"MICHIGAN AND THE OLD NORTHWEST" . . . Habitant in Peace and War

The habitant lived with, not off, his red brethren. Their customs he respected.

Sale of brandy to Indians brought the habitant under severe reprimand.

In war this man of peace served expertly against tremendous odds.

As French power waned in Old Northwest, the habitant recalled greater days.

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Correspondence Courses

Veterans administration has negotiated contracts with 33 educational institutions throughout the country authorizing them to furnish correspondence and extension courses by mail to veterans eligible for educational benefits under veterans legislation.

Courses offered cover virtually every educational field from academic subjects to a wide variety of trades and professions. Approximately 500,000 veterans already are enrolled under the government program in schools and colleges, or taking on-the-job training and further thousands already employed are asking opportunity to further their education by mail.

The veteran receives no subsistence while pursuing a correspondence course and the total cost of all such courses may not exceed \$500. Of the 33 contracts thus far signed, 25 are with colleges and universities in 19 states. Fifteen of these offer high school as well as college courses. The balance of 13 are trade and business schools offering courses in such subjects as refrigeration, radio electronics, engineering, television, journalism, federal income tax, machine drafting, hotel training, traffic management, accounting and filing.

Application for these correspondence courses should be made at your nearest Veterans Administration regional office.

Questions and Answers

Q. My daughter's husband was honorably discharged in December, 1915, after two years and three months overseas. She never received an allotment. In 1945 she wrote in and asked why. She received an answer saying her husband never signed an allotment to her. But they sent papers to sign and she sent them in with her marriage certificate. We never heard from them again and they never returned the marriage certificate. Now she is divorced, but it is not a year yet. Is she still eligible for this allotment?—Mrs. W. W., Mt. Angel, Ore.

A. I believe she is eligible, but write to Army Central Adjustment Office, 4500 Gough Road, Bldg. 1, St. Louis 20, Mo., and give all details.

Q. How would I get a business loan through? I would love to have a grocery store, but they don't tell me anything. They don't care whether a veteran gets anything or not. Give me all the information possible.—World War II veteran, A. O., Ropesville, Texas.

A. First find a bank or other lender who is making G. I. loans. Tell him your story, your background, how much money you have, if any, and what you want to use the loan for. If he thinks you are a good risk, he will send in the papers for your eligibility certificate and make the loan. Your local chamber of commerce, local Red Cross, or county agent can help you find a lender making these loans and give you all details.

Q. My husband deserted me and my two children. He went to the navy, but also deserted there for 7 months and 21 days. When they got him back in the service they gave him 3 years in prison. We drew an allotment while he was in service, but it stopped when he was out. Now he is overseas and we have a divorce. Should the children be drawing from him? The navy was to notify me if he went back to duty, but haven't. What shall I do?—Mrs. A. M. W., Bluff, N. C.

A. The navy suggests that you write to Field Services, Bureau of Supplies and Accounts, Navy Department, Cleveland, Ohio, and explain your situation, giving all details possible.

Q. My husband is with the 6th Marines in China. He has more points that are required for a discharge, but he is a regular. He has been overseas 16 months. How long will he have to remain overseas? He has been in the service for over 10 years.—Mrs. J. P. P., Lincoln, Neb.

A. Ordinarily a tour of overseas duty in the marines for a regular is 24 months unless his enlistment is up prior to that time.

Q. Will a serviceman returned from Manila so ill with malaria it appeared he would die and now improved be able to work after filing for a pension? He filed for the pension while in the hospital, but believes now he could farm a little, could he draw money like other soldiers do?—Mrs. D. S., Lumber, Tenn.

A. A disability pension will not interfere with his drawing adjusted compensation for self-employment if he is eligible for such compensation and able to work. Apply to your nearest state unemployment compensation office.

"I believe that woman would give her soul for a diamond necklace."
"Well, I guess she'd be getting the best of it, at that."

"Good neighbor" gardens will be popular in Michigan this summer. Food grown at home will permit diversion of more food to famine distressed neighbors. If you haven't started a garden yet, there is still time to do so.

Hoarding of flour has cleaned many grocery shelves. Herbert Hoover thinks rationing can be avoided if 1946 harvests are good, yet he warns the relief food stockpile (May 14) is 3,600,000 tons. Chester Bowles, stabilization director, hints a return of rationing may be necessary in August. Dean Acheson, acting secretary of state, foresees five years of world famine; Dr. Howard R. Tolley, chief of the federal bureau of agricultural economics, anticipates two to three years of world food crisis.

The soldier bonus issue is back to haunt legislators and office seekers. A 10-member senate-house committee met at Lansing heard advocates tell how cash payments could be financed. As forecast in this column May 8, the bonus question is due for a showdown in the 1947 session of the state legislature. It may be submitted to the voters since the state constitution requires a referendum on state bonds.

The teen-age ban on draft inductions, temporarily in effect until July 1, appears to be almost hopeless to state selective service headquarters in Lansing. The available supply of single men, 20 to 29, who have not seen military service, is almost negligible; quotas cannot be met.

A shortage of milk at Michigan summer resorts is forecast by Charles Figy, director of the state department of agriculture. Milk supplies are declining. Downstate is to get a \$100,000 dairy plant daily capacity 80,000 pounds of milk; farmers' income, \$500,000. Michigan dairy fact: One out of every 15 persons in Michigan owes his livelihood, in part or in full, to the dairy cow.

One-man grand juries are now in progress in Ingham, Macomb, Wayne and Washtenaw counties. Macomb's investigation was spurred by charges that a deputy sheriff was paid \$500 to effect prisoner's release from jail. The grand jury probe into the transfer of money and its utilization drive against grocers is complicated by the fact that the grocers contribute but a tiny part to political campaign funds. The grand jury is to be in session at intervals for over a month. These inquiries are the first steps in a \$50,000 improvement program announced by the state construction department.

Top problem of the Michigan Tourist Council and regional associations. How to protect Michigan's traditional vacation season (July and August) through September and October. Some resort operators are opening two weeks early, closing two weeks late.

The capital city's Tally-Ho, a drinking spot, lost out in its effort to win a supreme court writ compelling the state liquor control commission to reissue its annual license. Ironton, Michigan automobile manufacturers, who are sponsoring the Golden Jubilee party in Detroit June 1-15, anticipate a continued shutdown of plants during much of that time. John L. Lewis' coal strike is the reason. The state administrative board authorized \$23,000 jubilee aid.

Frost has badly damaged grapes and strawberries, but good cherry, peach and pear

drops are still in prospect. Winter wheat is not so good. Increase in the number of lampreys eels in Lake Huron is blamed by commercial fishermen for a dearth of lake trout.

Circular fluorescent tubes, producing 100-watt illumination at 32-watt cost, will be on the market this fall. Automobile tires will soon come in colors. A "Tiny Tim" radio transmitter, powered by a dry battery, will be offered to farmers. Distance of messages: one to two miles. Cost is \$25.

No, we don't expect to comment about the current political campaigns of Republican and Democrat candidates. This column is non-partisan, and we're going to leave politics to someone else.

Radio programs are hitting a sudden slump, as manufacturers fail to renew contracts. Reason: Why spend money to sell products we are unable to make? Abandoning shows are General Motors, General Electric, Armour & Co., Proctor & Gamble, Bristol-Myers, Lever Bros., Chrysler and Westinghouse.

Congress has approved a kitty of 500 millions for airport aid whereby Uncle Sam will pay one-half of the cost of building small-size landing field ports.

Wages vs. dividends. Wage and salary income in 1940 were at a \$59 billion rate today, six years later, \$102 billions. Dividends in 1940 were \$4 billions; today \$9 billions.

Voters in Grand Rapids and Flint, whose mayors were crying for more state aid at Lansing last year, rejected a proposed increase in tax millage for school purposes. Three other communities—Grosse Pointe, Escanaba and Battle Creek—voted to help themselves by extra school taxes.

Compulsory health insurance would cost the taxpayers at least \$100,000,000 a year in New York State, according to a commission appointed by Governor Dewey. A quotation: "This sum represents too great an expenditure to be imposed on the people of this state, either directly or indirectly through governmental authority."

Protect Farm Trees

There are several methods that have proven satisfactory in protecting young trees against rabbits and other animals. Tar paper may be wrapped around the tree, or chicken wire may be stretched to circle the tree. An effective guard may be made from discarded garden hose, which may then be wrapped around the young trees. This guard may be used year after year, requires no fastening as the hose will always retain its cylindrical shape. The use of paper is not generally recommended as it will not last long and some animals will find little difficulty in chewing through the tar paper.

Spring IS A GLORIOUS TIME OF YEAR

CLEANING HOUSE ALL DAY it takes a warm bath to make life rosy again

Yes, most everyone enjoys this season of the year, its beauty and promise of brighter, happier days ahead. But it's also house-clearing time and for the housewife it means days of labor and tired aching muscles that are apt to take much of the joy out of life. One of the best ways to relax and soothe those muscles is to take a good hot bath or shower. Just as plenty of hot water helped to clean out winter's dirt and grime, it will also cleanse and soothe your body, improve your disposition and help to make life rosy again.

Providing an ample supply of piping hot water economically is just one of the many services performed by that modern, dependable, quiet, quick, clean household servant Gas to make living more enjoyable, more convenient, more comfortable.

Attending the ceremony were Mr. and Mrs. Brewer, Beth Marie and Phillip Brewer, and Mrs. Clyde Baxter, all of Northville. Out of town guests included the bridegroom's mother and sister, Mrs. Foust and Nina Thacker, both of Marion, Ohio, and Mrs. Richard Spurlock of Tiffin, O.

200 Attend Mother-Daughter Banquet Here

About two hundred mothers and daughters attended the community banquet which was held in the Methodist church house Friday evening. This has been an annual custom for some years past, but during the war years the meal was a simple co-operative one rather than a banquet.

Members of the Junior Wesleyan Guild prepared and served the banquet, with the help of a few mothers and dads. They also made the attractive favors found at each place, which, with spring flowers, served as attractive table decorations.

Mrs. W. L. Williams pronounced the blessing and community singing was enjoyed by all present with Mrs. L. G. Lee acting as leader and Mrs. F. S. Ellison as accompanist. The traditional toasts to mother and daughter were given by Helen Ann Cansfield and Mrs. Merritt Meaker. They were introduced by Mrs. Wm. B. Walker, Jr., who also welcomed the two hundred ladies present. Awards, in the form of certificates, were presented to the guest mothers: Mrs. Vradenburg and Mrs. Bauman, both eighty-three to Mrs. Pence, an eighteen year old mother and to Mrs. Estenberger with four daughters present.

The guest speaker of the program was Mrs. John Martin, wife of the Methodist minister at Berkeley. Mrs. Martin told of the customs and lives of the women of foreign countries which she has visited. She exhibited authentically dressed dolls from these lands. Mrs. Martin's theme was "World Friendship."

Royal Neighbors Have Anniversary Dinner Monday Eve.

The Royal Neighbors celebrated their 26th anniversary with a fine birthday dinner at the Cottage Inn Monday evening. The Cottage Inn, under the supervision of its owners, Mr. and Mrs. Vincent Eastress, is fast becoming a favorite gathering place for private parties because of its pleasant atmosphere and congenial hosts.

to the Editor

Following is a letter received from RDM 2/c Thomas Houghton.

Dear Mr. Canfield:

During the time in which I've served in the Navy, you and your staff have been kind enough to see to it that I received the weekly copy of the Record. For this I have been very grateful.

Seeing that my discharge is about due, I thought that it was my duty to inform you so that my name may be canceled from the long list that you probably still have.

I know that a great deal of effort has been put forth to enable the servicemen to get the paper, and I want you to know that it was a very patriotic act that will never be forgotten. I'm not saying this only for myself, but I'm sure that all of the other men that received the Record feel the same.

Once again I thank you ---
Sincerely,
Tom Houghton.

7000 Tons Of Coal - Diet For A Day

Only enough for one day's electricity for the 3 1/2 million people we serve...
Pictured above is one normal day's diet for the giant furnaces of the Detroit Edison Company. We're using less than 7000 tons now, thanks to your help in conserving electricity. But our coal reserve is low. It may be two or three weeks before enough coal reaches us to permit unrestricted use of electricity.
You will be notified as soon as the emergency is over. Meanwhile it's urgent that ALL citizens in Southeastern Michigan continue to observe brown-out measures.

been completed under the leadership of F. R. Lanning and Mrs. Ruby Cole. Poppy Chairman of Lloyd H. Green-Post and Unit of the American Legion. Volunteers from the Post and Auxiliary will be on the streets early tomorrow morning with baskets of poppies which they will offer to be worn in honor of the dead of both world wars. They will continue to distribute the little red flowers throughout the day, endeavoring to give everyone in the city an opportunity to wear a poppy in memory of those who gave their lives for America.

No price will be asked for the poppies, but contributions will be solicited for the welfare and rehabilitation funds of the Legion and Auxiliary. All money received will be used for the benefit of disabled veterans and families of veterans. It will be expended largely in aid to needy veterans and families in Northville during the coming year. Therefore local residents are asked to buy a poppy in their own community to help the veterans of this district. The local poppy workers will be part of an army of more than 100,000 volunteers which will distribute poppies in the United

States tomorrow. All will donate their services for the day without pay. The only paid workers in the poppy program are the disabled veterans who make the flowers. The poppies to be distributed here tomorrow have been made by disabled veterans of both wars at Percy Jones hospital in Battle Creek. To actually earn some money again in encouraging to the men and most of the men send the money home to their families. Also the work is valuable as occupational therapy. It occupies their minds and hands and helps them get well.

Chapman School

Chapman School held its annual pet show Wednesday, May 15. The first prize was awarded to the three little kittens entered by Richard Miller. Second prize was won by Patsy, a mother cat, and 3 tiny babies, entered by Catherine Rambeau. Next was a mixed group of rabbits, the favorite among them being a grey Chinchilla, entered by Barbara and Karen Bayless. Fourth prize was given to a pet pigeon owned by Thomas B. Ruhardt. Other entries were: a family of white rabbits owned by Beverly Robinson; a woolly pup which could catch a ball, owned by Janice Tucholski; a pair of goldfish belonging to James Rambeau; a small three colored dog owned by Gordon and Ella Ragsdale and a sleek black dog owned by Edward Shoemaker.

Mr. Rambeau's mother is staying at the Rambeau home this week as Mrs. Rambeau went to the hospital to have an operation on her leg.

Frederick Bernhardt, accompanied by his parents, Mr. and Mrs. Fred Bernhardt, his grandmother, Mrs. Emma Bernhardt, his brother Thomas and his sister, Mrs. Ragsdale, went to Detroit Friday where he participated in the Metropolitan Spelling Bee which took place in the auditorium studio of radio station WJZ. Fredrick received a silver medal, a certificate, an identification card with his name and the number three on it. He also had his picture taken. Fredrick took his place on the stage along with the other 32 contestants. The spelling began at 11 o'clock and continued until 12:15 when they recessed for dinner. Fredrick was one of the 13 to continue in the contest at 1:30. At 2:30 when the spelling was broadcast over the air the group had dwindled down to 13 but he was still among them. There were only 8 left when Frederick went down on his knees.

The prize story printed on "The Young Writer's Club" page of the Detroit News this week was written by Thomas Bernhardt. This is the first prize contribution we have had printed from our school this year but George Rambeau has had several articles printed. Fredrick Bernhardt's descriptive paragraph, Barbara Bayless, a poem; Ella Ragsdale, a picture and Beverly Robinson and James Rambeau several riddles.
