## Former Northville Girl Married Here Tuesday

Our Lady of Victory church on Thayer Blvd. was the scene Tuesday morning of the wedding of Nancy Pike McLaughlin, daughter of Mr. and Mrs. J. N. McLaughlin of Detroit, and Captain Leo Max Husted of Miami, Fla., son of the late Mr. and Mrs. Daniel Husted.

The 10:30 wedding mass was read by two cousins of the bride, Father James McLaughlin of Newcastlle, Ind. and Father Anthony McLaughlin who has just returned from service as a chaplain in Manila. Also assisting with the service were Father Shuler, former pastor and Father Lorenzo Woods, present pastor of Our Lady of Victory church. Organ and vocal music was furnished by Mrs. Vincent Bielejeski, church organist.

Nancy wore a gown of white satin with a full skirt of net, long sleeves and a sweetheart neck line. A finger-tip veil was caught to her head by a coronet of flowers and a string of pearls was her only adornment. Her bridal bouquet was made up entirely of gardenias.

Mrs. Donald Nau (Patricia McLaughlin) of Hammond, Ill. acted as matron of honor for her sister. She wore a gown of yellow moire made with a sweetheart bodice and full skirt. A head dress of yellow ostrich tips and a colonial beanie of the same material completed her ensemble.

For her daughter's wedding Mrs. McLaughlin was attired in a beige suit and hat with which she wore a corsage of gardenias.

Two brothers-in-law of the bride, Donald Nau of Hammond, Ill. and Fred Bolton of Detroit, seated the guests. Jack McLaughlin acted as best man.

A reception and breakfast was given for about seventy guests following the ceremony, at the home of Mr. and Mrs. Worthington E. Chapman, on West Dunlap street.

For her going away costume the bride chose a suit of Kelly green with which she wore brown accessories and a corsage of gardenias from her bouquet.

The couple left by motor for Miami, Fla. and were to fly from that city to Nassau, where they will spend three weeks. They expect to make their home since Capt. Husted will resume his employment as a pilot on the Pan American Airlines, with headquarters in Miami. He is now on terminal leave from the Air Force, having been duty for a year at a pilot over the Hump and more recently being stationed at Low Field, Texas. Previously he had attended Hope col-

lege in Holland, Mich., going from there to Miami where he was a pilot for Pan American for Clipper in the run from Miami to Nassau. Capt. Husted enlisted in the Air Force while a resident of Miami.

Nancy lived in Northville for several years. The family home being at 322 South Rogers street. She attended the Northville schools, finishing her high school junior year here before the family's removal to Detroit. She graduated from Cooley High in 1933 and from Marygrove college four years later. She then went to San Francisco, Calif., to stay with her sisters, Patricia and Frances, while their husbands were away on service. It was in San Francisco that she and her husband first met.

Dr. H. S. Willis and Mrs. Willis were hosts to the wedding party and to Mr. and Mrs. Chapman for the rehearsal dinner at their home on West Base Line Road, Monday evening.

Mrs. J. L. French, Mrs. W. L. Williams and Mrs. Lloyd Young were in charge of arrangements for the service.

Music was furnished during the program by Alice Bentley, pianist. A solo, "Divine Redeemer," was sung by Ernestine Lewis, accompanied by her sister, Julia. A group of school children, directed by Miss Genevieve Daley presented a number of vocal selections.

## Uncle Sam Says

Vermont winters stir red blood and thrift among the residents of a state which contributed so much to the birth of independence in our country. That's why Savings Bonds are popular. Sure from the maple is no sweeter than the strong boxes with War, Victory and Savings Bonds. Vermonters invested \$29,000,000 in the Victory Loan and will invest more in Savings Bonds for new barns, plows, trucks in years to come. U. S. Treasury Department

HOW DOES THIS COMPARE WITH YOUR TAKE HOME PAY?

## KNOW YOUR SCHOOLS

It is a common assumption that because teachers are required to have years of professional training that they receive better than average salaries. Citizens and parents often express surprise at the low salaries actually received by teachers.

It is with this thought in mind that we publish in this article the ACTUAL WEEKLY TAKE HOME PAY of those TEACHERS AND ADMINISTRATORS who are NOW EMPLOYED IN THE NORTHVILLE PUBLIC SCHOOL SYSTEM.

### Weekly Take-Home Pay of Northville Teachers Year 1945-46

Range	per week	Number Teachers
\$25-30	per week	1
30-35	per week	15
35-40	per week	5
40-45	per week	5
45-50	per week	2
50-55	per week	3
55-60	per week	3
60-plus	per week	1

### HOW DOES THIS COMPARE WITH YOUR TAKE HOME PAY?

Teachers salaries are based on professional training, experience and other personal qualifications, regardless of the teaching position held in the system. The local Board of Education follows the modern trend in education which is EQUAL PAY FOR EQUAL TRAINING AND EXPERIENCE.

To obtain the above salaries our teachers were required to attend colleges or universities for four or more years at a minimum cost of approximately \$1000 per year. This represents a considerable investment on the part of teachers.

### HOW DOES THIS COMPARE WITH YOUR PERSONAL INVESTMENT?

WHAT ARE YOU WILLING TO DO TO REMEDY THIS SITUATION?

Charles M. Ziegler, state highway commissioner, believes in doing things differently; well, at

least, not according to the traditional Lansing pattern. He keeps a vigilant eye on details and dollars, believing that both contribute materially to efficiency of the state highway department.

For example: Whereas his Democratic predecessors built up the state highway department as a strong centralized agency with a large staff of employees, virtually state-wide in scope and hence of major political value at election time, Ziegler has proceeded deliberately to reduce the department personnel by turning out state highway maintenance

to 61 of the 83 county highway commissions. Of course, perhaps unfortunately for his Democratic predecessors, these same county highway commissions are largely Republican in politics. Ziegler has many friends in the county organizations, whereas Murray D. Van Wagoner, for example, did not have.

And another thing to illustrate our point. The state civil service commission, under its constitutional auspices legislative as well as executive powers. It lays down the law for state departments, subject only to possible Supreme court review.

For many months Ziegler has been contesting the right of the civil service department, as represented by the commission and its director, Thomas J. Wilson, to have the final "say-so" on six-month salary increases which the average state employee is eligible to receive. PROVIDING his services are found to be "satisfactory."

Now many state officials might shrug a shoulder and promptly pass the buck to the civil service office with an excuse. "The people gave the civil service commission the power to act on salaries. So the matter is out of my hands."

But not Ziegler. No siree! In this respect the state highway commissioner is a bit old-fashioned at this state capital where more and more spending has been the rule, rather than the contrary, and where payrolls keep climbing in numbers and amount, administration in and

administration out, regardless of the party in power. A dollar is a dollar to Ziegler even in 1946. He rolls up his sleeves, wades into voluminous reports by the hours, and if he thinks he can save a few dollars and do so conscientiously, he proceeds to do it without delay.

This zeal for economy and efficiency probably accounts for the Ziegler disposition to load himself with details, whereas other administrators are inclined to delegate details to their subordinates and to spend much of their time meeting the voters. If he feels that an office girl has earned a merit increase in salary he recommends it. But if her eyesight is deficient and therefore she is less efficient than she was ten or twenty years ago, he stoutly declines to recommend a raise.

MICHIGAN BELL'S \$120,000,000 PROGRAM HAS MADE WORK FOR THOUSANDS

To supply service again when and where it is wanted, and to give you the quality of service you want in the future, Michigan Bell has undertaken a 5-year \$120,000,000 expansion and improvement program.

The rate of Telephone Company earnings has been declining in recent years to a point where it is now substantially below the average of other industries. If this condition should continue for too long a time, our ability to raise the money required to meet expected telephone needs would be weakened.

Ziegler says he has one, but that it isn't possible to reveal it at this time. First, the uncertainty of how soon contractors can get steel. Bridges, viaducts and overhead structures, for example, require lots of steel. And so do highways, too, we were told.

The labor situation, both to supply the cost, isn't so discouraging, however. "I foresee no serious difficulty in 1946," he said. As for funds, the department anticipates having about \$26,000,000 for 1946 highway work under federal aid.

Uncle Sam matches Michigan dollars 50-50 except for purchase of right-of-ways in which it participates one-third. For our first year's postwar program, with what we now have, plus what we will collect in 1946, plus \$10,000,000 loaned to us by the legislature in 1944, we will have enough to match federal aid," said Ziegler.

Four state ferries will be operated during the 1946 tourist summer season, the commissioner said. "These four boats can take care of all traffic needs, except that at holiday time. At the worst of the 1945 hunting season, there was only a half-mile line waiting at the ferry docks."

**Veterans SERVICE BUREAU**

**EDITORS NOTE:** This newspaper through special arrangement with the Washington Bureau of Western News Paper Union at 1616 Eye Street, N. W. Washington, D. C. is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

**Factors That Determine Veteran's Pension Rate**

Where veterans of World War II have a disability incurred in or aggravated by service in the armed forces, there is no set disability pension he may receive, the amount being determined by the degree of disability upon examination by the Veterans' administration.

The rates of pension range from \$11.50 per month for a disability of a degree of 10 per cent to \$115 a month for total disability, and where certain specific disabilities occur, such as loss of hands or legs, or blindness, or combinations of disabilities, the amount payable may be as high as \$300 per month. These rates are determined, as near as possible, upon the average impairment of earning capacity.

It must be remembered, and particularly in cases of World War I veterans, where application is made for disability pension, not service-connected, that these pensions are not payable if the disability is the result of the veteran's own willful misconduct or vicious habits. Also where total disability is not service-connected, pension is not payable to the veteran where the annual income is \$1,000 if unmarried, or if it exceeds \$2,500 if he is married.

Many times, the experience shows, according to the Veterans' administration, World War I veterans applying for pensions years after World War I for non-service-connected disability are turned down because the Veterans' administration decides the disability is due to the "willful misconduct or vicious habits" of the veterans.

**Questions and Answers**

Q. My son has been in the army for 22 months and spent 15 months in England, France, Belgium and is now in Germany. He is with the 3212 quartermaster truck company. Does the war department have any work when this company will be shipped home?—Mrs. H. N. Plankington, N. O.

A. As of February 15 this unit was in Aachen, Germany, and the war department has no word on when it will be returned to this country.

Q. My son, who is in Japan, made out his insurance papers for me before he went overseas. I have been married since that time. Do I have to have my name changed on the policy?—Mrs. J. W. Fort Bragg, Calif.

A. The Veterans' administration says it would not make much difference, but would probably save some time in the event the insurance became payable. The veteran must make application to his commanding officer to change the name of the beneficiary.

Q. Is a widow of a World War I veteran who is elderly and in poor health, eligible for a pension if she has an income of \$100 a month?—Mrs. W. M., Arlington, Mass.

A. If death was service-connected, yes, she is entitled to a pension. If not service-connected, she is not entitled if her income is \$1,000 or more annually, if she has no children. I would ask your nearest Veterans' administration office, however, because the law says that certain items are not considered income and determination as to whether the claimant's income exceeds the respective amount is made by the Veterans' administration.

Q. My son was given an honorable discharge in May, 1945. I wish to know if he should draw a pension, as he was wounded in Belgium. He was with Patton's 3rd army. He is a member of the American Legion at Fayette, Ala., Post No. 127, but as yet has not even been examined for a pension. No one knows about the nervous disposition he has except his parents.—Mrs. E. M., Fayette, Ala.

A. From your letter, I would say your son most certainly is entitled to a disability rating, but he must apply to the Veterans' administration for an examination for determination of the amount. Apply immediately to your nearest office of the Veterans' administration for this examination.

Q. My boy died in the army in France. I want to know how I can get the large flag they put over the casket to bury them. I know of some mothers who have received them. I would thank you if you can tell me.—Broken-hearted mother, Brownsville, Tenn.

A. Relatives or next of kin of deceased veterans, who died in service, may receive a United States flag by application to the postmaster at any county seat post office. Application may be made on Veterans' Administration form 2008 available at local office.

### Widow's War Pensions

There have been so many inquiries concerning pensions for widows of veterans of both World Wars I and II that we are giving here the general provisions for the various types of pensions:

**Pensions for widows, children and dependent parents of veterans whose death resulted from service in both World Wars I and II:** widow, but no child, \$50; widow with one child \$65 and \$13 for each additional child; no widow, but one child, \$35; no widow, but two children, \$38 equally divided; and \$10 for each additional child; dependent father or mother, \$45, or both \$25 each.

### PETE SAYS

A portrait of a friend keeps him in constant memory.

**PETE ALSO SAYS:** For fire repair service, muffler and tail pipe work and HI-SPEED batteries, see:

**KIIKEN'S HIGH SPEED SERVICE**  
130 WEST MAIN STREET

A widow means she must have been married to the veteran prior to December 14, 1944, lived continuously with him until date of death, except where there was a separation due to misconduct of or procured by the veteran, without fault of the widow—and must not have remarried.

Pensions for widows and children of World War I for death not connected with service: widow, but no child, \$35; widow and one child, \$45 and \$6 for each additional child; no widow, but one child, \$18; no widow, but two children, \$27 equally divided; no widow but three children, \$36 and \$4 for each additional child. The same definition of widow applies as above. This pension is not payable to any widow without child, or to a child, whose annual income exceeds \$1,000, or to a widow with child or children whose annual income exceeds \$2,500.

There is no provision for pensions to widows of World War II for death not connected with service.

### Questions and Answers

**Q.** What type of dependents must a hospitalized veteran who is rated 100 per cent or more disabled have in order to draw more than the \$20 monthly institutional award?—E. G. R., Milwaukee, Wis.

**A.** The Veterans' administration says that if you have one dependent, you may draw a pension of \$115 per month or more, depending on nature of your disability, if you are 100 per cent disabled. The amount in excess of your \$20 may be sent to the dependent.

**Q.** I have been trying to get readjustment compensation of \$20 per week, but have been unable to do so. I am a veteran of this war with 26 months and have a disability pension yet. So I would like to know how to get the \$20 a week.—R. F. S., Wolf Island, Mo.

**A.** The fact that you have a disability discharge, or even drawing a pension should not interfere with receiving readjustment compensation under the G.I. bill. Requirements for this compensation are (1) you reside in the U. S.; (2) you are completely unemployed or if partially employed, at wages less than \$23 per week; (3) that you are registered with and reporting to a public employment office, USES; and (4) that you are able to work and available for suitable work. Have your discharge or separation papers with you when you register for employment.

**Q.** I was reading where they are still counting points since V-J Day. The Red Cross said they froze them V-J Day. Please answer which is correct and also how many points and how many years of service do you have to have to be discharged?—Mrs. E. D., Louisville, Ky.

**A.** The war department says that for the record, men in the service are still earning points for each month of service, but for the pur-

poses of discharge, points earned as of September 2, 1945, are counted. For the army, according to General Eisenhower, men with 40 points as of September 2, except volunteers, or with two years service will be home by June 30; men with 45 points or 30 months' service will be home by April 30.

**Q.** To a lonely wife and mother of Vienna, Mo., and Mrs. J. C. of Carterton, Va., each of whom have three children.

**A.** Your husbands are eligible to apply for discharge immediately because you each have three children. The same answer holds true for Mrs. H. R., New Boston, Texas.

**Q.** A few weeks ago, I began a correspondence course with a New York school at a cost of \$80 for the entire course. A down payment of \$20 was made, and five monthly payments must be made to clear up the balance. Would the government pay the entire bill, or must I, because of its low cost, pay the expense?—J. A. V., Webster, Mass.

**A.** If you are a veteran of this war with an honorable discharge, the government will pay tuition for correspondence courses up to \$500. Make application at your nearest Veterans' administration office.

### Uncle Sam Says

This lad in the coal mines near Wilkes Barre, Pa., buys a Savings Bond every month because he is going to be married. "I've seen plenty of sickness and layoffs in my time," says Pete. "I've \$333.00 in War and Victory Bonds now. Ten years from now 25 bucks a month coming in. Imagine what that will mean to Irma and me, and maybe a couple of kids, especially if those diggings should be shut up for a while."—U. S. Treasury Department
