Voters Approve Excess Millage to Improve Northville Schools

Northville school electors 344 strong went to the polls Monday and overwhelming voted for an increase in millage to help the local schools in their struggle to meet increased costs and provide a strong and comprehensive program. Of the 344 ballots cast 239 were yes, 74 no, and 1 spoiled, thus giving the go sign to increased aid to the school with more than the required 2/3 majority. Approximately 600 electors were registered for the election.

The question presented asked for an increase of 8 mills on the school tax for the village schools, which really meant a net increase of six mills because a two mill tax raised heretofore for debt service was paid off this year. The vote of confidence in the plan for increased finances for the local schools followed a very dignified campaign of information in which all problems were discussed openly and without fear or favor.

W. H. Cansfield was elected to the Board of Education with 230 votes, 15 blanks, 17 spoiled and 2 scattered.

Some fifteen voters attended the annual meeting held at the school building Monday evening at which time reports were presented and accepted and ordered disposed of according to law. A motion to have the minutes of the meetings of the Board of Education published was presented and carried.

Start Volume 76 of Northville Record with This Issue

Beginning with this issue of the Northville Record, Volume 76, No. 1 starts a new year for the oldest paper in Wayne County which was the first weekly paper published consecutively since 1870. During this span of life of the Record there have been many changes both in ownership and plant facilities. One of the new changes was the building of its own modern printing building on North Center street which houses an up-to-date modern plant where all the work of assembling a newspaper is accomplished from the raw material gathered by reporters down to the completed paper which requires the help of experienced personnel well trained in their profession.

The Record is welcomed in the homes of this community as attested by the ever increasing subscription list and sales over the counters of both drug stores and at the Record office.

The Record Want-Ad department is one of the most widely read pages of the paper where you will find most anything of value at a reasonable price. So if you have anything to dispose of, it will pay you to run a want-ad in this department.

Aside from the newspaper work the Record maintains an efficient job printing department where a fast growing clientele keeps the presses going at top speed, printing letterheads, business cards, statements, folders, tickets, invoices, envelopes, circulars, booklets and many other forms of printing.

Michigan colleges are in a jam. Enrollment at the University of Michigan is now 14,400 and is due to climb to 15,000 by September. Michigan State college now has 8,200 students and is expecting 3,000 more by fall. Michigan college of Mining and Technology (Houghton) is opening a branch at Fort Brady, Sault Ste. Marie. Other institutions - Wayne, U. of Detroit, Adrian, Holland, Albion, Hillsdale and Alma - can accommodate only a limited increase because of lack of classrooms and housing facilities.

Nationally, it is forecast that 500,000 veterans will be denied a college education this fall.

Nearly 30,000 war veterans in Michigan are receiving an education with financial assistance from Uncle Sam. About one-half are students at universities and colleges; 7,200 at business schools; 830 at teacher colleges. The remainder are enrolled in "on-the-job" training programs and are getting related instruction.

tion through locally-organized Veteran Institutes and the public schools.

Some real estate dealers are misrepresenting homes to war veterans, according to Howard M. Warner, state corporation and securities commissioner. Charles Fig, state director of agriculture, sees no immediate relief in sight for shortage of dairy products. Democratic leaders in Wayne county are dismayed at prospect of a beer drought. Andrew Wisniewski, county chairman, journeyed to Washington and conferred with Robert Hannegan, national democratic chairman.

Net profits of 222 licensed small loan companies averaged 7.17 per cent in 1945. E. William Nelson, state banking commissioner, reports that the small loans (\$300 or less) totaled nearly \$29 millions and averaged \$175.27 each. Dr. Eugene C. Keyes of Dearborn is the champion letter-and-postcard writer of the 1946 primary campaign. His postage bill is estimated at well over \$20,000.

Proposed governmental reform: That the senate finance committee and the house ways and means committee should hold joint sessions at Lansing and should reduce their membership from eight to five, respectively. The recommendation comes from the Detroit bureau of governmental research. Tire blowouts this summer are expected to add to Michigan automobile fatalities. Reason: Synthetic tires can't stand excessive heat. When the temperature is 90 or more, do not drive more than 50 miles per hour.

Michigan's mechanical "know-how," Uncle Sam's ace-up-his-sleeve during World War II, is being currently ballyhooed by Governor Kelly, the state department of aeronautics and the state planning commission. If the promotion is successful, Michigan will be chosen as the site for the \$300,000,000 air engineering research center of the U.S. army air corps.

Storage of hay on the same day it is cut will be possible through use of a new "haymaker" machine, scheduled for 1947 production by the John Bean Manufacturing company, Lansing. The device cracks stalks of hay and mechanically dries them. Because politicians wished to avoid the July farm rush and the June 25 bass fishing season, the 1946 primary will be held Tuesday, June 18. One result: Longest political campaign in state history.

Howard Nugent of Bad Axe, speaker of the house and republican candidate for lieutenant governor, has always treated state legislators with courtesy and fairness. He received a big dividend last Wednesday (June 5) when state representatives and state officials honored him at luncheon in Lansing. Nugent received an unusual compliment from Governor Kelly: "Michigan's best speaker."

A pictorial history of Michigan State Troops and their service during World War II is to be undertaken this year, it is announced by Major Gen. Thomas Coladay. It is very unlikely that Governor Kelly will call a special session of the legislature this fall to consider a veteran bonus. Why? Favorable small business question of President Truman. Every one of the small business gives tax or three men a chance to be big shots in their communities. When we were a kid in Indiana, the same idea was used in this way: "A big toad in a small puddle."

One of the worst black markets in eggs in history is being forecast for this fall. Dividing supplies of poultry and livestock feed are discouraging production of chickens, eggs, turkeys, milk and meat. The Michigan Railroad association is concerned over a "current epidemic of juvenile trespassing on railroad property. Youngsters throw stones through car windows. Passengers are cut by flying glass. The nation's casualty list of boys and girls, injured or killed while trespassing on railroad property, is said to be staggering. Hence the urgent plea: "Don't play on railroads!"

Highlights of Detroit's golden jubilee: An audience of 2,500 industry leaders rising in spontaneous tribute to Henry Ford, symbol of Detroit automotive genius. It was this native of Dearborn who courageously established a \$5 daily wage minimum, who gave America its first low-priced automobile, who founded the Ford Motor Institute and Greenfield Village as an outstanding Detroit attraction. Henry Ford, the rugged individualist, the symbol of free enterprise.

Second in the citation of the automotive people who had as emblem for the pioneers dinner was Lt. General William S. Knudsen, former president of General Motors. A native of Denmark who came to this country in 1914, Knudsen is noted for his patriotic service during World War II. His example is an ideal of opportunity. A devoted, tolerant man. Yet a man like Henry Ford, of great vision and action. Such is Bill Knudsen.

The President's emergency labor proposal, which was proposed to the Senate by Michigan Senators Vandenberg and Ferguson, was not favored by many Michigan manufacturers. And here's why. If this program had been a law during the General Motors strike, the government could have seized the plants, inaugurated wage increases recommended by fact-finding panels, compelled executives to continue at their posts and run the business until the company agreed to sign a contract embodying the wage findings.

Any profit earned by government operation would have gone into the U.S. treasury - a shortcut to nationalization of industry. Labor could have been drafted into the army by presidential decree. If General Motors executives had refused to keep the plants running, they would have been subject to court injunctions and possible imprisonment or to the alternative of being inducted into the army. All of this could have happened if the Truman program had been enacted by

Congress prior to the General Motors strike.

The pheasant is coming back in Michigan. Michigan outdoor writers, assembled last week-end at Higgins Lake, were almost unanimous in reporting an increase in pheasants due to favorable nesting weather this spring.

W. C. T. S. HAS HIGH PRODUCING HOLSTEIN
Brattleboro Vt., May 29 - A registered Holstein-Friesian cow in the dairy herd owned by the Wayne County Training School, Northville, has recently completed a 355-day production record in Hereford Test of 639 pounds of milk. The Holstein-Friesian Association of America announces. This is more than 3 1/2 times the production of the average dairy cow in the nation.

Her official name is Wacots Princess Alta May 1927496. She was milked 3 times daily and was 7 years, 7 months of age when she began her test period. Her sire is Wacots Prince Sylvia 703624.

Testing was supervised by the Michigan State College of Agriculture in cooperation with The Holstein-Friesian Association of America.

A picture of you and your telephone

No, no, NOT THAT! We certainly do not suggest that you include your telephone's photo in the family album. But you may welcome a picture of your telephone service - and how we plan to make it bigger and better. So here goes.

Right now we are working at top-speed on a 5-year \$150,000,000 expansion and improvement program. Our first objective is to supply service to the thousands of families who are still waiting for telephones. But this program is intended to do much more than that. It will enable us to care for future growth and give everyone the kind of service wanted when and where it is wanted.

And Michigan Bell's earnings are in the picture, too, for good telephone service depends on adequate earnings. Thousands of thrifty people have their savings invested in Bell System securities. Their money makes good service possible. In fact, Michigan Bell's \$150,000,000 post-war program will be financed largely by these and other investors. And that program will provide more and better telephone service for you.

So you see, telephone rates - such a small part of your monthly budget - must be maintained at a level which will keep our earnings adequate. Otherwise, investors would not put their money into the telephone business, and the future quality and extent of your telephone service would suffer.

We believe our customers want good telephone service, even if it costs a trifle more than inferior service.

Technical improvements over the years have brought rates for good service down and have kept them down in the face of rising costs. But if the recent rapid rise in costs continues, rate increases may become necessary. In any event, Michigan Bell wants rates no higher - and no lower - than necessary to insure good telephone service.

Thanks to Our Customers!

Thank you for helping us during the coal shortage by reducing your use of electricity.

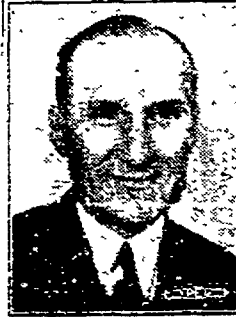

We thank Governor Kelly and his staff, the Michigan Public Service Commission, Mayor Jeffries, members of the Common Council, the mayors of other cities throughout our territory, and the Board of Commerce for their help. We are grateful for the support of the press and radio in explaining the necessity for saving electricity.

We appreciate the help given us by the Public Lighting Commission of the City of Detroit, Consumers Power Company and Ford Motor Company, from whom we received electricity over existing interconnections. Industry and business and citizens all willingly cut their use of current.

Our Company tapped every resource to stretch dwindling fuel supplies. For example, where possible, coal burning furnaces were temporarily converted to oil. As a result of all this effort it was possible to avoid more drastic curtailment of electric service.

Coal is now being received and barring further fuel interruptions we expect to be able to meet all your needs for electric power and light.

Funke-Herter Nuptials at Our Lady of Victory Church

Our Lady of Victory Church was the scene of the marriage of Marcella Funke of Beal avenue and William Herter of Plymouth at nine o'clock last Sunday morning. Mr. Lorenz Woods read the double ring ceremony before an altar decorated with palms and white gladioli.

Mrs. V. Bielejeski, the church organist, rendered Lohengrin's "Wedding March" and also sang several selections. The bride, who was given in marriage by her father, Alexander Funke, wore a shell satin gown with a long train and a fingertip veil held in place by a beaded tiara. She carried a bouquet of white carnations.

The maid-of-honor, Constance Skiba of Centerline, cousin of the bride, wore a lettuce green gown. A sister of the groom, Rosemary Herter, acted as bridesmaid and wore a pink gown; both girls carried bouquets of pink carnations. Lorraine Funke, Marcella's sister, served as flower girl, attired in a white net and crepe dress.

Vincent Herter, brother of the groom, was best man and Merle Hartung of Harbor Springs and Mr. Jarsky of Plymouth were ushers.

Mrs. Funke chose a yellow print dress with white accessories and Mrs. Herter wore a pale blue dress with white accessories. Both mothers wore coronas of pink carnations.

A breakfast was held at the Funke home on Beal avenue immediately following the ceremony, for seventy-five guests. A reception dinner was given later in the day after which the couple left for a week's motor trip to Virginia. For traveling, Mrs. Herter wore a yellow dress with white accessories. The couple will make their home in Plymouth, where Mr. Herter is employed.

Marcella graduated from Northville High school and Mr. Herter from Plymouth High. He was recently discharged from the service.

Calvary Methodist Church of Redford was the scene of a lovely wedding on the evening of June 8 when Pearl Booth, daughter of Mrs. Frances Booth of Patton avenue and Bernice Coleman, son of Mr. and Mrs. Johnson of Warren avenue spoke the vows before Rev. John Greenwood.

Pearl, who was given in marriage by her grandfather, Mr. E. Booth, wore a gown of white moire a laiton with a tight bodice and full skirt. Her fingertip veil of allusion was held in place by a heart shaped band of lace and she carried a shower bouquet of white carnations.

She was attended by her sister, Mrs. Blanche Bound as matron of honor and Miss Stanley Duggan as bridesmaid. Mrs. Bound wore a gown of shell pink net over a blue and carried a bouquet of pink carnations. Mrs. Duggan wore a gown of blue and carried a bouquet of pink carnations. The ceremony was assisted by her brother, Gerald, as best man and Frank Moore and Cal Isaacson as groomsmen and junior ushers respectively.

A reception for 100 guests was held at the home of Mr. and Mrs. Stanley Duggan of Heyden Ave. The Booth family formerly resided on the Booth farm on Seven Mile Road, now owned and occupied by Mr. and Mrs. T. N. Kampf.

Entertains at Misc. Shower
Dorothy Leavenworth, a bride-to-be, was guest of honor at a miscellaneous shower given by Shirley Hodge on Tuesday evening of last week. Twelve former school mates gathered at the Hodge residence on High street for this pleasant affair.

Announce Engagement

Mr. and Mrs. Clyde P. Johnston of Novi announce the engagement of their daughter, Nellie M. Johnston, to Theodore E. Remien, son of Rev. and Mrs. M. J. Remien. The wedding is set for June 28.

Dean Griswold Is Oldest M.S.C. Graduate

Species of commencement time at Michigan State College would not be complete, as far as Northville interest is concerned, without reference to the fact that one of our residents, Dean F. Griswold of Dunlap street, is the holder of the "honorary cane" as the oldest living graduate of that institution.

Mr. Griswold, a graduate of the Class of 1875, has held the cane for the past four years. This honorary award was presented by Pres. Hannah of the college. This year's commencement festivities are the first this ninety-three year old M.S.C. alumnus has missed attending.

School Children Enjoy Picnic

Children of the Northville Grade Schools wound up the school year with picnic and trips last Wednesday.

Miss Keith's first graders journeyed to the Royal Oak Zoo, Miss Nelson's second grade spent the day at the Palmer residence on Novi Road and Miss Bailey's fourth grade visited at the Froctor home on Eight Mile Road. Oh Boy! now for a good Hot Bath

They know from experience that there is nothing like a glorious, warm shower bath to soothe and relax their tired, aching muscles. They know too, that even though they have used many gallons of steaming hot water to aid them in their cleaning work that their automatic gas water heater will have an ample supply of hot water on tap for that soothing bath they look forward to with so much anticipation.

For better living, better health and greater cleanliness, plan now to install an automatic gas water heater as soon as possible.

JUNE 30 A BIG DATE FOR ARMY MEN!

If you have been discharged from the Army—if you held a grade and wish to retain it—if you have dependents—then act now... June 30, 1946, is the last day on which you can enlist in the Regular Army and still take advantage of two important benefits—retention of your old grade and family allowances.

Family allowances for your dependents will be continued throughout your enlistment only if you enter the Regular Army before July 1, 1946. If you have been discharged from the Army and wish to re-enlist at your old grade, you must enlist within 90 days after your discharge. And in 1946, think over Africa.

(Continued from front page)

The school song, led by Milan George, was sung by the class and a barbershop quartette with Alvin Wm. Stinson, Joe Felber and Keith Simons, presented two numbers.

The class sponsors, Mr. Ellison and Mr. Mollie, were presented with gifts of appreciation for their service to the class.

Corine Clark played both the processional and recessional.

Acting as usher for class night were the following members of the Junior class: Al Bidwell, Charles Cole, Dean Nitzel, Mildred Fritz and Pat Frid.

The final and most important on the week's calendar of events was the commencement program on Thursday evening. Rev. E. E. Rosow gave the invocation and benediction. Music was furnished by Joseph Fisher, soloist, and Julia Ann Lewis, pianist. "The Star Spangled Banner" and "America" were sung by the audience. Both the processional and recessional marches were played by Corine Clark.

Florence McCluskie and Elizabeth Mayer presented the salutatory and valedictory as top honor students of the class.

The address of the evening was delivered by Dr. Samuel Harrison, president of Adrian College. Dr. Harrison, who is a brother of G. V. Harrison, principal of the Northville High School, gave an inspiring talk to the local graduates.

Scholarship awards made at this time will be announced in next week's Record.

The sixty-three members of the graduating class were presented by Principal Harrison and diplomas awarded by R. H. Amman, superintendent.

Juniors who ushered on Thursday evening were: Al Bidwell, Joanne Pack, Wm. Barber, Hugh Lockhart, Sally Nutter, Marge Boyd, Mildred Fritz, Pat Frid and Irene Bodors.

Cub Scout News

A Pack committee meeting was held June 5th at the home of Mr. and Mrs. Arthur Carlson at which a spirited discussion took place as to the merits of baseball versus soft ball. After hearing all the arguments and fever, the committee decided that baseball is baseball, hard or soft.

OBITUARY

MRS. MARVIN SLOAN.
Mrs. Marvin H. Sloan passed away at Mt. Carmel Hospital, Detroit, on June 7 after but a few hours' illness.

Funeral services were held at the Casterline Funeral Home Sunday, June 9, Rev. Harold Fredsell officiating. Interment was made in the family plot at Rural Hill.

Miss Cora Sloan, a sister-in-law, survives as do several cousins, nieces and nephews.

The daughter of Thomas and Catherine Dean McKinley was born March 8, 1865 at New Hudson, Michigan. Her early adult years were spent teaching school.

On May 26, 1885 she was united in marriage to Marvin H. Sloan, who preceded her in death eleven years ago.

Mrs. Sloan had resided for the past sixty years on the Sloan homestead on West Seven Mile Road. She was the senior member of the Northville Woman's Club, being a past president and life member of that organization in which she had always been very active. She was affiliated with the Presbyterian Church and was a willing worker in the Woman's Union of that church.

ELMER JACKSON.
Elmer Jackson passed away at a hospital in Toledo, Ohio Tuesday, June 11, at the age of 52 years.

Military funeral services were held at the Casterline Funeral Home Thursday at 2 p. m. with Rev. Harold F. Fredsell officiating. Burial was made in Yerkes Cemetery.

Mr. Jackson, who was a veteran of World War I, had lived in Northville most of his life, the past few years being spent in Ohio.

He is survived by two brothers, Harry Jackson and Albert Stockman of Northville and two sisters, Mrs. Shipley of Plymouth and Mrs. Perry Austin of Northville.

Senior Activities

The last week of school was marked by various parties given by the senior class members. Stella Poulos was hostess to a senior open house on the evening of June 8th. Keith Simons served refreshments to a group of seniors after basketball services Sunday. Two open houses were held, one at the home of Mrs. Van Houten and the other by Wynne Van Houten Wednesday eve. Last night will entertain a group of seniors tonight at a swimming party.

Ray Elliott is a new member of the Rotary Club.
