To the Editor

New York City
 October 21, 1946

This will extend to you my most grateful thanks for your letter and all the Records which I received this morning. I have spent a most enjoyable evening bringing myself up-to-date on the happenings of my old hometown—Northville.

I usually get the Record either Saturday or Monday, so when they didn't arrive this last week, I then wrote you.

It was most interesting to note in your last issue the photograph spread of your present staff and among them especially Hazel Boyden, who was a classmate of mine.

In the 35 year column of the last week I noted the tragic death of my uncle Herbert M. Lowe and in one of the Records in a five year column was the tragic death of my brother Milo White.

How the Record Staff has grown and I am sure they are keeping up the fine tradition of the oldest paper published outside of Detroit, The Northville Record. The best of luck to a very fine newspaper.

Believe me to be gratefully and sincerely yours.

H. H. WHITE.

CARD OF THANKS
 I wish to express my sincere thanks to my friends for their many kind messages and remembrances during my recent hospitalization.

Democracy Marches On

Delegates from local units representing the more than 15,000 members of the Michigan Milk Producers Association convene at Lansing on November 7 for their 30th annual meeting.

In the traditional manner of a democracy, these Delegates were elected by the general membership and speak the majority voice of all Association members on matters of major policy and administration.

Because these Delegates represent a large and important segment of all residents of this area, it follows that what is good for MMPA members likewise reacts to the public good.

The inter-dependence of dairy farmer and general public has been recognized by MMPA from its inception 30 years ago.

It has prompted Delegates to foster new scientific safeguards for public health protection;

It has led Delegates to sponsor production methods for increasing the quantity and quality of milk to meet increasing public demands for nature's best food at its very best;

It has enabled Delegates to set up administrative procedures for cooperative marketing and mutual aid which cost less than one per cent of gross sales—far less than administrative costs of the American Red Cross, Community Fund and similar activities;

It has resisted taking temporary advantage of abnormal conditions to obtain "quick money" at the expense of sound long-range planning;

It adopted more than a decade ago the base-and-excess plan which authorities on milk marketing have called the best year-in, year-out program ever devised for the advantage and protection of both milk consumer and milk producer.

Out of this background of successful operation, Delegates on November 7 will lay broad plans for sound future growth.

And action of the Delegates, you may be sure, will adhere to these basic principles of Democracy on which MMPA has operated for more than three decades—Awareness that what is good for the milk producer must be likewise good for the milk consumer.

Mr. and Mrs. Charles Armstrong spent the latter part of last week with relatives in northern Michigan.

Friends have received word of the safe arrival in Idaho of Mr. and Mrs. Freeman Carter, who drove from West Point Park and expect to spend the winter with Mr. Carter's brother.

HALLOWEEN DISCUSSION
"What shall we do about Halloween?" was the topic during the Sunbeam session at the regular meeting of the Sunshine Sisters held in the Neighborhood Church, Wednesday afternoon, October 23rd. Results were both amusing and interesting.

First, each lady present described the manner in which Halloween was observed in the community in which she lived during girlhood days. Many mirth-provoking tales were told. Afterwards, there was a heated discussion criticizing present Halloween customs and suggesting improvements.

"Begging" was regretted, since it leads to so much expense for food that is often wasted. However, it was agreed that householders would better open their homes, receive and entertain callers than to leave the young folks to more mischievous devices. Mothers present declared they usually enjoyed welcoming guests to masquerade.

Community celebrations were recommended, but declared difficult, since our boys and girls attend so many different public schools that community spirit is lacking. Also, it was remembered that most of the actual destruction of property is done after young people have gone home from parties.

Extra police protection was considered necessary and yet not sufficient protection, since everyone recognizes a police car and offenders can easily keep under cover until officers have moved on to other streets or neighborhoods. It was stated that public school teachers might cooperate in bringing about a better state of affairs by educating their pupils to the seriousness of Federal offenses, such as damaging mail boxes.

"Halloween" was still the main subject of conversation during the social hour following the regular program. The next Sunshine meeting will be held in the Neighborhood Church on Wednesday afternoon, November 14th, at 2 p.m. Mrs. Gordon Cameron is expected to meet with the ladies at that time.

Bally Day was a very successful undertaking in the Neighborhood Church Sunday, October 21st. A touching part of the program was the presentation, by children of the Bible School, of a new Bible "In memory of John Johnson" to be kept for a member of the church, Eddie Johnson.

A member of the Bible School, who died several years ago and his birthday would have been recognized by the church on this particular Sunday, October 21st.

A reading "No Room in Heaven" by Mrs. Joseph Sidenko was an interesting feature of the Sunday evening service in the Neighborhood Church.

On the sick list last week were:

Mrs. Edward Imonen, Hubbard avenue; Mrs. John Varhol, Mrs. Doherty and Mrs. Funk, Shadyside avenue; Marietta Shult, Ronald Kline, Stanley Shilling and Austin Ault.

A Big Vote of Confidence for Senator Vandenberg

We believe that the re-election of Senator Vandenberg presents a challenge to the people of Michigan. The Senator has taken the voice of our State into the highest councils of domestic affairs and into the peace deliberations of the world. He has given our State a prominence and an influence in world events that is unequalled in our history. His re-election becomes a matter of State pride.

We are proud of Arthur H. Vandenberg. We are proud that he comes from Michigan. He should be re-elected to the U. S. Senate with an extra big vote of confidence.

And remember this — no matter how heavy his responsibilities around the world, he has never failed you and our home State when Michigan interests have been at stake in Washington.

Let's get out and vote on Nov. 5. Let's "tell the world" that we support our Senator from Michigan.

This message is published in behalf of 100,000 citizens from all 83 Counties of Michigan who placed Senator Vandenberg in nomination in June.

This page is framed by all 48 states. They're accurate in outline but not in relative size.

Without peeking into Junior's geography book, find your own state first. Then see how many more you can identify. (Answers buried below.) Ten right means you're bright. Twenty makes you an honor student. Thirty qualifies you as Secretary of States!

So what? So the folks who own America's business-managed electric companies live in every one of these states. They include a lot of your friends and neighbors—and probably you, too.

How come? Well, several million Americans have invested their savings in electric companies directly. Some 48 million more have invested indirectly—through savings bank accounts and life insurance policies. Banks and insurance companies, entrusted with your funds, like to put 'em to work in sound utility securities.

As a result, almost every American family has a stake in the self-supporting, tax-paying electric companies that provide most of America's power. Thanks largely to good business management, the price of electricity has come down while other prices have gone way up—and this country enjoys the best electric service in the world.

Teen Age Hunters Need Licenses

Recent hunting accidents involving 16 and 12-year old boys bring a renewal of a familiar conservation department reminder to parents.

Junior needs a license to go hunting. Until he is 17, he cannot get one except on his parent's application.

He cannot use it except in the company of his parents or their appointed representative, 17 years of age or older.

Farm boys on their home farms alone are exempt from this parental supervision. And, incidentally, no person under 14 may hunt deer.

Wise Johnny: "What is the difference between a frozen fishman and a Scotch Highlander?"

Wiser Mike: "One is killed with the cold and the other is cold with the kill."

Go Direct

Be it deer, bear or small game you seek — Greyhound will carry you direct to the choicest hunting grounds, and save you money too.

Fares are low. Schedules convenient and frequent. See your local Greyhound agent for latest, improved schedules.

WNUK - LANNING

Jean Wnuik, daughter of Mr. and Mrs. Michael Wnuik of Dearborn, was united in marriage to Edward W. Lanning, son of Mr. and Mrs. Day Lanning of Northville, last Saturday, October 26, at 10:00 A. M. The ceremony took place in St. John's Church in Dearborn with Father Francis reading the double ring service.

The bride was given away by her father. She wore a dress of white slipper satin with a sweetheart neckline, long sleeves and a skirt of white net extending into a long train. The finger-ring was caught to her head by a beaded crown. She wore a string of pearls which are sixty years old, at one time belonging to the groom's grandmother. They came from Germany. Her flowers were white roses and baby mums.

The maid-of-honor was Margaret Baranec of Pennsylvania who wore a dress of pink chiffon. Her flowers were light and dark blue roses. The bridesmaids, Julie Peterson of Inkster and Mrs. Day Lanning of Horton avenue, were identically dressed with rayon bodices and skirts of blue marquisette. Their flowers were yellow roses. Juliet crowns held in place their finger-tip veils.

Joseph Wnuik of Dearborn, brother of the bride, served as best man. John Stubbenvoll and John Hochkins of Northville seated the guests.

The bride's mother wore a dress of blue and white silk. Mrs. Lanning chose a brown suit with gold accessories. Both mothers wore corsages of gardenias.

A breakfast for one hundred guests followed the ceremony in Dearborn. At five in the afternoon a reception was held at the home of the bride's mother, Mrs. Day Lanning, at 15510 Harrison Road, Livonia Township.

The young couple left for a week's trip to Canada following the dinner. For travel the bride chose a black checked suit with black accessories. A white orchid was her flower.

Mrs. Lanning is a graduate of Dearborn high school. The groom graduated from Northville and enlisted in the Army Air Corps in 1941. He was sent overseas in September of 1942. He served in England, North Africa and Italy. He received his discharge October 11, 1945 as a Major Sergeant. He is now employed by the Vultee Aircraft Corporation. The bride was escorted up the aisle by her father. She wore a floor length dress with a white, brocaded taffeta bodice and white net skirt. A tiera of orange blossom pearls held in place a finger-tip veil. Her flowers were white gardenias.

Mrs. Dorothy Kahal of Romulus was the matron of honor. She was dressed in ice blue and carried a bouquet of fall flowers.

Roderick H. Miller from Sunbury, Penn. the groom's brother, served as best man. Clare Eberhart of Ypsilanti and Robert M. Math of Detroit seated the guests.

For her daughter's wedding Mrs. Taylor wore a dress of Royal Purple trimmed in gold. The groom's mother wore a dress of powder blue trimmed in white. Both mothers chose Talisman roses for their flowers.

How to Store Potatoes
Since light causes potatoes to turn green, and taste bitter, they should be covered with cloth or paper or stored in a dark place—preferably where the temperature is about 50°. Below that, there is danger of freezing. Be careful not to bruise, as bruises open the way for decay.

A word to the wives is sufficient... and that word is "hurry!" For you can keep these firm, thick-skinned potatoes all winter long, but we can't... not at A&P's thrifty prices. In fact, we predict that they'll be snapped up in no time by smart shoppers who recognize a good buy when they see one. So if you want your share of our Michigan beauties, better borrow the family car, express wagon or baby carriage, and come and get 'em today!

Prepare Wild Game Properly

While most hunting is done for recreation, hunters this season are thinking of the value of the meat. Proper preparation of wild game is important. Game should be dressed soon after killing so it can be presented to the housewife in an edible and attractive condition.

Of valuable information to the sportsman and those called upon to prepare wild game for the table is a bulletin "Good Eating from Woods and Fields." The publication, "Extension Bulletin 922," was published by the Michigan State College extension service and the Michigan Department of Conservation. It is available without charge from county agricultural extension offices or can be obtained by writing: The Bulletin Room, Department of Public Relations, Michigan State College, East Lansing.

BEHRENDT FOR SHERIFF

Edward Behrendt, in an announcement of his views toward the conduct of the sheriff's office, promises a complete re-organization of the policies, operation, and personnel of that important department of county business.

Behrendt, the Republican candidate, was born on a farm on the outskirts of Detroit, and has resided here all his life. After attending the Christian Day School, he became Township Clerk, then was made a member of the Township Board of Review, and Treasurer of the School Board. The Township was annexed to Detroit some years ago, but Behrendt's interest in County affairs grew stronger, resulting in his service as Deputy Sheriff for four years. This experience can be put to practical use upon his election.

Mr. Behrendt's campaign is being conducted during a leave of absence from his duties as investigator for the State of Michigan, which post he has occupied with great credit for the past six years. He is married and the father of four children, one of whom is an ex-Marine, recently returned from the Pacific.

Behrendt promises a thorough renovation of the Sheriff's office, retaining only those appointive employees who insure up to his high standards of clean, efficient and unblemished conduct.

His attitude toward the dignity of the office is evidenced by his deep sincerity, honesty and freedom from controlling promises to any person or clique. He can, he firmly believes, restore confidence in this most important and useful function of County government. He has been the choice of his party for this office before, and he trusts his friends are confident that he will not only win "re-election," but possibly lead in election November 5th.

Scout Leaders To Hold Annual District Meeting

The Scout leaders of Districts Seven and Ten of the Detroit Area Council, comprising the western part of Wayne County, will hold their Annual Dinner meeting at Belleville High school on Wednesday evening, November 13.

The purpose of the meeting is to name District officers for the coming year and to receive reports from the different District Operating Committees. But, by far the larger part of the evening is the fellowship afforded by the drawing together of between two and three hundred Scouters and their ladies.

The District will have a total of 65 different Scout Units, including 16 Cub Packs, 47 Troops, and 2 Senior Units. Approximately 2,200 men and boys are enrolled in the Program within the District. The District thus formed will become the sixth largest in the nine Districts comprising the Detroit Area Council. Speaker for the meeting will be Walter MacPeck, Scout Executive at Ann Arbor for the past 13 years. Mr. MacPeck is well able to speak on the subject of Scouting, having spent most of his life administering the Scouting Program in several localities.

Local points of the Round-up Program include "Welcome to Veterans" during the week of November 12. During Thanksgiving Week, all Scouts and Cubs will take part in Church and school activities and do special Good Turns. The week of December 1, Scouts from every Troop will demonstrate their camping ability by setting up demonstration camps in their own communities. Every Unit in the Council will be holding "open house" programs during the week of December 8 as the climax of the Round-up Program.

The Ford Field

On October 18, Northville High School played its first game on Ford Field under the new, bright lights. Everyone was pleased about the appearance and arrangements for home games.

What do you think of the field? Do you feel that in time it will pay for itself? Would you rather have to walk to Cass Benton and have your games in the afternoon? If you do feel that the Ford Field is a worthwhile project, put your shoulder to the wheel, help out in any way possible.

When volunteers are asked for, do you say, "I'll be glad to help in any way?" If so, you have the old heave-ho, which is necessary for a small town to swing such a project. Mr. Locke reports that everything should be completed and ready for use for the Plymouth game on November 15. Something new is being added each week.

What Weather? - - -

Like I was tellin' my best girl friend Sadie yesterday, this here Michigan weather shore is gettin' me down. Mercy! We got nine months of winter and three months of downright rotten summer. Remember last winter? Why, it was just-unsustainable, and the summer wasn't no better with all the almost winter days they was thrown in.

Just to prove my point, take the past couple weeks for example. One day is plum rotten to the core with rain and such, then next day it's so warm you likely roost in winter clothes. So next day you haul out summer togs, only to half freeze by noon (specially us girls who have phiz fit). Begin to get my point? It goes like that for a couple days, and then it ups and switches again. "Changeable as the mer-folks," I was tellin' my best girl friend Sadie.

My advice is to move where weather isn't so ornery. Where that is, I don't know.

Pin Money - - -

Aside from working hard at school, quite a few seniors are filling in spare time after school, earning extra KOPEKS. To begin with we have Greta Chappell and Mary Boyd, the sample it. Greta is while working at the Main Street Bakery. Marlette Jones does general office work for Mr. Ellison. All you Saturday night patrons of the race track no doubt see her there working in the restaurant. Dean Nitzel has a permanent, well paid job at the Royal Pool Room. Mickey Fritz has turned soda Jerries at the Cloverdale. Paper's putt-putt-putt Papers! Dave Schult's paper route is steadily increasing since that ultra-modern attachee has been added to his bike. At different times Kathleen Curt, Virgie Stanley, and Marge Hancock make sodas and sundries at Gussells. Upcoming in Harold Tuck's mind is his job at Ford Auto Parts. Carrington's Insurance Company has acquired a small but lively worker, named Dorothy Stevens. Hugh Lockhart's Vice-President of the turnips and cabbage counter at A & P while Howard Walling is General Manager of box lifting and delivery bags. In contrast Al Lees earns his money working at Kiegers (arch rivals). Next week we'll continue our list of the "energetic among us."

We are very proud of our band after their grand performance at the Farmington and Brighton games. The music was very good and their formations were perfect. Our band is working very hard to have new formations for the Northville-Plymouth game.

Hallowe'en - - -

Good are the days when the kids could have fun or Hallowe'en only by being dressed up. It's either hard to put ourselves in the place of the jolly fellows about 1920's, or, such fun, fun learning to be witches. Nowadays we know the difference between doing damage and having a good time. And we're growing up faster!

Lo Jim! Fashun? Nah, dawning wuz.

\$136,000,000
SURPLUS and
BALANCES
JUNE 30, 1946

On June 30, 1946, the State Government had more cash on hand than the year's total collection of the sales tax... Much of this surplus has been set aside for future spending by the State, including State institutional buildings and improvements, highways and veterans' benefits. There is \$21,500,000 surplus not earmarked. More than sixty percent of the State's operating funds come from sources other than sales tax.
