Here is the Latest News about Chevrolet Deliveries Everybody from factory to dealer is doing everything that can be done to speed deliveries to you. We have been informed by the Chevrolet Motor Division that the past month has witnessed only a slight improvement in the rate of production of new Chevrolet passenger cars. As a result, shipments of new cars to dealers for delivery are still far below the level we and the factory had hoped to attain by this time. In fact, through August, Chevrolet's output of cars in 1946 was only 22.6% of the number turned out during the corresponding period of 1941. We know that Chevrolet is doing everything possible to step up its production totals—to ship more and more cars to us and to its thousands of other dealers throughout America ... and we know, too, that we are assured of getting our full proportionate share of the current output and of future production gains. Disappointing as the total figures have been—and despite the fact that Chevrolet was out of production entirely during the first three months of the year—it is nevertheless true that Chevrolet led all other manufacturers in production of passenger cars during June 1946, and has continued to maintain its lead in total production from that day to this. We shall continue to make deliveries of new Chevrolets to our customers just as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you take delivery of your new Chevrolet, giving BIG-CAR QUALITY AT LOWEST COST! HERE ARE THE ANSWERS . . .

- Saccharine or brown sugar is not recommended for the canning of fruit, but honey or corn syrup may be combined with sugar in the making of syrup.
- Main or iodized salt may be used in canning, although plain salt is generally recommended in the preparation of pickles.
- A half bushel of peaches will require 10 to 12 cups of completed syrup.
- Open jars, drain syrup. Heat syrup to boiling point and pour over fruit in jars. Use new lids and reprocess for one-half of the original time.
- Use paraffin immediately.
- Loss of liquid in a jar does not affect the keeping quality, provided the seal is perfect.

Weekly Reminders

Why do I have so much to say about professors of religion? The Lord doesn't like to have people take his name in vain, cursing and swearing, and speaking in his name without authority, from Him.

He also dislikes to have people use the scriptures for a meal ticket, or for getting money under false pretense, by stealing His words from other men's writings, or from their own dreams and revelations.

For some time the Lord has been trying to get some one to do something about the profanity, swearing, and star-boarders with forged meal tickets.

Finding no response among the self-righteous and book learned, who set up their own creeds and standard of righteousness, the Lord picked a man who knew he was an awful sinner, and then sought the Lord for wisdom, understanding and forgiveness.

This man's honesty, sincerity and confession, so pleased the Lord that, in return, He manifested a spirit of forgiveness by giving unto him wisdom and understanding, and filled his heart and mind with a dislike for the things he disliked so that the man would do something about it--of course the man can do nothing about it himself but after the profaners have been

warned, by one having authority, then the Lord can, and will, meet out a just punishment.

In my youth the professors deceived me through their evangelical enthusiasm. And with their song stirring, hell-fire revival oratory they almost made a proselyte out of me, but the Lord had other plans for me, and when they ducked me in the waters of an inland lake I gasped, choked, and then coughed up what the devil's evangelical ministers tried to inject into me.

Many times, before the Lord gave me understanding, I sat in the seat of anxious expectancy until the preacher would ask: "How many are Christians, and how many are saved? Raise your hand." At first my hand would have a sudden stroke of paralysis, but after passing through a few sieges of soul-savers, quoting scripture, praying and weeping, I would raise my hand to save the embarrassment.

Many a time I have gotten a very faint, or raised my hand, when I knew, in my heart, I was a liar. Saved? Why, while I was standing I often wondered if I could be saved.

As I looked about me, on my fellow creatures, I would see all around me friends and neighbors with whom I had committed all manner of forbidden things, contrary to the commandments of the Bible. Some would look at me and wink their eye. Other not so bold and hardened, would bow their heads in shame.

It is not so bad for one to do wrong, when in ignorance, as it is for one to continue in doing wrong after it has been shown that it is wrong.

In the Bible (Revelations 18:1) it says: "Come out of her ye people, and be not partakers of her sins." Before one can come out of a thing, one must first know what

O.E.S. to Hold Birthday Party

On Friday, Oct. 4th, Orient Chapter O.E.S. No. 77 will hold their annual birthday party, honoring charter and life members, past matrons and past patrons.

Chapter will open at 4:00 o'clock followed by a 8:30 banquet after which a sport program entitled, "An Old Fashioned Flower Garden," will be given.

The chapter will be reopened at 8:00 o'clock by Eva Gray, W.M., and John Litsberger, W.P., for the initiation of five candidates. As this meeting will be the last initiation with the present officers, it is hoped that a "full house" will be in attendance.

Reservations for the banquet are to be made by Wednesday, Oct. 2, with either Merenna Hay or Doris Atwood.

The Lucy Atkins Circle of the M. E. Church will meet at the home of Mrs. Arthur Litsberger on Randolph street. A potluck luncheon is scheduled for 12:30 o'clock. Members are expected to take sewing and articles for the bazaar to this meeting.

Mr. and Mrs. Albert Stockman were week end guests of Mr. and Mrs. John Muroz of Detroit. Other guests were Mr. and Mrs. Fred Vander Weroh and family of Lake Orion.
