NATIONAL FIRE PREVENTION WEEK OCTOBER 6 TO 12

STOP FIRES!

Fight FIRE as you would an invading enemy. For fire is a merciless killer and destroyer of homes and property, comparable to a weapon of war. America was spared the scourge of bombs and rockets, but in this year of peace our fire bill has been the greatest in history. Loss of life has been tremendous. Thousands of now irreplaceable homes have gone up in flames. The fire toll of business and industrial property has run into millions of dollars, not even counting production lost; or job opportunities destroyed. Nine out of ten fires are caused by carelessness — only one "just happens." Do your part to stop fires — don't let them start! Always obey these safety rules:

ALL ARE WELCOME

WOULD YOU LET YOUR SON DO HIS HOMEWORK LIKE THIS?

OF COURSE NOT, you say. Abraham Lincoln didn't become a fine lawyer and a great president because he did his sums on the back of a shovel before a flickering fire.

But—a flickering fire is no more difficult to study by—no more tiring on the eyes—than too much or too little electric light. Our lights aren't poor, you say?

But are you sure? Lights can be very deceptive. You can grow so accustomed to a particular lamp that you won't realize its light is tiring. You may not notice it, but another lamp may glare enough to make a youngster instinctively squint—may cause headaches or even harmful eyestrain.

There is one way, though, that you can be certain about your lights. Ask an Edison Home Service Advisor to call. In a very few minutes, she will check over your lamps and fixtures and make

valuable suggestions for improving the lighting in your home. There's no charge for her visit—no obligation to you. And it's a real "ounce of protection" for your family's eyesight.

FOUR WAYS TO GET THE MOST FROM YOUR LIGHTING—

1 Dust steals light. Keep bulbs, shades and reflector bowls clean.

2 Replace dark-colored shades with light shades with white lining. Flaring sides are better than straight sides once.

3 Use correct-sized lamp bulbs and shades. Too large a size may cause fainting glare. An Edison Lamp Exchange Serviceman will be glad to replace your burned-out bulbs.

4 Have your lamps and fixtures scientifically tested for quantity and quality of illumination. Your Home Service Advisor does this with a light-meter.

WOMAN'S CLUB OPENS YEAR WITH LUNCHEON

About one hundred and twenty-five members and guests of the Northville Woman's Club enjoyed the opening event of the club year, a luncheon meeting at Meadowbrook Country Club, last Friday afternoon.

Garden flowers decorated the long tables at which the ladies were seated for this affair which celebrated the fifty-fourth anniversary of the founding of the club. Mrs. W. L. Leslie Williams gave the invocation.

During the program which followed Mrs. Harvey Whipple extended the president's welcome and Mrs. E. H. Lapham spoke on behalf of the past presidents of the club. Those present besides Mrs. Lapham included Mrs. M. Starkweather, L. A. Abbott, Waldo Johnson, Floyd Northrop, John Christensen, David Dunn, B. Freyell, H. S. Willis, Harry Wagnerschutz, Harold Bloom, Walter Couze and Mrs. W. H. Cattermole of Vandalia, and Mrs. J. N. McLoughlin of Detroit.

Another Mrs. C. M. Chase was unable to attend. Life and honorary members were also honored at this time.

As chairman of the program committee Mrs. L. G. Lee told some of the highlights for the year's program and introduced the speaker for the day, Miss Laurentine Collins, who is a member of the department of school and community relations of the board of education of Detroit. Miss Collins presented a humorous and thought-provoking talk relating to woman's responsibility to home, club and community, stressing the fact that duties and responsibilities rank equally with privileges and rights.

The next meeting of the club occurs October 18 when Mrs. A. W. Hahn will give a book review. Also on this date a tea will be served by new members of the club with directors acting as hostesses.

GIRL SCOUT NEWS

Brownie Troops No. 1 and 2 will repeat their project of last year in making corsages of fall flowers to be sold at the Presbyterian festival next week Thursday.

Mrs. Kuehl and Mrs. Miles are leaders of these troops.

Phyllis Jones' troop will sponsor a rummage sale at the festival.

Area Girl Scouts having uniforms not put to use are asked to notify Miss Jones so that the same may be donated or sold to girls who do not have the necessary outfit.

Scout leaders have recently received many inquiries as to camping for the girls at the Training School pool. The activities will not be possible this year, due to the fact that all available camp space is already filled for residents of the local area.

Girl Scout meetings are being held in the Scout building, corner of Dimond and Hutton. Troops which number about a hundred girls, occupy the place about four days each week.

ORIENT CHAPTER ENTERTAINS

Last Friday evening Orient Chapter, No. 77, O.E.S., held its annual birthday party honoring charter, honorary, and life members, past matrons and patrons. Orient Chapter was instituted fifty-five years ago.

Garden flowers decorated the long tables at which the ladies were seated for this affair which celebrated the fifty-fourth anniversary of the founding of the club. Mrs. W. L. Leslie Williams gave the invocation.

During the program which followed Mrs. Harvey Whipple extended the president's welcome and Mrs. E. H. Lapham spoke on behalf of the past presidents of the club. Those present besides Mrs. Lapham included Mrs. M. Starkweather, L. A. Abbott, Waldo Johnson, Floyd Northrop, John Christensen, David Dunn, B. Freyell, H. S. Willis, Harry Wagnerschutz, Harold Bloom, Walter Couze and Mrs. W. H. Cattermole of Vandalia, and Mrs. J. N. McLoughlin of Detroit.

A committee of members with Mrs. Donald Seccord as chairman prepared a fine chicken dinner, served by men under the direction of Jos. Tremaine, master of the local Masonic lodge. The tables were beautifully decorated with candles and floral arrangements in keeping with the theme of the program, "An old fashioned garden." The worthy matron, Eva Gray, and patron, John Litzenberger, took part in the program together with several officers of the chapter. Mrs. L. A. Babbitt responded on behalf of the charter members. Miss Grace Tremper for life members, Mrs. Gus Regula of Detroit, representing the honorary members. Mrs. John Litzenberger, president of the past matrons club and E. M. Bogart for the past patrons. Music was furnished by grand soloist of the grand chapter of Michigan, Cleon Coffin, and Ray Van Valkenburg of this place, with accompaniments by Mrs. Gray and Mrs. Floyd Ellison. Mrs. Mable Hotchkiss, matron of Highgate chapter, Detroit, gave several readings.

Officers of Orient Chapter performed the initiatory work for five candidates later in the evening.

TELLS OF WORK IN ITALY

The Rev. Albert Anthony, who has recently returned from work among the Protestants in Italy, spoke of the work of the Restoration Fund before the monthly meeting of the Presbyterian Women's Union on Wednesday afternoon at the Church House. Pictures depicting the various areas of need and service were shown. The local church workers are endeavoring to secure during the month of October \$18,000.00. Part of this is to be used toward helping Christian work abroad and to restore the foundation of the century-old Presbyterian church in this village.

Workers are calling throughout the town and each Sunday morning service during October is dedicated to this work.

"Public education in Michigan is critically in need of funds. The sales tax amendment would guarantee schools revenue for a reasonable program," states Dr. A. J. Phillips, executive secretary of the Michigan Education Association.

The Board of Directors of the M.E.A. speaking for its 31,800 members has unanimously endorsed proposed constitutional amend-

ment No. 2 because it offers the only immediate source of sufficient funds to save schools from further "curtailment," continued Dr. Phillips.

Providing a good program of education for the million children enrolled in Michigan public schools, should be the concern of every citizen. Schools suffered during the war period, and their rights have grown worse instead of better. Good teachers are not returning from other jobs, and new candidates are not entering the profession because teachers' salaries have not kept pace with increases in living costs.

The housing situation is just as critical for children in many schools as it is in homes. Crowded rooms, classes in basements, and half-day sessions are cheating a large number of children out of a good education. These conditions plus antiquated heating and ventilation systems, are endangering the health of many pupils.

It is estimated that the sales tax amendment would guarantee at least \$90,000,000 of state aid to schools, about \$90 for every child enrolled in public schools during the next school year. That amount would go a long way toward meeting current needs for salaries, supplies, equipment and other expenses.

A very conservative estimate of the immediate need for state school aid is not less than \$107,000,000 annually. This includes \$36,262,405 for the operation of schools which includes care for the poor, teachers and students. Furthermore, as supplies, equipment, and classroom materials. The board would pass a law corporate to the State to spend \$10 million in state institutions, of which more than one-third would be spent in their public schools each year.

levels in keeping with present costs of living and equal to wages paid workers in comparable fields.

These amounts leave a balance of \$18,260,000 as a start toward school building programs. During the war period, from 1939 to 1944, the average annual expenses for capital outlay (such as building expenses) was only \$3,140,000. This was a tremendous drop from the average annual expenditure of \$23,400,000 during the period from 1923 to 1928.

If we allow \$18,260,000 as the additional amount needed for school buildings next year, we are anticipating no more than was spent annually during the more normal period of twenty years ago.

A recent survey by the State Department of Public Instruction shows an immediate need for additional classrooms which at present prices would cost at least \$92,701.00 to build.

To summarize: Estimated state-aid needs for the current school year for salaries for all public school employees and needed equipment.

\$ 36,262,405

Average annual additional school building needs

18,260,000

Total \$102,532,405

"There is no need to fear that the amendment would prevent the state Legislature from continuing a formula of school distribution to equalize school opportunities throughout the state. The amendment would guarantee to public schools annually from the general fund of the state an amount equal to 42.5 percent of the sales tax revenue of the preceding fiscal year, in addition to one-sixth of the current sales tax receipts to be distributed as the Legislature shall decide.

Under the present state school formula, the Primary School Interest Fund (which is an allotment per census school child) is a deductible item from the gross allowances for each school district. The same plan of distribution could be applied to funds of the sales tax amendment old proportion.

Nowhere is there any provision for other essential services of state government could be cut down. There is every reason to believe that present and future revenues from the sales tax plus increases in the sources of income to the state government will be sufficient and proportionate to meet all of the needs of the state and other departments of government.

If the sales tax proposal becomes law, it would be a step in the right direction, for which a new source of revenue should be provided.

Federation, the largest anti-Nazi organization in Michigan, has an innovation in Michigan's gun laws. Hunting regulations are reported to be more stringent now. It is expected that the new laws will fine tune up the existing laws.
