## Northville's Yesterdays

### ONE YEAR AGO:

Northville will pause on Thanksgiving morning Nov. 22 to render thanks to a kind Heavenly Father for all the blessings enjoyed by the village and her people during the past 12 months. It will be a Thanksgiving Day to remember for it will be the first peacetime Thanksgiving since 1941.

The annual Senior Prom will be held on Friday evening, Nov. 23, in the High School gymnasium from 9:00 till 1:00. Music will be furnished by Johnny Harberd's orchestra which delighted the dancers at the J-Hop last spring. With the return of many of our veterans to civilian life, Northville is recognizing its responsibility and duty towards these men and women. On October 8th Mr. Harry Smith, a veteran of World War II and a former teacher in Northville, was engaged by the Board of Education to teach certain classes and to consult with veterans regarding their educational plans.

The Northville Women's Relief Corps has disbanded, following fifty-four years of service in this community. The thirty-five members of the corps plan to transfer to the Fairbanks Corps in Detroit in order to continue their membership.

### FIVE YEARS AGO:

Bobby Grayson's orchestra will furnish the music for the Annual Senior Friday evening, November 21. The grand march will be led by class president, 25b Streimich and his date for the evening Shirley Melecan. The gym has been decorated with a November atmosphere for this special occasion.

An agreement reached at 2 p. m. Friday, Nov. 24, between the CIO and the State Mediation board brought to an end the 10-day strike at the No. 1 Equipment plant.

Thanksgiving in Northville is to be observed in reverence this year with family dinner parties coming after early morning worship services are held in the park and in church sanctuaries.

The young people of the community plan to have a sunrise breakfast in the park.

With six strikes to its credit and only one defeat to mar the record, Northville's high school Marching Band at 3:30 p. m. Wednesday, Nov. 19, to play the sound from that school in Rivers de la Flode.

Just who was back in the village first after a successful deportment is not known, but it seems to remain that Ed Musolf, who had been in jail for an unmentionable act in the first place, will be off.

### FEW YEARS AGO:

Mr. L. W. Linton, a writer of 40 All, has been a dentist of Novielle for the past three months. Wednesday, Nov. 16, he left for Novielle.

Mr. Elmer Smith became the leader of Max Preston Saturday. Twenty-five years of happy single life were intended out for Mr. and Mrs. Charles G. Taylor Nov. 15, when the family father of the bride died from a heart attack.

With the report made to follow upon orders Monday by commanding Willian T. Gregory that a nickel slot machine was being operated at Norton's Inn, Chief of Police, William H. Safford was sent out during the session to take the machine.

The social security plan will affect all (employees), regardless of whether they employ one or 100 workers, affirmed Postmaster Fred Van Arta this week as he distributed forms to local business men.

### FIFTEEN YEARS AGO:

The dismal sound of the auctioneer's hammer sounded a hollow note yesterday afternoon in the offices of the Globe Furniture Company, where approximately \$8,000 worth of machinery and other permanent fixtures would go under the hammer.

At the meeting of the village council Monday it was decided to appoint H. F. Hamil, civil engineer of Plymouth, as a one-man committee to investigate the feasibility of increasing and safeguarding the water supply at Hill Springs.

Miss Esther Alger, Griswold Road, following three years of perseverance has at last succeeded in raising cotton in the garden behind her house.

A daughter, Nancy Elken, was born to Mr. and Mrs. Joe Litsenberger.

Word has been received that Barney Schultz and Ralph Taylor, who went to Northern Michigan at the beginning of the hunting season have each bagged a buck and are now waiting Myron

MONTY LOOKS AT MAPS AGAIN . . . With world problems resolved, spires of influence have caused generals as well as diplomats to consult their maps once again. In this picture Field Marshal Viscount Montgomery, chief of Britain's imperial staff, is lecturing on maneuvers at the British staff college in Camberley, England.

LIE VISITS PRESIDENT TRUMAN . . . Trygve Lie, secretary general of the United Nations, who arrived in the U. S. for the meeting of the security council in New York, is shown as he conferred with President Truman and Secretary of State James F. Byrnes at the White House. One of the first problems with which he will have to deal is the charges filed by the Iranian government against Russia.

Mr. Charles Johnson, who are to be the same party to get married Saturday, Nov. 19, in the First United Methodist Church, have a 1948 Ford. They will be the first to get married in the church.

Mr. and Mrs. L. L. Givens, who married Saturday, Nov. 19, left Monday for a long vacation trip through the Northwest. Mr. Givens is a 1948 Ford.

**Paprika and Chile**  
Spices for the most part rate low in all nutrients and contribute little in food value to the diet. Two exceptions to the rule, however, are paprika and chile. Paprika is a red spice from a mild-flavored pod pepper and contributes important amounts of Vitamin A if used lavishly in the diet. Chile also a pod pepper, is used in large amounts in Mexico and southwestern United States. In recent years chile powder has increased in popularity. Tests show that chile, if used generously, may contribute extra vitamin A and C to the diet.

**BASE LINE SCHOOL NOTES**

Our school held a Mothers' meeting on Thursday, November 14, beginning at 2 o'clock. The school nurse brought some movements for the occasion. On Friday, November 15, at 8:45 we had a health examination.

On Friday, November 8, four planes landed across the road from the school house in a field. The sixth, seventh and eighth grades painted pictures and made a health poster. The ninth grade wrote a class model of an Egyptian prince. The seventh and eighth grade boys attended a football game at Ypsilanti last Friday evening.

Mrs. Smith has returned to school after visiting her grandfather at Wilmette for a week. Terry and Cynthia Gates went to their grandfather's funeral last Saturday.

The Bible teacher is planning one Christmas party next month. It will be a school affair.

chicken, to secure a higher percentage of meat to bone structure, a contest for the "Chicken of Tomorrow" is under way.

D. D. Slade, Lexington, Ky., poultryman, has been appointed chairman of a national committee which will supervise the distribution of \$5,000 in prizes to poultrymen who can improve their breed and strain, so as to produce the ideal market fowl. The contest is sponsored by the A & P Food Stores.

The contest will last for three years, and provides for progress awards totaling \$3,000 with \$5,000 going to the poultryman who develops the ideal market fowl.

**Improved Equipment****Ratchet-Action Wrench**

A few hints: Never place an open wrench under the flame. Use a wire brush, asbestos pad or metal block to protect the wrench during a static electric discharge. Don't plug electrical cords into outlets if they do not have a ground wire. Surface plug if the water pipe comes in contact with it will not be effective in plugging.

More Smart Ideas: The swivel base will hold more than three times as many rock salters as the generic. Most rock salt has even ventiles but there seems to be no Schneider standard. Standard salt docks about 16 and 17 inches high.

**Cow Tether Device****Tether That Holds the Cow But Gives Her Plenty of Freedom**

Pasture may be increased by staking the cow along the road or irrigation ditch. A wire cable may be used as shown, when this has been fastened to two iron stakes. A block to the cable will keep the chain from winding and hold it away from the stakes.

**Bush Beans**  
In most parts of the country a succession of plantings of bush snap beans at about three-week intervals can be made to keep a fresh supply coming all through the summer until frost.

Meanwhile, our facilities are serving more telephones and handling more calls than ever before, which means that service for everyone may not always be as good as we want it to be. We're sorry when that condition occurs, but you can be sure that we are doing our best to get additional equipment as soon as possible.

Even after we receive them, there will be the long, painstaking job of connecting them into the system... a job that must be done carefully, without interrupting existing service.

#### FOOTBALL

The Northville Football Team dedicated the field with the best brand of football seen locally for two years and although the Mustangs lost the game 18 to 6, both teams fought well and to earn every point.

In the opening quarter Northville seemed unable to stop Plymouth. In the latter part of the 1st quarter the Northville line stiffened and throughout the 2nd quarter football was really played for all it was worth, much to the delight of the fans.

Whipple kicked off for Northville. During the first half Plymouth obtained 4 first downs to 4 for Northville. The first Plymouth touchdown was made by Daggett. The conversion point was good but a Plymouth penalty cancelled the point-making the score 6-0 at the end of the quarter. In the second quarter Plymouth made another touchdown and the look was no good making it a score 12-0 for Plymouth. Pierce threw a pass to Cole and this gave Northville the necessary spark as they took the ball straight down the field for a touchdown. Francis Smith carried the ball over for Northville. This made the score 12-6. The half ended 12-6 in favor of Plymouth.

In the second half Plymouth made 4 more touchdowns and the conversion point was no good making the final score 18-6 in favor of Plymouth.

These boys have played their hearts out for Northville due to their hotel for graduation in June. These boys are Lee E. Romley, P. Folay, Harold Tuck, Bruce, Charles Cole, G. W. C. Johnson, N. Frey, Frank J. Smith and Sheldon Williams.
