that was originally set for Thanksgiving celebrations in this country. It may be old-fashioned but nevertheless Thanksgiving is going to be on Thanksgiving day from now on in Michigan.

### Surplus Property Sales

Sweeping revision of surplus property regulations in favor of World War II veterans has been announced by W. Stuart Symington, administrator, after a personal investigation which indicates that some disposal agencies were giving veterans "the run-around."

The changes include elimination of the \$2,500 limit on preferential purchases and within reasonable amounts, there will be no limit. Permission for a veteran entering the retail business to purchase an initial stock of goods for resale. Hitherto, under interpretation of the GI Bill, a veteran could buy materials to establish a store, but could not obtain preference on stock for sale.

Permission for veterans to deal directly with disposal agencies such as the department of commerce and Reconstruction Finance corporation.

Special permission for veterans to buy automotive or other equipment required by his employment. It is said that few autos are available, however.

Provision that credit may be extended to veterans under terms and conditions established by the disposal agency which sells the goods. Thus, it will be possible for veterans to obtain loans from commerce department and RFC as well as the smaller War Plants corporation.

Information now is that the RFC will soon take over all disposal from the commerce department, which only recently assured sale of consumer goods from treasury.

### Questions and Answers

Q. When my twin brother entered the service he, designated me beneficiary of his insurance. After a hasty marriage he made, he informed me and my parents he had not and had no intention of changing the beneficiary. After his death I was notified by the insurance department that I was his beneficiary. His wife has made some sort of claim for the insurance and has held up settlement for 15 months. Can anyone but the insured change the beneficiary or can the insurance department decide who is to get it?—J. R. H., Pals Alto, Calif.

A. No one can change the beneficiary but the insured. If you are named the beneficiary in the policy, then you are entitled to the insurance and the Veterans administration says the wife or no one else can hold it up 16 months. File your claim for the insurance with the Veterans administration.

Q. With reference to sale of government surplus property and the \$2,500 amount sold to an individual, I am much interested in further details on this matter and any information relative to location of these surplus property boards will be much appreciated.—J. V. V., Birmingham, Mont.

A. The \$2,500 limit has recently been removed. Your nearest Smaller War Plants Board is at Boise, Idaho, 210 Capital Security Bldg. Your nearest department of commerce board is at Denver, Region Nine, 1039 15th street. Suggest you write to those boards for further details.

Q. I want to know if a man 27 years old, who has been in the navy almost two years and has two kids, the oldest four years and the baby can't walk, can get a discharge on this condition soon.—Wife, Coweta, Okla.

A. No, the minimum number of navy points for enlisted personnel as of November 1 is 41 points. From your letter, your husband has only about 36 points, if he has had no overseas duty.

Q. My husband is a seaman in the navy. I have asked assistance of the Red Cross to pay my hospital bill for an operation. They said "No" and recommended the Navy Relief. I wrote them stating conditions; their answer was to loan me the money until I could work to pay it back. Wasn't I entitled to medical care?—Mrs. E. D., Taylorville, N.C.

A. The navy department says you were definitely entitled to medical care if you applied to the navy medical dispensary before your operation. Suggest you apply to the nearest medical dispensary and they will inform you as to your status.

Q. I was discharged from the navy under honorable conditions. The discharge reads, "BAPERS-Boat Joint Ltr." Could you please tell me what this means?—R. J. A., Hawthorne, Calif.

A. It means Bureau of Personnel-Bureau of Medicine Joint Letter, the authority under which your discharge was given.

Q. Is it true if a boy exists in the navy reserve at 17, that he is automatically released one day preceding his 21st birthday?—Mrs. E. R. M., Tule Lake, Calif.

A. The navy department says yes.

"So do I, but it too often happens that a man thinks he has the courage of his convictions when he merely has the stubbornness of his prejudices."

### To the People of this Community

Leave it to the nation's school children to be on top of the ball when it comes to saving up the war financing situation.

From Pearl Harbor to V-J Day they dedicated each purchase and sale of war bonds to fighting equipment.

Then the Japs quit. Schools at War instantly became Schools for Peace.

The theme shifted from "Back the Attack" to "Speed His Recovery." The new goal was set at 35,000 hospital units, including a bed, wheel chair, X-Ray machine and surgical instruments.

Grownups could well listen to one of the millions of youngsters who are taking part in the Victory Loan.

Even without a word from the young volunteer, you have one of the main reasons for buying extra Victory Bonds—the future of the "savior" who may be your own son or daughter. Your war bonds have just helped to defeat the Nazis and Japs who would have educated your children for death. Your extra Victory Bonds will assure a brighter life for tomorrow's citizens.

## It's Big-It's Beautiful-It's BUICK

THIS, we reasoned, is no time to offer folks a car that stops with artificial face-lifting.

It has been nearly four years since our last new Buick was built — it wouldn't be shooting square now to give you less than our honor-bright best.

So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes.

We scoured the country for the stoutest metals anyone can buy today.

We set ourselves precisions

that in some cases exceed those of aircraft engine production.

And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little.

The result is that through every stunning inch of this bright new honey runs solid, dependable Buick character, honest and uncompromised.

It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball

straight-eight that's even livelier than in 1942.

The cars your Buick dealer will have are big. They're beautiful. They're Buicks.

In fact — the best Buicks yet!

When better automobiles are built

## Service League Celebrates It's Thirteenth Birthday

About sixty members and guests of the Methodist Service League enjoyed a birthday dinner Tuesday evening. Ladies of the church served a fine meal, complete with a decorated birthday cake, in the church house. Lighted, tapers, trailing vines and bouquets of fall flowers decorated the tables. Mrs. Audrey Joki, president, welcomed the guests. Mrs. W. L. Williams gave the invocation and Mrs. Russell Clarke, devotionist. Mrs. Carl Stalker of Detroit, who is the first president of the League, was the first president of the League some twelve years ago, gave a short talk of reminiscence.

Artists Give Portraits Free  
To Soldier or Sailor  
Hospital Cases.

NEW YORK. — On the walls of many a modest American home there hang original portraits of G. I. Joes by famous artists whose work ordinarily would command impressive prices. However, these portraits cost their possessors nothing. They were given free to the soldier or sailor sitters, as part of the contribution which American artists generally have been making to the war effort, says the Chicago Herald-American.

The "studios" for this particular art movement are army and navy hospitals, and the models are wounded veterans to whom the experience comes as a welcome break in the tedium of convalescence.

Sponsored both by the Red Cross and USO-Camp shows, the experiment has proven to be a singularly effective morale builder.

Many of the artist volunteers are nationally famous. Others are relatively unknown. But, noted or obscure, they get an equally cordial reception from their soldier clientele.

Typical Art Session.

Typical of these hospital art sessions was a recent one in a traction ward of the army's Halloran general hospital, Staten Island, N. Y. Welding brush and pencil were Dean Cornwell, famous muralist; Dan Costello, noted magazine artist; and Paul Frelm of King Features syndicate, whose newspaper and magazine illustrations are familiar to a host of readers.

On the same day, patients at Morison general hospital, Brentwood, N. Y., sat for portraits by Arthur William Brown, president of the Society of Illustrators, Roy Prohaska, equally noted as an illustrator, and Bettina Steinke, portrait painter.

The resultant sketches, photographed by the artists, were given to the models. All said they would send them "home to the folks." As an additional service, the Red Cross and USO-Camp shows make photographic replicas of the portraits, which the subjects can distribute among friends.

Subjects at Halloran included army casualties Erwin H. Becker, 19-year-old infantry private from the Bronx, N. Y.; Cpl. Edgar G. Strinocke, 33, of Scranton, Pa.; and T. Sgt. John F. Kraus, 31, of Brockton, Mass.

Patients Interested.  
Becker's leg was fractured by shrapnel after he crossed the Rhine, and he was dragged to safety by medical corps men.

A blast of mortar from the St. Lo bridge in the advance of the Rhine.

Nazi machine gun bullets hit into both Kraus' legs during the battle of the Bulge.

All three men have been hospital patients for long and are still unable to move about without crutches.

Dinner was over, and only they would have faced three or four hours of hospital tedium, as out.

The arrival of the art session varied these three hours into a high spot of pleasure.

No model was interested in just his own portrait. He wanted to see those of his buddies. There was a lot of rattling back and forth remarks like, "Say, he's got you a good as ugly as you are," and "Look, don't make Ed that handsome—his folks won't know him."

The faces of the patients were bright and interested, as contrasted with apathy shortly before, and they granted their satisfaction as they received their own portraits.

**German Parties at Meet**

Vow to Redem Nation

BERLIN. — Spokesmen for Berlin's four political parties in their first public "united front" meeting recently said the German people would endeavor earnestly to fulfill the terms of the Potsdam declaration. Some 500 representatives of the four parties unanimously supported a resolution offered by Trade Union Representative Ernst Lemmer which:

Called for a continuation of the united front to achieve Germany's regeneration; acknowledged Germany's collective guilt for the Hitler regime; pledged elimination of militarism, reactionism and Nazism; admonished the nation that the going will be hard, and pledged an honest attempt to fulfill the spirit and letter of the Potsdam decisions of the Big Three.

Wilhelm Kuehl, minister of the interior in the Weimar republic, presided and termed the four political parties "the educators of the nation for democracy."

The new shop program is already taking shape. Mr. Miel reporting one full class of 39 boys meeting at 3:30 on Monday. With the fine selection of hard and soft woods, it is expected to have a large adult class in furniture, repair, refinishing and construction on Mondays at 7:30.  
The girls' recreational activities in basketball and bowling are drawing considerable attention.

With the return of many World War Veterans the men's basketball on Tuesday evenings should hold considerable community interest.

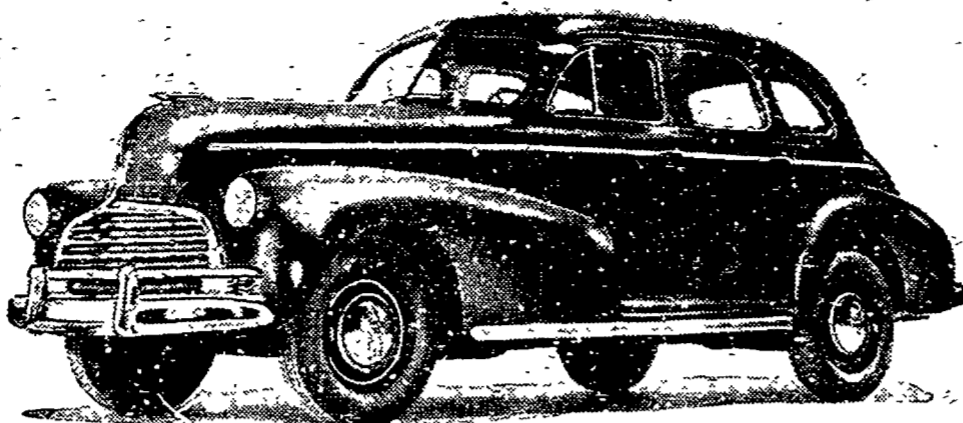

Miss Pollock has an unusually large number of girls in her hobby class in embroidery, leather work, engraving, weaving, etc. The relaxation of industry no doubt will increase the amount of interest in this year's recreational program.

A gym class for ladies will start Monday evening, Nov. 12, at 8 o'clock in the Crade school building. A large turnout will be necessary in order to continue this project. An oldtime dancing class will start next Wednesday, Nov. 14, in the High School gym at 8:00 p. m. Alfred T. Harde, assistant to Mr. Lovett, Ford's instructor in old time dancing, will act as teacher. # NEW 1946 MODEL CHEVROLET

The Stylemaster Sport Sedan

The new 1946 model Chevrolet, shown above, is outstanding not only for style-leading design, but for quality in materials and construction, advanced engineering, proved performance, economy and dependability.

Every line and contour emphasizes the massiveness and lowness of the vehicle from front to rear. The new, distinctive radiator grille, shown at the right, presents an expanse of gleaming chrome-plated horizontal bars, framed within a low-arched molding. A model of classic simplicity, it tends to emphasize width as well as lowness.

## \$200,000.00 Goal Set for Tuberculosis Seal Sale in Wayne County This Year

The Tuberculosis and Health Society of Wayne County will launch the thirty-ninth annual sale of double barred cross Christmas Seals just before Thanksgiving. The sale will continue to Christmas with a goal set for \$200,000.00.

William J. Scripps is chairman of the local board which was formed in Detroit in September to manage all affairs of the society. The group will work for the dissemination of scientific and accredited information on tuberculosis and other communicable diseases among student and adult groups.

Introduced in America in 1907 Christmas seals have made possible a continuing year-round fight against tuberculosis. Great gains have been made. The National Tuberculosis Association and its 2,500 affiliates in the 48 states have conducted a control campaign that has helped in bringing about seventy-five per cent reduction in the TB death rate. But the fight is still far from won. The death rate from this disease in the United States is 41.0 per one hundred thousand. In Michigan the rate is 32.5 per one hundred thousand and in Wayne County it is 30.2.

New state laws provide that all costs for the care of indigent tuberculosis patients shall be paid from public funds, hence there is little need for any private charity in the hospital care of people sick with this disease.

For this reason the National and Michigan Tuberculosis Associations advised several years ago that money raised in Christmas Seal Sale must be used to develop those factors in tuberculosis control now not so well supplied with funds as hospitals are from the public treasury.

Work of the Tuberculosis and Health Society of Wayne County is the ultimate eradication of the disease through preventive measures, through education and the use of X-ray for apparently healthy people. Another important part of the program is rehabilitation of the tuberculous patient so that he can be restored to a useful life.

Five per cent of the gross local seal sale will go to the National group to help finance authorized medical research and preparation of scientific information and materials. Ten per cent of the gross will be turned over to the Michigan Association which works in nearly every county of the state. The remaining eighty-five per cent will be used for program development in Wayne County.

Booth sales in downtown stores, hotel and theatre lobbies banks and offices buildings will open Dec. 8th and continue through Dec. 15. Mrs. Sam Keller, chairman of the women's committee, is in charge of all booth sales. She is assisted by a large and capable steering committee and several hundred volunteer saleswomen.

Officers serving on the board of directors are besides Mr. Scripps, James W. Parker, first vice-chairman; Mrs. Edwin Holtzman, second vice-chairman and Leo J. Franklin, secretary-treasurer. Richard L. Lee is executive secretary. The board includes Mrs. Sidney J. Allen, Alex Barbur, the Rev. Bernard C. Crowley, Elton R. Eaton, Miss. Edward J. Hickey, Mrs. Sam Keller, Robert W. Kelso, Dr. David Littlejohn, Tracy Pullman, Jay D. Runkle, Roy A. Schellhaus, Mr. Fay Thomas and Judge Arthur Webster.

Marie Botzer, the only female exercise rider at Hollywood Park track, is shown with Wing and Wing before one of her regular morning workouts.
