

## Midwinter Concert Thursday, Jan. 23

The annual midwinter concert by the Northville High School Choir will be presented in the High school gymnasium Thursday, January 23rd, at 8 p.m.

This year's choir has a membership of 65 singers. Many of these were members of last year's group, which received a high rating in the festival held in Ann Arbor last May.

The program will be varied. Songs ranging from the time of Bach down to modern days will be presented. Folk songs from many lands will be sung by the choral and glee clubs. Most of the selections will be sung unaccompanied.

As in the past, the closing number will be "Engage Spiritual Team." Former choir members are urged to attend the concert and take part in singing this song.

## Three Northville Men Await Trial in Circuit Court

Three Northville young men await trial in circuit court and fourth man is released after pleading guilty and paying a \$250 fine.

Archie Garrison, charged with bribery of a watch and money from R. A. Algeo of the Masbury Inn, and Howard Myers and Wm. McBride, are charged with robbery of a car. All three are held in jail. Roy Barnhoff was charged with having an unregistered gun in his car and was released after paying a fine of \$250. All the young men involved were associated with the Veterans' Car Company and are alleged to have used the car business as a hindrance for their work. They are said to have had extended plans for further operations when apprehended by police authorities.

## Rural Progress Caravan Coming Soon to Area

Homenaking will take spotlight when the 1947 Rural Progress Caravan is shown in this area according to Mary J. E. Woodward, Home Extension Agent. The date will be announced in a later issue of the Record.

Featuring "The Farm and Home," this year's caravan will lean heavily on the home economics department, to present displays on every phase of homemaking. Specialists from the department will also be on hand to assist caravan-goers in making a more efficient and attractive home for their farm families.

Miss Laura Davis, college specialist in home management, is the caravan committee representative for the home economics department. She announces that exhibits on household management, home furnishings, clothing, child care and nutrition, will be included in the exhibit.

In addition a demonstration of house and room remodeling will be given in collaboration with the department of agricultural engineering.

Carrying the keynote of the caravan will be a life-sized kitchen, showing the proper arrangement of equipment and utensils for easier and more efficient work. Other exhibits will show ways to achieve good lighting in all kinds of work, a practical arrangement for clothes closets, a children's corner in the home and the proper method and materials for wrapping fruits and vegetables for freezing.

Staff Sergeant Ernest Ash Jr., is spending his terminal leave with his parents, Mr. and Mrs. Ernest Ash, Sr., of Seven Mile Road. Sergeant Ash reenlisted in the army about a year ago for another year and he has spent most of that time serving with computational forces in Germany. He expects to receive his discharge soon.

Robert J. Parmenter entered service Feb. 3, 1941. He

trained for the U. S. Navy at Great Lakes and at San Diego, Calif. He left the latter place for Pearl Harbor, boarded the ship "Idaho" and went to the east coast.

From there he was sent to Iceland, where he remained for four months. Next he went to Cuba and back to the States, this time to the west coast. The Aleutian Islands, Attu, Kiska and back to the west coast were his next trips. With Makin in the Pacific, Tarawa, Kwajalein, Marianas Islands and Efaté the next stops. At the latter place the American boys hunted wild boars with sawed-off shotguns and 45 pistols. Australia, Iwo Jima and Okinawa were his next destinations. Bob left the Philippines for the States Aug. 9, 1945.

Arriving in the States Nov. 4, at Seattle, Wash. he received a 23-day leave. At its expiration he spent a month at Treasure Island, resting from battle fatigue and deafness of the right ear. He was then sent to Santa Cruz for two months rest period. Back at Treasure Island, Bob was given his discharge Feb. 27, 1946.

Bob started working at his present job in the Clark Hardware in August 1946 under the "on the job training" program. Taking two hours of schooling at night and working in the store during the day, he will complete the course in hardware merchandising in two to four years.

Bob resides with his wife at 21688 Garfield Rd. He and the former Ruth Frank, daughter of the Chas. Frank of Merriman Rd. Farmington, were married Nov. 25, 1944.

He is the youngest son of Mr. and Mrs. Alfred Parmenter of 132 Orchard Drive.

## Recreation Group Makes Report

The December report of activities sponsored by the Northville Recreation Committee shows great interest by Northvillites, especially in girls' basketball, girls' bowling and leathercraft. A total of 793 persons participated in the events in a total of thirty-seven sessions.

The complete report shows 146 taking part in 7 sessions of leathercraft, supervised by William Finch; 31 men, 2 sessions basket ball, Esther Balko; 293 girls, 8 sessions basketball, Mrs. Majorie Coolman; 69 adults, 4 sessions hobby, Mr. Miel; 188 girls, 6 sessions, bowling, Doris Sawyer; 22 boys, 3 sessions, basketball, Mr. A. Spar; 11 girls, 2 sessions hobby, Lorraine Kieger; 24 boys, 3 sessions, hobby, Mr. Mel.

Special mention is made in the report of the fact that the Recreation dance orchestra furnished free music for dancing at the benefit party held in the school gym, Dec. 26th, at which some \$73 was raised for the Ford Field Fund.

Preparations are well under way for the Youth Canteen which is to be operated in the Scout building. Pupils of the local High school have been readying the rooms for use and the opening date will be announced soon.

Skating on the new Henry Ford Field rink will be going full speed as soon as weather conditions permit. Final preparations are now being carried out for that project.

Cooperation with the Ford recreation program is being planned, in which a more complete use of the Scout building would come about, and it may be possible that community dances will be held once a month, to start at early date.

As in the past, the closing number will be "Engage Spiritual Team." Former choir members are urged to attend the concert and take part in singing this song.

### SALEM SCHOOL NOTES

By Robert Wilson

After a very happy Christmas vacation, school has again opened. The first day began with a civic health club meeting. Officers are as follows: President, Joan Buck; Secretary, Joan Bennett. There were three activities mentioned under new business, a roller skating party, coasting party and tobogganing party. A vote was taken as to which should come first and the first mentioned was decided on. We hope soon to have school dances. Our teacher, Mrs. Bradley, received a paper on building bird houses, a contest presented by the Detroit News. We make the houses and take them to Convention Hall in Detroit, March 8-10 and 11th between 9 a.m. and 5 p.m. We are taking down our Christmas decorations and putting up new ones for January.

Mr. and Mrs. Nelson Schrader, Jr., of West Main returned Thursday from a trip to Chicago where Mr. Schrader attended the furniture market. Their daughter has been staying with a cousin in Plymouth and the son with his grandmother, Mrs. N. C. Schrader, Sr., on West Main street.

Northville's teachers and school employees were given bonuses by the Board of Education Wednesday, totaling \$200.

Kul B. Thompson, assistant principal of the Northville High School was elected president of the local Exchange Club, Dr. as Northville Rotarian enjoyed his annual New Year's day pancake and sausage breakfast at the country home of Mr. and Mrs. Harry B. Clark.

FIFTEEN YEARS AGO:

The Paver Rouge park system that 66 mile boulevard having its terminal in Northville, will be completed this fall.

The Village of Northville will pay at present \$3,000 a \$17,000 paving debt which fell due Dec. 15th.

There is an excellent chance of getting within the next 30 days a workable plan for a new Northville Lake utilizing the assets of both the Lapham and the Northville State Savings banks.

Freak winter has brought some queer stories of butterflies in

January, lutes blooming in December and similar out-of-season occurrences to Newspapers.

John Boyd, manager of the Yerkes farm, reports that plowing

has been the order of the day every day right up to January 6.

PROBABLY NOT. Every year, electric lamp

bulbs are doing a better and better job.

But lamp bulbs are often overworked in

winter—when the days are dark and the

nights are long. In fact, the average lamp

bulb in the home is lighted almost twice as

long in January as in July.

To spare yourself needless bother, be sure

you have plenty of spare bulbs on hand.

Your dealer has them—in all sizes—and all

modestly priced.

Remember, too, that you can exchange

burned-out bulbs for new ones at any Edison

office. There's no charge, of course.

THE DETROIT EDISON Co.

and if the warm weather keeps up, plowing will continue as usual.

THIRTY-FIVE YEARS AGO:

More credit is bestowed upon the Starkweather stock farm and the popular stallion Marblegit, owned by Mrs. C. Stevens, by the selling of the handsome four-year-old filly whose sire was Marbleshot to a Monroe county horseman.

"G. P. Angell died at his home on the Fishery road early Monday morning of a general breakdown.

The following are newly elected members of the Northville State Savings bank: L. W. Simmons, president; R. A. Miller, vice-president; L. A. Babitt, cashier; Charles Colborn, George Spencer, R. C. Yorks and T. G. Richardson.

Following are the members of the board of directors of the Lapeham State Bank: F. S. Harmon, president; Asa B. Smith, vice-president; E. H. Lapham, cashier; R. Christensen, F. G. Terni, F. S. Seal, W. G. Yorks, E. A. Miller was re-elected assistant cashier.

Food Storage

Light fades the colors of canned food making it less attractive and decreasing the vitamin content, specialists of the Agricultural Extension service point out. If foods are stored on light shelves and old window shade can be put in front of them to keep the light out. The shade can be raised or lowered to get shades.

Speaking before the Northville Exchange Club Wednesday, Dr. Harold Sparling told of trip to Mexico City and other parts of Mexico which he and Dr. Irene Sparling took in November.

## THE NORTHVILLE RECORD

## KNOW YOUR BREED

Hampshires  
By W. J. DRYDEN

Of English origin, Hampshires were at one time called Thin Hind hogs and classed as a bacon breed. They are now known as a lard type. Prolific, good sucklers and good grazers, with head and jowls small and narrow, they have good flesh quality and are welcomed on the market.

The Hampshire is black with a white belt around the body at the shoulder, which extends down over the forelegs. They are medium in size. Emphasis is placed upon uniformity in width, nearly laid shoulders, ample width at the rump and deep and plump hams. Neat, clean-cut quality bone is important. Extremes in length and narrow width should be avoided. Coarseness in any part is not favored.

Phenothiazine Proves

New Drug Sensation phenothiazine, the sensational chelating compound that controls more kinds of internal parasites in more kinds of animals than any other drug known, has found a new field of economic usefulness—as an insecticide for control of the codling moth. Combined with arsenate, it has given outstanding control of this devastating pest in numerous experiments conducted in many eastern and southern states.

Protect Garden Furniture Any piece of outdoor furniture, such as garden or lawn benches or tables, weathers out or rots much more quickly than furniture used indoors, because of its exposure to the elements. If garden furniture is to be made to last, it is imperative that it be kept thoroughly painted or varnished. If kept indoors during the winter, the repainting or varnishing job should be done before the furniture is placed to the open for the coming season.

News and Comments from Congressman George A. Dondero

The 80th Congress which convened on January 3, constitutes a milestone in our Congressional history because it is the first to organize under the Legislative Reorganization Act of 1946. It is also the first Congress in 16 years in which both the Senate and the House are under Republican control. Senator Arthur H. Vandenberg of Michigan has been elected the presiding officer of the Senate and Rep. Joseph W. Martin, Jr., of Massachusetts is the new Speaker of the House of Representatives. This was decreed by the people in the 1946 general election.

*Michigan in the 80th Congress*  
Michigan is represented in the House by a delegation of 14 Republicans and 3 Democrats and for the first time in several years the metropolitan area of Detroit has more than one Republican in the House. During most of the last 14 years Rep. George A. Dondero has been the only Republican elected from the metro-district area in the 80th Congress. Detroit also has Rep. Howard A. Coffin who succeeded George D. O'Brien in the 13th District, and Rep. Harold F. Youngblood, who replaces Louis C. Rabaut in the 14th District. Rep. John B. Bennett, who displaced Frank Hook (Dem.) in the 12th District, previously served in the House. The Michigan delegation in the 80th Congress is as follows:

NEWS AND NOTES OF COMMUNITY INTEREST

**RAMAGE - COX** The home of Mr. and Mrs. James Ramage, 43751 Grand River, Novi, was the scene of a wedding on New Year's day when the bride, Beatrice, became the wife of Ouis Richard Cox, son of Mr. and Mrs. Alford Earl Cox of Coldwater. Rev. M. J. Rees performed the double ring service at 2 o'clock.

Beatrice, who was given in marriage by her father, wore an aqua gabardine street dress with three quarter length sleeves, trimmed with silver nailheads. Her shoulder corsage was of red roses.

Her only attendant was her sister, Mrs. Glen LePis of Yale, Michigan. She was attired in a navy blue crepe dress with a large lace collar and wore a corsage of yellow jasmines. Eugene Wilford Cox, brother of the bride, wore a pastel green suit with black accessories and a corsage of pink roses and white carnations.

Mrs. Ramage chose an aqua-painted crepe dress for her daughter's wedding and Mrs. Cox was dressed in black crepe, embroidered in aqua. Each mother wore a corsage of white roses.

A reception followed the cere-

Sidney Junod acted as best man for the groom.

Following the service, a reception was held at the Catton home for about fifty relatives and friends. Later, Mr. and Mrs. Catton left for a ten day stay in northern Michigan. They will make their home in Northville, the groom being employed on Nine Mile Road.

Dave came to this village about

ten years ago, with his family,

from Canada. He served with the U. S. Army in the South Pacific for three years, being discharged with the rank of sergeant.

Mrs. Catton is a graduate nurse from the Mercy Central School of Nursing at Grand Rapids.

**AITCHISON - KELLER**

On Saturday afternoon, January 4, Royal J. Aitchison and Louise E. Atchison were united in marriage by Rev. C. M. Pennell at the latter's home in South Lyon. Mrs. Keller is the daughter of Earl Aitchison and Mrs. Frances Aitchison of Salem Township and Mr. Keller's parents are Mr. and Mrs. Peter J. Keller of Northville.

The young people were attended

by Mr. and Mrs. George Atchison.

For her wedding the bride chose a light tan suit with black accessories and a corsage of white carnations while Mrs. Atchison wore a pastel blue suit with similar accessories and cor-

sage.

A reception for the young

people was held in the Keller home, co-incident with the celebration of the forty-ninth wedding anniversary of the bride's parents.

**MILFORD LADIES ENTERTAINED**

Mrs. Arthur Litsenberger of Randolph street was hostess to five ladies from Milford, Monday afternoon. All are members of a birthday club and luncheon and cards were the entertainment of the day. The Litsenbergers formally received the Milford

HAPPY ANGLERS... You'd smile too if your angling resulted in this record catch, biggest of the rainbow trout season. The final day at Lake Pend Oreille, near Sandpoint, northern Idaho, where fish have grown phenomenally large in five years, proved to be the single best day of the year. A few of the happy anglers are shown with the rainbows weighing from 23 to 25½ pounds. Second from left in back row is Laurence Hamilton, Reardon, Wash., who holds the world's rainbow record with 33½ pound fish he caught in 1935.

Need Much Space

Columbine requires so much space and produce such a small amount of food per unit area of land they generally are not grown in the smaller gardens. They are not only frost-sensitive, but require warm weather for good development. They are especially susceptible to various insects and diseases, so that frequent sprayings or dustings are necessary.

RETURNS FROM CALIFORNIA

Dr. and Mrs. E. B. Cavell returned to their home on Griswold Road Sunday after a five weeks stay in Los Angeles, California, with their daughter, Mrs. R. W. Cavell. They left in late October, completely recovered from a recent operation.

While in California the Cavells visited with several Northville families who are visiting their present home in that state. Included were the Ross Ballis, Ross Dinsos, Steve Berndt and Fred Hoffman.

OBSERVE WEDDING ANNIVERSARY

Mr. and Mrs. Peter Keller observed their forty-second wedding anniversary last Saturday, with members of the family dropping in at their home on Randolph street. The Bell's, McElroy's, Ingraham's, and the Dillons, having undergone a change recently.

An unusual feature of the anniversary day was the wedding reception held in the Keller home during the wedding of their son, Royal, and Louise Atkinson of Salem, the service having taken place that afternoon in South Lyon.

Society Briefs

Sunday guests at the Earl Warner home on South Rogers street were Mrs. Warner's sister, Mrs. Howard Cole, and Mr. Cole of Lapeer.

Mrs. Anna Heath of Port Huron

is visiting her daughter, Mrs. J. P. Taylor, of West Six Mile road. The Taylors moved here some time ago from Inkster.

Mr. and Mrs. Lee Eaton entertained dinner in their home on Eston Drive Saturday evening. Mr. and Mrs. Harvey Whipple of Reservoir Road, Mr. and Mrs. Duncan MacInnis of Eight Mile and Rev. Harold Fredsell. The MacInnises recently purchased the tenant house on the S. G. Power fruit farm just east of town. Mrs. Susan Eaton was also included in the dinner party.

Mr. and Mrs. Wm. Liebetrau were hosts at a watch night party in their home on Linden avenue, December 31st. Guests included several Northville couples, members of a club, and Mr. and Mrs. H. E. Blowers of High street. A cooperative lunch was served at midnight.

Mrs. Floyd Sharp of Grosse Pointe were Friday dinner guests at the John K. Nelson home visiting with Mrs. M. Molisch and Mrs. C. Enos of California. All are friends of many years' standing.

The Joe Dinton family of Randolph street were guests at the home of their son, Ray, and his wife in Detroit for dinner on New Year's day.

Officers of Orient Chapter No. 77, O.E.S. have announced that plans are being made for the O.E.S. Masonic Annual Ball, which is to be held at the Northville High School gym on February 21st.

Mrs. Hugh Richardson returned to her home on Spring Drive, Sunday, from New Grace Hospital, Detroit, where she had been a patient. Mrs. Richardson is improving nicely.

Mrs. Beatrice Gleason of Sampson Chapter, Detroit, was a visitor at last Friday evening's meeting of Orient Chapter No. 77, O.E.S. Mildred Pew was welcomed back on this occasion after a stay with her parents in Tennessee.

Beets Satisfactory

Growers cannot afford to replant beets if a hall stand can be saved from the first planting, according to test results secured by the USDA at Ft. Collins, Colo. When the field was replanted, the fall stand ob-

• ects no increase in yield of 15% and later sets were greater. A hall stand can be turned fast

• er than a thick 1" and it takes longer to harvest small beets at consistently less yield.

For Lunch

When youngsters come in from an intermission or evening of labor for them they'll be looking for food. And today will taste better than sandwiches and a lot crisper. Here's something you might try - sandwich rolls. Put three or more slices of bread together with a soft filling between the slices. Use white and dark bread alternately. Then wrap the large sandwich tightly in a damp cloth, press them under a light weight and cut them in 1/4 inch slices just before serving.

**THE NORTHVILLE RECORD****Processing of Feed On Farm Possible****Improved Machinery**

Home processing of feed has grown in popularity during recent years as electricity made possible the economic use of small hammer mills and mixers, putting feed handling on almost an automatic basis.

Farm processing of feed permits farmers to use home-grown grain more economically and follow individual feeding formulas.

Small mills, operated by electric motors of 1 horse-power or less, can grind 100 pounds of grain at a cost of from 1 to 3 cents. Larger mills, powered by 3 to 7½ horsepower motors, are needed for grinding ear corn or roughage. These larger motors use from 1/10 to 3 kilo-

watt hours of power for each 100 pounds, depending on the fineness to which feed is ground.

In an automatic setup, mills are mounted under storage bins and grain flows through gravity chutes to the grinder. Ground feed either drops into a hopper for the grinder or is 5 ft. into an overhead feed bin to be red-reduced later to the mixer.

The mixer starts the grinder mo-

tion and the grain goes into his chute. The motor is equipped with an overload protective device and it will not operate if there is 5 ft. of grain fed into it.

There are also devices available to fit the mid-motor when feed requirements have been ground.

• Young Tree Support

Keeping young trees straight without injuring them is always a problem, especially if they're in bicycle tires, watering hose or parts of auto tires.

This can be accomplished.

The wire which is run through the rubber tube may be looped to snap over post or through cable as desired, and locked into wire going through rubber, as shown in illustration.

**Advise Wise Buying  
of New Refrigerators**

What to look for when buying a new refrigerator is a mystery to most of us. Household equipment specialists of the U. S. Department of Agriculture and Michigan State College say the first rule is to buy from a reliable manufacturer.

Most manufacturers will guarantee freedom from defects in your refrigerator for 3 years. They will also guarantee the refrigerating system for 5 years and the cabinet and other parts for 1 year.

When you are buying an electric, gas, or kerosene refrigerator, look for the seal of the Underwriters' Laboratories. This seal means that the refrigerating system and electrical connections are safe. If it's a gas refrigerator, look also for the AGA star of approval. This symbol of the American Gas Association means that it meets certain standards of construction and performance.

Remember that you can buy one with the door opening on either side, and choose the one which is most convenient in your kitchen. If the refrigerator has a flat top, it will make a handy place to set things. If it is an off-the-floor model, check to see that there is enough space under it for easy cleaning.

"Extra" features may cost more, but they may be necessary for economic use and for your family's needs. Some of these features are: releases for ice-trays and ice-cubes, adjustable and divided shelves, and a covered vegetable crisper.

Other special design features you may wish to consider are a dry storage bin under the food compartment, a meat container that slides under the freezing unit, and a large storage compartment for frozen foods.

**Skating On  
Ford Field**

There will be no more skating on the Mill Pond. There is no snow as yet against it, but anyone who skates is doing so at their own risk.

The Ford Field will be flooded soon, and there will be lights to make skating much safer. We are planning to have the same house to change our skates as we used for swimming last summer.

**Bees Essential to  
Agricultural Needs****Winter Care to Save  
Crops for Next Year**

By W. J. DRYDEN

Hundreds of hives of bees died during the past season. Many crops depend upon bees for pollination. In order to insure production during next year, it is essential that bees be saved this winter.

Wintering of bees is not merely a matter of protecting colonies from low temperatures; feeding is essen-

tial. When you are buying an elec-

tric, gas, or kerosene refrigerator,

look for the seal of the Underwriters' Laboratories. This seal means that the refrigerating system and electrical connections are safe. If it's a gas refrigerator, look also for the AGA star of ap-

proval. This symbol of the Ameri-

cian Gas Association means that it meets certain standards of

construction and performance.

Remember that you can buy one with the door opening on either side, and choose the one which is most convenient in your kitchen. If the refrigerator has a flat top, it will make a handy place to set things. If it is an off-the-floor model, check to see that there is enough space under it for easy cleaning.

"Extra" features may cost more, but they may be necessary for economic use and for your family's needs. Some of these features are: releases for ice-trays and ice-cubes, adjustable and divided shelves, and a covered vegetable crisper.

Other special design features you may wish to consider are a dry storage bin under the food compartment, a meat container that slides under the freezing unit, and a large storage compartment for frozen foods.

Skating On Ford Field

There will be no more skating on the Mill Pond. There is no

snow as yet against it, but anyone

who skates is doing so at their

own risk.

The Ford Field will be flooded soon, and there will be lights to

make skating much safer. We are

planning to have the same house

to change our skates as we used

for swimming last summer.

MAPS COMMUNITY SPORTS PROGRAM . . . Sports writers from all sections of the country met in Washington to hammer out a network of community sports programs offering boys and girls an outlet other than juvenile delinquency for their youthful energy. Left to right: W. F. Fox Jr., Indianapolis News; Bob Considine, International News; Douglas W. McGregor, attorney general's office; Al Santoro, Los Angeles Examiner; Jack Catherby, Denver Post, and Hugh Daily, Detroit Times, lead program plans.

JIMMY GARRIN, 17, the most rugged individualist, has all the other characteristics of a Mackinac Islander, but he wears his fur cap. His classmate at Franklin High School, C. P. Buckley, 17, this figure is his double.

The student band and faculty will also like to think they're perfect for 1947.

**Gift To Band**

The N.H.S. Band and Mr. Lee would like to express their appreciation to the 9th Grade Class for the band, a beautiful black dinner bell to be hung in the band room, and a flag in the band room.

In those sections of the country,

there were able to vote sufficient

to let the band so it became

necessary to supplement

the band fund raising

and the money all goes

to change our skates as we used

for swimming last summer.
