Attendance on Last Night of Racing Tops Record

12,181 Patrons Pass Through Gates; Racing Card Good

On Saturday night last the curtain came down on a grand and glorious conclusion to the first summer meet at Northville Downs. 12,181 patrons passed through the gates to witness the excellent card prepared by John Dailey, Race Secretary. This is the largest crowd ever to see harness racing in the Wolverine State. All pari-mutuel records for the Downs were broken when \$137,123 passed across the boards to make a grand total of \$2,165,422 for the eighteen day meet. This brings the average daily handle up to \$120,361.

These figures are vivid proof that Sam Wiednick, General Manager and Treasurer, was justified in his prediction that the little suburban oval would become one of the greatest harness racing tracks in the country. He was undaunted in his prediction even when the first night's take back in 1944 was only \$900. He had the courage of his convictions and stuck by. He says, "It's a great little track—as good as there is. We'll hit the \$200,000 mark yet."

Elmer Conrad of Corydon, Indiana set a record all his own when he drove five winners Tuesday, July 30th. The first victory was with Judy Ann Protector, 15, own five year old mare. He then took two double headers with Kay Castle and Miss Ruby, also from his own stock. Ernie Swarthwood tried to duplicate his performance on Friday night and came within one victory of doing it. On Saturday night Swarthwood surprised everyone by winning with Sierra Friend, beautiful two year old filly owned by V. L. Baxter of Flint.

Among the highlights of the final evening was the presentation of drivers' awards. Fay Flude Lark was awarded a \$600 check for the accumulation of 137 points; Tom Winn was second with 83 points and his prize was \$150. A new precedent was set when Tom Mills was given \$125 for the highest percentage of firsts, seconds and thirds in ratio of number of drives he made.

The night's racing would not have been up to par without at least equaling a world's record. Miss Ruby came through in the seventh race by tying the record of 1:07 1/4, doing the half in 59 1/2 seconds from wire to wire. The favorite was Little Jack, a champion in his own right, but Miss Ruby took off on top and beat the field by two lengths. The pacers showed a distinct superiority over the two trotters in this Free-for-All Trot and Pace.

The ninth race was run at the unusual distance of 1 9/16 mile with the same field of trotters and pacers coming back with the addition of Charming Scot, holder of the track record of 2:12 for the mile and a sixteenth. Gienyce, champion trotter, of whom much was expected and who holds the world's record of 1:07 1/4 for 9/16, got away to a very bad start. The long distance seemed to be too much for her and she finished last. Charming Scot polished off the field tirelessly, including Little Jack who holds the world's record for a mile and a half, and retired from the meeting unbeaten. The time of 3:18 1/4 established a real record at this odd-distance for others to shoot at in the future.

Called Home by Drowning Accident

Mr. and Mrs. Howard Atwood and small daughter of High street, who left Saturday for a vacation visit with relatives in Delhi, Ont., were called back by the sad news of the death by drowning, Sunday, of Mrs. Atwood's brother-in-law, Ralph Baker, of Williamson. The Atwoods went to Williamson for the funeral services following their arrival here early Monday morning.

Mr. Baker, his wife and four small children made their home on a farm south of Williamson. On Sunday the family, with the two Atwood sons, Harold and Donald, who were spending part of the summer on the farm, went to Half Moon Lake for a cooling off. After wading in the lake with the children, Mr. Baker swam to a raft about 100 feet from shore and in diving into the water, the raft was drawn under him. He was only 35 years old.

New Principal

Name Principal for High School

Cyrus E. Pierce of Mason to Succeed G. V. Harrison

Cyrus E. Pierce of Mason has been named as the new principal of Northville High school, succeeding Gerald V. Harrison, who resigned some time ago.

Mr. Pierce comes to Northville from Mason where for the last seventeen years he has taught in the city High school. He served as athletic director in that school for two years and was principal there for three years. Previous to this, Mr. Pierce had taught five years in Livonia where he served as principal, taught science and also served as athletic director.

Cyrus Pierce studied at Michigan State College and Central Michigan College at Mt. Pleasant, receiving his Bachelor of Arts degree in Social Science and English from the latter school in 1931. He completed his graduate work at the University of Michigan in 1931, receiving his Master's Degree in educational administration.

Mr. and Mrs. Pierce and son, Malcolm, who will be a junior in High school, will make their home in Northville as soon as living accommodations can be found.

One Injured in Auto Accident Tuesday

On Tuesday evening of this week, at 8:24 p.m., automobiles driven by James E. Lynn of Grand River and David D. Gearns of Plymouth collided on the corner of Northville and Six Mile Roads.

Lynn was traveling north on Northville Road and in making a right turn onto Six Mile was said to have been struck on the right side by the car driven by Gearns, who was also making a right turn but on the shoulder and at a reportedly high rate of speed. After striking Lynn, Gearns careened off and struck a car driven by Hazen Race of Detroit, who was waiting at the intersection.

The only person injured was Gearns, who was treated by Dr. Harold Sparling, stitching being necessary in both of Gearns' arms.

Collect Six Tons of Scrap Paper

Scouts Remind Housewives to Continue Saving Paper

The Boy Scouts of Northville collected six and a quarter tons of scrap paper in the recent drive held in the community, according to Harold Parmenter, Scoutmaster.

The total tonnage of paper collected in this drive did not exceed the previous one which yielded seven tons.

Novel Lumber Company loaned the Scouts the use of their truck which added greatly to the success of the drive and the Scouts are very grateful for the use of same.

Housewives are reminded to keep on saving their old newspapers as another pick-up by the Scouts is planned for the near future.

Mr. and Mrs. Wesley Hackett of Eight Mile Road organized the Treasure Hunt parties in the village in January of this year and they have proven to be very popular with Northville young people, the attendance having tripled in about six months.

Each participant of the party was given a scatter clue which sent them to one of the Biddle Buses. Other points visited in the search were Waterford Nestroom, Northville Gravel Pit, Mausoleum at Rigel Hill cemetery, monkey-gym in Northville Grade school. (Continued on Back Page)

Recreation to Stop Swimming

Other Activities to Run As Scheduled

Swimming at the pool near the Pickett Gravel Pit on Seven Mile Road, under supervision of Recreation director, Don Bray, will be discontinued beginning this week-end. This precautionary measure is being taken in cooperation with health authorities who favor such action because of the polo epidemic which is prevalent in the United States.

To take the place of this activity, games will be offered in the High School building and grounds from 2 to 4:30 each day, led by Mr. Bray. Junior High boys and girls may indulge in archery, soft ball, ping pong, chess, basket ball, checkers or horseshoes.

The program for grade school youngsters will continue as scheduled through Friday, August 16. Mrs. Russell Shedd is in charge of this feature of the summer recreation plan for village boys and girls.

Recreation for High School folks will go on as arranged. The last hard ball game for the season is scheduled for 8 p.m. August 20 at Nankin Mills.

The Northville Junior High hard ball team was defeated by the Plymouth Cardinals in the game played here Tuesday evening.

A past president's pin was presented to Luther Lapham, the Rotary luncheon, Wednesday.

Proclamation

Whereas, the governor of this state has by proclamation designated Wednesday, August 14, 1946, as "Victory Day" of World War II; and

Whereas, this day is the anniversary of one of the greatest dates in the history of this nation and of all mankind marking as it does world triumph of right over might and of freedom over slavery;

Now, therefore, I, Forrest Doren, as president of the village of Northville, do hereby call upon all patriotic citizens and organizations of this community to join in the American Legion in observing "Victory Day" of World War II on Wednesday, August 14, 1946, in fitting ceremonies and exercises to honor the memory of all those who gave their lives on far-flung battlefields that we might remain free, and to pay tribute to the heroism and devotion of our fighting men and women.

I urge all citizens and business establishments to display the American flag and those of our allies, and to participate in a demonstration of our local rededication to the unfinished task of establishing peace.

I further urge that every man, woman and child of this community have the opportunity of taking part in an impressive exemplification of our city's patriotism and of its pride in and gratitude to all those who served our country so nobly and so successfully during the recent conflict.

Former Communist Says Soviets Are Planning War

Statement to Rep. George A. Doroder Reveals Russia's Plan of Aggression and Fifth Column Subversive Schemes

Germany, but only on his own terms.

If the western allies yield to any terms which give the Soviets effective control of all Germany, they will have turned over all of Europe, with Caina logically following into Stalin's empire, he asserts. Thus the western allies will have lost the peace. He concludes his statement with the assertion that so long as American and British diplomats follow a policy of appeasing the Soviets, just so long will they have two strikes on them."

"Since when," he asks, "has our Constitution protected agents and agencies of a foreign power operating against us within the United States?"

He was discharged on the 4th of March, 1919 and was awarded the Croix De Guerre and Purple Heart.

He enrolled in the University of Michigan in September of 1919 and graduated from law school in 1923. He then started to practice law in Grand Rapids. In 1925 he was appointed Assistant Prosecutor in Bay City, Bay County. He was elected Prosecutor in 1928, and re-elected in 1930. In 1931 he resigned and was appointed Probate Judge returning to private law practice in 1933.

Mr. Smith is a member of the V.J. Celebration Post No. 18 of Bay City—the largest American Legion Post in the State of Michigan. He served as Department Commander of the American Legion of Michigan during the year 1937-1938, for two years was National Executive Committee and at present is Chairman of the Department Constitution and By-Laws and Legislative Committee.

Rev. J. J. Halliday, who will give the dedicatory prayer is a former member of the local American Legion Post and has been in the ministry for the past forty-seven years, ten of which were spent as a pastor at Salem. He was chaplain of the famed Rainbow Division in World War I and at present is chaplain at Veterans' Hospital in Dearborn.

Northville's celebration will be held in conjunction with the more than 500 American Legion posts in every corner of the state which are planning festivities for this day. Gov. Harry F. Kelly has proclaimed the day a state holiday. Michigan is the first state in the Union to commemorate by legislative action the V-J Day anniversary.

New Peach Varieties Please

Two peach varieties originated at the Michigan State Experiment Station, Haven, Michigan, are now grown in commercial quantities.

In cooperation with the American Penological Association, Michigan fruit growers, department of Horticulture, Michigan State College, research has been completed when results of the Elberta still lead. Both Haven and Haven were developed by Stanley Johnstone, professor of horticulture at MSC, and in charge of the South Haven station, have been considered in favor.

While Elberta has long been the leading variety, the new varieties ripen earlier and tend to distribute the peach season over a longer period of time. The Redhaven is attracting attention also, owing to its fine color of fruit and excellence of the canned product.

Control Dogs and You Control Rabies—But That's Not Easy

Controlling rabies is merely controlling the dogs. But Dr. B. J. Killham, extension specialist in animal pathology at Michigan State college, says controlling dogs is not so simple. Sentimental consideration for dogs and other factors interfere with well-intended quarantine restrictions, dog ordinances and regulations.

While most species of animals, including man, may become infected, the spread of hydrophobia is usually through the dog. It is not necessarily a seasonal disease, but it is more prevalent during warm weather because then the dogs travel most, Dr. Killham contends.

A dog bitten by a rabid animal, may not develop rabies for weeks or even months after introduction of the virus, Dr. Killham explains. By that time the dog may be many miles from the location where infected. He then starts a rampage of his own. Dr. Killham says actual reports show dogs travel as far as 60 miles while engaged in biting animals and persons.

Dr. Killham tells of a vaccine that has now been developed which will protect dogs for a period of about a year after one treatment. Control of rabies, however, will never be effective until the movement of dogs is restricted, stray dogs eliminated, dog laws, ordinances and regulations enforced and due regard given to dog bite antiseptics.

WHAT IS IT? . . . College of William and Mary, Williamsburg, Va., had Ward's Natural Science, make this bird with bird legs of a cat, backbone, wings, breastbone and neck of a chicken and skull of a cat's head. Few students could identify it. Instructor had to explain the combination.

Wayne County Health Department Issues Precautions for "Polio Season"

The Wayne County Health Department calls the attention of the residents of the County to the prevention of paralysis may be fact that with the advent of the "Polio Season" of 1946, there is a marked rise in the number of these cases now being reported in Michigan.

Already there have been quite a number of cases reported from the County outside the City of Detroit. There has been one death and the indications point to a more severe type of the disease than in the epidemic of 1944, when there were 59 cases reported in the out-county area of Wayne County with no deaths.

Parents are urged to take the following precautions regarding their children:

1. Keep them away from crowds and from contact with strange children, and especially keep them away from sick persons.

2. Have them avoid over-exertion from playing or swimming. Over-fatigue lessens their resistance to the disease if exposed to its infection.

3. Encourage personal cleanliness and ways of washing hands after visiting toilet and before eating.

4. Protect all food from flies, use only pasteurized milk and safe water.

5. If child shows any abnormal symptoms call physician immediately and in meantime isolate him from other children. Early mine.
