Kim Sigler, who will address Plymouth Rotary Club, Friday, April 26th.

Kim Sigler at Plymouth Friday

Colorful Candidate for Governor Speaks at Rotary Luncheon Friday, April 26th

The entry of Kim Sigler, Battle Creek's former special prosecutor of the graft grand jury, to the gubernatorial contest, has caused a great deal of interest in the Plymouth Rotary Club Friday of this week. Rather significant and timely, a number of Northville men are planning on hearing Mr. Sigler.

Sigler's entry in the state politics set off many and varied reverberations in state politics. To go beyond those reverberations, and to determine Mr. Sigler's real chances for nomination, is the ticklish business of the political observers, and they are already at the project. So far Mr. Sigler seems to be faring well as a prospect, although questions are raised as to his chances.

Mr. Sigler's main obstacle is seen to be his late start, and the large acquaintance and following which Mr. Brown has built up over many years of political service in the state. But, at the same time, the Brown forces are reported taking nothing for granted. They are said to have a healthy respect for Mr. Sigler's personality, aggressiveness and popular appeal.

Nevertheless, those who know Mr. Sigler's single-minded devotion to the cause of cleaning up Michigan politics will be the first to point out that he is in the race as public service. Candidates who convince the voters of their intentions, along that line, can never be dismissed until the returns are counted.

The strong point of Mr. Sigler's campaign could be that he is a voice crying in the wilderness.

"Are we going to be our 'brother's keeper' in 1946 to starving Europeans, allies and former enemies?"

Michigan observed the traditional Christian event, Easter Sunday, with thankful hearts and with bountiful dinner tables. Yes, the war is over. Thank God for that. Two-thirds of Michigan's men and women in military services — 406,133 as on April 1 — are now back home.

No Michigan homes were bombed during the war. Pay checks were at record highs. Michigan consumed more food in 1944 than in 1940, a pre-war year. Strange, isn't it, that frantic appeals for food to avert starvation of hundreds of thousands of war-distressed human beings in Europe is meeting with apparent indifference and callous disregard of Americans at 1946 Easter Sunday? Ordinarily the American response to such a call would be immediate, emphatic and generous.

Why, then, all this in 1946?

According to the U. S. department of agriculture, the off-farm wheat stocks on April 1 totaled 175 million bushels while the on-farm stocks, now being held by farmers for stock feed or for higher prices, totaled 203 million bushels. The over-all aggregate was 378 million bushels.

And yet this latter amount is not available immediately for shipment to Europe. If it were, American ships could transport needed wheat at once to hungry millions abroad and the emergency export goal could be met successfully without resort to a mandatory 25 per cent cut in wheat stocks processed by flour millers.

Charles E. Figg, director of the state department of agriculture,

recently pointed out in this column that the milling order would not adversely affect the average Michigan farmer. We quote again: "Most Michigan farmers have general farms whereby grains are grown for feeding of livestock and chickens. They are going to see that their livestock and chickens are fed."

President Truman's famine emergency committee has recommended that grain prices should be increased to discourage the feeding of grain to livestock and poultry. The president asks Americans to go voluntarily on a European diet (one-half what we ordinarily eat) two days a week to save food that most Americans eat too much anyway and we waste too much food.

But is the food situation in Europe so critical?

There are some facts as vouched for by reliable persons. Judge for yourself.

"Unless I get 300,000 tons of wheat within the next few days, hundreds of thousands of people will starve to death." — Florentino H. LaGuardia, director general of the United Nations Relief and Rehabilitation Administration.

"There is not enough food within the borders of the American zone in Germany from German sources to sustain life even at starvation levels." — Gen. Joseph T. McNarney, commander of the United States Forces in the European theatre in a statement to Herbert Hoover.

A fact-finding committee of American newspaper editors recently visited Germany to get information first-hand for their newspaper readers. Here are a few shockers:

"The American people do not want to see anyone starve whether enemies or friends. Now that the war is over, we must convince the American farmer that he must get his food out, the same as during the war." — Robert Reed, associate editor of the Kansas City Star.

"If we do not feed the Germans adequately, it is inevitable that a great deal of chaos will result and there will be a tendency to swing toward the Soviets which I consider unfortunate." — Gardner C. Jones, Des Moines Register-Tribune.

"We have to feed the Germans or throw Central Europe into the hands of Communists." — Paul Blaney, Cleveland Plain Dealer.

"If we do not provide adequate food for the people of Europe, all that may happen over here in the United States zone in Germany, people are getting 1,600 calories a day. Democracy cannot exist in a country with such a situation. I believe the American people must be made to realize that this is a perilous situation in this disturbing situation." — Frank Gannett, a member of the Gannett news group.

"We have better feed the Germans enough food to get out. We cannot demonstrate the Germans on 1,200 calories a day while communism is being taught on 1,600 calories in the Russian zone." — Edward T. Kelly, Pittsburgh Post.

After years of starvation, Americans in 1946 are in a mood for a holiday. We shun post-war responsibilities of winning the peace; we rush madly into demobilization of our military strength; we hasten to Florida and other resort spots, we spend money furiously in gambling, entertainment, and luxuries.

On top of this, Washington's attempts to compromise reality with the holiday mood of the voters and yet to fulfill our national obligations overseas have resulted only in vacillation and confusion.

It is difficult to believe that Americans, once informed of the emergency abroad, will pursue the path of selfish pleasures and will disregard the Christian call to be their brother's keeper.

A decision of historic importance is now in the making.

A REPORT ON

PROGRESS IN

There are still a number of people waiting for telephones in this area. Before we can serve everybody, we'll need more outside wire and cable to connect new customers' premises with the central office. These facilities have been ordered and are now being manufactured.

Even after we receive the new wire and cable, there will be the painstaking job of interconnecting it with the present telephone plant... a job that must be done carefully without interrupting existing service.

Meanwhile, we are continuing to stretch our present equipment far beyond

its normal capacity, making it handle more subscribers than it was engineered to accommodate. At the risk of temporarily lowering the quality of service, every terminal, every line, every telephone we can possibly use is being put to work, to bring some type of service to as many new customers as possible. And we'll continue this policy until our new facilities are available to solve the problem.

If you are waiting for a telephone, you can be sure your order will be filled in its proper turn just as soon as possible.

It is believed that a gang of seven or eight year old boys have been busy themselves looting and destroying property in that area. It is reported that a radio, money and liquor were all stolen recently from a certain business establishment and nothing recovered, excepting a few bills.

Veterans' SERVICE BUREAU

EDITORS NOTE: This newspaper, through special arrangement with the Veterans' Bureau of Western News, is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the Service Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Credit for Army Schools

The Veterans' administration is completing arrangements with high schools, colleges and universities so that veterans may be given academic credit of diplomas and degrees for study and (fees) experience acquired during wartime service in the armed forces.

For this purpose VA is using as a guide a compendium of hundreds of educational and training studies given by the armed forces during the war compiled by the American Council on Education.

School authorities may consult this guide and obtain the recommended evaluation of courses taken from the U. S. Armed Forces Institute, or at one of the four overseas Army Study centers, or in any of the service technical schools, civil affairs training courses, etc.

For instance, a veteran who studied the history of philosophy at Biarritz, France, and is credited on his AGO form 100 with completion of the course, would be given by the guide's recommendation, 24 hours toward a baccalaureate degree. In many instances sufficient credits have been earned so that a veteran forced to leave high school to enter the service, finds he may receive a high school diploma upon his return.

Questions and Answers

Q. We received his discharge in September and the first six months in the army I didn't get my allotment or that for two minor children, one 13 and the other 8. Is there any way I can get this money?

A. E. J. Hall, N. C.

A. An allotment to parents is not necessary and you could get it out of the amount was deducted from your son's pay. If the two minor children are your son's child, they are entitled to the allotment. Every serviceman is required to pay his dependent family.

Q. I am the mother of a boy killed in action in 1944. He made me beneficiary for his insurance. I am 50 years old and get \$52.50 monthly. Will I ever get any more monthly, and how soon?—Mrs. H. G. Sharon, Kan.

A. If the insurance is National Service Life and has not been converted there are two options for payment: (a) If the beneficiary is under 30 years of age at the date of death of the insured, payments are made in 240 equal monthly installments at the rate of \$5.51 for each \$1,000 of insurance. However, the beneficiary may elect to have the insurance payable in monthly installments as a refund life income, payable for a definite period and continuing throughout the life of the first beneficiary and in event of death of the first beneficiary the remaining installments, if any, paid to the second beneficiary or.

(b) If the beneficiary is 30 or more years of age payments are made in equal monthly installments throughout the remaining lifetime of such beneficiary with the proviso that such monthly installments shall be payable for 120 months certain. If you are not satisfied with your installments, suggest you write to Insurance Department, Veterans' Administration, at your regional office in Kansas City.

Q. My brother was killed in action in Germany, leaving a wife and one child. Several months ago her insurance checks stopped coming. We have written to find out why but have been unable to do so. Can you help us?—Mrs. J. B. E. Biddle, Ore.

A. The only suggestion I can make is that you contact, personally if possible, your nearest Veterans' administration regional offices, at the Veterans' hospital at Portland, and tell them the whole story and case history.

When Will I Get My Refund Check?

"When will I get my refund check?" is a common and natural question being asked these days by many Detroit Edison customers. Since the first of February, refund checks have been going out at the rate of 11,000 a day. However, they are not being mailed according to your name or street address, but are being sent out according to our meter reading schedule. Thus it is entirely possible that some of your friends may already have received their checks, while others who live on the same street, or have the same initial, may not have received theirs.

The only thing you have to do to assure receipt of your refund check is to make sure that the Company has your forwarding address if you have moved since January 1, 1944, or expect to move before June 20, 1946. If you have used service at two or more locations during the refund period, these checks will be mailed at different times. Separate checks are issued for each address. Every effort is being made to assure the earliest possible delivery of all the 1,150,000 refund checks. The last group of checks are scheduled to be mailed June 19 and should be delivered shortly after June 20.

Cash your refund checks promptly. They become void 60 days after date of issue.

The "Golden Text" (Hebrews

3:12, 13) is, "Take heed, brethren,

lest there be in any of you an

evil heart, unbelieving, in depart-

ing from the living God. But ex-

pect one another daily, while it is

called to day, lest any of you be

hardened through the deceitful-

ness of sin."

Among the Bible citations is

this passage (1 Cor. 15:34): "So

when this corruptible shall have

put on incorruption, and this

mortal shall have put on immor-

tal, then shall be brought to

pass the saying that is written,

Death is swallowed up in vic-

tory."

Chapman-Willis Rites Held in Charlotte, N. C.

Miss Gloria Janet Chapman of Charlotte became the bride of Stuart Kendall Willis, Jr., of Northville, Mich., in a ceremony of beauty and charm last Friday afternoon, April 25, at 4 o'clock in the Presbyterian church of Chapel Hill.

Rev. Charles Jones, pastor of the church, officiated. The vows were spoken before a background of smilax, woodviolet fern and arrangements of white flowers interspersed by candelabra holding white tapers.

Before the ceremony Miss Elizabeth Worrell, organist, played "At Dawning," "I Love You Truly," and "Indian Love Call." The wedding march from "Lohengrin" was used for the processional and during the service "Liebestraum" was played. Mendelssohn's march from "A Midsummer Night's Dream" was played as the recessional.

The bride, who was given in marriage by her brother, John William Chapman, wore a wedding gown of white duchess satin and Chantilly lace fashioned with a fitted bodice, sweetheart neck, long sleeves with calla lily points over the hands, and a full skirt ending in a train. The double tiered fingertip veil of illusion was worn with a Juliet cap wreathed in orange blossoms. She carried a bouquet of bride's roses and gardenias showered with sweet peas.

Mr. Willis had William Alexander of Chapel Hill as his best man. Mrs. Robert J. Grier was the matron of honor and her sister's only attendant. She wore a pale pink net dress over taffeta made with a light bodice and full skirt topped with a lace peplum, long pink gloves, and pink and blue flowers in her hair. Her bouquet of pink and blue flowers was tied with a large satin bow.

Mrs. Chapman, mother of the bride, wore a blue dress with a shoulder bouquet of gardenias. Mrs. Willis, bridegroom's mother, wore an aqua frock with a shoulder bouquet of pink carnations.

Reception is held immediately after the ceremony in a small reception was given by the bride's mother at the Chi Phi fraternity house on the campus of the University of North Carolina at which time the bride and bridegroom cut their wedding cake. Mrs. Chapman was assisted in entertaining by Dr. and Mrs. S. K. Willis of Northville, Mich., parents of the bridegroom, Miss Elsie Paulding, Miss Colleen Chapman, and Mrs. Robert J. Grier.

Later in the afternoon the young couple left on a short wedding tour. After which they will be at home in Chapel Hill. The bride wore for traveling a light

blue wool suit, small flowered hat, blue accessories, and a shoulder bouquet of white gardenias.

Sheriff's Road Patrol Has New Cars

The first three of the new county-owned patrol cars for the Sheriff's Road Patrol were delivered last week. Each one of these cars is fully equipped with a two-way radio, fog lights, spotlight, siren, flares, gas bombs and riot guns. Those who have inspected the new cars say that they are as well equipped for police work as any cars in use by law enforcement agencies in the country. The new cars bear the insignia of the Sheriff with a gold shield inscribed on each door bearing the inscription "Wayne County Sheriff Patrol." The new cars are being placed in commission as fast as equipped and painted and are used for patrolling the highways of the out-county area which comprise a total mileage of some 2,500 miles. The cars are in operation 24 hours a day and each car is manned by two patrolmen.

Army Caravan at Ann Arbor

A large, colorful eight vehicle Recruiting Caravan from Scott Field, Illinois, will be on exhibit in Ann Arbor beginning at 11:00 a. m. on Friday 26th of April. The 200 block of East Ann street will be blocked off by the police department, who will also escort the caravan into town.

This is the most modern and up to date mobile display of Army Air Force equipment on the road today and presents to the people a material picture of the tremendous technical training possibilities behind a future in the armed forces.

Five of the large vehicles are converted semi-trailer tractor units and house a complete display including a B-29 engine (cut away view), electrically controlled and in operation, other exhibits include multiple gun turrets taken from some of the largest U. S. bombers, a varied assortment of captured Japanese and German equipment, a complete and operating photographic laboratory, including the control column and instrument panel of an Army P-38 reconnaissance fighter. The technical equipment on display in these trailers should be of particular interest to Physics and Science students in high school and college.

The recruiting office in the armory will be open all day, and recruiting personnel will be at the exhibit to assist young men in signing up for the army.

This caravan has recently completed a tour of the state of Illinois.

by E. I. BESEMER

"Garden for Food" is the theme of the Garden Rally to be held May 1, 1946, at 8:00 p.m. in the memorial auditorium of the Rackham Memorial Educational Building, 100 Farnsworth, Detroit.

The need for food in the famine countries is great. We can help by having gardens to produce food for our tables.

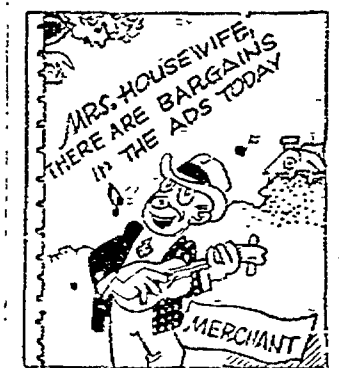

A garden meeting is scheduled for Monday evening, April 29, at 8:00 p.m., in the Maple Grove School, corner of VanHorn and Telegraph Roads.

The county agent will schedule other garden meetings on request from groups that want garden information.

The dry weather this spring means that watering of flowers, shrubs and lawns should be begun now. Thoroughly soak the ground to a depth of several inches for best results.

Some request for farm work are being received at the county agent's office.

Farmers are urged to place their requests for farm help with the county agent.
