"MICHIGAN AND THE OLD NORTHWEST" . . . Black Robes at the Sault

With Quebec again French, Jesuit fathers replaced the Recollets in Huronia.

In 1640 their chief mission was St. Marie; for it our Sault is named.

Next year Raymbault and Jogues reached Sault Ste. Marie from Huronia.

In 1648-50 Iroquois raiders slaughtered or scattered priests and converts.

News from Novi

By Mrs. Luther Ritz

Sgt. James Bates, son of Mrs. Clare Lockwood, is home with his family at Walled Lake. He has just recently been discharged.

The meetings at the Baptist Church for the past two weeks have been well attended. Over 1000 have been counted through the two week period.

Mr. and Mrs. Clyde Johnston were given a pleasant surprise on Monday evening when Mr. and Mrs. Joe St. Onge, with whom they were spending the evening, stopped at the Sea Food Grotto where a table had been reserved for them. After a turkey dinner a large birthday cake with the name "Alma" made with tiny forget-me-nots was brought in while the orchestra played and sang "Happy Birthday."

Mrs. Joyce Barry who has been ill for some time, entered the Pontiac General Hospital last Saturday for Penicillin treatment.

The Mission Band will meet Thursday, December 13, at the home of Mrs. J. O. Munro on West Grand River.

Members of the Novi Mothers' Club are invited to attend a Christmas party which will take the form of a luncheon at Botsford Inn on Tuesday, December 12. Transportation can be arranged for by calling Mrs. Kenneth Cook, 7101 E. 12, before Dec. 12. All are asked to meet at the school house on Tuesday, Dec. 12, at 12 o'clock.

Mrs. Vincent Hayes underwent a major operation at Highland

The next meeting will be held at 2 p. m. in the Neighborhood Church on Wednesday, December 12, and promises to be a special affair, since the date happens to be the birthday of one of the Sunshine Sisters. It has been announced that the annual Christmas party and grab-bag exchange of gifts, under the auspices of the Sunshine Sisters, will be held on Wednesday afternoon, December 19th at 2 o'clock. Ladies of the neighborhood are cordially invited to make plans for attending this affair.

The Carl Rothfels, from East Side, Detroit, were Sunday evening guests of Mrs. M. E. Ault and her son, Robert Hunter.

"Today's Moral Crisis," was the topic under discussion at the Vesper meeting in the Neighborhood Church Sunday evening and provoked some interesting interchange of opinions. It is expected that a gospel sermon will be preached next Sunday evening at 7 o'clock.

Mrs. William Owen, of Detroit, called on her mother-in-law, Mrs. Albert Owen, Saturday.

ents of a daughter, Diana Lee, born Saturday, Dec. 1, at Sesions Hospital, Northville. Mr. and Mrs. Roy Schram were hosts to members of their pin-ochle club last Saturday evening.

THERE ISN'T ALWAYS ROOM FOR ONE MORE -

There's always a soda at the drug store for Junior when Sister's beau comes calling. There isn't room for one more on the sofa. There isn't room for that extra electrical appliance in your home, either—not if you have an inadequate wiring system with overloaded circuits and improper distribution of outlets. It's a comfortable, satisfying home where you can arrange furniture to suit yourself—where the room arrangement isn't dictated by the chance location of outlets. Your home may be an old one, but it can hold all the electrical conveniences of a new one with adequate wiring. You'll want a new frozen-food cabinet, electric range, automatic laundry, electric dishwasher and many other electrical appliances that will make living more pleasant and easier in your home of tomorrow. Be sure of adequate wiring by inspecting it today!

This is one of a series of advertisements prepared in cooperation with the electrical contractors in your area in the interest of insuring adequate wiring for every home. When you build or remodel, be sure your home is properly wired. For wiring recommendations, call your local Detroit Edison office.

Assuming that there are two sides to everything—even to the Michigan automobile strike—the Michigan Mirror this week undertakes the difficult task of appraising the wage controversy between Michigan automobile companies and the U.A.W.-C.I.O. union.

First, we assume also that it is a proper and fundamental duty of the press to report facts objectively. This, in itself, is not easy to do. Eye-witnesses to an accident often tell different stories. A jury consists of 12 individuals, not just one, as a safeguard against miscarriage of justice.

Second, we assume that an enlightened public opinion—created by both emotional declarations of the two parties and by the facts as others see them—will be the major and final factor determining outcome of the Michigan strike.

That's where YOU come into the picture. And that's where YOUR government, prodded by YOUR opinion, may intervene.

The Michigan automobile business dates back to 1899 when the Olds Vehicle company, which had moved from Lansing to Detroit, began regular production of automobiles. In 1910 the newly-formed General Motors Corporation took over the Olds work. In 1924, Henry Ford produced his first car; the company, a family-held corporation, was chartered in 1919.

As an historian would see it, this is rapid transformation. Here is a comparatively NEW industry. It resulted in a boom for Detroit, whose population jumped from 285,704 in 1930 to 1,569,662 in 1930—the span of a single generation! Other cities—Flint, Saginaw, Pontiac, Lansing, Grand Rapids—experienced a similar growth.

Because the automobile industry employs mass production methods, its labor demand has been largely for UNSKILLED workers. Highly skilled mechanical jobs are relatively few. We read one Lansing automobile industrialist saying that an average firm boy could learn to be a good automobile worker in 79 days, but that if he were a GOOD farm boy, he could do it in three days!

Because no great skill was required, the auto industry sought to supply its labor needs in mid-western and southern states: Michigan, Pennsylvania, Kentucky, Tennessee and the "Deep South." Their migration to Michigan unfortunately did not stimulate deep roots here, much of the labor has been transient and marginal.

Another characteristic of the industry has been its periodic fluctuations of employment. Now, months of change may lay off thousands. When Ford changed from the famous Model T car to the new Model A, 20,000 workers were idle for months.

The unskilled nature of the work, plus periodic unemployment did not make for steady income. The N.R.A. study of wages in the auto industry shows that 45 per cent of the workers received an annual income of less than \$1,000.

Here you have a new industry, employing unskilled workers, subjecting them to periodic loss of income. It seems inevitable that labor unrest would breed in such fertile soil. Remember 1937 and the sit-down strikes in Michigan? Here was evidence that the pendulum had swung far to the left. The

United States supreme court declared the action to be illegal. But it is significant to note that the C.I.O. labor movement in Michigan is less than a decade old in experience. Here also is a NEW development.

The newness of the U.A.W.-C.I.O. in fact, is perhaps its greatest strength and also its greatest weakness.

Led by the Reuther brothers, the union has boldly demanded a straight 30 per cent increase in the worker's hour rate—or 48 hours' pay for 40 hours' work. Further than that, the union insists that the corporation's profits is a matter of proprietary interest of the workers—certainly a socialistic idea and one that fits well into the thinking of the Reuther brothers.

General Motors countered with an offer to increase the hour rate 10 per cent and to assure a 45-hour workweek. Whereas the hour rate has been \$1.12 to \$1.15 (according to the union) or \$1.18 (according to GM), the new hour rate would be \$1.28. The take-home pay would be \$57.30 (allowing for the same absenteeism at 45 hours as existed at 48 hours) compared with the union's demand for \$49.80 for 40 hours' work. Allowing for absenteeism, the workers' take-home pay last June (1945) was \$55.64. Thus, the GM offer would result in MORE

take-home pay than the worker received during war-time. The struggle is akin to David's combat with Goliath in that General Motors' financial position is reported by the New York Times as being at \$2.2 billions in total assets and \$1.1 billion in liquid assets, while the union's total resources if distributed to all union members would be only around \$36 each.

And now or the writer's own personal interpretations.

If the union is successful in getting anything like a 30 per cent boost in wage rates, the effect will be widespread upon our national economy. Prices inevitably must be adjusted upward. Result will be inflationary.

If wages are linked to profits, then the worker must be willing to expect the formula to work both ways. When profits go down, the workers' wages must go down.

The union's weakness, as we see it, lies in its radical and irresponsible leadership. Back of the Reuther boys' thinking in the U.A.W.-C.I.O. is a desire to nationalize the automobile industry. That is state socialism which opens the door to totalitarian government and death of the free enterprise system.

The public has much at stake in the outcome of the Michigan automobile strike.

1946 CHRISTMAS SAVINGS CLUB
NOW STARTING

7 Envelopes Helped Build a Home!

Just seven small envelopes helped build a home for Mr. and Mrs. J. Smith. Each had a label on it, you see, labels that read: 1) Rent, 2) Gas and Electric, 3) Telephone, 4) Food and Laundry, 5) Pocket Money, 6) Doctor and Education, 7) Savings and War Bonds. Each week Mr. Smith's pay was divided into each of these envelopes—and, no longer ago, they would have been out of that first envelope care the down payment to a home they framed at this institution.

If all of us did the same, what a difference it would make in the postwar world. However we do it, we all should hang on to our War Bonds now, keep on buying our country's Bonds—and add to our back list every week.

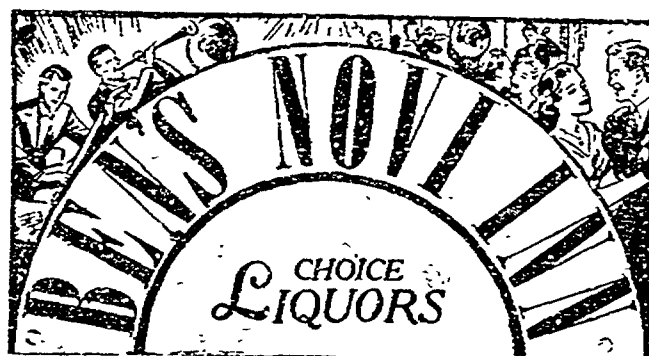

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

Christian Science Churches
"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, December 9.
The Golden Text (Isaiah 45:18) is: "Thus saith the Lord that created the heavens; God, himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it, it to be inhabited: I am the Lord; and there is none else."
Among the bible citations in this passage (Isaiah 45:12): "I have made the earth, and created man upon it; I, even my hands, have stretched out the heavens, and all their host have I commanded."

Merry Christmas

ADRIZZLING rain seeped through Mike Duncan's threadbare coat and soaked him to the skin. Snow had preceded the rain that afternoon and the going was pretty tough. He wearily trudged along, endeavoring to keep out of the way of reckless herds of last-minute Christmas shoppers who thought of him only as a bar to their progress.

Ordinarily Duncan would not have thought of his wet skin, his tattered clothes, or even of his empty stomach. They were all part of life on the road—but this night was different. It was Christmas Eve.

It must have been the holiday season—why else would someone thrust a fifty-cent piece into his hand and

wandered off down a deserted side street, clinking his money.

After about an hour of aimless roaming through endless alleys, he found himself directly opposite a brightly decorated restaurant. He crossed over and from sheer curiosity looked in the window.

There were only two patrons inside—an elderly man and woman seated at a front table who were avidly devouring with much relish a whole roast turkey with all the side dishes.

Duncan's mouth began to water—his stomach seemed hollow—he felt his legs go weak, and his ever-present hunger was getting the best of him. Suddenly he remembered the seventy-five cents. He thought that would leave him sixty. He decided to go in and order a roast turkey sandwich. He gave his hat a few deft pats and opened the door.

He hung his battered hat and coat where he could grab them in case of an emergency, and made himself comfortable at a table in a corner. Duncan knew that his appearance was none too prepossessing and that a waiter would not dash up to someone from whom he could not get a tip. After a while a vinegar-faced man "designed to come to him."

"What'll you have?" he asked, surging a yawl.

"A hot roast turkey sandwich," replied Duncan.

"On toast or rye bread?"

"Rye."

"Anything else?"

Duncan shook his head. "No, nothing else."

"Are you sure that's all you want?"

"Yes, that's all. Just a roast turkey sandwich."

The waiter returned with the order, placed it before him, shook his head wonderingly and withdrew. Duncan virtually devoured the sandwich in three bites. He delicately wiped his mouth with a napkin, then beckoned the waiter. "Check, please," he said.

"Check?"

"Yes, the check." Duncan raised his eyebrows.

"But there is no check."

"No check? What do you mean—no check?"

"There are none tonight. This is Christmas Eve. I don't you see the sign in the window? Customers can order anything they want. It's on the house. You're the only guy who didn't order the while carved meat. Well, merry Christmas," he added.

Duncan's jaw dropped. His plate fell on the half-dollar, two dimes and five pennies still crunched in his chair. He followed the back of the waiter's head.

Mr. and Mrs. Victor Lumley and daughter, Phyllida Glee, of Grand Rapids spent last week-end with Mr. and Mrs. Fred Gots at their home on North Center street. The Lumleys formerly resided in this village. Mr. Lumley being employed as a druggist in Gussell's Drug store.

Five Northville Girls' Engagements Announced

Marjorie McZeague

Mr. and Mrs. Howard W. McZeague of Northville announce the engagement of their daughter, Marjorie, to Lt. Louis Kolin, son of Mr. and Mrs. Robert Kolin of Plymouth. Marjorie graduated from N.H.S. with the class of '43' and Lt. Kolin was a graduate of Plymouth High school with the class '42'. He is on terminal leave from the Army Air Corps, soon to be discharged. No immediate wedding plans have been made.

Mr. and Mrs. Oscar Johnson of Ontonagon, Michigan, announce the engagement of their daughter, Betty Jane, to Norman Scheumann of South Lyon. Miss Johnson has made her home in Northville for the last three years with her aunt, Mrs. George Locke of 210 S. Rogers street. The wedding is planned for the very near future.

Mr. and Mrs. Fred Wick of Fairbrook Road announce the engagement of their daughter, Marie, to Pvt. Charles Holman, son of Mr. and Mrs. Jos. Holman of Beck Road. The date for the wedding has not been set. Pvt. Holman is stationed at Fort Sill, Oklahoma.

Mr. and Mrs. Joe Revitzer, of Bethany Road announce the engagement of their daughter, Carol Jean, to Harry Blair Richard, son of Mr. and Mrs. Harry Richard of W. Six Mile. Carol is a sophomore at the University of Michigan.

Mr. Richard C. Bartholomew announces the engagement of his daughter, Dorothy, to Charles G.

Nelson, son of Mr. and Mrs. Floyd Nelson of Howell, Michigan. The wedding date has been set for January fourth.

DANCE A SUCCESS

The Hep-Hop-Hop sponsored by the cheer leaders of Northville High school last Friday evening was a big success. The net proceeds from the party will help to buy much needed uniforms and megaphones for the cheer leaders.

Chaperones for the occasion were Mr. and Mrs. John Litsenberger, Mrs. Ralph Simmons, Mrs. E. C. Mollen, Miss Mollie Saxton, and Charles Yahn. The club president is Stella Poules, secretary Grace Porritt and treasurer Dolores Blackett. Miss Isabel Burrell of the school faculty is sponsor for this new organization.

Society Briefs

Mr. and Mrs. Cyril Fild of North Center street announce the engagement of their daughter, Dorothy, to Robert R. Widmaier, son of Mr. and Mrs. Richard Widmaier of Plymouth.

Neil Hannaford and Oscar Kuhn attended the annual inspection of Damascus Commandery Knights Templar at Detroit Monday evening. Mrs. Hannaford attended the reception given by the ladies of the commandery to Mrs. Gib Smith, wife of the inspecting officer, Grand Commander Gib Smith of Albion.

Mr. and Mrs. Robert Cosselman of Lansing were week-end guests of the former's sister, Mrs. Barton Connors and Mr. Connors at their home on Spring Drive. Mr. Cosselman played an instrumental solo with piano accompaniment by Mrs. Connors, as a feature of the morning worship service at the Northville Methodist church Sunday.

The Northville branch of the Garden Club will meet for their Christmas party Monday afternoon at 12:30 o'clock. A luncheon for members will be held in the Kittie Harmon room of the library.

Mr. and Mrs. Ches Schoutz of Base Line Road went to Clyde, Ohio last week-end for the purpose of attending the celebration of the thirty-first wedding anniversary of Mrs. Schoutz's sister and brother-in-law.

ANGELL-HIGHFIELD RITES HELD

At an evening ceremony recently lighted tapers in cathedral candlebra baskets of white, mums and palms decorated the home of the bride's parents, Ruth Ann Highfield, daughter of Mr. and Mrs. Fred Highfield of Plymouth, became the bride of Mr. Glen Richard Angell, son of Mrs. Glen Angell and the late Glen S. Angell of Seven Mile. Rev. Bartlette of Grand Rapids officiated.

The bride wore a gown of satin and marquisette, fashioned with a yoke of marquisette beaded with seed pearls and a high round neck line. The skirt swept into a long train and she wore a full length veil of illusion caught to a coronet of seed pearls. She carried a bouquet of white roses. Her father gave her away in marriage.

Attending the bride were her sisters Betty Jane as maid-of-honor, June as bridesmaid. Their gowns were fashioned as that of the bride's, made of soft shades of blue and pink with matching tiaras. Their bouquets were of red roses. Sally Jo Mathias was flower girl in a frock of pink tulle carrying a basket of assorted flowers. The ring bearer, Douglas Lock.

The groom's cousin, John Schwaib of Royal Oak was best man and the usher was Nick Campbell, the brother-in-law of the bride, both returning from the service recently. A reception supper followed the ceremony at which 100 were present. The bride's mother chose a black jersey of yellow floral design with a corsage of yellow roses. The groom's mother wore a brown jersey with a corsage of yellow roses.

On their honeymoon, the couple went to St. Louis where they visited friends. They are making their home at the Glen Angell Farm on W. Seven Mile.

HOLD OPEN HOUSE

More than seventy friends and relatives called at the Alex Lyke home on South Center street, Sunday, to congratulate the couple on their silver wedding anniversary.

An unusual happening for an occasion of this kind, was the fact that Mrs. Lyke's three sisters and three brothers who attended the wedding twenty-five years ago, were all present at the anniversary celebration. They were Mrs. Wm. Kaiser of Plymouth, Mrs. Robert Barringer of Farmington, Miss Alta Fisher of Dearborn, Clyde Fisher of Plymouth, Lee Fisher of this place and Ernest Fisher of New Hudson. Mr. Kaiser, Mr. Barrington and Mrs. Lee and Mrs. Ernest Fisher were also present Sunday.

Three sisters with Mrs. Harley Cole of South Center street, sister of Mr. Lyke, presided at the tea table. Mrs. Warren Bogart (Jean Lyke) and Shirley, daughter of the Lykes, assisted their parents in receiving the guests.

Florence Becker passed away Nov. 30 at the home of her daughter, Mrs. Lulu Goring. She would have been ninety-three years old next month. The Becker family lived around Novi for many years before their removal to Pontiac. Mr. Becker passed away some time ago. Survivors include another daughter, Mrs. Becker, who lives near Farmington and a son, Frank of Pontiac. Mr. and Mrs. Z. M. Hays and Mr. and Mrs. A. W. Littenberger of Randolph street were Sunday dinner guests of their grand daughter and daughter, Mrs. Wm. Hollingsworth and her family at Plymouth, Sunday.

Mr. and Mrs. W. H. Canfield visiting Mr. and Mrs. Robert H. and family spent the week-end at McPherson of Howell.

Reports tell of pleasant Thanksgiving dinner party at St. Petersburg, Fla. where the Northville contingent enjoyed all the bounties of the day. The turkey was a la Clark, we are told. Among those present were the Harry Clarks, the Mark Gardners, Mrs. Northrop, Mrs. G. R. Buck, and the E. L. Smiths.

You actually get paid for being comfortable when your home is insulated. Insulation saves fuel, decorations, unnecessary damage of eave troughs and roofs, and shuts out many irritating noises. Besides, it makes your home cooler in the summer. That is a "buy" that is hard to beat. Why not do as your neighbor has done, have it insulated by the districts largest insulators, the BOOTH INSULATION CO. Phone Northville 106 NOW for a free estimate on your home.

The new building located at 14485 Northville Road, near Taft's Cleaners, is the new business location of the Plymouth Mill Supply Co. and is now open for business.

The Northville Woman's Club meets today at 2 o'clock in the Presbyterian church house. Pictures of Alaska, sent by Rev. Harold Fredsell, will be shown by Charles H. Walker. Various clubs from nearby communities will be guests on this occasion.

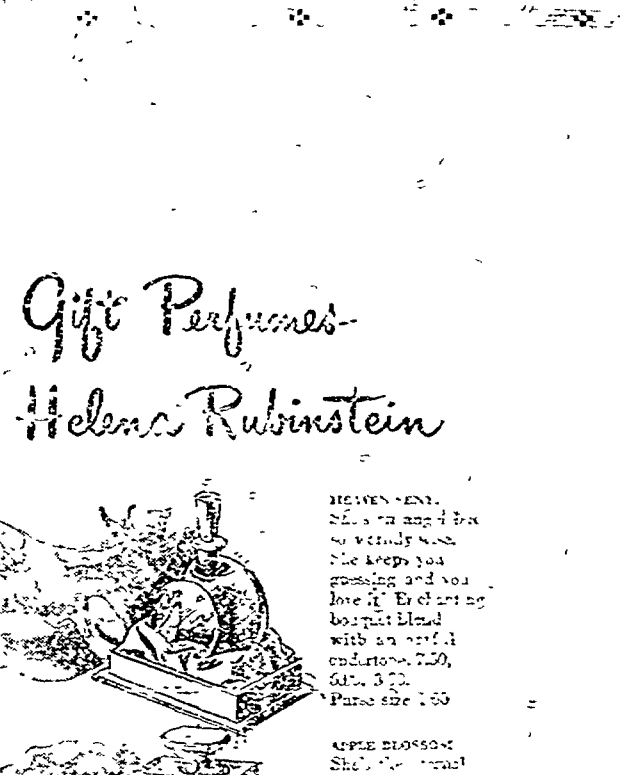

The Girl Scouts of Northville will have a bake sale tomorrow, Saturday, December 8 at the Del Campbell Electric Shop on E. Main street.

Danger ahead

AFTER 4 WAR WEARY YEARS, Drive at YOUR OWN RISK

THE MONTHS JUST AHEAD ARE THE MOST CRITICAL IN THE LIFE OF YOUR CAR

The newest civilian cars in operation today are 4 years old. The average age of all cars is 8 years. 3,365 go to the scrap pile daily... much faster than new cars can possibly be built for many months to come.

These weary old cars still face many months of uncertainty before they can be replaced. Will your car continue to take it? Will it stand the strain of the extra miles you will drive, now that you can get all the gas you want?

There is one sure way to find out and that's a complete "Inspection and Motor Vitalizing Tuneup" as listed at the right. Take no chances. Drive in now. Give your faithful car a new lease on life, and—

BE ON THE SAFE SIDE

MOTOR VITALIZING TUNE-UP

1. Check compression. Tighten cylinder head and manifolds.
2. Test and clean spark plugs. Adjust spark gap. Check wiring, tighten connections.
3. Clean and adjust distributor. Set engine timing for best performance.
4. Check coil, condenser. Adjust generator and voltage control. Tighten connections.
5. Adjust carburetor. Clean fuel pump.
6. Service air cleaner for best gas economy.
7. Inspect cooling system. Tighten hose connections. Adjust fan belt.
8. Test and service battery. Clean and tighten connections.
9. Inspect exhaust system. muffler and tail pipe.
10. Tune motor for best operation and gas mileage.

Poultry House Ventilation Needed
Good ventilation in the poultry house is one key to top producing hens... and an important key. J. M. Moore, specialist in poultry husbandry at Michigan State College warns that dampness invites such troubles as colds, coryza and other respiratory diseases which can be prevented by ventilation that replaces moisture laden, foul air with fresh air. But there's more to ventilation than just an open window. If you do ventilate your poultry house, by opening windows... or if you use the open front poultry house... take precautions to avoid drafts on the birds. Better "No draft" ventilation can be provided in houses 20 feet or greater in depth than can be provided in more shallow houses. In any size house, opening all the windows slightly... rather than opening one or two a great deal... will do a lot to cut down drafts. For the greatest protection of your hens, windows should be baffled by nailing metal or wooden strips across openings to guide incoming air upward and away from the birds. These baffles... that prevent incoming air from blowing directly on the birds... are essential above straw lofts and in the attic above the insulation... if the ceiling is insulated. Methods for baffling windows for cold weather and the construction of louvers are illustrated in the bulletin "Laying House for Michigan." "Laying House for Michigan" can be obtained at your county agricultural agent's office or from the poultry department, Michigan State College, East Lansing.

News Notes from the County Agent

E. I. BESEMER

At a meeting held Wednesday, November 28 in the County War Board Office, Wayne, Michigan, the County U.S.D.A. Council was formed. The Council replaces the County U.S.D.A. War Board and is composed of the heads of the offices of the agencies of the Department of Agriculture in the County, also of the heads of the Production Credit Associations, the National Farm Loan Association, the County Agricultural Agent, Home Demonstration Agent, 4-H Club Agent and Farm Security Administration Home Supervisor.

The Council will continue the work of the County War Board in relation to Selective Service, and help coordinate the activities of the agencies of the Department.

The Wayne County Farm Labor Committees held their Annual Round-Up Meeting at Elsie, November 30th with a luncheon and a program. On the program were Mr. Henry Moser and Mr. L. G. Moore of the Senior Training Department in Agriculture of the Veterans Administration who explained provisions of the Vocational Rehabilitation Program of the Veterans Administration and how Public Law No. 16 and Public Law No. 346 as passed by the 78th Congress aids in providing educational and training for veterans.

PROTECT FRUIT TREES

County Agricultural Agent, E. I. Besemer, suggests that fruit growers or owners of fruit trees call at his office for a copy of the Bulletin "Protecting Fruit Trees Against Mice and Rabbits". The bulletin, prepared by T. A. Merrill of the department of horticulture at Michigan State College, explains several ways to

protect trees from these animals during the winter months. Among them is the suggestion that trash and sod be removed from around shrubs and the trunk of trees, and that poison bait be placed in the fresh runways of the mice. Ways to make and apply tree trunk guards also are pointed out.

SAVE PLANT FOOD

Every Michigan farmer who has 20 cows will have \$300 worth of plant food stored up in the manure from those animals between fall and spring. That is, provided he takes proper care of the manure, says E. I. Besemer, county agricultural agent. To save all or most of the nutrients in the manure, these steps are suggested:

1-Save the liquids by using plenty of straw and stalk bedding, sawdust or muck in barn gutters.

2-Don't have a manure pile. Either keep the manure tramped and saturated under shelter, or haul it frequently and spread thinly.

3-Spread manure first on level or nearly level land. Avoid spreading on rolling land until spring to avoid run-off.

WARM WATER FOR HENS

You probably know that eggs are more than 65% water. So if egg production is going to stay up on top, hens have to keep on drinking a good amount of water. The trouble is, hens don't always drink enough... and the old saying about horses, that you can lead one to water but you can't make him drink... applies to hens, too. One of the big reasons why you can't make a hen drink is the temperature of the water. When the temperature of drinking water drops down to 40 degrees F. or lower, laying hens begin to drink less. If drinking fountains freeze over, hens get no water at all until the fountains are thawed out and refilled. J. M. Moore, specialist in poultry husbandry at Michigan State College, suggests using small electric water warmers. These are inexpensive... do away with fire hazards... and you will do the job without your tending them.

You can choose from two types of poultry water warmers now in general use... either the immersion type warmers or small electric heaters. The immersion type has sealed-in heating elements and the whole thing is placed in the water. When the water temperature drops to about 40 deg. a thermostat switcher on the heating element. The small electric heaters have been designed to use under various types of water fountains.

The cost for using the poultry water warmers is little more than the price of an extra egg per hen. Actually, it's even less because you can expect a good many extra eggs per hen if you provide plenty of warm water, proper feed and care.

It is wonderful how people's tastes change with the years. When they are small, girls love dolls and little boys have a yen for soldiers. When they get older the girls are crazy about soldiers and boys fall in love with dolls.

Inquisitor (after helping a kid out of a well): "How did you come to fall into the well, youngster?"

Kid: "I didn't come to fall into the well. I came for drink of water!"

We do not tear your clothes with machinery. We do it carefully by hand.

Veterans SERVICE BUREAU

EDITORS NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Veterans Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Local Service Centers

G. N. Cmar N. Bradley, administrator of veterans affairs, in a recent statement declared that the most pressing need, insofar as the civilian population and the veteran is concerned, is the establishment of a single service center in every community so that benefits to the veterans can "get down to the grass roots of the home community."

Many communities already have set up these centers where the returning veteran may go for information, for service, for advice, but there are thousands of home communities where no such benefit is available to the veteran.

"We have the plans," General Bradley said, "but you can't help a veteran with a plan. We need the help of business, patriotic and civic organizations, of the press and radio, in solving a problem of space and personnel which is slowing up our job."

In the meantime, the veterans administration has inaugurated a six-point program for amputee rehabilitation to include: (1) direct veteran contact to learn problems, invite criticism and provide corrective measures; (2) a survey to determine availability of prosthetic appliances; (3) to provide each veteran a booklet with essential information; (4) a program of scientific after-care designed to meet the need of the veteran; (5) a conference with artificial limb manufacturers to establish fixed limb standards; (6) to establish a museum of prosthetic appliances.

Questions and Answers

Q. I want to know if a man who has been in the army over six months, is 30 years old and has a wife and four children, will be sent overseas or will he get a discharge soon?—Wife, Strasburg, N. D.

A. According to regulations at this time your husband is eligible for overseas service. According to the information you give, he has only approximately 42 points.

Q. I want to know if my husband can get a discharge. He has been in service 21 months and overseas 14 months and has four children and is needed at home since his mother is his dependent, fee, and very feeble. He is in the army and is 25 years old.—L. B. Pisgah, Ala.

A. Without any points for battle stars or decorations, your husband has 71 points so he would be eligible for discharge.

Q. My husband served nine months in World War I. Five of these overseas. While in service, one of his ear drums was affected from roar of guns and he can hear but very little. During this time his service record was lost and now he cannot get help because he doesn't have a record of his ear. Does he have to be handicapped because the army lost his record? He can't do any little work.—Wife, Decaturville, Ala.

A. Your husband's service record should be in the war department in Washington. Would suggest that you immediately file a claim for pension, due to disability, with the Veterans administration at Birmingham. Write to the bureau of enlisted personnel, war department, Washington, D. C., concerning his service record, giving all details possible.

Q. I was called for the army September 4, 1918, and went to Fort Riley, Kan., and got my discharge at Fort Riley September 14, 1918. I got the \$50 bonus and the whole outfit of uniforms. Did guard duty and my serial number was 31743290. I asked for the soldier tax exemption in Iowa and they turned me down.—E. J. H., Webster City, Iowa.

A. You were apparently in the army only 10 days. But the internal revenue bureau says there is no federal tax exemption for veterans except on disability payments and the \$1,500 exemption on active service pay. There may be an Iowa state law providing for some form of tax exemption for veterans. Suggest you apply to your state or local tax authorities.

Q. My husband, who is in the navy, has three children and is 28 years old. Under this new system of discharging fathers of three children, will he be eligible for discharge?—Wife, Vanderbilt, Mich.

A. The navy department says "yes."

Q. How long will boys 18 or 19 years of age, who entered service in the spring of 1915 and are now on their way overseas, remain in the service?—N. C. Lancaster, Wis.

A. Under present regulations, until they have the required number of points to make them eligible for discharge.

Q. I want to know if a man who has been in the navy 21 months, is 34 years old and has a wife and three children will be discharged?—Wife, Owens Cross Roads, Ala.

A. Yes, he is eligible for application for discharge.

"Me... I'm staying in the Army!"

THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!"

1 "First, I keep my present grade. That means a lot.

2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.

3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.

4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.

5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

JANUARY 31, 1946

AN IMPORTANT DATE FOR MEN IN THE ARMY

Men now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1½, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

HERE THEY COME!

YES, thousands of telephones are being made in the Bell System's Western Electric plants.

They'll help relieve the war-caused shortage that has kept so many people waiting for a telephone. However, telephone instruments aren't all that's needed. Nearly two-thirds of the 125,000 waiting applicants are in areas where central office equipment cannot handle any more telephones, or where all wires and cables are in use.

Cable and central office equipment are being manufactured, too. But before they can be used to connect new telephones they must be installed and interconnected with the existing telephone system—a time-consuming job, requiring a vast amount of hand work.

We're installing telephones in areas where only instruments are needed. In fact, we expect to fill practically all applications of this type by next spring. We're also moving ahead with the job of adding cable and central office equipment. But in most areas, it will be months before enough can be manufactured and installed to provide service to everyone who wants a telephone.

If you're among those waiting, you may be sure we'll fill your order in its proper turn just as soon as possible.

The main street at night

The 6000-lumen lamp

In 1938 the forward-looking leaders of Bad Axe asked Detroit Edison engineers to provide the community with better street lighting. And they got it: modern directional luminaires... twice as much light... more than threefold improvement in visibility... all at a remarkably small extra cost per year because of the higher efficiency of larger lamps.

And the engineers solved the problem of that alley behind the main street. They placed 6000-lumen overhead lamps where the alley intersects the side streets, thus (a) lighting the alley and (b) the parking areas off the main street; (c) building up light intensity approaching the main street; (d) helping to promote business activity on the side streets.

The residents of Bad Axe are enthusiastic about their street lighting, which protects children and pedestrians... does the motorist a good turn... helps merchants... and gives additional sparkle to the town.

How is the street lighting in YOUR community? Our engineers will be glad to discuss a postwar plan now.

Opportunity
Offered Vets

Detroit, Mich. - Veterans of World War II today were given an opportunity seldom offered and practically unheard of in the Army. The "plum" of all assignments in the Army is open to discharged veterans who want to enlist for 3 years and can qualify for the job.

The Recruiting Officer for this area stated, "There are a number of vacancies for assignment to Recruiting Duty in the Lower Peninsula. We are particularly interested in securing individuals of a high calibre since men on recruiting duty are pretty much on their own. Take a man who is living in any of the towns listed below for an example; if he wishes to enlist for three years and qualifies for recruiting duty, he will be assigned to duty in his home town. There is no K. P. guard duty, or any of the usual Post housekeeping details which he has to perform. His time after office hours is his to do with as he pleases. Men of this type of duty receive their regular base pay and in addition are paid \$105.00 per month for their room and board."

There are vacancies in Saginaw, Grand Rapids, Kalamazoo, Flint, Ionia, Jackson, St. Joseph, Alpena, Traverse City, Lapeer, Ann Arbor, Port Huron, Bay City, Cadillac, Lansing, and Pontiac.

Any veteran who is interested should call at the nearest Army Recruiting Station immediately since the vacancies will be filled on a "first come - first served" basis.
