

Christmas Seal Sale Opens Here

Mrs. H. S. Willis, General Chairman; Mrs. Ernest Wood as Vice President Will Have Charge of Local Campaign

The annual Christmas Seal Sale, to aid the control of tuberculosis, will concentrate its soliciting of funds during the week of Dec. 8 through 14. In the absence of Mrs. H. S. Willis, general chairman of Northville's part in the drive, Ernest H. Wood, vice-chairman, will be in charge of the local campaign. Mrs. Wood emphasizes the fact that the double-barred seal which she and her co-workers are selling is the traditional seal sold nationally for 40 years. There was a single-barred seal in use last year, sponsored by a local Detroit group which used the proceeds solely for the treatment of tuberculosis. Since then, the National Tuberculosis Association and the National Hospital in Ypsilanti, the national state and local tuberculosis associations, have felt that little such private charity is needed for this purpose because under Michigan law, effective Sept. 6, 1945, treatment in public hospitals is free and the state tuberculosis commission is to provide an individual, family or group of individuals with tuberculosis treatment in public hospitals on a basis of one percent per patient rate with the state subsidizing the balance of the cost of treatment to the extent of \$250 daily per patient.

Funds from the sale of the double-barred seal on the other hand, will make possible the continuation of the state and national program of control. This includes health education through press, radio, movies, teaching materials, pamphlets and group meetings. It affords X-ray surveys with the official health departments. (Some 26,000 adults and children were examined last year in the period from Feb. 15 to July 8. It also provides for the rehabilitation of patients through vocational guidance and re-training. Lastly, it provides health services to the working people through their labor unions.

Heading the board of directors for this program are Dr. Bruce L. Douglas, Detroit commissioner of health; and Dr. Davis Littlejohn, Wayne county commissioner of health.

Coal Conservation Strongly Advised

About Two Weeks' Supply in Local Yards; Dim Out Effective in State to Save Fuel

Conserve your coal! That's the advice of local coal dealers today to coal users in this community. With the nation facing a possible paralyzing coal strike, The Record checked supplies in Northville coal yards yesterday and the outlook is none too rosy.

Local firms have two weeks' supply of coal in its yards, providing the weather does not get too severe. Coal companies emphasized that they will make every effort to safeguard their customers. It is doubtful, however, if anyone can obtain coal unless they can prove they have less than a 10 day supply on hand.

DIM OUT IN EFFECT
Along with the rest of the country dim outs are in fashion. Two trains on the P. M. & N. R. have been cancelled, the 3:31 north in the morning and 3:29 south have been taken off. Local mail and express are handled on the 1:35 northbound and the 8:38 south. The star route to Pontiac continues to leave at 9:15 a. m. and returns at 2:15 p. m.

Thanksgiving—1946

THE first Thanksgiving Day was celebrated by the New England colonists after their first harvest in 1621. "Let us come before His presence with thanksgiving and make a joyful noise unto Him with Psalms." This was the theme of our first Thanksgiving, just as it rules as the text for Thanksgiving, 1946.

We have much to be thankful for. A nation that not only is producing enough food for its own, but also to furnish to the starving of other nations. The end of a war and the return of many loved ones. A nation at peace with a world seriously trying to develop a lasting peace formula.

PONTIAC

FINEST OF THE FAMOUS "SILVER STREAKS"

The production of Pontiacs has fallen far below expectations because of conditions beyond our control. Now, the outlook is encouraging. The number of cars being built—while still below pre-war levels—is steadily increasing. Which means that more of the people who simply won't have anything but a Pontiac will be satisfied sooner.

If, in the meantime, you are ever tempted to take delivery of a more quickly available car, consider this: The things that made you want a Pontiac in the first place are still EXCLUSIVE TO PONTIAC! Nowhere else at any price can you get the same time-won reputation for dependability, long life and over-all economy. No other car offers the ever-fashionable "Silver Streak" beauty that lists Pontiac

out of and above the rest. None handles so sweetly—rides so comfortably. And none can parallel Pontiac's basic value—for no other car offers so much of everything you want for every dollar you invest.

You've been patient and loyal to Pontiac for some time now. So why not wait a little longer and get a great deal more? You'll be glad you waited.

Preventive Service Pays Off Every Time! Just because you HOPE to get a new car soon, don't let your present car get into a dangerous state of disrepair. Having your car properly serviced pays off—not only in assuring you the safe, economical, dependable transportation you need, but also in protecting the used car allowance you will ultimately receive.

Sister Kenny Foundation Drive

Now in Progress; Ends December 7

"BE KENNY CONSCIOUS"

This is the slogan the Michigan Chapter of the Sister Kenny Foundation has chosen for its drive which began Monday and will continue through December 7, "sparked nationally by such famous stars as Bing Crosby, Frank Sinatra, Kate Smith and Rosalind Russell, to raise funds which will be used to enlarge the Foundation's clinic at Minneapolis and train technicians in the true Kenny concept of infantile paralysis and the means of treating it so that suffering and deformity may be averted.

"Of course the disease strikes down adults, too, but it is for the protection of the children of the United States that this third annual appeal for funds for Sister Kenny is being made primarily," William G. Baxter, State Administrator, and Paul H. Todd, ofalamazoo, State Chairman, explained.

"We have organized nearly 200 Michigan communities for this drive and the response thus far has been wonderfully encouraging," Baxter informed the Wayne County campaign organization at its opening meeting Monday. "We are going to succeed, because everyone admits that money must be provided somehow for the establishment of clinics in as many states as possible, but particularly here in Michigan where polio has struck another hard blow this year, for the training of technicians in the Kenny method and the care of the victims so they may be cured and the children restored to a life of usefulness free from suffering and humiliation. Research

WILLIAM G. BAXTER

is fire and money must be spent on it of course, but so far it has not discovered either the cause of polio, or a way to prevent it. In this drive, funds are being set aside to provide scholarships covering a full two year course in the Kenny methods at the Foundation in Minneapolis. These courses start next January. The scholarships amount to \$3900 each and are for all registered nurses, male or female, over 40 years of age.

Baxter asks that contributions, where no local solicitation group exists, be sent direct to the Sister Kenny Foundation, Post Office Box 2259, Detroit.

High school students wishing to join "Sinatra's Polio Sockers" and aid the campaign are asked to write the same address by Baxter, who added:

"When he wrote me announcing his appeal to the youth of the United States to aid him as chairman of the youth drive for Sister Kenny, Sinatra told me that the finest birthday gift he could have (he will be 28 on December 12) would be the knowledge that the young people of this country had stood 100 percent squarely behind Sister Kenny and her fight to eradicate pain and suffering from the lives of the child victims of polio."

So I repeat BE KENNY CONSCIOUS!"

JERRY SAIL

The word "Sail" got its name from the Latin "Sail" meaning salt.

ATTEND DISTRICT MEET

The Southeastern Michigan Associated Teachers Clubs met in the Senior High school at Royal Oak at 6:30 p. m. on November 19, for a dinner and professional meeting. Following dinner the president, Miss Jean Armour Mackay, opened the meeting with a community sing, conducted by Dr. Quikstad, superintendent of the Royal Oak schools. A business meeting followed during which reports of recent professional activities were given.

The speaker of the evening, Dr. W. Ray Smithe of Wayne University, discussed the topic "Financing Education." He pointed out the benefit that the Sales Tax Amendment will give the teachers and the needed building program of the schools in this state.

Northville teachers who went to Royal Oak for this meeting were Principal Cyrus Pierce and the Misses Rosalie Bakeman, Molly Saxton, Ruth Knapp, Olga Nelson, Grace Pollock and Florence Keith. Margaret Burton of the Northville Library was also in attendance.

MEET AT PLYMOUTH

The Intermediate Fellowship groups of the Methodist and Presbyterian Churches were guests of the Junior-Hi Fellowship at Plymouth Presbyterian Church last Sunday evening. The evening began with a reception in the church parlors where all acquainted and Rev. Mr. Walch led in fun and fellowship songs. Adjoining to the dining room a delicious turkey dinner was served. About thirty young folks from Northville went over, the total attendance being about 50.

The president of the Plymouth group Ralph Walch, welcomed the Northville groups and Shirley Smith of the Presbyterian and Margie Funk of the Methodist Churches, responded on behalf of the visitors.

Tables were decorated in keeping with the Thanksgiving theme with little turkey favors, candles and artificial flowers for centerpieces, all adding to the festive occasion.

Following dinner, a brief worship service was conducted with poems, musical selections on the saxophone and clarinet and singing.

DISCUSS UNESCO

The regular monthly meeting of the Northville Teachers Club was held November 20th in the High school with the president, Miss Ada Fritz, presiding.

E. C. Mollman directed the UNESCO or the United Nations Educational, Scientific and Cultural Organization which is holding its first conference in Paris. He explained that November is UNESCO month because November 19, 1946 is the opening date for UNESCO's first general conference. The center of the world-wide celebration is Paris, seat of the permanent headquarters of the UNESCO Secretariat and scene of the first general conference. The reports on the Paris conference will reach the public daily by press, radio and newsreel.

STUDENT COUNCIL CONFERENCE

Nine of our Student Council members went with Mr. Pierce to Ypsilanti last Wednesday to learn what similar groups in the 14 represented high schools are doing. School spirit, finances, student participation and public address systems were discussed. All schools present except Northville, had public address systems which they felt they could not do without.

A similar conference is to be held every school semester to help high school Student Councils clear up problems and improve their efficiency.

The Veterans' Institute has moved again. Their new home is the Art Room of the Elementary School. The reason for the change is that a new first grade class will use the Brock House as a class room.

The new Rotoiller farm machine, produced by Graham-Paige Motors in the giant Willow Run plant, prepares soil for planting in a single operation, making unnecessary the three operations of plow, disk and harrow. The five-horsepower tillage unit, which churns and rumbles the soil to a depth of nine inches, has attachments which adapt it to a score of other farm tasks such as bulldozing, seedling, snowing, snowplowing and other operations.

Hats Off to Northville

(Continued from Front Page)
in September, but few thought that grass would cover the field in time for a football game this fall. But even grass seemed to

grow in a magic way for Northville, and before the end of the football season the field was ready for use.
Northville extended to Plymouth high school the courtesy of having a part in the opening of this beautiful, lighted athletic field. Mayor Robert and Mrs.

Lidgard, school officials and others of Plymouth were invited to take part in the dedication. The high school bands of Northville and Plymouth did themselves proud in their parts in the program. The game marked the restoration of friendly athletic relations between Northville and Plymouth.

There now prevails on the part of students of both schools, a mighty fine sportsmanship spirit. That old "bully" spirit, due chiefly to the fact that Plymouth is the larger school of the two, is dead. Congratulations to those associated with the Plymouth high school who have brought about the true spirit that should prevail in student bodies.

It was a most gracious act upon the part of Northville to extend the honor to Plymouth of being the first outside contestant to play on the first lighted athletic field in his part of the state. We appreciate it and we shall respect this courtesy.

Again congratulations to the group of public spirited citizens of Northville for their accomplishment of something worthwhile.

Elton Eaton—Plymouth Mail.

Coffee and the Koran
Coffee-drinking was prohibited by early Mohammedan priests who considered coffee an intoxicating beverage, therefore forbidden by the Koran, according to the Encyclopedia Britannica. Some Mohammedans had been drinking it to help them stay awake during their lengthy religious services.
