Hubert Stiles, County Supervisor for the Farm Security Administration, announced today that starting Wednesday, April 10th, he will be in the office of E. I. Besemer, County Agricultural Agent for Wayne County, each Wednesday morning from 10:00 to 12:00 o'clock for the purpose of taking applications from and making farm loans to eligible farmers and veterans. Mr. Besemer's office is located at 3914 Monroe, Wayne.

The F. S. A. can make loans up to \$2500.00 for the purchase of livestock, machinery, seed, feed, fertilizer and operating expenses. The period for repayments is from one to five years, depending on the useful life of the article purchased. Interest is charged at the rate of five per cent.

In addition to chattel loans the Farm Security Admin. can make loans to veterans and qualified farmers for the purchase of family type farms. These loans require no down payment, and repayments are amortized over a period of four years in such a way that payments are larger in good years and smaller in poor years. These loans bear 3 per cent interest, and are limited by Congressional action to \$12000.00. Each farm purchased must undergo an earning capacity appraisal based on long time average prices which indicates that it will furnish the family with a decent standard of living, plus enough extra to retire the loan.

ARMY DAY PROCLAMATION

WHEREAS the President of the United States, as Commander-in-Chief of the Armed Forces, has designated April 6, 1946, as Army Day throughout the United States and in our overseas installations, and

WHEREAS the purpose of Army Day is to pay tribute to those soldiers who made the supreme sacrifice and also to those who by their heroism, sacrifice and devotion to duty made possible the defeat of our enemies on the field of battle so that this nation might survive and again live in peace, and

WHEREAS the soldiers who have had long and arduous war service can return to civilian life only when replaced by the Regular Army which is now being organized and recruited for that specific purpose:

Therefore, as President of the Village of Northville, I do proclaim April 6 as "ARMY DAY" and the week April 6-12 as "ARMY RECRUITING WEEK" for the Village of Northville.

I hereby call upon the citizens of Northville to appropriately celebrate Army Day by the display of national colors, parades, and by meetings and any other way that we can demonstrate our appreciation for the services of the men of our Army.

I further call upon the local citizens of Northville to give all possible assistance to the Army Recruiting Service during "ARMY RECRUITING WEEK" so that the thousands of our soldiers now overseas may be brought back to Michigan and to their homes.

At a meeting of the Northville Board of Education held Tuesday night a resolution was passed pledging support to a Veterans' Institute for Northville. The resolution will now be sent to the State of Michigan for approval.

Many circumstances throughout the State already have Veterans' Institutes in operation. The plan is one in which the Veteran may pursue studies at High School level or above, at his own speed. Instead of the usual "classes" in various subjects, each Veteran will be able to take any subject he needs and carry it to completion as rapidly as he is able.

An organization meeting will be held at the Northville High School Library at 7:30 p. m. April 10th. All interested Veterans and adults are invited to be present. Non-veterans will be eligible to participate by paying tuition for courses taken. An initial enrollment of at least a dozen veterans is anticipated and it is hoped that non-veterans will also avail themselves of the opportunity for additional education.

Recital Enjoyed Sunday Afternoon

A joint recital was given by Mrs. Barton Connors of this place and Mr. Robert Connors of Lansing, Sunday afternoon. The beautiful tones of the new pipe organ in the Northville Methodist church were called forth by Mrs. Connors, church organist in "Agnus Dei," "None But The Lonely Heart" by Tchaikovsky, and "Reve Angelique" by Rubeinstein.

Trombone numbers played by Mr. Connors were "One Sweetly Sounded Thought" and "End Of The Road," "I Know a Name" and "Raise Me Jesus," with organ interlude by Mrs. Connors "I Love To Tell The Story."

Mr. Connors then sang "My Redeemer and My Lord" by Buck, "Prayer Perfect" by Stinson, and "The Lord is My Light," Oley Speaks.

The program was brought to a close with a group of organ medleys and request numbers, played by Mr. Connors. The latter is organist of a Lansing church and also a nephew of Mrs. Connors.

About one hundred and fifty residents of the community enjoyed this rare musical treat.

The American Legion Auxiliary will hold its regular meeting at Veterans' Memorial Hall next Tuesday evening, April 9, at 8 p. m.

P. T. A. Elects; Air School Problems

Reorganization Is Discussed and Problems of School Finances Brought to the Front

Last Thursday evening about 125 citizens attending the monthly meeting of the Northville P. T. A. heard reorganization presented by Dr. Thurston of the Michigan Dept. of Education and Charles Blake of the Wayne County Dept. of Education. The meeting then returned and increased village funds to meet the crisis in local school administration was openly discussed.

Supr. R. H. Amerman presided and the two speakers reminding the audience that the problem was a matter of local interest and initiation, offered the procedures necessary, and outlined advantages.

As to increased village to meet local budgets and increased costs of teaching staffs and maintenance employees, Dr. Blake reiterated that many schools had already done just that. While the funds so voted by a two thirds majority might not be earmarked, undoubtedly the Board would see that the will of the people was carried through. A show of hands revealed that most of the audience believed that increased village was practical and necessary and the loss of school personnel and maintenance of an adequate staff. The P. T. A. was asked to submit position asking the Board of Education to initiate procedure to ask the people for an expression of their wishes in the present crisis.

P. T. A. officers elected for the coming year were: Pres. Mrs. Geo Weiss, Vice-Pres. Mrs. E. Roy Ellison, Sec. Mrs. W. E. McCarthy, Treas. S. H. Robinson.

President LeMaster announced that he was offering a prize of a 1937 model car in Farm Bureau for the best extension program in the county. About twenty letters were given and a free lunch was served. State of Michigan, this 5th day
of March, 1946.

PRESENT: THE HONORABLE
ROBERT M. TOMS,
Circuit Judge.

The plaintiff, having filed here-
in a bill of complaint alleging
that it is the trustee of an ex-

corporation, of Northville, Mich-
igan, as trustee under a Depositors'
Agreement effective January
28, 1933, providing for the reor-
ganization of L. A. Hiram State

not wholly impossible, to bring
them all before the Court;

in Winding Up Its Trust.

At a session of the said Court
held in the Court House in the
City of Detroit, County of Wayne,
State of Michigan, this 5th day
of March, 1946.

PRESENT: THE HONORABLE
ROBERT M. TOMS,
Circuit Judge.

The plaintiff, having filed here-
in a bill of complaint alleging
that it is the trustee of an ex-
press trust created by a Decla-
ration of Trust executed by said
plaintiff on or about March 1,
1939, a copy of which (with the
omission of certain exhibits
alleged to be immaterial) is at-
tached to said bill of complaint
as "Exhibit 1"; and

IT APPEARING from said bill
of complaint that said Decla-
ration of Trust was executed by
the plaintiff in connection with
the acquisition of certain assets
formerly owned by Depositors'
State Bank, a Michigan banking
corporation, of Northville, Mich-
igan, as trustee under a Depositors'
Agreement effective January
28, 1933, providing for the reor-
ganization of L. A. Hiram State
Savings Bank, that said Decla-
ration of Trust, pursuant
to a plan for the termination of
the trust created by said Depositors'
Agreement, provides among
other things, that the plaintiff,
as trustee, will liquidate said
assets, and, after first applying
the proceeds of liquidation to the
payment of expenses of liquidation
and the interest on said trust,
will distribute the said proceeds
pro rata to the former holders
of trust fund certificates issued
by said bank as trustee under said
Agreement and outstanding at
the time of creation of plaintiff's
trust, and thereafter to said
bank in its individual corporate
capacity, all in a manner and
order of priority more fully set
forth in said Declaration of
Trust; and

IT FURTHER APPEARING
that the purpose of this proceeding
is to secure the examination,
approval and allowance by this
Court of the accounts of the
plaintiff, as trustee under the
Declaration of Trust, upon com-
pletion of said liquidation, and
the advice and instructions of
this Court in connection with
the winding up of said trust, in-
cluding, among other things, a
sale of the residue of undistrib-
uted assets, the distribution of
a final dividend among those
parties entitled to same, and the
distribution of any final or error
dividends which are not called
for within a reasonable time to
be fixed by this Court by check
to the State of Michigan or
otherwise; and

IT FURTHER APPEARING
that the said action is brought
as a class suit against the several
beneficiaries of the trust; who
were the former holders of said
trust fund certificates issued by
said bank as trustee under said
Depositors' Agreement; and
IT FURTHER APPEARING
that the members of said class
are so numerous and their
whereabouts so uncertain, their
rights and liabilities so subject
to change and fluctuation by
death, transfer of interest, or
otherwise, that it would be in-
convenient and impracticable, if
not wholly impossible, to bring
them all before the Court;

NOW, THEREFORE,
IT IS ORDERED that Monday,
the 15th day of April next, at
10:00 o'clock in the forenoon,
Eastern Standard Time, at the
Court room of the undersigned
Circuit Judge in the Wayne

place for the hearing upon the

cally made parties defendant to
this cause of action by publica-

George D. Schermerhorn's
platform of saving the depressed
taxpayers \$33,000,000 or so a year
in sales taxes will be of particular
interest to Michigan school man-
agers.

We refer to the Reading indus-
trialist's current bid for votes as
an avowed candidate for govern-
ment of Michigan on the Demo-
cratic ticket.

Schermerhorn would reduce
the sales tax from 3 to 2 cents.

Now this would "top-off" millions
in taxes.

It also would automatically
hasten the coming crisis which
looms for Michigan public schools
whose state aid was increased by
the 1946 state legislature from
\$56,000,000 to \$60,000,000 for each
of the next two fiscal years.

Let's take a quick look at the
facts.

According to the Michigan
Educational association, Michigan
schools need \$73,662,403 state aid
—some \$17,000,000 more than
they have been receiving.

The legislature countered with
a raise of \$3,200,000, all of which
must be spent to adjust salaries
—about \$70 per year for teachers
and janitors.

It must be said frankly that the
school teacher, like the average
white collar worker during the
war, received probably the least
salary adjustment. No overtime
beyond 40 hours. No double time,
either. And prices have been
climbing steadily.

The average city or village
school system in Michigan pays
a minimum of \$1,700, an average
of \$1,900 to its teachers for ten
months of teaching. The maxi-
mum earning a year will average
\$2,050.

Rural teachers get a minimum
of \$1,125, an average of \$1,365,
and a maximum of \$1,635. With
holding tax and retirement re-
ducing these salaries to less
—in many cases, for example, the rural
teacher who earns \$1,400 has only
\$1,116 in a year as "take-home"
pay.

Quoting more facts as vouch-
ered by the M. E. A.: "Minimum

salaries paid in cities and vil-
lages, in elementary, junior high,
and high school breakdown are
as follows: elementary, \$1,600;
junior high, \$1,700; high school,
\$1,800.

"Average salaries paid in ele-
mentary schools are \$1,700; jun-
ior high schools \$1,800, and high
schools, \$2,000."

"Highest salaries paid are: in
elementary schools, \$1,975; in
junior high schools, \$2,000; in
high schools, \$2,640. The figure
for highest salaries in high
schools is high because of the sal-
aries paid to teaching principals
and teaching superintendents."

Teachers leaving positions. "An
average of 14% of teachers in city
and village systems are expect-
ing to leave their jobs at the end
of the present school year. The
schools that gave estimates re-
ported that probably 2,096 teach-
ers out of 14,288 would leave
with the larger opportunities in
business and industry largely re-
sponsible."

"Other reasons for retirements
from teaching include marriage,
husbands returning from military
service, termination of the actual
war emergency period, and dis-
satisfaction with the heavy work
load or with living or working
conditions."

"Of the city and village schools
reporting, 22% said they thought
they would be able to fill vacan-
cies next year; 31% said they
would not be able to fill vacan-
cies next year; and 46% were
"doubtful."

Other financial needs. "Fore-
most among the factors affecting
city and village schools finan-
cially are the following: need for
new buildings and additional
space generally, repairs to low
assessments locally, no Lanham
act money this year, increased
cost of supplies and equipment,
competition with city or county
for funds, serious teacher over-
loads."

"Many services regarded es-
sential to a well-rounded school
system have been dropped for
lack of funds for teachers and
supplies. Included among them
are music, shop, physical edu-
cation art, home economics, com-
mercial, library, hot lunch pro-
gram, agriculture, dramatics, vi-
sual education, speech and lan-
guages."

Sixty per cent of the schools
stated that some substitutes are
available, although most of them
said the situation is critical. Forty
per cent said no more substitutes
are available.

Teachers returning. "Of 513
former teachers who were in mili-
tary service, 322 have returned
to teaching. Of 295 former teach-
ers who were employed in busi-
ness or industry, 101 have re-
turned to teaching. A total of 229
teachers stated they are former teach-
ers in military service returned
to teaching, while 319 schools
reported that no former teachers
who had entered business or in-
dustry returned to teaching."

"Schools reported they would
have to pay from \$50 to \$300 or
\$400 more for new teachers next
year. The average that schools
expected to pay for teachers to
fill vacancies next year was \$184
more than was paid this year."

Pupil-teacher ratios. Among
city and village schools, elemen-
tary pupil-teacher loads had in-
creased for 263 districts, or 64%
of the schools reporting. In 43
districts, or 10%, loads had de-
creased; loads were about the
same in 103 or 26%. For junior
high schools, loads had increased
in 155, or 52% of those report-
ing; in 27, or 9%, loads had de-
creased; in 116, or 39%, loads
were about the same. Among
high schools reporting, increased
loads were shown in 168, or 45%;
an almost identical number re-
ported loads about the same,
while 37, or 10%, reported loads
decreased.

"Out of 439 schools reporting
on estimated deficits or balances
at the close of this school year,
242, or 55%, expected to have a
balance (although in virtually all
cases a decreased balance) and
197, or 45%, expected to end the
year with a deficit."

Michigan public schools, we can't

help wonder about the validity
of a political slogan, "Reduce the
state sales tax by one-third" as
currently sponsored by the Read-
ing industrialist.

How should Michigan meet the
serious financial needs of its pub-
lic schools? Who is going to pay
the bill, anyway?

You can't have your cake and
eat it, too.

As we see it, the state legis-
lature acted wisely to take care
of the state's primary needs—
public schools, colleges and hos-
pitals—as well as provide for
assistance to Michigan's return-
ing war veterans.

To talk about reducing the
state sales tax in the face of such
reality, without first suggesting
adequate substitute revenue,
won't make much sense to Mich-
igan school managers, and probably
to some other folks, too.

Our Lady of Victory Church Scene of Vroman-Campbell Wedding

Our Lady of Victory Church was the scene Saturday noon of the wedding of JoAnne Vroman of Northville and Ivan Campbell of Plymouth. Fr. John Lynch officiated at the double ring ceremony before an altar decorated with white snap dragons.

The bride, who was given in marriage by her father, Jos Vroman, wore a white marquisette gown trimmed with white satin and carried a prayer book adorned with white gardenias.

Dorothy Vroman, who acted as maid of honor for her sister, wore an orchid net and satin gown. The two bridesmaids, cousins of the bride, were Shirley Ely, who wore a yellow marquisette gown, and Margaret Ely, gowned in pink taffeta. All the attendants carried bouquets of mixed flowers.

Fred Korte of Plymouth acted as best man and Wallace Eckler and Bruce McAllister, also of Plymouth, were ushers for the occasion.

Mrs. Vroman wore a dusty rose crepe dress with a pink camellia corsage. The groom's mother was dressed in a black and white suit and she also wore a pink camellia corsage.

A wedding breakfast was held immediately after the ceremony at the home of the bride's parents on Yerkes street for about seventy guests. A reception was held that evening in the home of JoAnne's uncle and aunt, Mr. and Mrs. C. N. Ely on Gardner street, for about 200 guests.

The couple left later in the evening for a two weeks' motor trip to Denver, Colorado. For traveling the bride chose a black gaudine suit. They will make their home in Plymouth where Mr. Campbell is a partner with his father in a dairy on Canton Center Road.

Mrs. Campbell is a graduate of Northville High school, class of '32 and also attended Cleary Business College. She has been employed as a private secretary by the Kaiser-Fraser Corp. Mr. Campbell attended Plymouth High school until '43 when he entered the Air Corps. He received his discharge several weeks ago.

Honored at Open House

Mr. and Mrs. J. W. Reynolds (Mrs. Stewart) were honored at an open house held at the L. C. Stewart home on Osborn Drive, Saturday afternoon. Mr. Reynolds, who is retired from the U. S. Practical Gardening

Hot Beds Prove Profitable Investment

By W. J. DRYDEN, WNU Farm Editor.

Gardeners in sections that have a short growing season because of late springs and early falls need a hot bed to insure successful vegetable raising. Even in a section where the growing season is long, fresh vegetables can be brought to the table much earlier when started in hot beds.

Basement window type of hot bed

Hot beds should be placed at the southern side of a building where it will get the benefit of whatever sun warmth there is and be protected from cold winds. This is true whether the hot bed is to be heated by electricity, hot water, or an underground fire.

The seed may be sown broadcast or planted in carefully laid out rows. The more care given the planting the better the results will be.

The moisture and temperature within the hot bed must be carefully watched. Keep a thermometer inside and when the temperature approaches 55 degrees ventilation must be provided. Care in providing ventilation must be taken so no radical change is made. The sudden chilling of the plants will prove disastrous. With proper heat it should be possible to keep the hot bed sash raised almost every day, at least a fraction of an inch.

Some gardeners prefer to grow the plants in small paper containers or very small flower pots placed inside the box. When this is done, it makes possible the transplanting to the garden proper with little or no disturbance of the roots.

BASE LINE SCHOOL NEWS

By Connie Ramshaw
Mr. Henoch, our school nurse, visited us Monday morning.

The boys and girls made some beautiful pieces of yarn.

Terri Gates and Connie Ramshaw were the first spellers in the first spelling contest.

We have two new baseballs, given to us by the school board. Complete Brooks and Terry Gates made several animals out of clay for their reading class.

Mr. and Mrs. L. J. G. of Detroit sold \$5.00 worth of books.

Mr. Dickinson is planning another meeting for the mothers on May 2nd.

The sixth and seventh grades have completed their English.

Thelma Becker and Connie Ramshaw decorated the boards and made the calendar. Robert Venzek and Terry Gates decorated the windows.

DO YOU DRINK?
The horses and the mules live thirty years.

And nothing know of wines and beers.

The goat and sheep at twenty die and never touch Scotch or Rye.

The cow drinks water by the ton and at eighteen is mostly dope.

The dog at fifteen cashes in. Without the aid of rum and gin.

The cat in milk and water socks and then in twelve short years it croaks.

The modest sober bone dry hen lays eggs to nest, then dies at ten. All animals are strictly dry.

They sinlessly live, and swiftly die. But sinful, ginful, rum soaked men survive for three score years and ten.

Man—A large animal who is always looking for a home atmosphere in a hotel and hotel service around the house.

Doctor: "Now, miss, just where is your injury?"
Girl: Promise not to look, doctor, and I'll show you."

"What is the difference between sight and vision?"
"Well, a modern girl is a vision at night and a sight in the morning."

"If I got as drunk as you, I'd shoot myself!"
"And if you were as drunk as I am, you'd miss yourself."

KNOW YOUR SCHOOLS

Approximately 100 persons gathered on Thursday, March 28 to familiarize themselves with trends in school reorganization. The meeting proved to be very informative for all persons in attendance.

The assembly also considered measures which might be taken in Northville to assist the local Board of Education in the matter of finances.

A MOTION WAS PASSED BY UNANIMOUS VOTE TO HAVE THE NORTHEVILLE PARENT-TEACHERS ASSOCIATION PETITION THE LOCAL BOARD OF EDUCATION TO PLACE BEFORE THE LOCAL TAXPAYERS THE PROPOSAL OF INCREASED SCHOOL TAX MILLAGE.

How much is needed?

Approximately five mills.

For what?

Increase staff salaries. Increase size of staff in order to reduce teaching and maintenance load. With a total assessed valuation of \$2,972,305, a five mill tax increase would raise approximately \$15,000.

Five mills means \$5.00 tax per \$1,000 assessed valuation. To raise this needed \$15,000 and spread it on the tax rolls would cost the average property owner the approximate equivalent of any ONE of the following items:

- One new automobile tire
- One dozen cartons of cigarettes
- Seventy-five gallons of gasoline
- One car battery
- Four quart liquor
- A one year subscription to a daily newspaper
- One movie a week for a year.

Can we afford to jeopardize the education of Northville's children for any one of the above items?

THE P.T.A. HAS TAKEN ITS STAND -- TO DO SOMETHING ABOUT LOCAL SCHOOL FINANCES.

What is YOUR stand?

Why don't YOU send YOUR SUGGESTIONS to the Northville Board of Education?

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Vets' Hospital Facilities To Be Greatly Enlarged

Reflecting the need for increased hospitalization facilities and the pushing of the Veterans' administration hospital construction program, is the fact that at the beginning of February a total of 17,015 veterans were on the hospital list awaiting entrance and the number was increasing at the rate of approximately 1,000 per month.

As a matter of fact, however, less than 4 per cent of those awaiting treatment had service-connected disabilities, although it is the policy of the administration to provide hospital facilities for all non-service-disabled veterans wherever room is available.

In his effort to provide more hospital space, Gen. Omar Bradley has obtained the use of six army hospitals and in addition, navy has agreed to make available 9,650 beds in navy hospitals. The army has agreed to supply up to 10,000 beds if they can obtain the necessary personnel to service them.

Maj. Gen. Paul R. Hawley, who recently resigned from the army to take over full charge of the veterans' medical and surgical division, asserts that more than 13,000 veterans discharged from the service have their hearing affected and have gone through rehabilitation programs. He estimated that in the next 20 years there would be from 200,000 to 400,000 hard-of-hearing veterans as a result of war service.

Questions and Answers

Q. My son was in the army for 3 years, overseas 18 months. Before going, he took out an allotment for my three children, but I never received it. He also sent \$20 to me out of his check, but I didn't know it at the time, thinking it was the allotment to the children. When he came home, he told me I was not receiving the allotment. I would like to know if I can still get it.

A. The army says that if the allotment was actually deducted from your son's pay he is entitled to a refund of the amount deducted. Write to the Office of Dependents Benefits, U. S. Army, Newark 2, N. J., giving all details, son's full name and serial number.

Q. I am a veteran of this war and was wounded November 19, 1914, and since have been unable to do much of anything. I got discharged two weeks ago and decided I had to have money so I went up to see about getting a G. I. loan. They told me the only things you could get a loan on was to buy a home or a business. Now I have been misled, for I thought I could get a loan on anything your local banker would let me have the money on, so I am stuck. I want to buy a tractor and equipment so I can farm, also build on my house I already have paid for. Now how can I do it?—E. T. M., Arlington, Kan.

A. The G. I. law provides you may obtain money for both these purposes, either a tractor for furthering your business of farming or to repair, remodel or make alterations to your home. The law also provides, however, that you must first obtain a lender who will make the loan and that the lender is the judge of whether or not you are a good risk. Would suggest you obtain from your nearest veterans' administration a list of approved lenders in your town and seek out one who will agree to make the loan.

Q. I have sugar diabetes 100 per cent. Was inducted before the war and spent three months and was discharged in January after war was declared. They sent me to the veterans' facilities for application for compensation, but they turned me down, said the fact was on my induction papers. I appealed to Washington and was turned down there. Please tell me how I can get some help from the government.

A. I am afraid there is nothing you can do since your disability was evident when you were inducted, unless you can present evidence it was aggravated by your short service, or that you have some other disability.

Q. I would like some information regarding the whereabouts of my brothers. One is with the 60th Port company, APO 582. The other with the 5th Reif. Bn. APO 72. Could you tell me where they are located and if they may be home soon?—Mrs. G. R. S., Arcadia, Calif.

A. The 60th Port company arrived in New York last August 18 and the 5th Reif. Bn. was inactivated in France on November 4, 1945. If they have not arrived home, they may have been transferred to other units.

Northville's \$70,000 school debt has been reduced to \$45,000 which will have all been paid off by 1948 through the medium of 15 \$3,000 serial bonds issued by the school board to the Fidelity Trust company of Detroit last Friday night.

For the fourth year in succession, Mary, Elkington, eighth grader has won the spelling championship of her class. Dorothy Wrenn was the runner up.

Two of Northville's rising young musicians, Richard Shipley and Darrell Johnson, will make three public appearances in recitals in Northville, Pontiac and Detroit.

THIRTY-FIVE YEARS AGO:

There is a great need for more

hitching posts on both Center and Main streets or else the village should make some special provision along this line.

A novelty in the way of a horseless carriage was seen on the streets Saturday. A couple of F. L. Becker's boys were driving about the village with a husky looking blooded Guernsey bull hitched and harnessed like a regular farm horse and they apparently did the work just as well.

Hubby: "Okay, go ahead and divorce me, but remember, you'll be raising our peantheese, our servants and our limousine."

Wife: "No, I won't marry! When my lawyer gets through with you, you'll be missing them."

fields and orchards are but a few.
Governor Kelly in his proclamation also called on the people of Michigan to give whole-hearted support to the Army Recruiting Service in its current efforts to organize a Regular Army of sufficient size so that the thousands of men still overseas may return home again. April 6 to 12 has been designated as Army Recruiting Week in Michigan.
According to latest War Department figures, a volunteer Army of 1,550,000 will be needed by July 1, 1946 to adequately fulfill our commitments which include the occupation of Europe, Japan and Korea, garrisoning our overseas installations, maintenance of lines of communications and supporting installations in the United States, and maintenance of key points in our national security such as the Panama Canal, Alaska, and air bases along the approaches to the United States. This strength of 1,550,000 is planned to be decreased to 1,100,000 by July 1, 1947. Regular Army volunteer enlistments numbered 600,017 as of February 28, five months after current recruiting program got under way with the passage of the Armed Forces Voluntary Recruitment Act of 1945 by Congress last October.

Hail to Their Chief

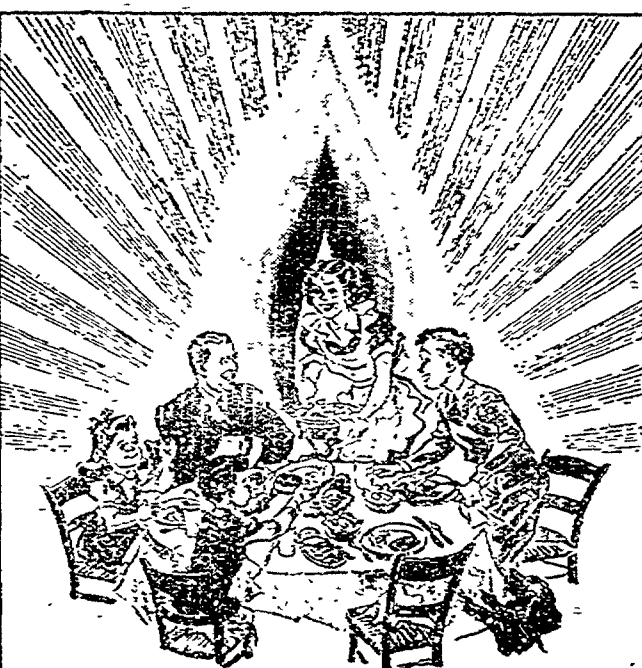

April 6, officially called Army Day, will be devoted to one of humble thanksgiving by the American people, to an army which has successfully with distinction completed an important and serious job. Never before in the history of this country has its people owed so much

Gen. Dwight D. Eisenhower, who will lead the army in peace as he did in war.

to so many of its soldiers. Army Day is set aside not only to honor those still in uniform but to render thanks to those who have ended their period of service. To the army's new chief, General of the Armies Dwight D. Eisenhower, as well as to every Private John Doe, America today says "Thanks for a hard job well done even beyond the call of duty."
