First Game of Basket Ball Comes November 30th

The basket ball season for 1945 will open with Northville High school playing at Milford on Friday, Nov. 30. Both home and outside games have been arranged with all the schools in the league.

Give Thanks—It Is 1945 and Not 1623

Our first Thanksgiving Day was proclaimed by Governor Bradford of Massachusetts in 1623. We can be thankful that we did not have to contend with many of their problems, some of which were:

Henry VIII was upbraided for wanton extravagance in having a bedchamber stuffed with feathers. Only dirt and rough floors were in use.

Anthracite coal, electricity and gas were unknown.

Common dress material made of leather. Cotton goods were unknown.

Glass mirrors were yet to be invented.

Coffee and tea had not been discovered.

Potatoes were unknown and meats not within the average purse range. Newspapers did not appear until 1663.

Sewing machines had not been invented.

"Starve 'em and bleed 'em" motto of medicine was practiced, and anesthetics were not used. Annual death rate was one in every 17 persons.

Farms only produced seven bushels of grain to the acre.

Pianos, radios, motion pictures, cameras and few other forms of entertainment had been devised.

Telephone, telegraph, wireless, steam, gasoline, kerosene, refrigeration were among the inventions that they had to do without in 1623.

Thanksgiving To Be Joyful In Northville

Return of Loved Ones, Family Reunions, and Plenty for Thanksgiving Menus All Point to Best in Five Years

Northville's first joyful Thanksgiving in over five years will be generally observed Thursday, November 22nd.

In addition to special church services, there will be large numbers of family reunions and turkey dinners. All business places and factories will be closed.

Aid for the first time in five years there will be a plentiful supply of turkeys and poultry.

Many family circles will be complete, sons, brothers and husbands having returned from the fighting fronts of the world.

In numerous other families there will be vacant chairs, some of the boys never to return, others waiting impatiently for orders to return home. There are thousands and thousands of these lads who will be eating Thanksgiving dinners in foreign lands and on naval crafts located throughout the world, disappointed because they cannot be home with their parents, wives and children.

But Northville homes will make the best of the situation. Where there is disappointment there will be hope that some of the boys will be home in time for Christmas celebrations. And if they are not home in time for Christmas they will surely be home for next Thanksgiving.

Northville merchants and turkey growers in this locality say they have never had such a demand for turkeys as this year. Finally, the demand is being filled.

Fortunate, too, is the fact that all of the good things that go with a good Thanksgiving dinner are available for the 1945 Thanksgiving meals.

All in all, it is going to be Northville's happiest Thanksgiving in five years.

Relief Corps Now Disbanded

Following 54 Years of Unselfish Service Northville Women's Relief Corps Votes to Give Up Chapter

The Northville Women's Relief Corps has disbanded, following fifty-four years of service to the community. Officers of the Corps at time of dissolution of the organization included: Mrs. Maude Parmelee, president; Mrs. Mattie Griswold, senior vice president; Miss Grace Triemper, secretary and Mrs. Lucie Gorman, treasurer. The thirty-five members of the Corps plan to transfer to the Fairbanks Corps in Detroit in order to continue their membership in that great order.

The Northville Corps was organized and instituted on March 7, 1891. The late Mrs. Ida B. Joslin was the charter president. The Corps was formed for the purpose of assisting in many ways, the G. A. R. post in Northville. As one of their many activities the organization served dinner to the men of the G. A. R. following their march to the cemeteries on Decoration Days; baked beans were always on that day's menu, by popular demand. When the veterans of World War I returned home from service, the ladies of the Corps rallied to their needs and were always on call until the formation of the Northville American Legion Auxiliary about twenty years ago.

Corps meetings were held in various locations, including Catherine and Ambler Hall both on E. Main street and in the old Princess Rink where now is located (Continued on back page)

Local Committees Named and Harry Smith Engaged by School to Consult With Returning Vets

With the return of many of our veterans to civilian life Northville is recognizing its responsibility and duty towards these men and women. Veterans' organizations have already been busy in assisting servicemen with their problems of readjustment.

Realizing the community obligation in this matter, the village president, Del Hahn has appointed a local Veterans' Advisory Council to assist with and to coordinate the work already begun. The members of this committee are: John A. Boyce, Carl H. Bryman, Howard I. Atwood, D. Harper Britton, and R. H. Amerman, chairman. The committee may be enlarged as its work increases.

On October 31st Mr. Harry Smith, a veteran of World War I and a former teacher in Northville, was engaged by the Board of Education to teach certain classes and to consult with veterans regarding their educational plans.

The Veterans' Advisory Committee has held one meeting and will meet again on November 26. At which time Mr. Carl H. Blanchard, field representative of the Office of Veterans Affairs, Lansing, will be present to make suggestions and generally assist in getting the work started.

The duties of this committee are strictly advisory and include such matters as job, training, medical, educational, personal, financial, legal, etc.

Service men and women are encouraged to direct their inquiries or problems to any member of the committee, who will see that it is referred to the proper person or attention. It is to be noted in the Arrivals Column the Veterans of Foreign Wars, the public school or some other agency for solution. In any event the Veterans' Advisory Committee will follow up and make sure that the veteran's case is handled properly and that the information of services to which he or she is entitled.

The Northville Board of Education has already assigned the school's responsibility in helping discharged veterans with their educational problems under the G. I. Bill.

A very Mr. Smith has assisted several people in various ways. He is prepared to direct them to various locations, courses, etc. in Detroit with the local school authorities. He will help them in finding jobs and is prepared to assist and counsel in many other fields. He has contacts with the Veterans Administration in Des Moines, Iowa, Technical High School in Detroit, the Office of Veterans Affairs in Lansing, etc. Servicemen are urged to call on Mr. Smith at the High school and ask for his plans with him. He is available every school day from 7:30 to 10:30 and other hours by appointment.

If there is sufficient demand in High school will organize a Veterans' Institute and provide high school courses especially designed to meet the needs of the veterans.

Christian Science Churches
"Soul and Body" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, November 25.
The Golden Text (III Cor. 5:1) is: "We know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens."

HOW DOES CHRISTIAN SCIENCE HEAL?

THE DISAPPEARANCE OF
Organic and functional disease, as well as of trouble in other forms, is continually recorded among those who have turned to Christian Science for help.

The method of such overcoming of difficulty is prayer—a spiritually scientific manner of thinking based on the teaching of Christ Jesus.

What this prayer is and how anyone can understand it and use it effectively in accordance with his need are fully explained in the Christian Science textbook.

SCIENCE and HEALTH
with Key to the Scriptures
by Mary Baker Eddy

This remarkable book, other works by Mrs. Eddy, and all other Christian Science literature may be read, borrowed, or purchased at the Christian Science Reading Room, First Church of Christ, Scientist, Plymouth, Michigan.

A Weighty Question That Must Be Settled

Oh! What to Do?

Little Bert doesn't really want to axe the head off a turkey, but his determined that his Thanksgiving dinner must have turk on the menu; so what is a little fellow going to do? It looks as if there will be plenty of turkeys to go around so that one will be in every pot on Thanksgiving day. What a different Thanksgiving Bert will have than the one celebrated by his ancestors in Massachusetts in 1623.

Dear Son

Here's the check for your college expenses... more money from the Victory Bonds we bought for your education.

Money from some of those other bonds we bought back during the war is now fixing up the kitchen for Mother and paying for the new farm. Certainly is helpful to get back \$4 for every \$3 we invested in Victory Bonds!

Keep up the good work at school son.

Affectionately
Dad

"My electric life is wonderful"

—and it will be still better—

"Life is wonderful... especially since I discovered the electric life. No more worrying about hot water in the morning for my husband's shaving, or during the day for the hot water needed for a thousand and one chores... and at night for the refreshing baths we all look forward to so much. My kitchen is electrified, too—an automatic range, an electric refrigerator, a garbage disposal unit and an electric dishwasher. A peek into my basement would reveal the biggest secret of all... an all-electric laundry that washes, rinses and damp-dries my clothes without my lifting a hand. Is it any wonder that my life is wonderful... and I know that it will be still better with the coming years and the miracles that electricity brings."

Electric equipment is not generally available for sale now. Some is being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get it at the earliest possible time

ELECTRIC KITCHEN
There is real enjoyment in the all-electric kitchen with a clean range, a safe refrigerator, a labor-saving dishwasher and a modern garbage disposal unit.

ELECTRIC LAUNDRY
Fatigue is a thing of the past with the many labor-saving advantages of the all-electric laundry. Electric washer, dryer and ironer all carry a share of the load.

FROZEN-FOOD STORAGE
The family can have fresh foods at any season of the year with a safe, compact frozen-food unit.

AIR-CONDITIONING
Proper year-round temperature for health and comfort in the home is the advantage of electric air-conditioning.

Relief Corps

(Continued from front page) — The Jack and Jill shop, The Kink burned about twenty-one years ago, and the original charter of the Corps, together with other valuable papers, was lost in the fire. In more recent years, the former Legion Hall on Main St. and the Village Hall have been Corps headquarters.

At the last regular meeting of the Corps, held October 10, it was finally decided, after several months of discussion, to disband the local organization because of the poor health, advancing age and removal of many of the members. Northville may well be proud of the service record of this local patriotic organization, which has carried on for more than fifty years.

At the peak of its service, the Corps numbered about 200 members. The membership list at the date of disbanding, Oct. 2, included besides the officers, Mrs. Ora Fickell, Mrs. Blanche Lyke, Mrs. Ella Ely, Mrs. Sarah Stilwell, Mrs.

Kate Crandall, Mrs. Flora Malin, Mrs. Ida Cook, Mrs. Maude Hollis, Mrs. Anna Wilcox, Mrs. Zada Riley, Mrs. Jennie Shipley, Mrs. Amelia Ford, Mrs. Nellie Partidge, Mrs. Ethel Seeley, Mrs. Lyle Hunter, Mrs. Lottie Stockman, Mrs. Mae Kator, Mrs. Phoebe Bieri, Mrs. Mable Heriman, Mrs. Ella Thompson, Mrs. Nell Freydl, Mrs. Alice Curtis, Mrs. Eliza Johnston, Mrs. Daisy Martin, Mrs. Alice DesAutels, Miss Emmeline Slover, Mrs. Augusta Filley, Mrs. Mina Taylor, Mrs. Ida Hendryx and Mrs. Jane Bauman.

Mrs. Flora Babbitt of Cady street and Mrs. Lena Miller of Detroit are the only ladies left of the original charter group. Mrs. Babbitt severed her membership some time ago and Mrs. Miller transferred to a Detroit Corps.

"A cross-eyed gull has one advantage," "What's that?" "She can always see whether her nose is shiny or not."

Blue Star Mothers

(Continued from front page) — This makes a grand total of \$599.94.

The report does not include the \$300 expended for Christmas gifts to Northville servicemen and women and to prisoners of war last holiday season. Neither does it include flowers, plants, cards, fruits and other gifts sent to members and to servicemen and women, when ill. Neither does it include dues, fees and other such regular income nor expenses.

Since this report was compiled the Northville Blue Star Mothers have donated \$17.50 to gifts for hospitalized servicemen and women, as sponsored by the Legion. They are also sending Christmas greeting cards and cash gifts to sons and daughters who are still in service or who have been discharged.

Football

(Continued from front page) — Michigan's first Thanksgiving Day since the war — Thursday, Nov. 22.

If a social "doctor" were to examine our thinking and then announce his findings, the "verdict" might be interesting and perhaps a bit puzzling. Such is our guess, based upon a few observations.

Here's one. The Michigan home front is mentally and physically weary, tired and fatigued. After years of high-pitched nervous strain to win the war, plus months and months of continued suspense and worry, we suddenly wake up one morning to find ourselves right in the middle of peace, and unexpectedly so.

Peace! Here is the very thing which we sought for days, weeks, months and years. Peace! Peace! What happens? Immediately we want to forget about the war and all its consequences in our daily living. It's a natural and inevitable reaction, this yearning for normalcy. But the emotional letdown is terrific.

A friend of ours who is secretary of a state association with offices in Lansing, reports he is genuinely concerned over the "state of mind" which apparently exists among his members. "I had a meeting the other day with a committee to work out plans for a coming convention program," he began. "Leaders discussed the general attitude as voiced in the meeting was that our people want to forget the war. They are fed up with bragging about military personnel. They don't want to listen to a hero's story, particularly the fellows who are coming home on their private planes. They don't want to hear about the problems in Europe, in Japan or elsewhere. They want old-fashioned entertainment, lots of laughs. They want old-fashioned talks about their own future. Why? Wake up, mister—the war is over!"

A Michigan Congressman recently confided to a friend that he was from the folks back home, who want their sons brought back at once from Europe or the Pacific, is simply tremendous.

"You have no idea," he said, "of the heavy volume of mail I have been getting from fathers and mothers who can't see any reason why the government should keep their boys in foreign lands, now that the war is over."

We accept as valid his observation that the post-war public today is "hell-bent for a return to normalcy, come what may." But we believe it is largely an emotional letdown — part of our readjustment in changing from war to peace.

General Dwight D. Eisenhower, home last week from Europe, voiced an appeal for international cooperation and for finishing the job "I believe in international cooperation," he declared. "There must be international cooperation. We must seek out those who are our friends, who think as we do and live as we do, and find every way possible to eliminate war — the grimmest tragedy there is."

Eisenhower was quoted by reporters as blaming this state on the clamor of Americans to get the fighting men home. "We all want them home," the general said. "But we have a big job ahead, a tremendous job."

The Giving of Thanks Be Made for All

Giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ — Eph. 5:20.

That I may publish with the voice of thanksgiving, and tell of all Thy wondrous works. — Psalms 26:7.

Let us come before His presence with thanksgiving and make

a joyful noise unto Him with Psalms — Psalms 25:2.

Give thanks unto the Lord; call upon His name; make known His deeds among the people. — Psalms 105:1.

Be careful for nothing; but in everything by prayer and supplication with thanksgiving let your requests be made unto God. — Philippians 4:6.

Football Gains Speed

An example of the quality type of football being displayed this season is demonstrated by Dan Dworsky of Sioux Falls, S. D., who will play fullback for Michigan. The end of the war has released many stars.

question: Have we really won the war yet? Most World War II be continued, later on some year by World War III?

What happened after the last war — World War I?

Let's glance at our history. For a year or two after the Armistice in 1918 (just 27 years ago) prices were high and business was good. Return of soldiers helped to build up an excess of available labor. With war orders cut off and European countries too poor to pay cash for their usual purchases, agriculture and many industries accumulated a large supply of unsaleable goods.

Employers were faced with a rather grim situation. The workers' demand for higher wages was in order to maintain his war-time "take home" income. At the same time, the economic necessity of raising prices to cover added production costs.

The year 1919 — which would correspond to the fall and winter of 1945 and the spring and summer of 1946 — was one of the most violent in American labor annals. Reduction of take-home pay due to a reduction in working hours, was followed by an outbreak of strikes — more than 600,000 workers being involved in more than 2,600 strikes.

The spiral — higher wages, higher prices — finally precipitated a buyer's strike. Employers were often glad to close their doors because of dwindling orders. Result: A depression from 1920 to 1922. Then seven years of so-called prosperity. In 1929, the big crash. Remember? It was only 16 years ago — just 16 years ago.

Thanksgiving Day in Michigan, United States everywhere. Industrial strikes apparently inevitable, just as they were in 1919. People tired of the war, yearning for the "good old days."

And yet, underneath these surface manifestations, there is a genuine thankfulness in our hearts. Michigan was spared the destruction and death which visited nearly every part of Europe. No bombs fell here. Thank God for that.

Today, east and west, north and south, are new Flanders fields where poppies will grow. New crosses row by row.

Back home, gold stars will glow.

Peace — have we really won it yet? Is our job finished? Let us forget — let us forget.

"You seem to be in deep thought," said Brown. "What's on your mind?"

"I'm trying," Smith replied, "to figure out which one-armed paper-hanger with the hives, or the fat fellow walking the floor with triplets that are all teething at once."

Thanksgiving Day au-Even Changing Date in Nation

The ancient Hebrew custom of a thanksgiving celebration after the harvest was early adopted by proclamation of the governors of the several colonies. It was not until 1624 that the President recommended a day of Thanksgiving yearly, now fixed by custom and Congress as the fourth Thursday of November. Two states will hold Thanksgiving on the 15th Thursday.

The first Thanksgiving Day was celebrated by the New England colonists after their first harvest in 1621. In 1623, a day of fasting and prayer in the midst of a drought was changed to a thanksgiving celebration by the coming of rain.

In later years we have had considerable fuss by the changing of the date for Thanksgiving. This was not the first time that the date has been pushed around. In 1776, the city of Colchester, Conn., ran out of molasses for pumpkin pies, so postponed the feast for one week. In those times Thanksgiving did not fall on the fourth or last Thursday of November, but the regular observance was held on the first Thursday.

Scientists Are Planning To Check on Atomic Bomb

WASHINGTON — U. S. scientists who developed the atomic bomb plan to investigate the effects of Hiroshima and Nagasaki as soon as possible after American occupation of Japan. It was understood recently.

They are eager, it was believed, to determine the truth or truth of Jay reports that fatal radioactivity lingered at Hiroshima for weeks after the first atomic bomb exploded over the city August 6.

Rhine River Has Been Made Navigable Again. KIESBADEN, GERMANY. — The Rhine river is again navigable, United States army headquarters announced.

Col. John B. Hughes, deputy director of the transportation division of the United States group control council for Germany, said the immediate effect would be to relieve the coal situation and allow wheat to be moved to the flour mills on the Rhine.

New Regulations on Army Parcels

Post Master Fred Van Atta reports that effective November 15, 1945, parcels not exceeding 11 pounds in weight or 42 inches in length or 72 inches in length and girth combined, containing articles requested by addressee, may be accepted for mailing to Army personnel overseas.

The public is urged to pack, label and tie all parcels carefully.

Diara was a huntress. She early got the habit. But she never shot a godlet. Thinking he might be a rabbit.

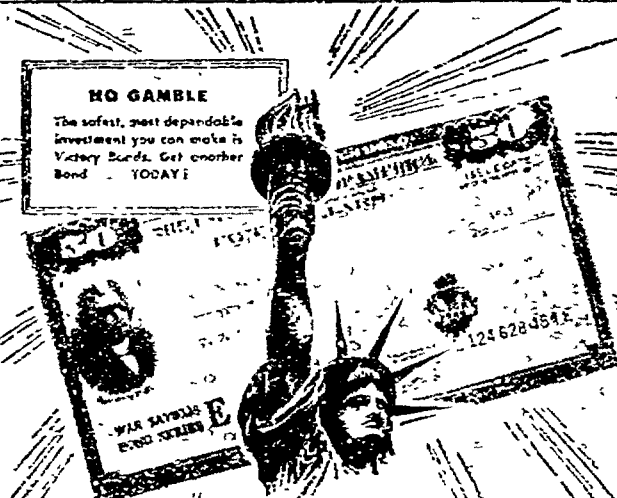

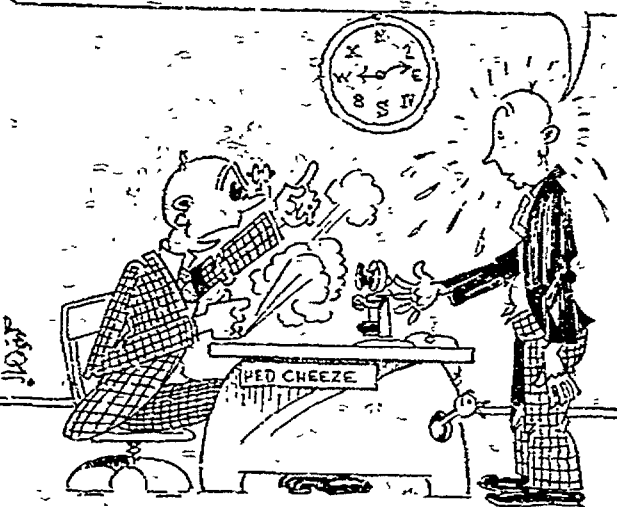

"But before we were married," he complained, "you said you liked to see me smoking a pipe."

"Before we were married I liked to see you spending money, too," she replied.
