Winners Named In Spelling Bee

Winners of Grade Contests Will Represent School at District Event

Following weeks of determined study and practice, pupils in the Northville schools really got down to the business of the first of the official local spelling bees last Friday, in company with school children all over the district.

On that day occurred the spill down to determine the best spellers in the fifth, sixth, seventh and eighth grades. Each of these winners will receive a Webster's Collegiate dictionary with their names engraved thereon.

The sixth grade winner was Marko W. W. with 'cafford' the winning word. One hour and twenty minutes was the length of this bee.

Helen Stanberg was the eighth grade winner with the word 'league' and the runner up was Donna Schmitz. The seventh grade winner was Florence Farwell on 'summit' and Denny Winkler was the runner up.

Pupils who helped during these spilldowns were Mr. American Mr. Meaker, Mr. Christ and Mrs. Cooke.

The next spill down will take place April 5 in Mrs. Cooke's room in the High school building. This bee will determine the school champion. Ten pupils from each of the four grades (fifth, sixth, seventh and eighth) will compete and the winner will receive a bronze emblem and a certificate to be presented at the District Bee on April 26 at the Plymouth High school.

"MICHIGAN AND THE OLD NORTHWEST" ... The Evacuation Decree

In his plan for a colony in the west, Cadillac's vision followed La Salle's.

In 1696 Upper Lakes posts were evacuated; Cadillac went to Quebec.

Fearing Cadillac at Detroit would speed Indian ruin, Jesuits opposed him.

Cadillac went to France and asked for troops at Detroit, despite recent decree.

SALEM FARM BUREAU MEETS  
The Township Farm Bureau meeting which was held at the Salem Federated Church on March 14 started with a pot luck supper. Twenty-four were present.

The pastor, Mrs. Cora Pennell asked a blessing at the table. During the meal several of the lovelies of the old favorite melodies were played on the violin by Donald Zwirnioskowski, accompanied at the piano by Mrs. George Henning. Song sheets prepared by Mrs. Cora Savery were passed out and used at intervals for community singing.

Myron Atchison was the first speaker with historical sketches from Salem Township as his topic. Curtis Hamilton answered the question, "Why did I take up farming?"

Frank Geiger's topic was "How did we organize the Farm Bureau?" He carried us back to a stormy day about twenty-five years ago when his team and sled were much more efficient against the snow storm than the autos of that day. He told of ten members signing up in Salem Township on that day and he also told of the first county meeting of Farm Bureau three years thereafter. He said the attendance then was not very large.

Mrs. Lett's subject was "Why I am a member of Farm Bureau." She represented the new members. Grant Currie spoke on "What I expect of Farm Bureau." He gave the most important facts about this organization and stressed the discussion part of F. B. Mrs. Jane Henning presented the farm women viewpoint by reporting on the convention of Associated women as given in the "National Agriculture" of January, '45. This

convention was attended by six hundred women from 39 states. Bert Nelson's topic "Benefits I have received from Farm Bureau" was answered by one who has stood by the organization from its early days. He told of joining in 1921 of the slow growth in membership at that time. Homer Martin's speech on the future of Farm Bureau closed the program.

Selection of officers for the coming year was turned over to a nominating committee, resulting in the election of Wm. Scheel as president. Ballots for vice-president and secretary-treasurer followed and Frank Geiger was elected vice president and Mrs. Curtis, secretary.

BRADLEY and the VETERANS

A Series by John M. Carlisle Roving Reporter

The Veteran's Administration had long been a political foot ball before it was taken over by Bradley. With the close of World War II, and the addition of millions of veterans with their attendant problems, the old system was found to be utterly inadequate.

A review of the old and new systems, together with a keen analysis of how the present Veteran's Administration is functioning under its new head are offered in a timely series by The News' roving reporter, John M. Carlisle.

PRESENT: THE HONORABLE ROBERT M. TOMS, Circuit Judge.

The plaintiff, having filed herein a bill of complaint alleging that it is the trustee of an express trust created by a Declaration of Trust executed by said plaintiff on or about March 1, 1939, a copy of which (with the omission of certain exhibits alleged to be immaterial) is attached to said bill of complaint as "Exhibit 1"; and IT APPEARING from said bill of complaint that said Declaration of Trust was executed by said Bank as trustee under said Depositors' Agreement and that the acquisition of certain assets formerly owned by Depositors' State Bank, a Michigan banking corporation of Northville, Michigan, as trustee under a Depositors' Agreement effective January 29, 1935, providing for the reorganization of a plan for the State Savings Bank, that said Declaration of Trust, pursuant to a plan for the termination of the trust created by said Depositors' Agreement, provides, among other things, that the plaintiff, as trustee, will liquidate said assets, and, after first applying the proceeds of liquidation to the payment of expenses of liquidation and the discharge of any and all liens, will distribute the said proceeds pro rata to the former holders of trust fund certificates, issued by said Bank as trustee under said Depositors' Agreement and outstanding at the time of creation of plaintiff's trust, and thereafter to Depositors' State Bank in its individual corporate capacity, all in a manner and order of priority more fully set forth in said Declaration of Trust; and IT FURTHER APPEARING that the purpose of this proceeding is to secure the examination, approval and allowance by this Court of the accounts of the plaintiff, as trustee under the Declaration of Trust, upon completion of said liquidation, and the advice and instructions of this Court in connection with the winding up of said trust, including, among other things, a sale of the residue of unliquidated assets, the distribution of a final dividend among those parties entitled thereto, and the disposition of any final or prior dividends which are not called for within a reasonable time to be fixed by this Court by escheat to the State of Michigan or otherwise; and IT FURTHER APPEARING that the said action is brought as a class suit against the several beneficiaries of the trust who were the former holders of said trust fund certificates issued by said Bank as trustee under said Depositors' Agreement; and IT FURTHER APPEARING that the members of said class are so numerous and their whereabouts so uncertain, their rights and liabilities so subject to change and fluctuation by death, transfer of interest, or otherwise, that it would be inconvenient and impracticable, if not wholly impossible, to bring them all before the Court; NOW, THEREFORE, IT IS ORDERED that Monday, the 15th day of April next, at 10:00 o'clock in the forenoon, Eastern Standard Time, at the Court room of the undersigned Circuit Judge in the Wayne County Court House in the City of Detroit, Michigan, be, and it hereby is, appointed the time and place for the hearing upon the bill of complaint of the plaintiff trustee; and IT IS FURTHER ORDERED that notice of this proceeding and of said hearing be given to those members of said class of beneficiaries who have not been specifically made parties defendant to this cause of action by publication of a copy of this order once each week for three successive weeks previous to said date of hearing in the Northville Record, a newspaper printed and circulated in said county. press trust created by a Declaration of Trust executed by said plaintiff on or about March 1, 1939, a copy of which (with the omission of certain exhibits alleged to be immaterial) is attached to said bill of complaint as "Exhibit 1"; and IT APPEARING from said bill of complaint that said Declaration of Trust was executed by the plaintiff in connection with the acquisition of certain assets formerly owned by Depositors' State Bank, a Michigan banking corporation of Northville, Michigan, as trustee under a Depositors' Agreement effective January 29, 1935, providing for the reorganization of a plan for the State Savings Bank, that said Declaration of Trust, pursuant to a plan for the termination of the trust created by said Depositors' Agreement, provides, among other things, that the plaintiff, as trustee, will liquidate said assets, and, after first applying the proceeds of liquidation to the payment of expenses of liquidation and the discharge of any and all liens, will distribute the said proceeds pro rata to the former holders of trust fund certificates, issued by said Bank as trustee under said Depositors' Agreement and outstanding at the time of creation of plaintiff's trust, and thereafter to said Bank in its individual corporate capacity, all in a manner and order of priority more fully set forth in said Declaration of Trust; and IT FURTHER APPEARING that the purpose of this proceeding is to secure the examination, approval and allowance by this Court of the accounts of the plaintiff, as trustee under the Declaration of Trust, upon completion of said liquidation, and the advice and instructions of this Court in connection with the winding up of said trust, including, among other things, a sale of the residue of unliquidated assets, the distribution of a final dividend among those parties entitled thereto, and the disposition of any final or prior dividends which are not called for within a reasonable time to be fixed by this Court by escheat to the State of Michigan or otherwise; and IT FURTHER APPEARING that the said action is brought as a class suit against the several beneficiaries of the trust who were the former holders of said trust fund certificates issued by said Bank as trustee under said Depositors' Agreement; and IT FURTHER APPEARING that the members of said class are so numerous and their whereabouts so uncertain, their rights and liabilities so subject to change and fluctuation by death, transfer of interest, or otherwise, that it would be inconvenient and impracticable, if not wholly impossible, to bring them all before the Court; NOW, THEREFORE, IT IS ORDERED that Monday, the 15th day of April next, at 10:00 o'clock in the forenoon, Eastern Standard Time, at the Court room of the undersigned Circuit Judge in the Wayne County Court House in the City of Detroit, Michigan, be, and it hereby is, appointed the time and place for the hearing upon the bill of complaint of the plaintiff trustee; and IT IS FURTHER ORDERED that notice of this proceeding and of said hearing be given to those members of said class of beneficiaries who have not been specifically made parties defendant to this cause of action by publication of a copy of this order once each week for three successive weeks previous to said date of hearing in the Northville Record, a newspaper printed and circulated in said county. ROBERT M. TOMS, Circuit Judge. (A True Copy) CASPAR J. LINGEMAN, Clerk. By A. E. HAMILTON, Deputy Clerk. 41-43

IT IS FURTHER ORDERED that notice of this proceeding and of said hearing be given to those members of said class of beneficiaries who have not been specifically made parties defendant to this cause of action by publication of a copy of this order once each week for three successive weeks previous to said date of hearing in the Northville Record, a newspaper printed and circulated in said county. THE BEAT OF YOUR HEART. It is but little more dependable than Detroit Edison service. That miraculous continuity of service, here and elsewhere, is due to endless research and experiment by engineers and executives of the electric industry. In that program of progress, which has continued through the years, and will continue through the years to come, The Detroit Edison Company has been a pioneer. Once a single transformer served your home. That transformer was the transfer point, the vital connecting link, between the miles upon miles of power lines and the line that served you. When it failed the power was gone. Engineers of The Detroit Edison Company conceived and developed the idea of connecting many of these transformers together in "banks," and now several of them must fail at the same time before you and your neighbors are deprived of power. That seldom happens. That is only one of many things that have been done to insure the householder, the merchant and the manufacturer an uninterrupted supply of power adequate for all needs--those of the present and those of the future. That was a Detroit Edison idea--a Detroit Edison FIRST. That was an incident in the story of this company's contribution to the community of today. It is indicative of some of the things that this company, as a citizen, can be expected to contribute to the community that is to be. THE DETROIT EDISON COMPANY

Treating turnips to prevent sprout spilage has proved effective. Left, treated; right, untreated turnips. This results in less decay and better keeping qualities. Probably the best method of application of this chemical is to spread a small amount of it impregnated in shredded or crumpled paper or in an inert dust in the container, bin, pile or pit where they are stored. The paper or dust containing the chemical should be distributed fairly evenly throughout the bin or pit of root crops at the rate of about 10 pounds of paper or 25 pounds of dust to each 100 bushels of root crop. The use of this chemical should be of value especially for the home storage of root crops as well as to market gardener and truck grower who stores in outdoor pits and cellars, and also to the canners and dehydrators. ## Rochester Students Give Orations At Luncheon Club

Wednesday noon under the leadership of George Sammon, the service clubs of the village had the rare privilege of hearing two Rochester contestants in the Americanization oratorical contests of that village. The oratorical contests were sponsored by the American Legion in the schools of the nation.

The two contestants who gave their orations were Miss Joy Goldsworthy with the subject "For God and Country" and Miss Doris Milbrook, "The Long Arm of Uncle Sam." The orations were very well delivered and appreciated by the 65 men at the luncheon.

## Honored with U. of M. Scholarship

Janice Covell is one of the senior students at Michigan State Normal college, Ypsilanti, who are to be awarded scholarships next month. A State award of a year's study at the University of Michigan goes to Janice, thereby enabling her to receive a Master's Degree.

Janice is the oldest daughter of Mr. and Mrs. Roy Covell of Pine Bluff, an alumnus of Northville High School.

## Enjoy Old Time Dancing

The largest crowd of the season enjoyed the class in Early American dancing held in the High School gymnasium last Wednesday evening. The excellent music and the fine instruction gave the dancers an evening of unsurpassed entertainment. Novices and old-timers alike felt not at all out of place.

The next meeting will be held Wednesday, March 27, from 8:30 until 11:30 p. m. A small charge is made to cover the cost of instructor and musicians.

The class is open to all couples interested in the old quadrilles, waltzes and schottisches and every one is made welcome.

"YOU'VE ADDED YEARS TO YOUR CAR'S LIFE BY USING OUR SERVICE EVERY 30 DAYS"

Now's the Time to Get FORD PROTECTIVE SERVICE

Today, thousands of Ford owners have their cars serviced according to the calendar instead of the speedometer. The reason is simple - some cars are driven a lot, others are given but little mileage each month. Both, however, require regular servicing.

Ford Protective Service is the best method we know to make sure cars get regular, systematic attention by expert mechanics. Regardless of car mileage, it provides an automatic check-up every 30 days.

Let us show you how Ford Protective Service will make your car run better, last longer and cost you less to operate. See us today!

USED CARS - Buying or selling a used car, you'll do better to do business with us. Our stocks are hand-picked, our prices are right and our GUARANTEE assures lasting satisfaction.

SAVE CAR LIFE - Proper lubrication means longer car life and protection from costly repairs. When you come in for chassis lubrication let us also adjust shock absorbers.

Organize AMVETS Thursday at Novi

A meeting will be held next Tuesday evening, March 26, at 8 o'clock in the Odd Fellows' Hall at Novi for the purpose of organizing an AMVETS post in this area.

About thirty American Veterans of World War II have already signed up for membership in this new organization, which is open to men from Novi, Northville, Walled Lake and all the surrounding districts.

The "Perry Kanner Post" has already been selected, honoring the Novi man who was officially declared "missing in action" with the United States Navy. Perry was on duty with the Destroyer Bush in its engagement of Okinawa in April, 1945. He was the husband of the former Betty Lansing of this place and father of a small daughter.

Guest speakers at the meeting Tuesday evening will be R. Moore, state commander, and Dr. M. J. Blass, vice-commander of Post 2, Detroit.

Veterans SERVICE BUREAU

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N.W., Washington, D. C., is able to bring feeders this weekly column on the activities of the veteran and serviceman and his family. Questions may be addressed to the Editor's Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Factors That Determine Veteran's Pension Rate

Closest to the heart of every veteran who wears a wound stripe is adequate medical care. Gen. Omar Bradley, administrator of veterans' affairs, shortly after his appointment, picked as his assistant to have charge of the medical and surgical division of VA, a man who is no stranger to wounded vets.

He is Maj. Gen. Paul R. Hawley, who was chief surgeon of the European theater of war, and as such had under his direction 254,000 medical department men, including 16,000 doctors, 4,500 dentists and 18,000 nurses. Under his administration more than 1,500,000 patients were admitted to army hospitals in the European theater and of this number 349,000 were battle casualties.

So General Hawley has had broad experience in caring for our fighting men in time of war and has been chosen to head up the medical branch of VA because of this experience and great success. Under the expanding hospital program of VA General Hawley is calling upon the best medical and surgical brains of the nation to take a hand in the great rehabilitation program of disabled veterans. The idea is to take veterans' hospitals close to the medical centers of the nation reflects one of General Hawley's steps to decentralize and bring treatment as close to the home towns of the country as possible.

Questions and Answers

Q. Our boy was taken into the army. We are farming 520 acres of land, milking 12 to 20 cows by hand the year round, raising over 250 head of pigs a year. I am physically unfit to do any farm work. This work is all up to two boys 19 and 20, one a 4-1. We must hire a man to replace the boy that is gone. He has set aside \$20 of his wages to help pay for this help. Will the government raise this, and if so how do we go about getting it? This boy was really needed.—L. U. Gladbrook, Iowa.

A. Your local selective service board had the responsibility of seeing whether or not your boy was needed more on the farm than in the army. If they had doubts it was needed there, he would not have been put in. Actually, the law is that there is no one in the government to raise the money for you. If you are physically unfit to do any farm work, you should ask for a discharge or a pension. He should ask for a discharge or a pension. He should ask for a discharge or a pension.

Q. Is the widow of a World War I veteran entitled to a pension if the husband's death is not connected with the war? Do World War I veterans receive pensions? If a disability allowance was discontinued and the case reviewed and refused again what can one do? Is the wife of a World War I veteran entitled to medical care?—Mrs. J. H. Tower, Minn.

A. Yes, the widow of a World War I veteran is entitled to a pension although death is not service connected. Only disabled veterans receive pensions. If a disability allowance is discontinued and the case reviewed and refused again, the veteran has the right to appeal to the board of the VA. Wives of World War I veterans are not entitled to medical care.

Q. I have a lot of a man's hair. I'd like to put up a wig but in order to do this I need around \$2,000. Could you send me full instructions on how to go about this matter and just what I must do?—Mr. H. F. S. Selma, Ala.

A. Go to your draft board as if they will make you a GI from your proposition. If they order it a good deal, they will take care of all the details.

Q. When and how is transportation for servicemen's kin available and what are the chances for the wife of a PFC whose husband is stationed in Regensburg, Germany?—Mrs. C. G. B. Chamberlain, S. D.

A. The serviceman must initiate the request with his commanding officer. If the request is granted you will be notified of all details. Only wives are eligible.

Q. I was discharged from the army in January, 1944, because of wounds received when I stepped on a land mine. I had temporary amnesia and head injuries. Have only a 45-degree extension of my left arm. Otherwise am in perfect shape. How do I go about getting back into the army?—M. N., Eugene, Ore.

A. The army has lowered its regulations somewhat upon physical requirements and would suggest you discuss the question with your local recruiting office, or you may contact your draft board.

Hog Health Improved With Phenothiazine

Food Saved and Better Pigs Will Be Produced

As a worm-infested pig will require fivefold more feed to reach the same weight as an uninfested one, any program that will away with this enemy will result in financial gain. Phenothiazine, a synthetic coal-tar chemical, has won first place.

Good litters cannot be raised when hogs are worm-infested. Among the drugs used for the removal of internal parasites from farm animals, it may be easily administered to a group of pigs at one time by incorporating the required amount into almost any feed given them.

When administered in the feed it should be given at the rate of about 24 grains per pound of live weight, or about 4 grams each pig weighing about 40 pounds. Phenothiazine should be thoroughly mixed into the grain, milk or other food. Pigs under three months of age are susceptible to various toxic reactions following treatment, so care should be taken to prevent overfeeding. Individual doses of pellets, tabs, or drench with a syringe, are also common.

Tests have proven that phenothiazine is also partially effective against several other parasites of hogs. The USDA has estimated that this new drug is worth more than 10 million dollars annually to the livestock industry in making it possible to produce better pork free from worms.

The best time to hold on is when you reach the point where the average fellow would quit.

Chemical Effective—As Weed Eradicator

The chemical 2, 4-D (chemically dichlorophenoxyacetic), has proven effective in killing dandelions, plantains, and many other weeds with little difficulty or expense by spraying.

Detail work is being conducted at Mississippi state agricultural experiment station by Prof. O. A. Leonard and F. H. Herzer. Pro-

Left, untreated bitterweed; right, bitterweed treated with 2, 4-D. This method of treatment has proven valuable in many ways.

ress report indicates that the chemical acts as a plant hormone. When used in high concentrations, the plant dies under proper conditions. The USDA reports that a solution of 2, 4-D containing as little as 1 1/2 ounces of the chemical in 10 gallons of water will be deadly to many species of broad-leaved plants including dandelion, plantain, ragwort, Japanese bittersweet, annual morning-glory, daisy, chickweed, winter cress, ragweed, pigweed, burdock, wild mustard and annual sow thistle.
