Memorial Hall Decorated for Xmas

The Veterans' Memorial Hall was probably the most talked of building in Northville last week when it blossomed forth in the first major outdoor decoration in the business section. The municipal tree near the Village Hall was resplendent in its multitude of color lights. The Christmas carols emanating from the Campbell, Elec. tonic Shop and other office decorations plus a million "Merry Christmases," the Christmas weather, and snow, really put Christmas in the air.

Baskets Taken to Needy of the Community

Northville organizations responded in the traditional spirit of the Christmas Time, and local families needing help were all remembered in kind and substance best suited to their needs. The Kings Daughters sent out about a dozen baskets, the Red Cross delivered ten baskets, and the CIO Local six or eight. No family as far as is known that needed help was forgotten.

Many Children at CIO Xmas Party

Children, children, and more children! Over five hundred of them, flooded the Northville Theater, Saturday afternoon, for the annual CIO Party. A hilarious picture, bags of candy, oranges, nuts, and goodies were presented by Santa to all comers until the 480 bags were exhausted. But those that had the Xmas bags divided with the others, and everyone had a good time.

Injured in Xmas Day Auto Crash

W. A. Rossow Family of Hayson Street Injured in Collision on Seven Mile Road

The W. A. Rossows of Hayson street had a harrowing experience Christmas afternoon while returning to Northville about 4 p. m. on the Seven Mile Road near the golf course, a car load of colored people broke over the hill at a terrific speed, skidded and whirled around, striking the Rossow car broadside. The Rossows had seen the car, and stopped at the side of the road. No definite reports concerning the six colored people is available but they were laid out along the road for some time. The Rossows were brought to Sessions hospital by the Schuder ambulance. Mr. and Mrs. Rossow have minor injuries, their son a broken arm, and the daughter injuries of an undetermined nature.

Collect 1200 Cans in Appeal for Canned Foods

Northville organizations contributed nearly 1200 cans of tinned foods for the relief of the people of Europe. The collection was picked up by the Goodwill Industries and a light was lighted on the Christmas tree with Northville's name thereon for contributing over 1000 cans. The canned food will be shipped and distributed by the Friends Society to the needy of war stricken Europe.

Fire Destroys Walled Lake Packing Co. Bldg. Last Week

A fire practically destroyed the Walled Lake Packing Co. last week when flames broke out in the men's locker room Wednesday, December 19 about 2:30 p. m. and lasted until about 12 p. m. The packing house was almost entirely destroyed but the food locker was saved. A new sales building is now being constructed and will be open for business about the first of January. The loss was estimated at \$60,000 to \$75,000 and is covered by insurance. Fire trucks from Milford, Walled Lake, Novi and West Bloomfield answered the call.

Weatherman Ruins Christmas Plans of Community

The weather man really gumbled up the Christmas plans of hundreds of local people when Christmas eve falling rain froze and covered the highways with sheets of glaring ice. Cars were stalled on the hills, parked along the highways, and waiting in ditches for the wreckers to come along. Many folks spent a large part of the night sitting in their cars. No fatalities were reported in the vicinity.

Northville Takes Double-header

Freshman and Varsity Basketball Teams Defeat Clarenceville on Northville Floor

Northville Varsity and Freshmen teams gave Clarenceville a double dose of defeat in the two basketball games on the local floor Friday night. Freshmen score was 45 to 36. Varsity 29-14. At the end of the first half of the Varsity game the locals lead by only one point, 8-7. But when the 3rd quarter ended the Mustangs were out in front 21-10. The line up shifts and substitutions checked as shown by the final score. Failure at the free throw line kept the Northville score down several points.

Thanks A Million ...

Thanks a million to those Northvillites who always come through in a pinch. Two weeks ago we told the story of seven year old blind child who wanted above all to have a small radio for Christmas. And as always this community comes through in glorious style to every worthy project. A half dozen people offered their own radios, many others wanted to help raise a fund to buy one. But of course there were none for sale, so a splendid kind hearted couple gave their own radio that the blind child might hear. If you ever saw a happy kid, the one that got that radio was about in Seventh Heaven. Thanks a million.

Outlook for 1946 Business Given --Babson

Sees More Strikes; Inflation Evident; Total Business Lower in First Full Year of Atomic Energy

Table with economic indicators: 1946 IN A NUTSHELL. BONDS: Steady. BUILDING: Increased. COMMODITY PRICES: Mixed. COST OF LIVING: Higher. TOTAL BUSINESS: Lower. INFLATION: Evident. FARM PRICES: Uncertain. FOREIGN TRADE: Competitive. LABOR: More Strikes. REAL ESTATE: Higher. RETAIL SALES: Values Up. RE-CONVERSION: Increased. STOCKS: Higher. TAXES: Lower. POLITICS: President to take middle-of-the-road.

GENERAL BUSINESS

1. The great event of 1945 was the ending of World War II. A great event of 1946 will be the start at harnessing atomic energy to bring about a new industrial era.

2. A year ago the United States Babsonchart Index of the Physical Volume of Business finally registered 145. Today it is estimated at 128 justifying my forecast of a struggle. The Canadian Babsonchart Index of the Physical Volume of Business finally registered 203 a year ago; today it is estimated at 192. 1946 will show a further over-all decline in both United States and Canadian business. Furthermore, most of the following comments apply to both countries.

3. The re-orientation of industry from war to peace business will proceed during 1946. Of 1945 the war time repair and replacement work will be as great as in 1944.

4. Inflation will continue both at the price level and their volume. Inflation will increase during 1946. The price level will be higher during 1946 than at present. The price of some of the food products may decline.

5. The unit sales of some department stores will begin to decline some time during 1946; but the sales of the food and variety chains may continue at peak figures.

6. The great question mark of 1946 will be how, to whom and at what price the government will dispose of its billions of dollars worth of unneeded supplies.

7. Pending a weather upset, more bushels of corn and wheat and more bales of cotton will be raised in 1946 than ever before in our history. Although some prices may slide off, the total farm income for 1946 should hold up fairly well.

8. There should be an increase in certain fruits, fish products and vegetables with a decline in prices. The U. S. will have more to eat in 1946 than in 1945. The per capita consumption should be 10% above the prewar level of 1935-1939.

9. Dairy and poultry products will continue to increase in volume with no increase in price. There will be a great surplus of eggs; but fats, sugar and some canned goods will continue short.

10. Farmers will start in 1946 to work to extend legislation on their party program due to fear of a postwar collapse in farm prices.

11. Taxes will not be increased during 1946 and there may be further reductions. Some nuisance taxes will be eliminated altogether.

12. The Federal Debt will continue to increase during 1946, but I expect no War Bond Drive.

13. Whatever is done about taxes, the cost-of-living will continue to rise during 1946 due largely to increased wages.

14. Providing jobs for returning soldiers at satisfactory wages will be the big political task of 1946. There will be jobs for all, but not at the wages desired.

15. The volume of retail sales will be about the same as in 1945. Sales of ladies' apparel and general luxuries will suffer, but many items now unavailable will be purchased.

HAPPY NEW YEAR

Yes, for the first time in five years we can say this and mean it. As we look back over the past four years of war let us

thank God that our armed forces have been victorious. As we look ahead let us work and pray with the same fervent zeal that won the war, pledging ourselves that the coming year and all the years that follow shall be peaceful, so that never again will our sons and daughters have to take up arms against an enemy. In this spirit I wish everyone, especially my comrades both in and out of service, a very HAPPY NEW YEAR.

GREENFIELD'S FAMOUS FOODS

AS we write this message to the legion of Greenfield patrons in Michigan, a New Year is on the threshold. It is fitting, therefore, that we offer heartiest greetings... and a sincere wish that 1946 brings you a heaping portion of health, happiness and prosperity.

Greenfield's volume of patronage in 1945 exceeded all previous records, despite critical labor and material shortages. Over FOUR AND A HALF MILLION meals were served. Likewise, in the purchase of Michigan grown foodstuffs,

new highs were set by many thousands of dollars. Our greatest pride, however, is in the many complimentary expressions from guests and their recommendation of Greenfield's to friends.

Please accept this as a special invitation to visit Greenfield's on your next visit to Detroit. We're sure you'll enjoy the wide variety of famous foods, prepared by expert culinary staffs and skilled dietitians. Satisfying portions and popular prices are other features that will make your visit a happy event.

There isn't always room for one more in this bridge fearsome—even for a kibitzer—all he does is cause trouble for the players. And one appliance too many on an electrical circuit may be the cause of that troublesome blown fuse. Many people are accustomed to inadequate wiring. But overloaded circuits are not your only handicap to home happiness if you have inadequate wiring. It may mean improper distribution of outlets—not having the electric reester where you want it, because there's no outlet convenient—or maybe Dad can't plug in his new electric shaver where he wants it. For tomorrow's electrical living, an adequately wired home should accommodate a new frozen-food cabinet, electric range, automatic laundry, electric dishwasher and many other electrical appliances that will make living more pleasant and easier. And, of course, if your plans for tomorrow include a brand-new home, it's doubly important that your plans and specifications be checked for adequate wiring.

This is one of a series of advertisements prepared in cooperation with the electrical contractors in your area in the interest of insuring adequate wiring for every home. When you build or remodel, be sure your home is properly wired. For wiring recommendations, call your local Detroit Edison office.

Happy New Year TO EVERYBODY 1946 This year we will celebrate New Year happy in the knowledge that one more year has been added to our long record of service to the people of this community.

A Happy New Year To All All ready to set up business, 1946 has hit town with as fine a line of merchandise as you ever had to select from.

LABOR - 25. The Little Steel Formula will be forgotten during 1946. The year will be noted for strikes and labor troubles.

47. President Truman may lose control of Congress, but he will try to take a middle-of-the-road position. I believe that all wise Republicans and Democrats should support his efforts.

48. Our foreign headaches will become worse and more frequent during 1946. What we are going through to reorganize Germany will be repeated in other countries.

SINCERE NEW YEAR'S GREETINGS And The Wish That GOOD HEALTH GOOD LUCK and HAPPINESS Will All Be Yours Throughout 1946

Change Made in Celebrating Day New Year's became a busy day long after the American custom of New Year's celebration.

41. Suburban real estate will be in much greater demand with higher prices during 1946.

42. City real estate should hold its own, excepting in the former congested war production areas where declines may set in.

EXTRA! EXTRA! NEW YEAR is here 1946! In wishing our friends a Happy New Year we want to add this thought: We hope 1946 will be a year of many EXTRAS for you.
